**MOVIE NIGHT:
WILL IT CAUSE SOME FRIGHT?**

Yahoo!!!

Hey,
something
wrong?

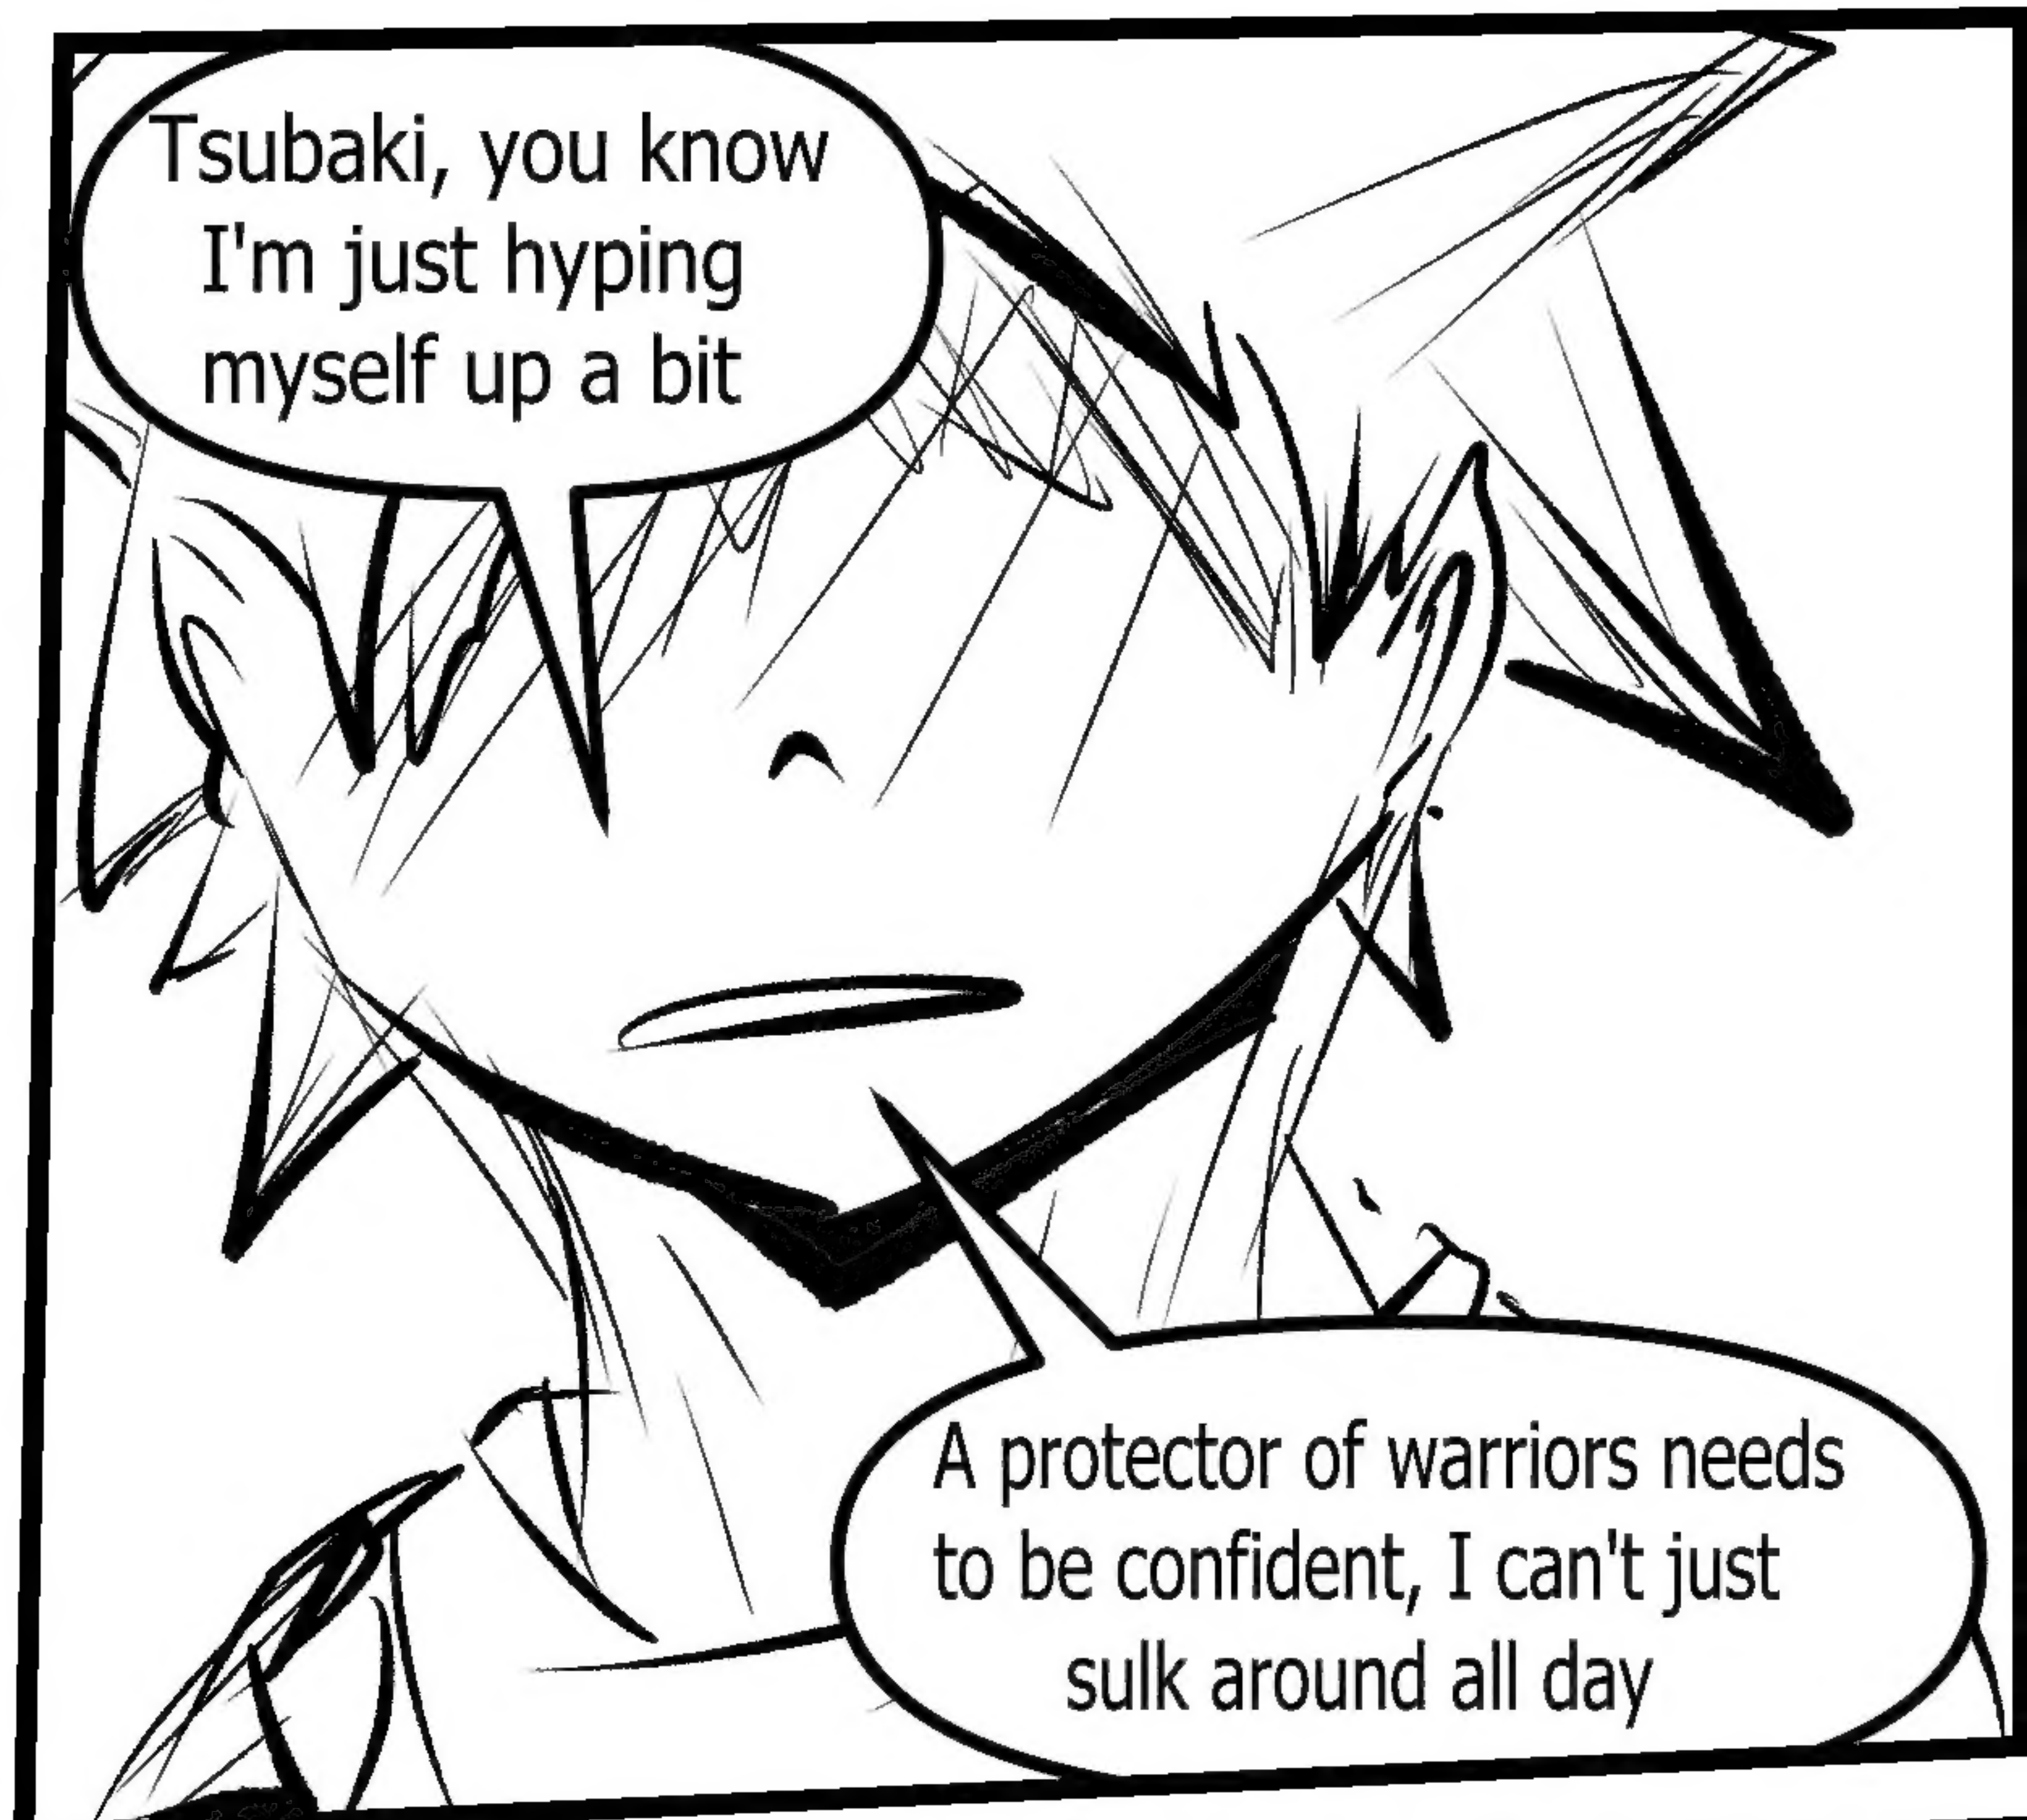

Oh- haha-
no, nothing...

but on a unrelated
note, maybe you
should remember
humbleness a bit...

Tsubaki, you know
I'm just hyping
myself up a bit

A protector of warriors needs
to be confident, I can't just
sulk around all day

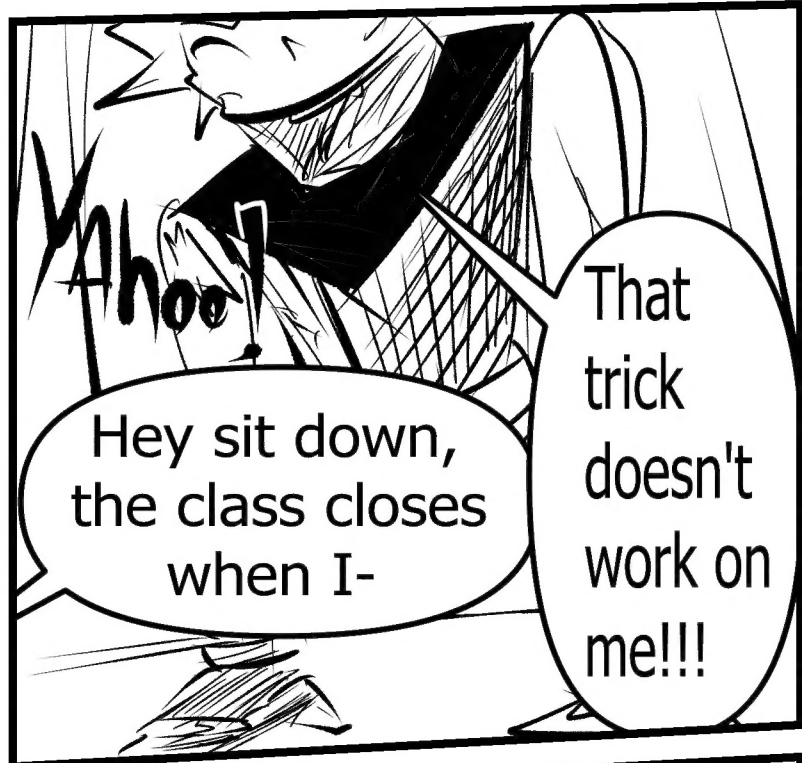

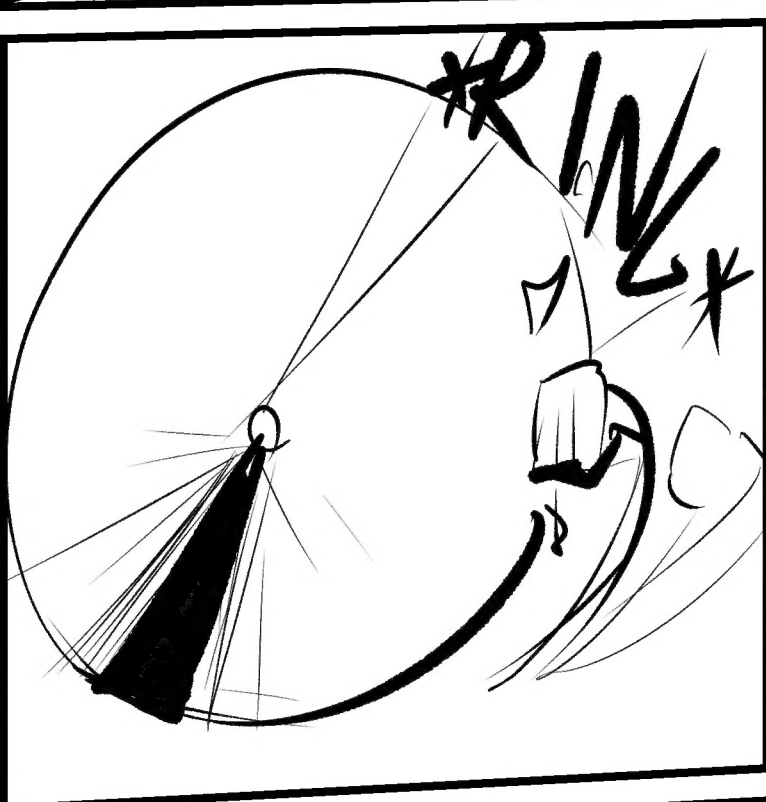

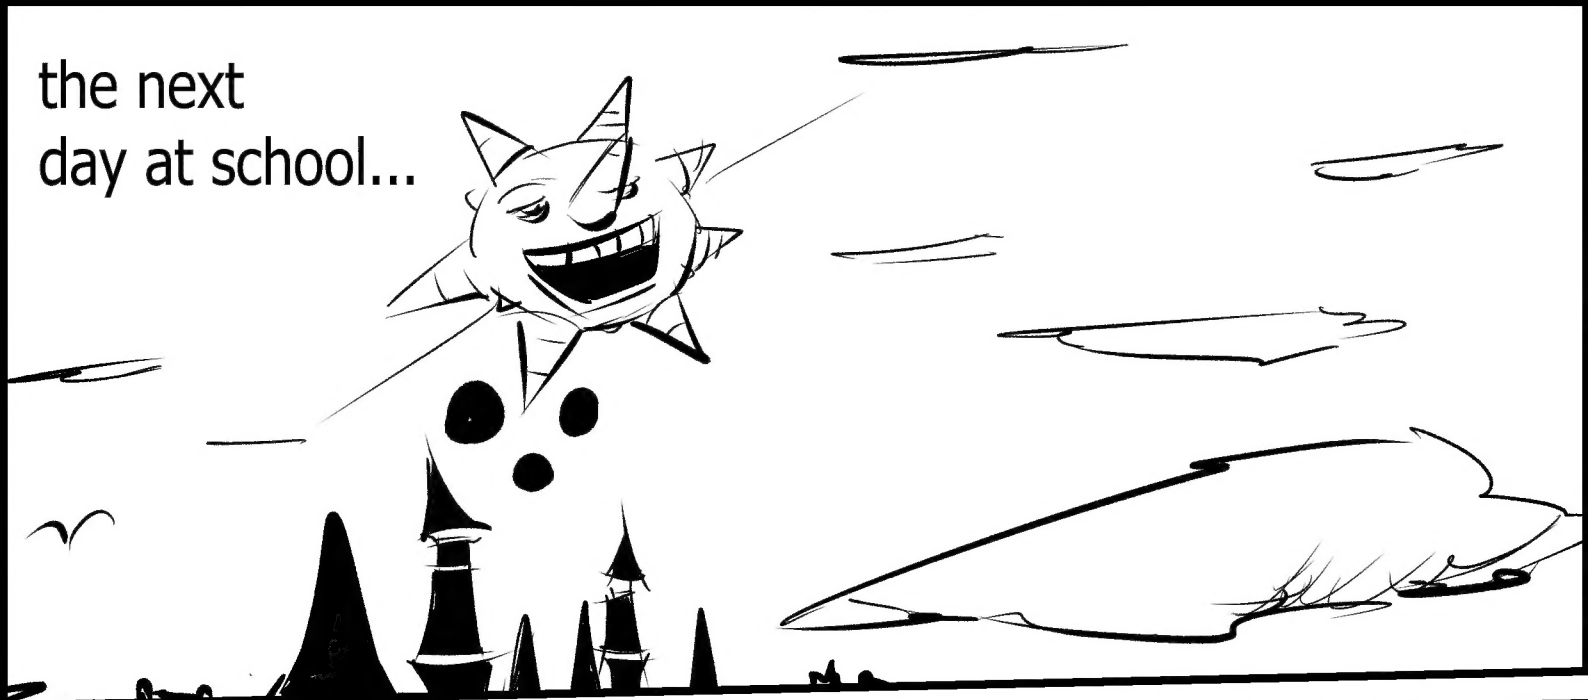

Ok? Now
look, the
tv is showing
the best show:
my reflection!!!

I N
DA
GAME

Sigh

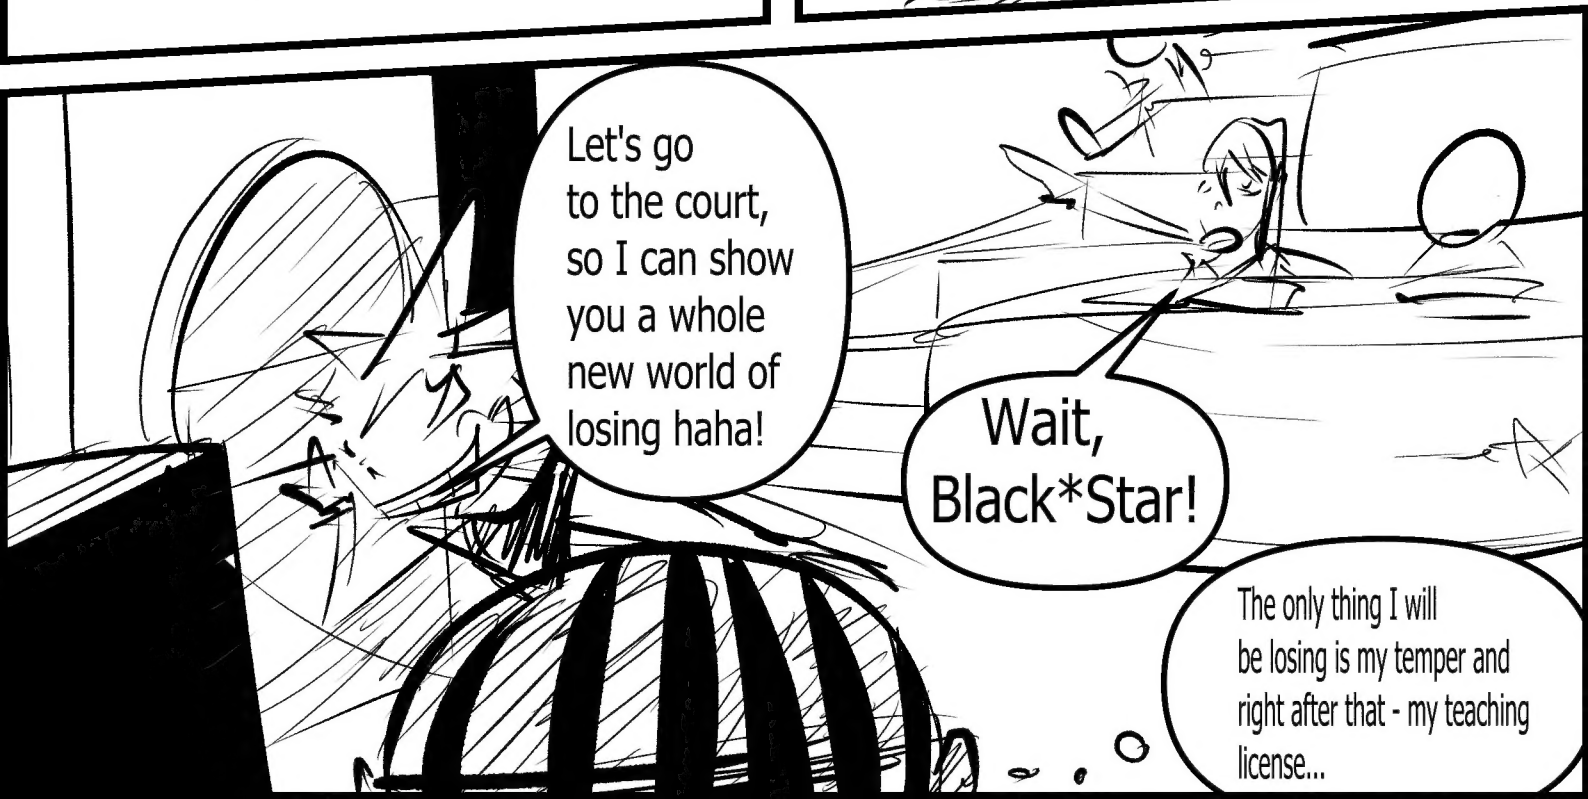

the next
day at school...

Hey sit down,
the class closes
when I-

That
trick
doesn't
work on
me!!!

Let's go
to the court,
so I can show
you a whole
new world of
losing haha!

Wait,
Black*Star!

The only thing I will
be losing is my temper and
right after that - my teaching
license...

Maka can't really play basketball right now...

I could in her situation, but yeah it's expected with commoners

Eh she prefers reading anyways, so she can just sit on the bench, not like she would be a challenge without the handicap

Yeez louis!

See I solved everything again! Let's go!

Thanks for helping, good to know that at least not everyone is a psychopath here

No problem, I'll have to train my triceps somehow...

Man, Tsubaki, how can you stand that guy? Atleast Crona and I have the excuse of being literally stuck together

oh, it's not that bad...

Yahoo! I'm gonna dunk on you! Make you cry so much they gonna open a tear-duct saloon!

Hey, you
slowed down
more than that
hare that lost
against the
turtle

Hey what ya
chatting about?

you can praise
me in my presence,
don't be shy

Yeah, we're talking
bout you, alright...

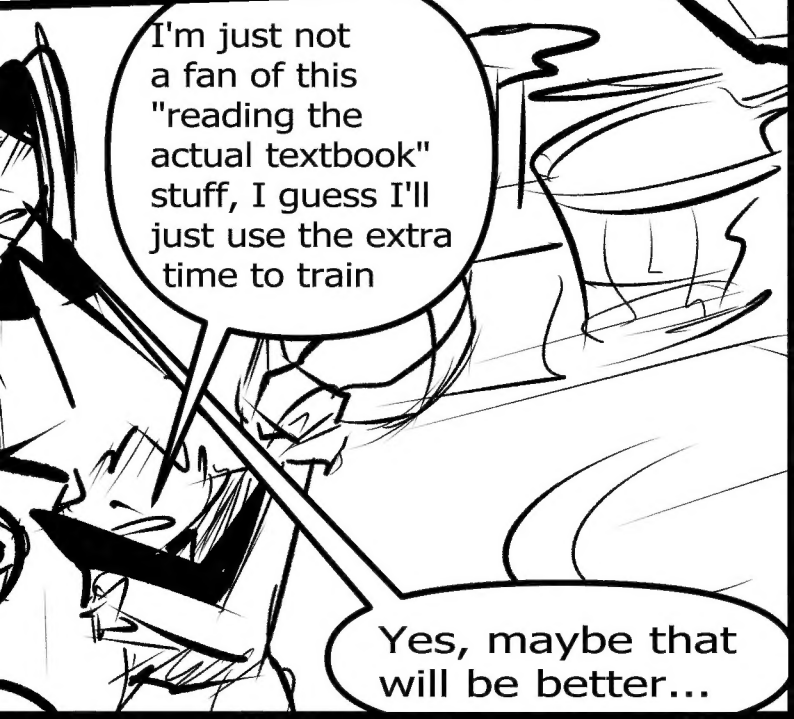

Oh, eh, we were
just discussing
about how we
will have a study
session for the
upcoming exam,
you of course want
to join to, don't ya?

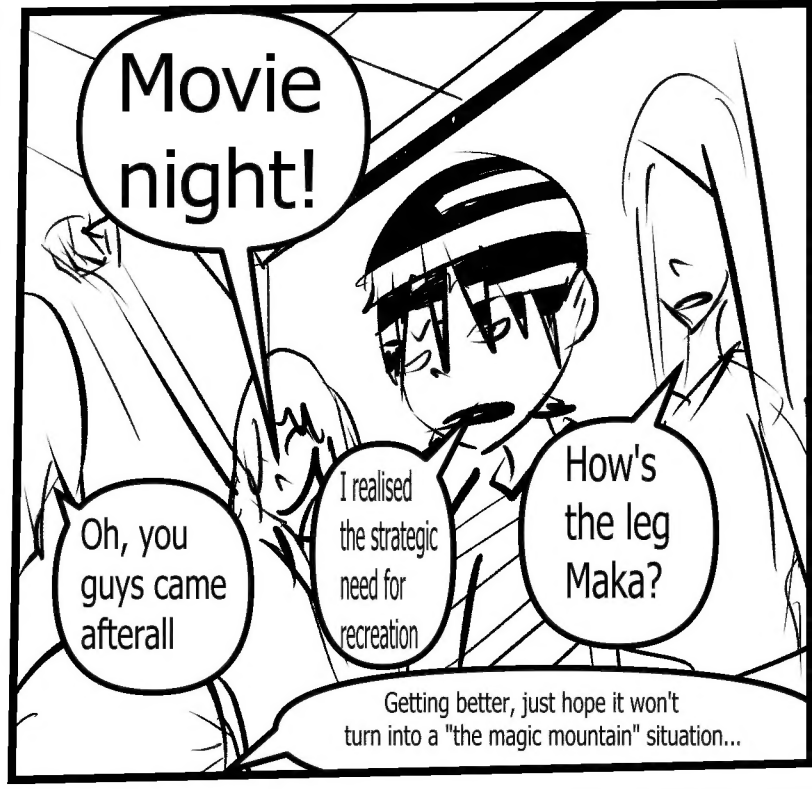

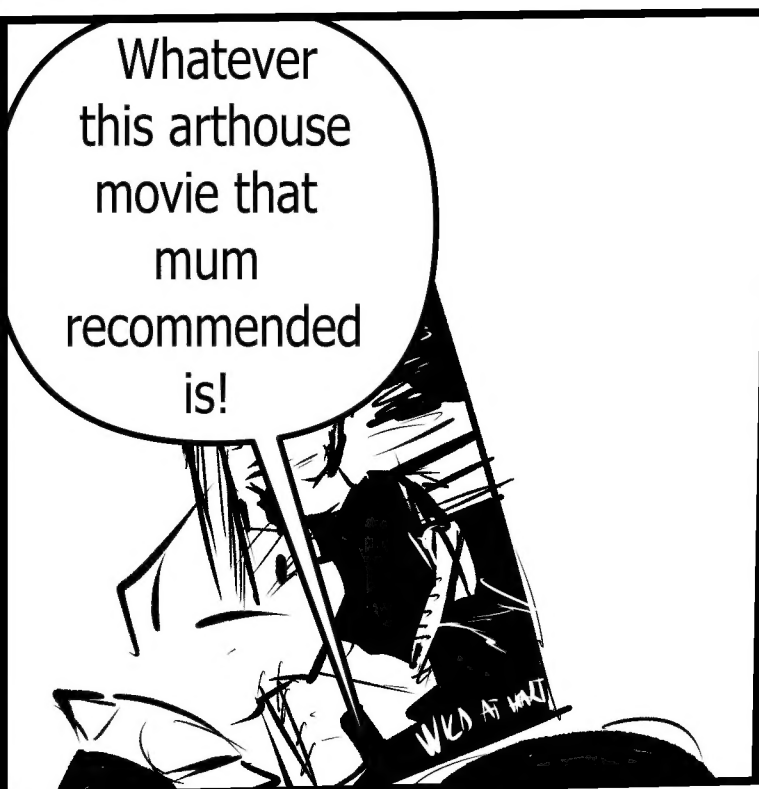

Nah thanks,
I'll learn my
own way
by myself!

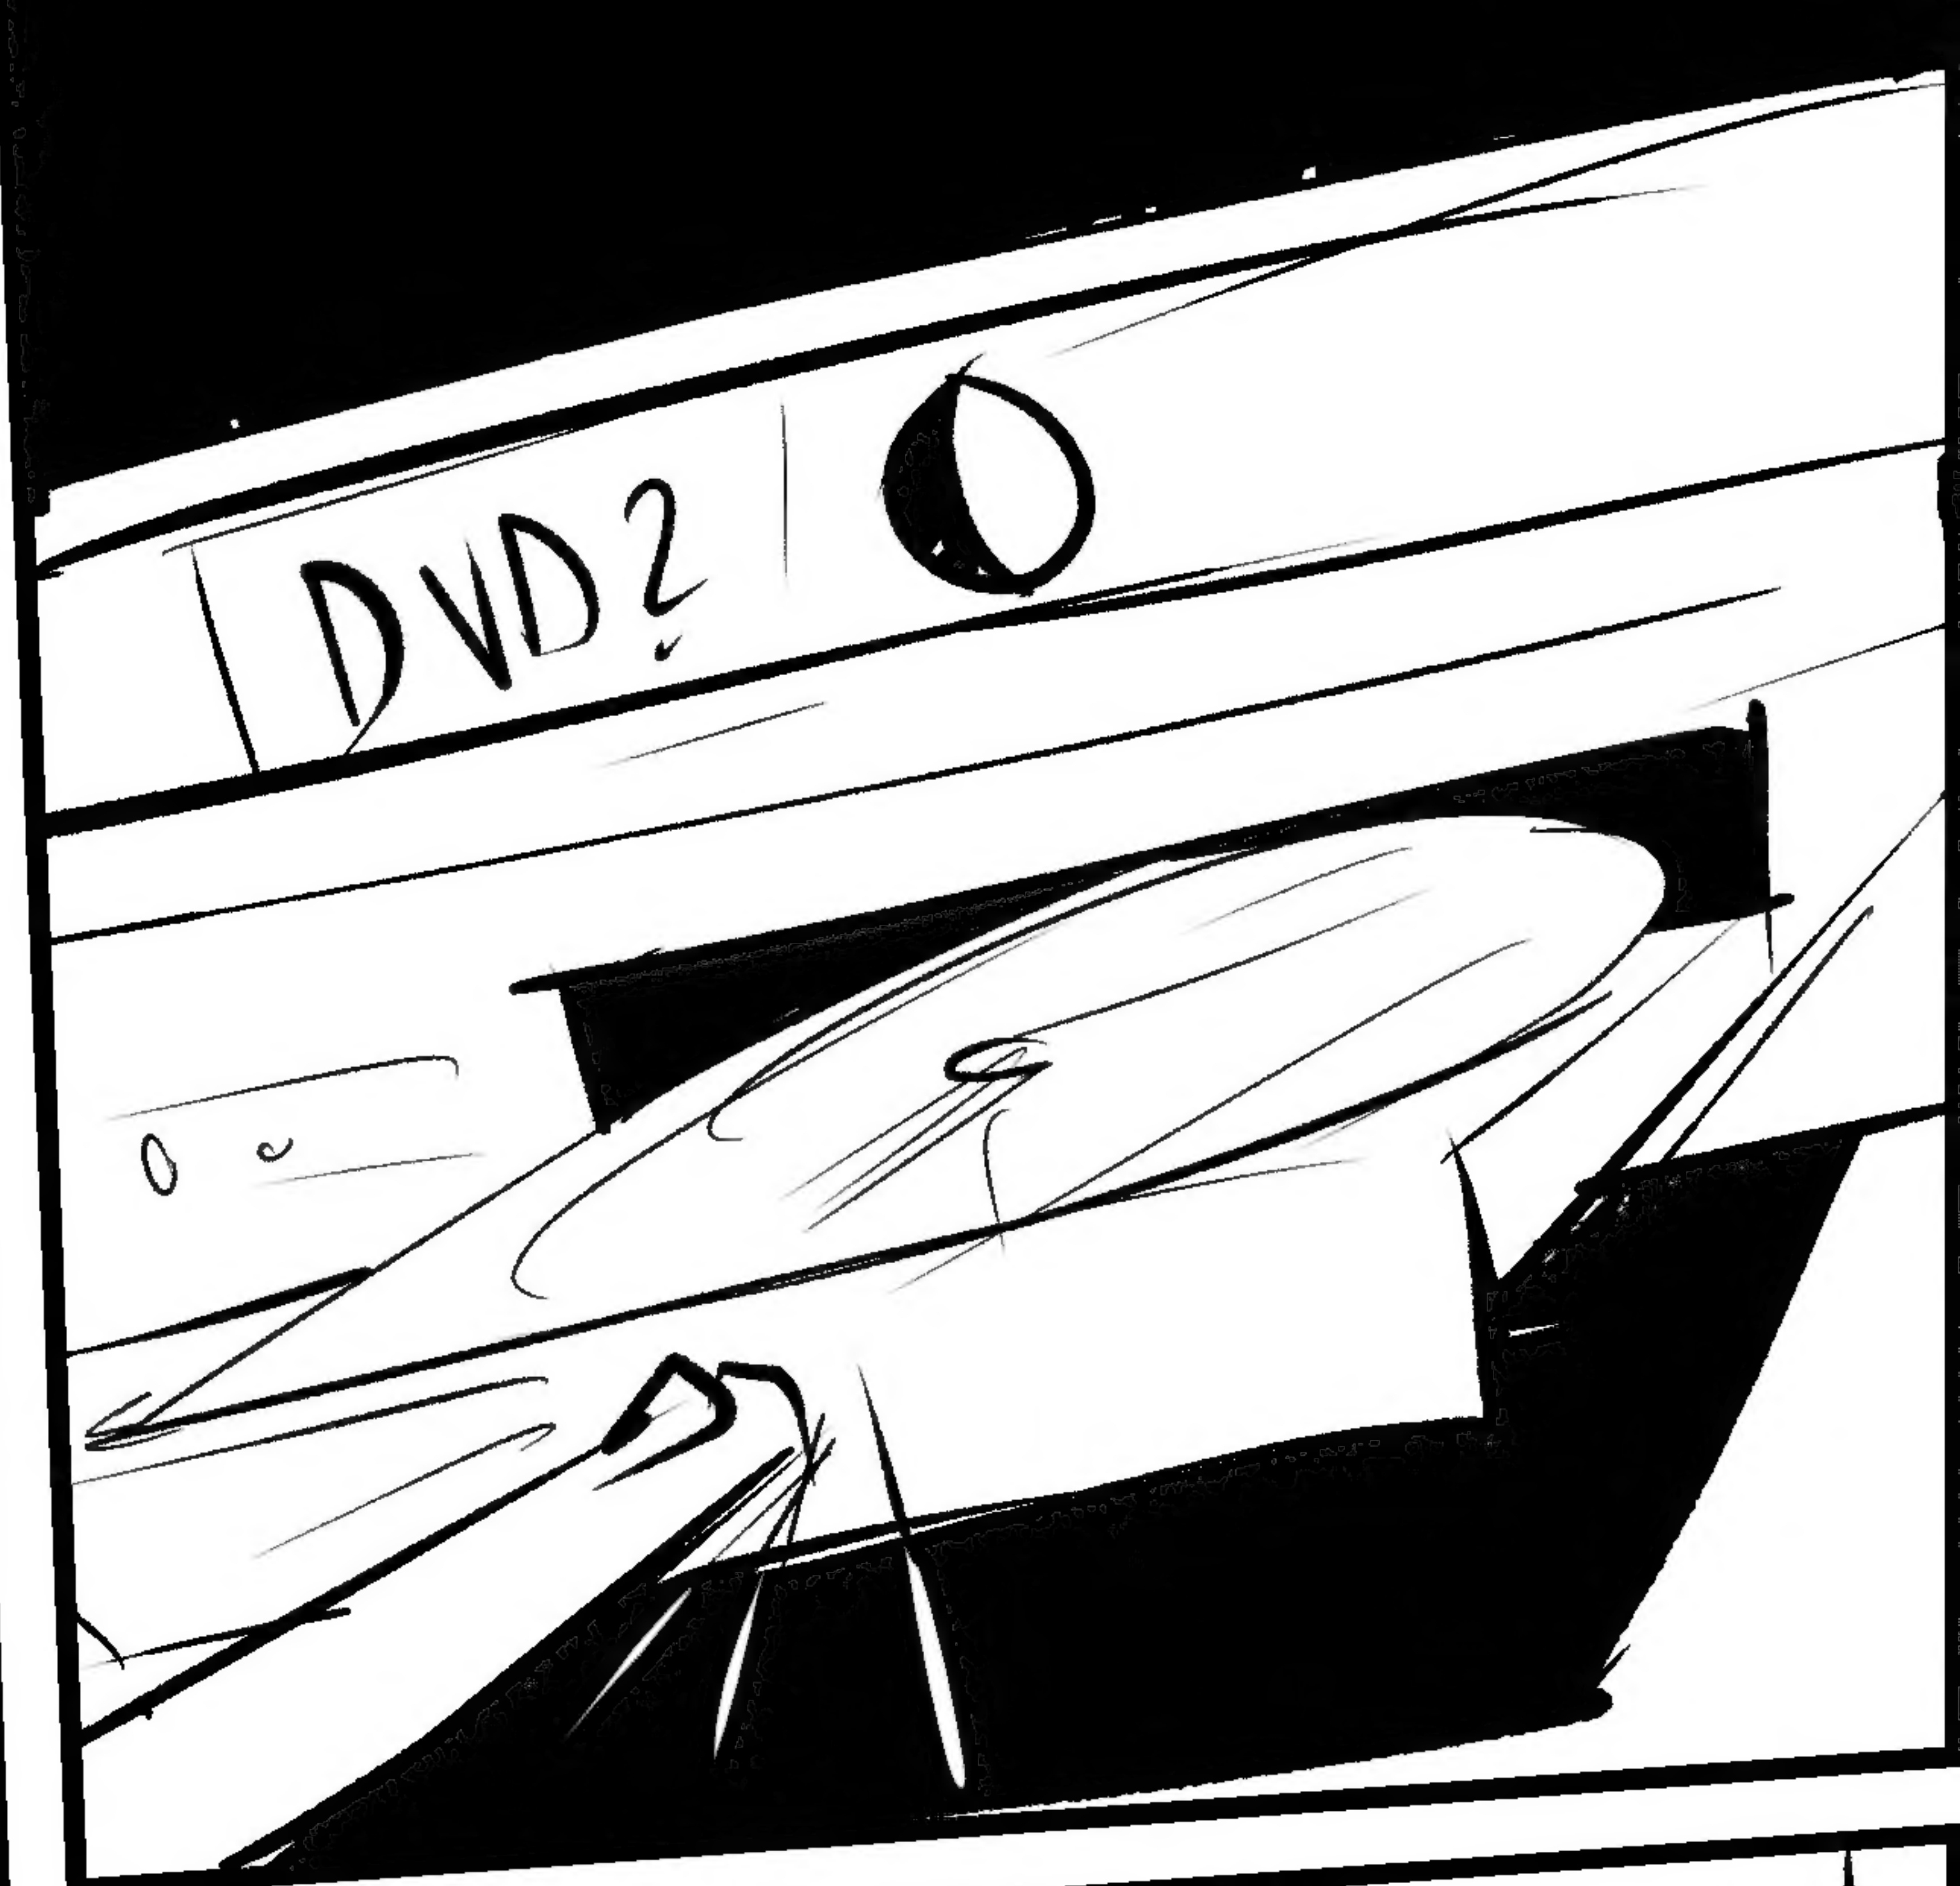

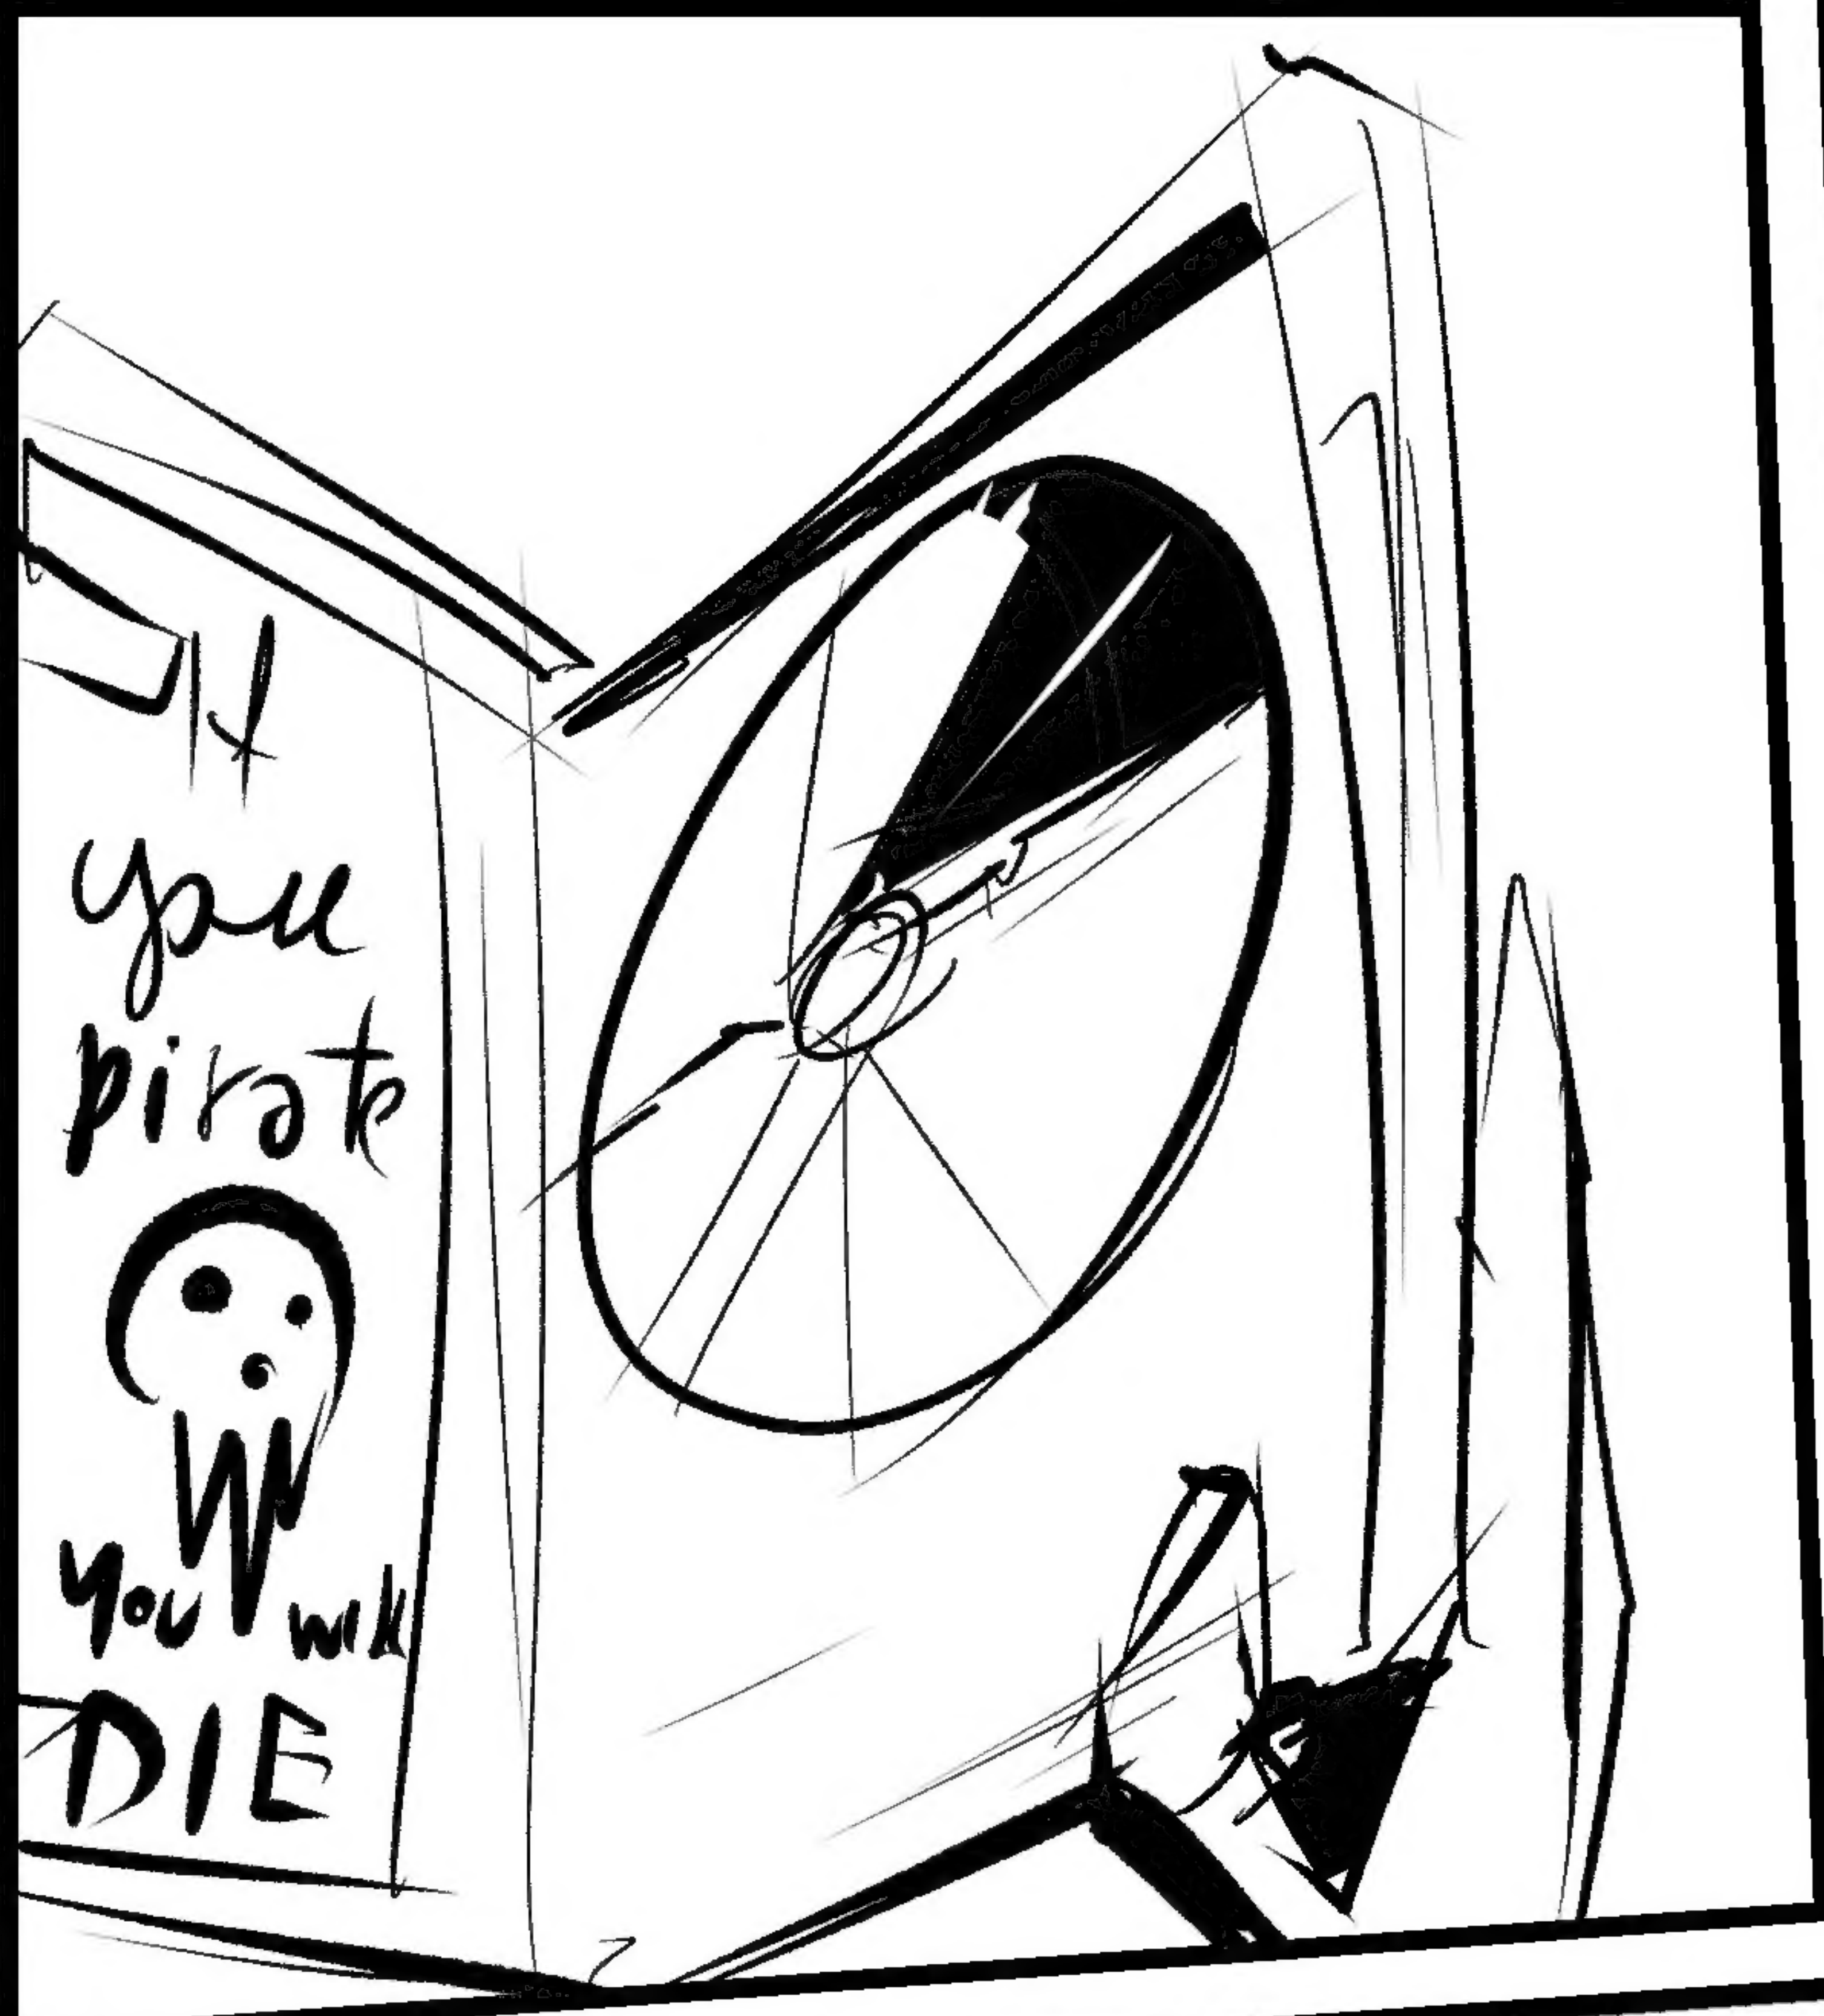

I'll asume
that was an
innuendo

I'm just not
a fan of this
"reading the
actual textbook"
stuff, I guess I'll
just use the extra
time to train

Yes, maybe that
will be better...

Hm... Maybe we should invite Black*Star afterall...

Eh, he can sit this one out like he wanted Maka to do, hehe

Good to be on the same wavelength on something with you for once Ragnarok

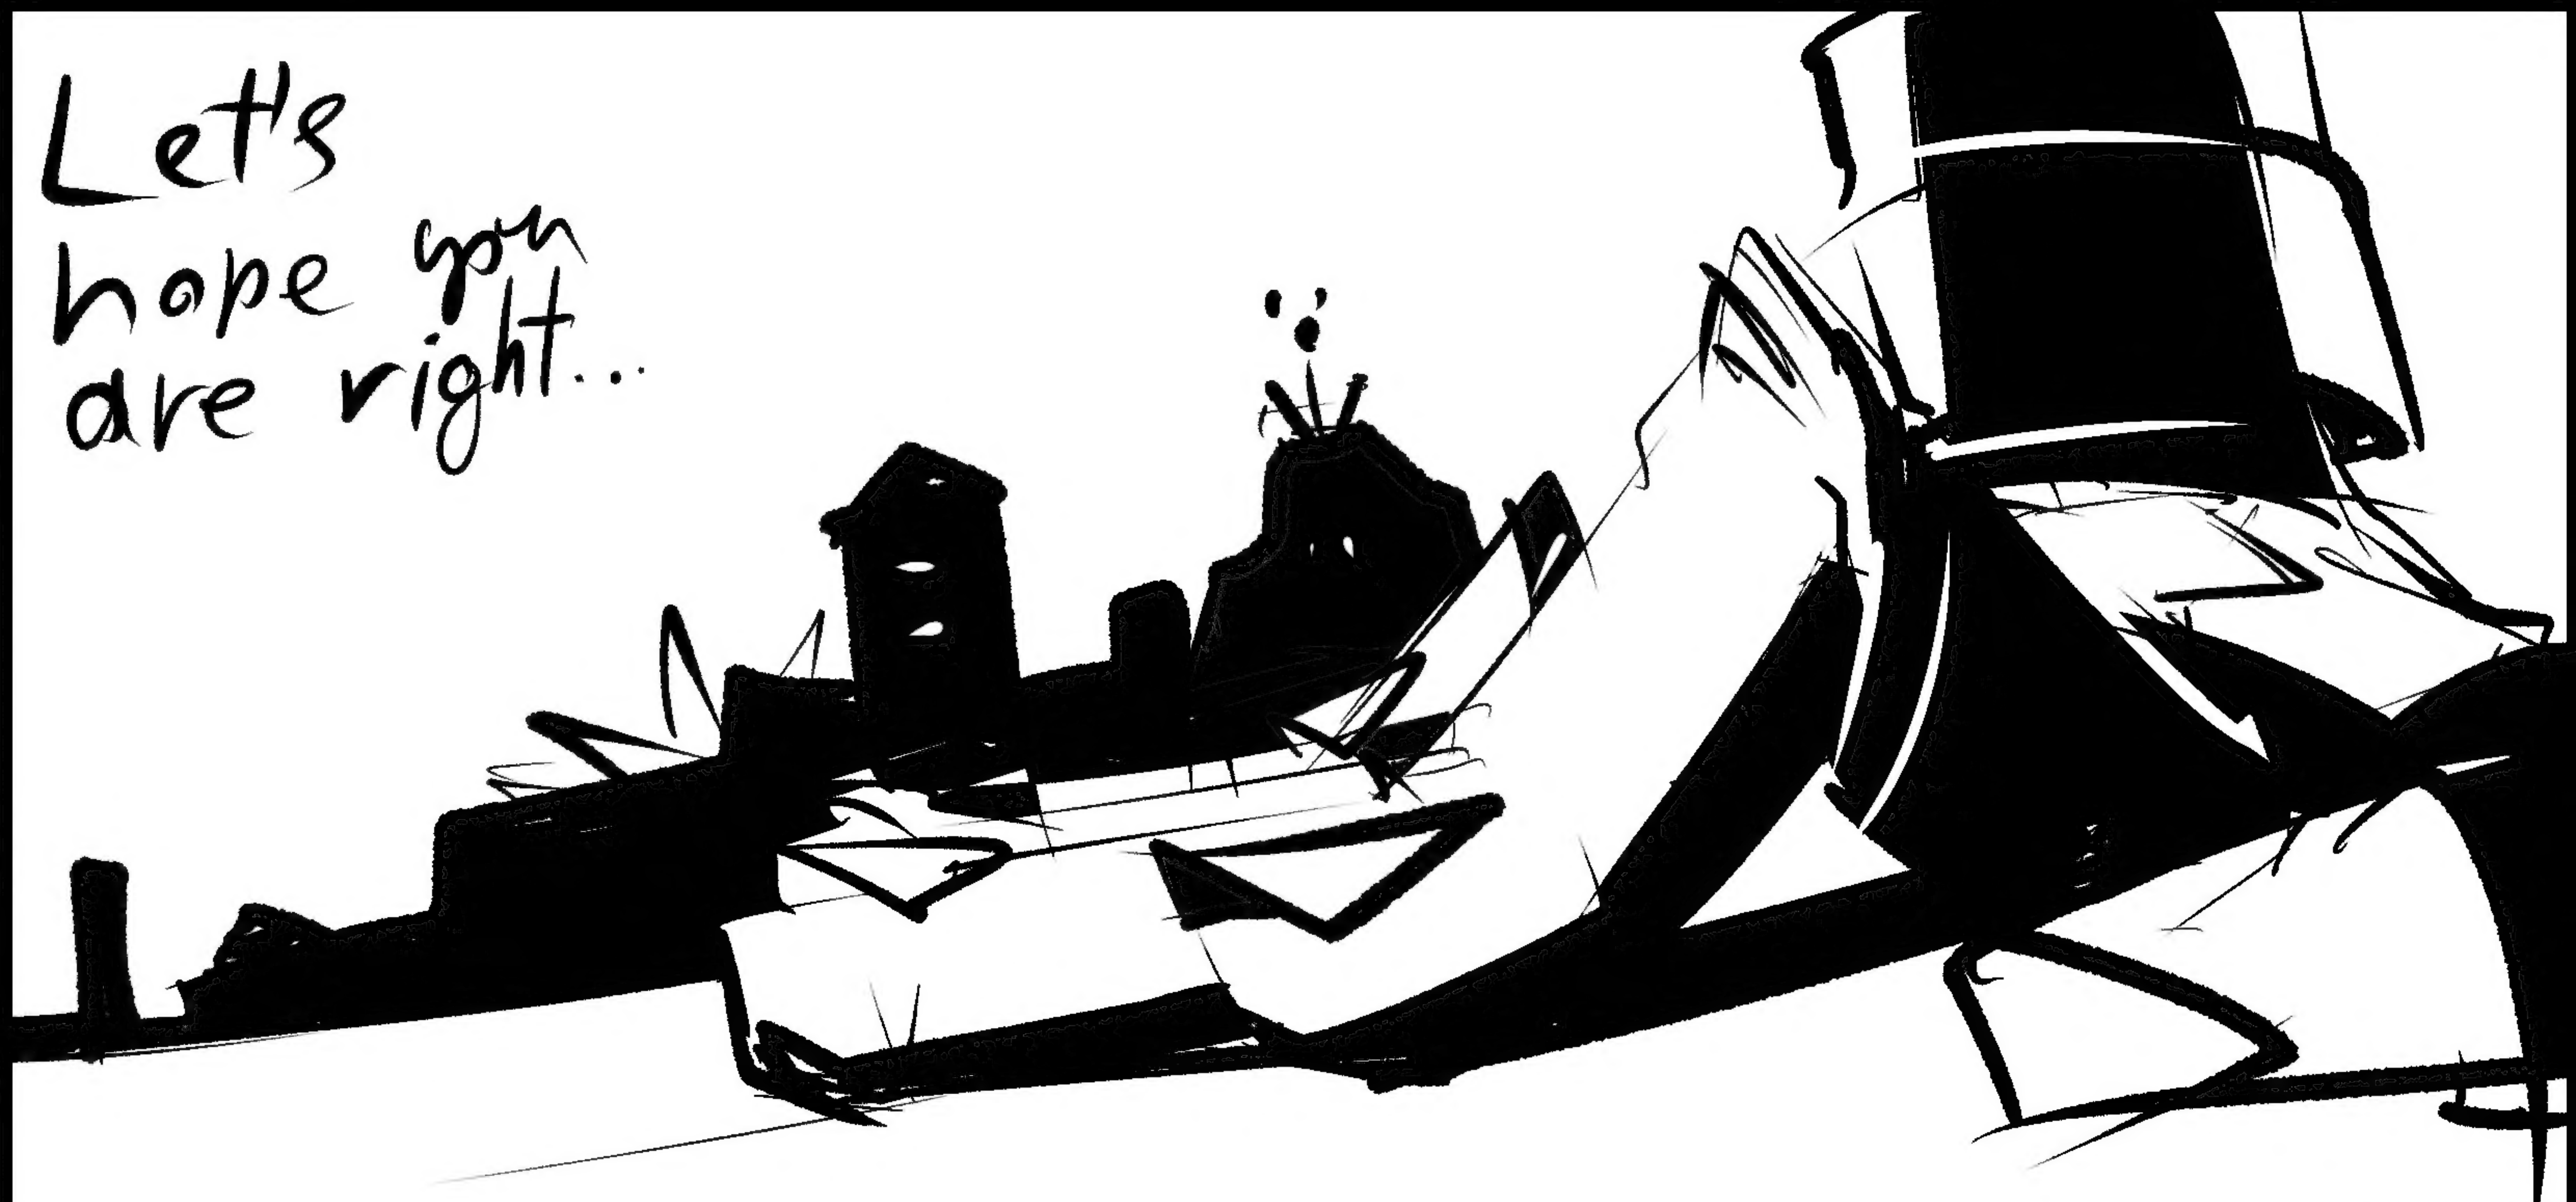

It may seem not that nice, but him missing out one time can't be that bad right?

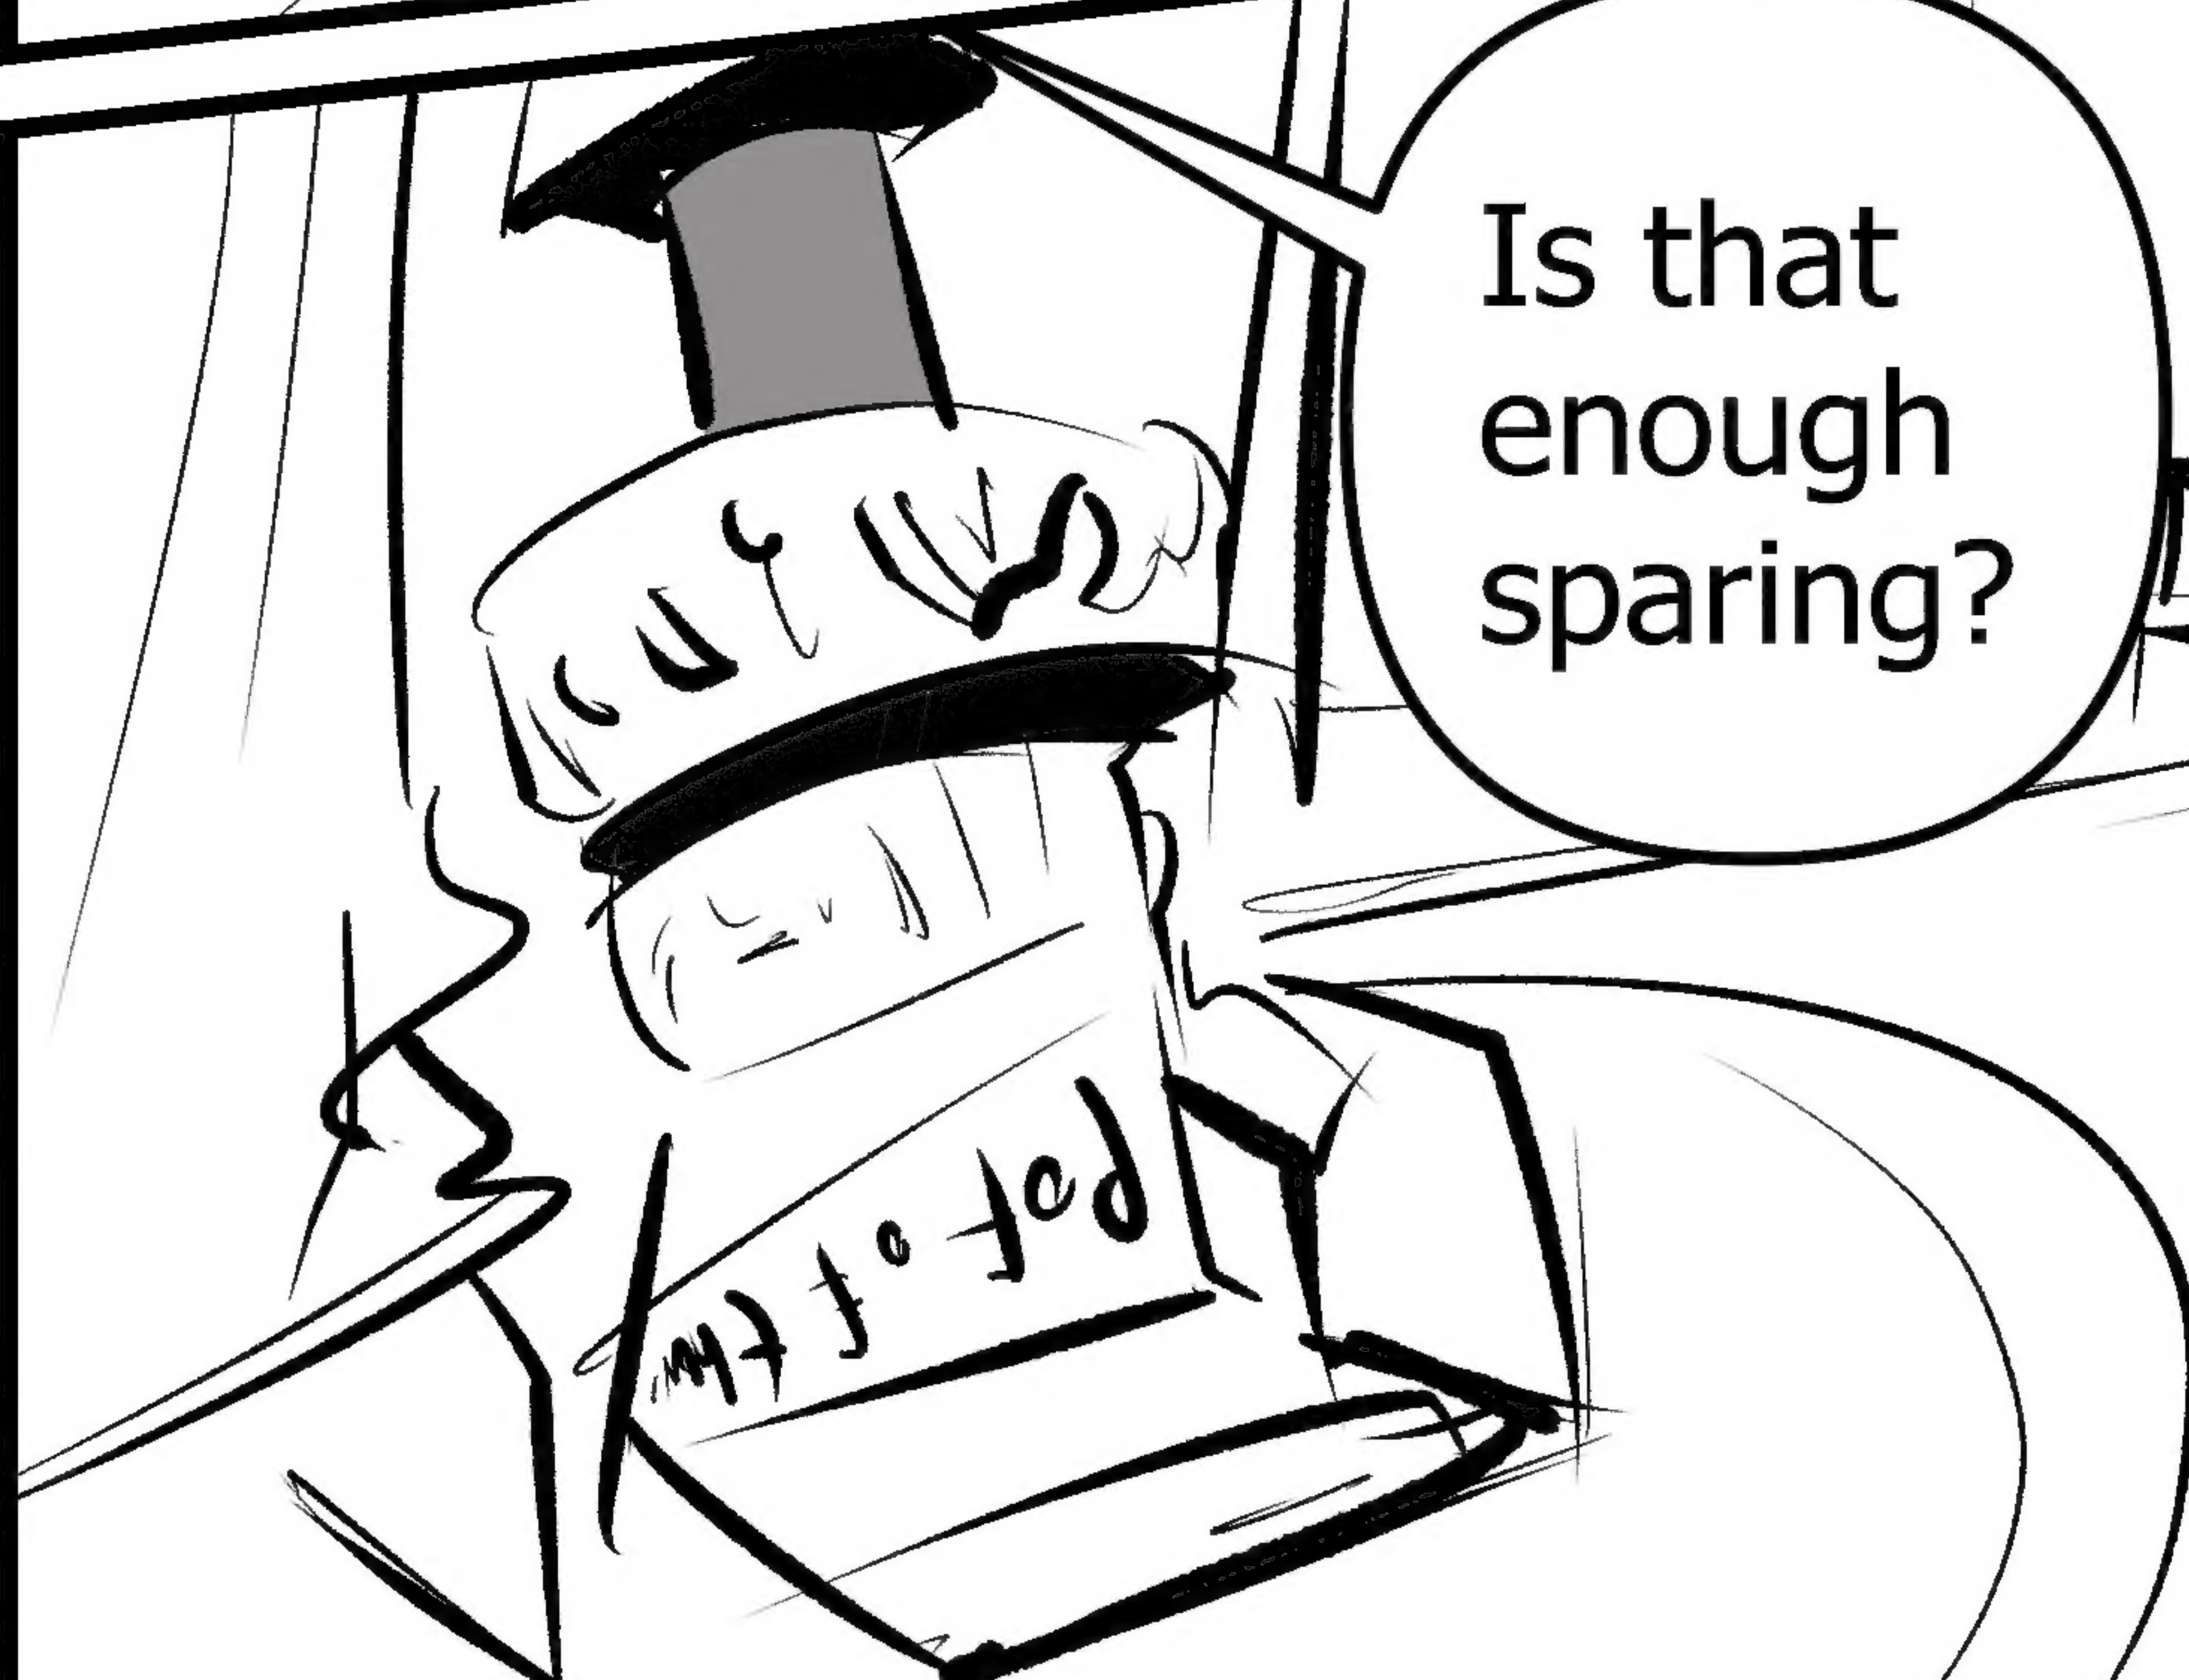

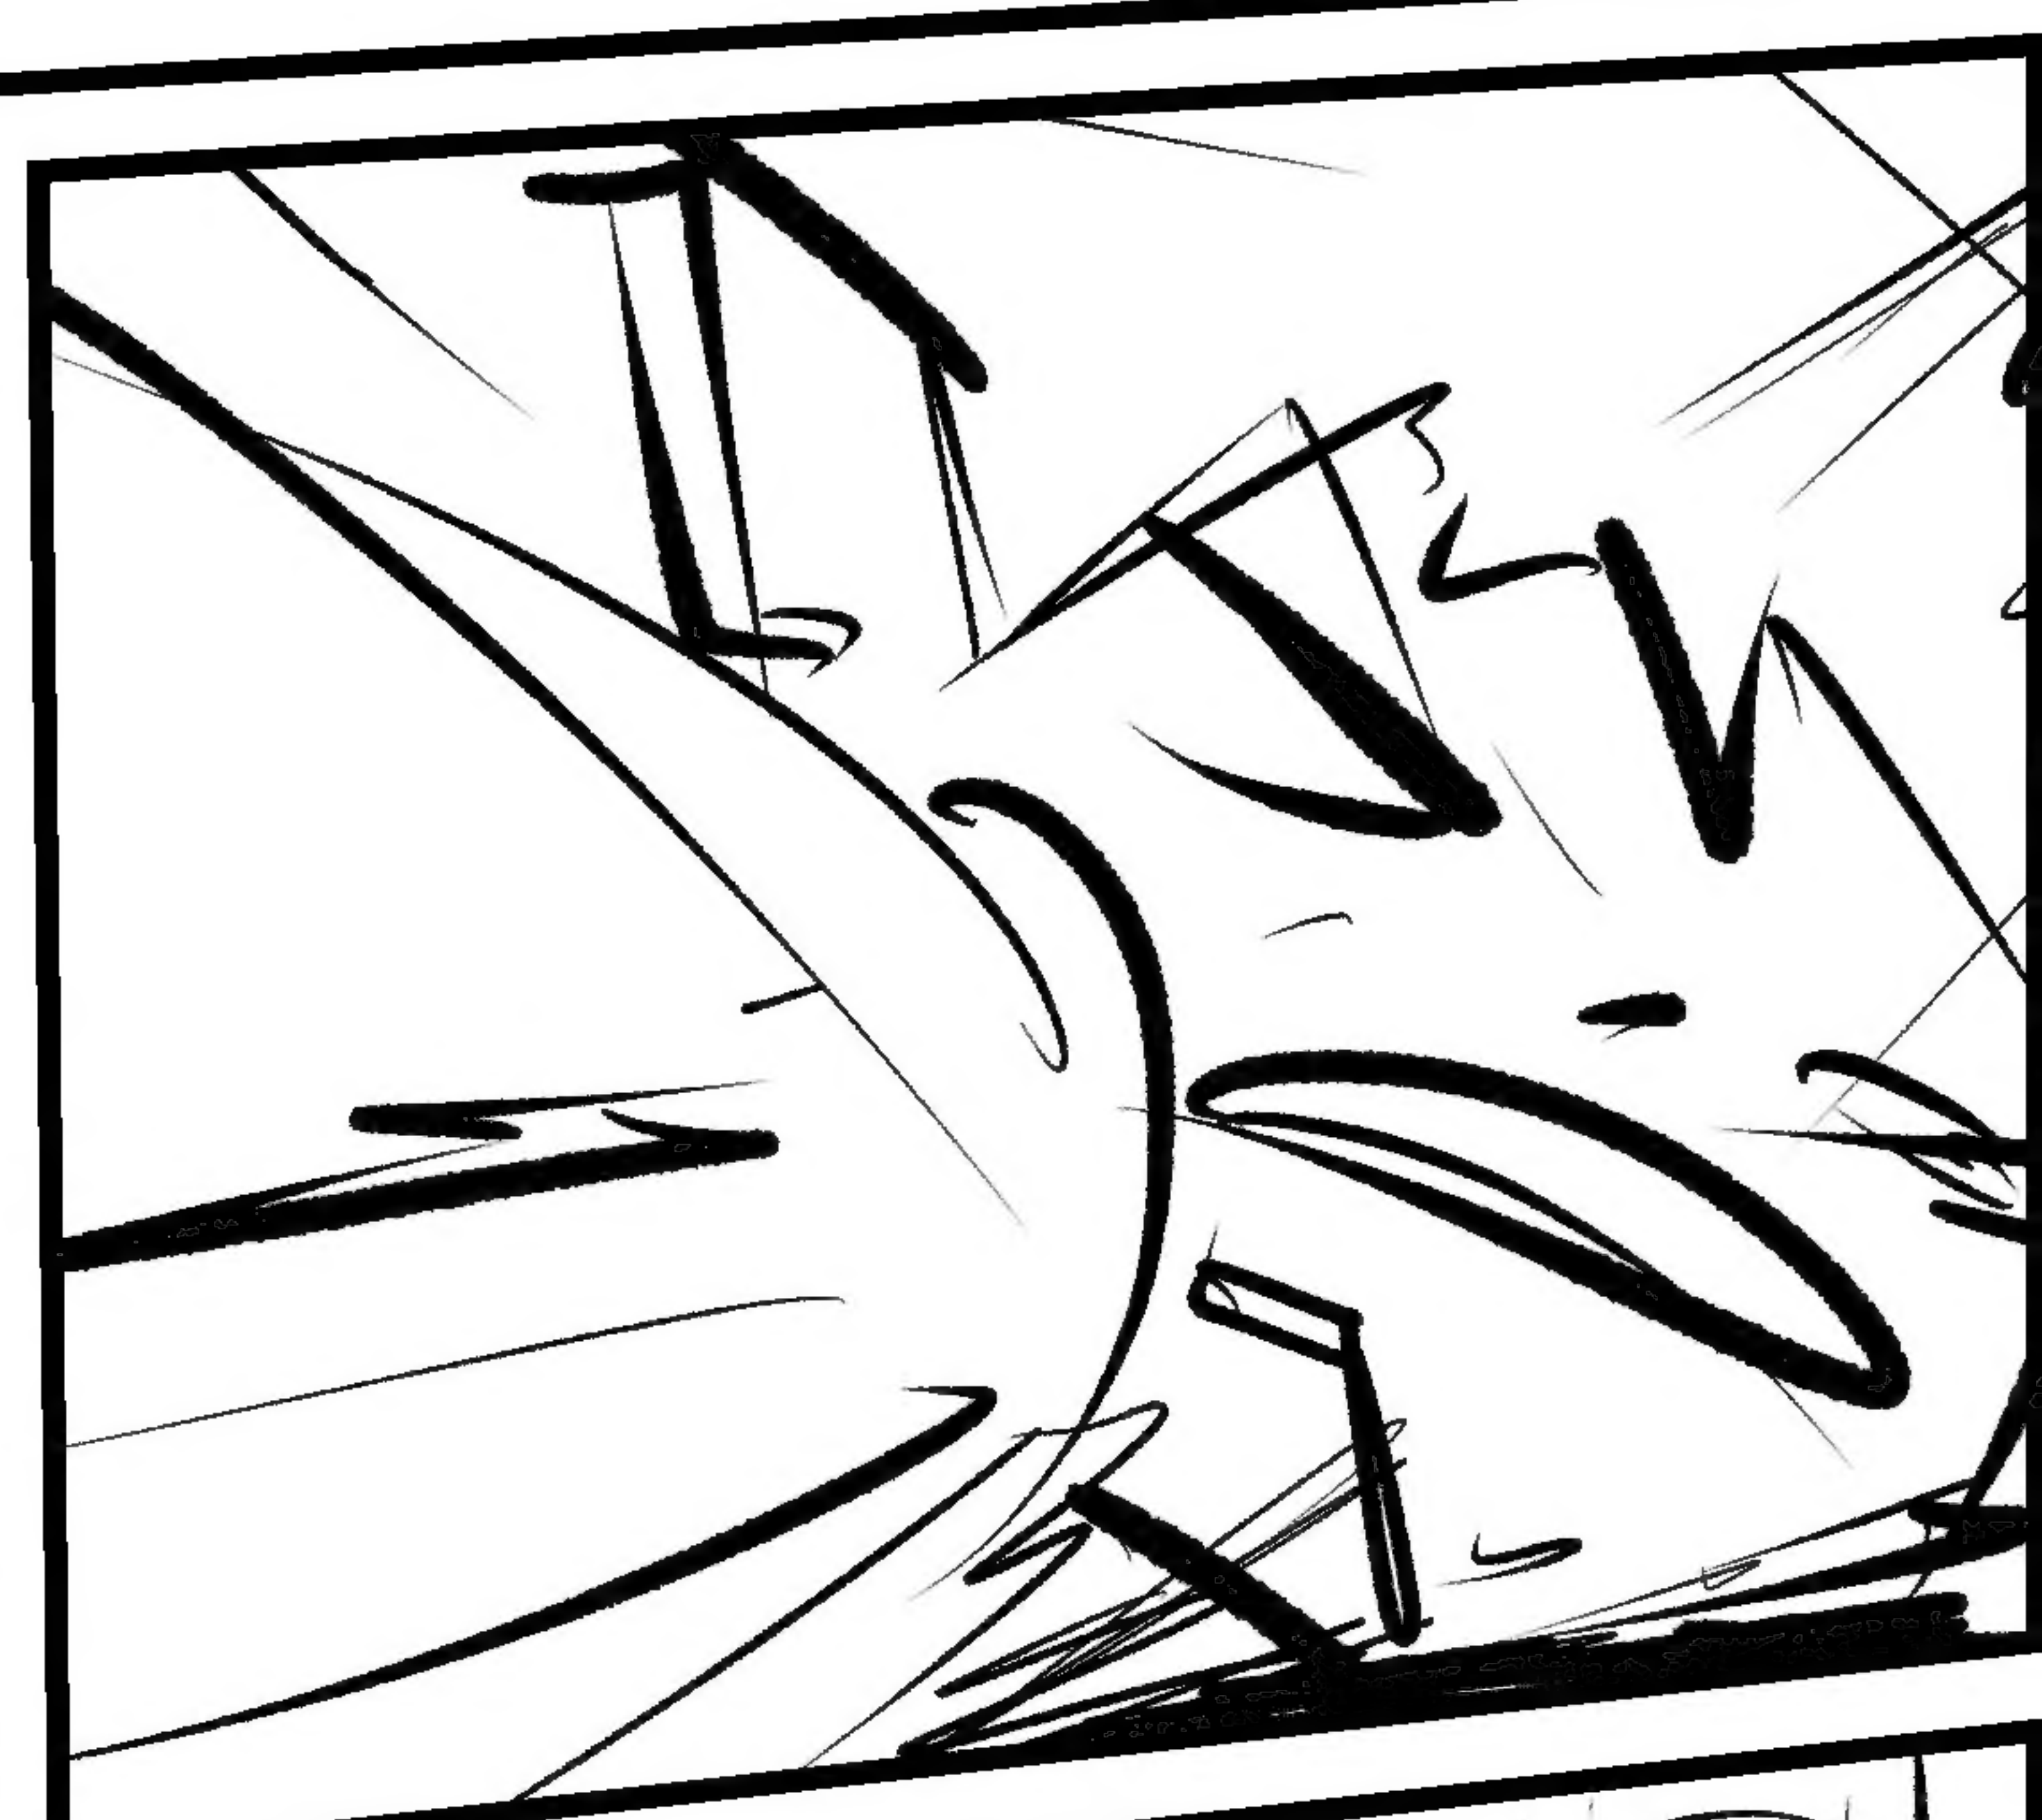

Yeah, more popcorn for me!

And less interruptions

And he's probably already busy anyways

Let's
hope you
are right...

Is that
enough
sparing?

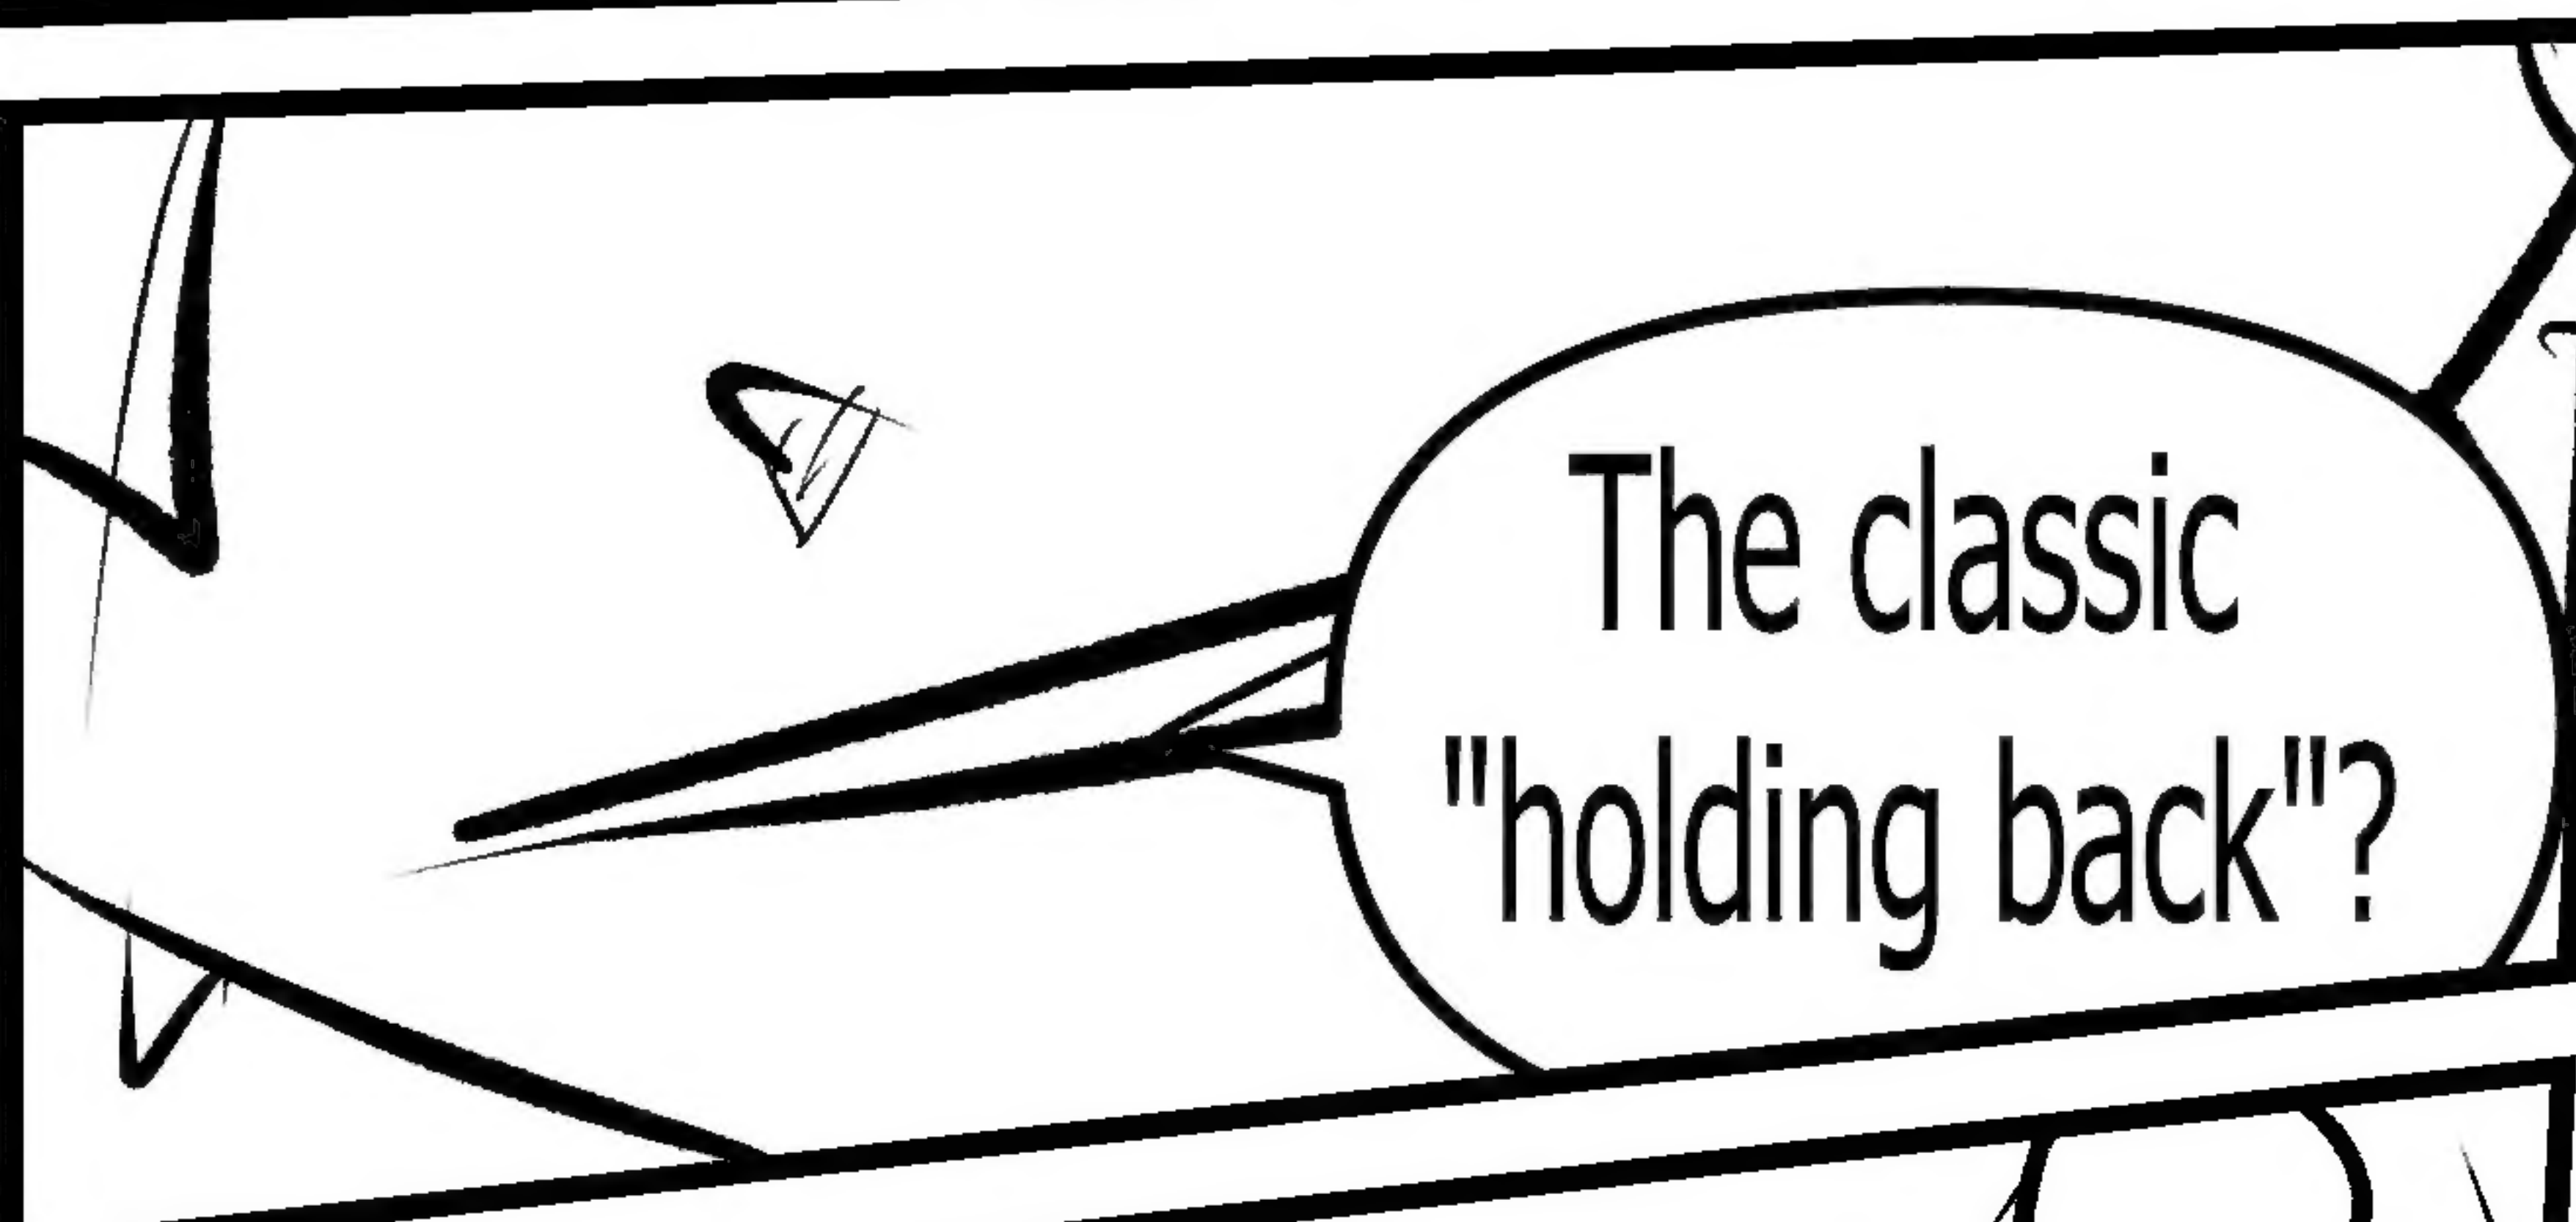

Tch, no
way!

I was just gauging your strength

Heh you think that was my full power?

The classic "holding back"?

Me too!

Ok, I'll admit, that's pretty good

You mean really good?

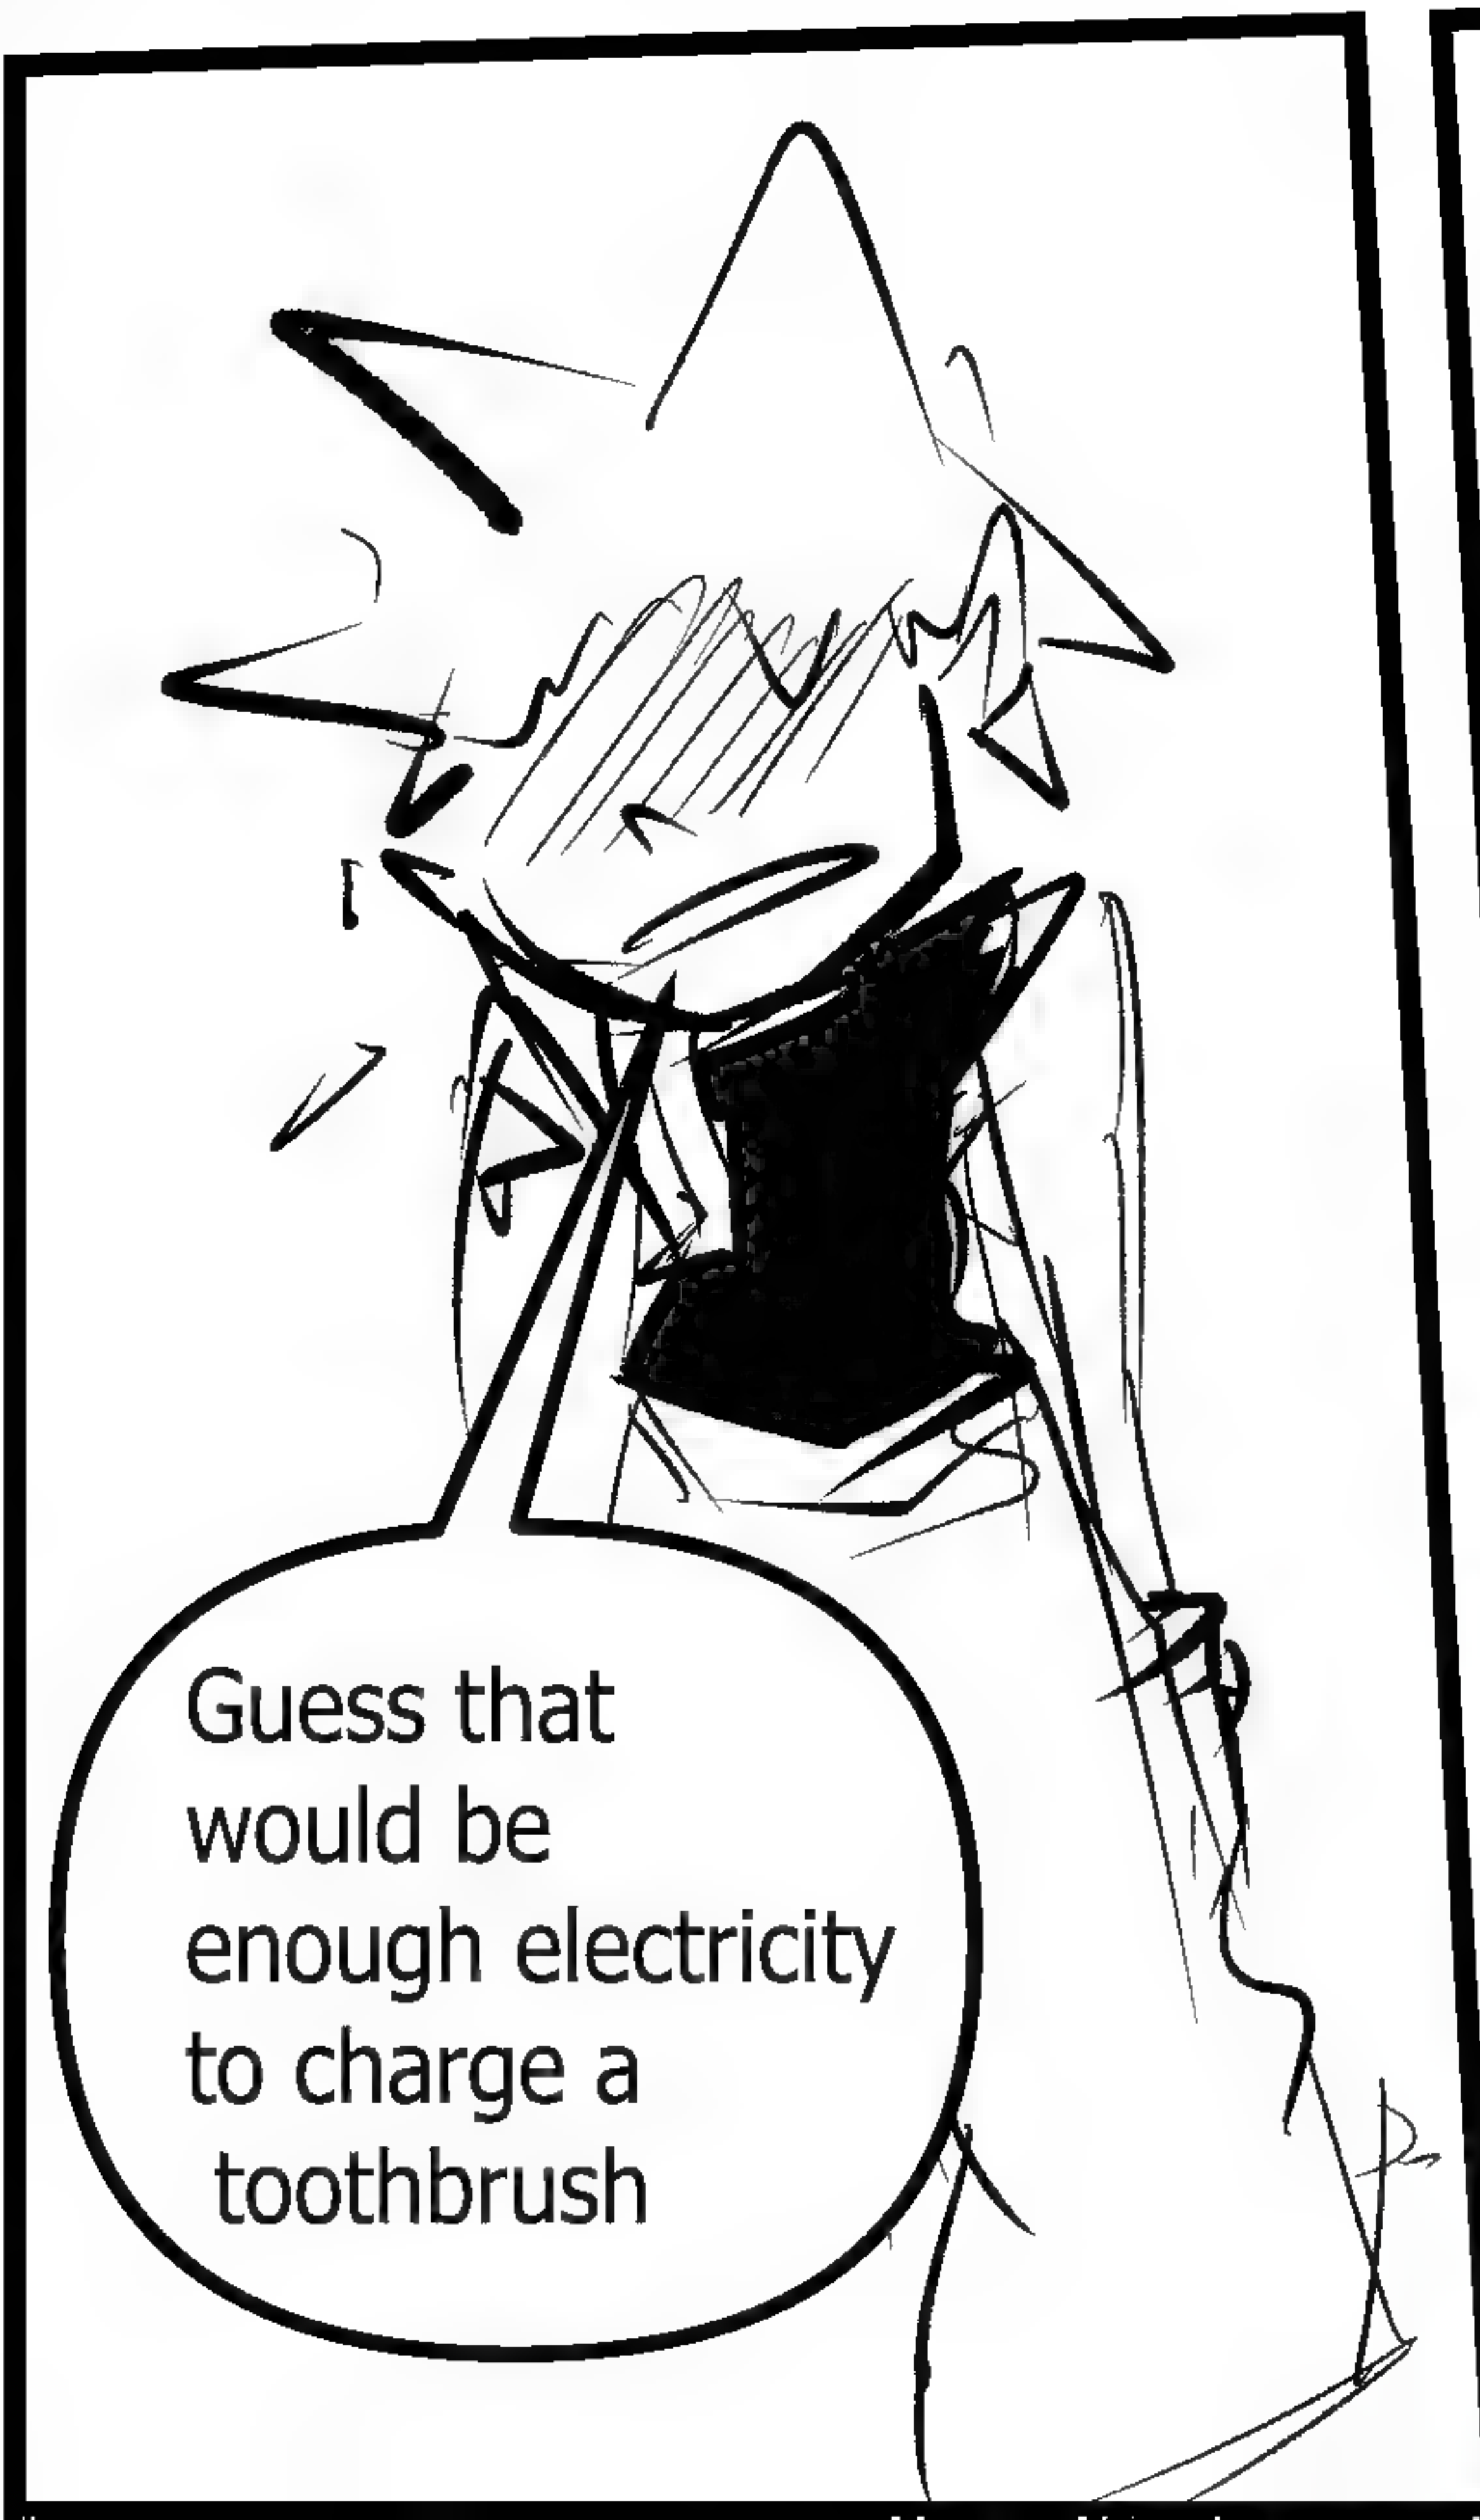

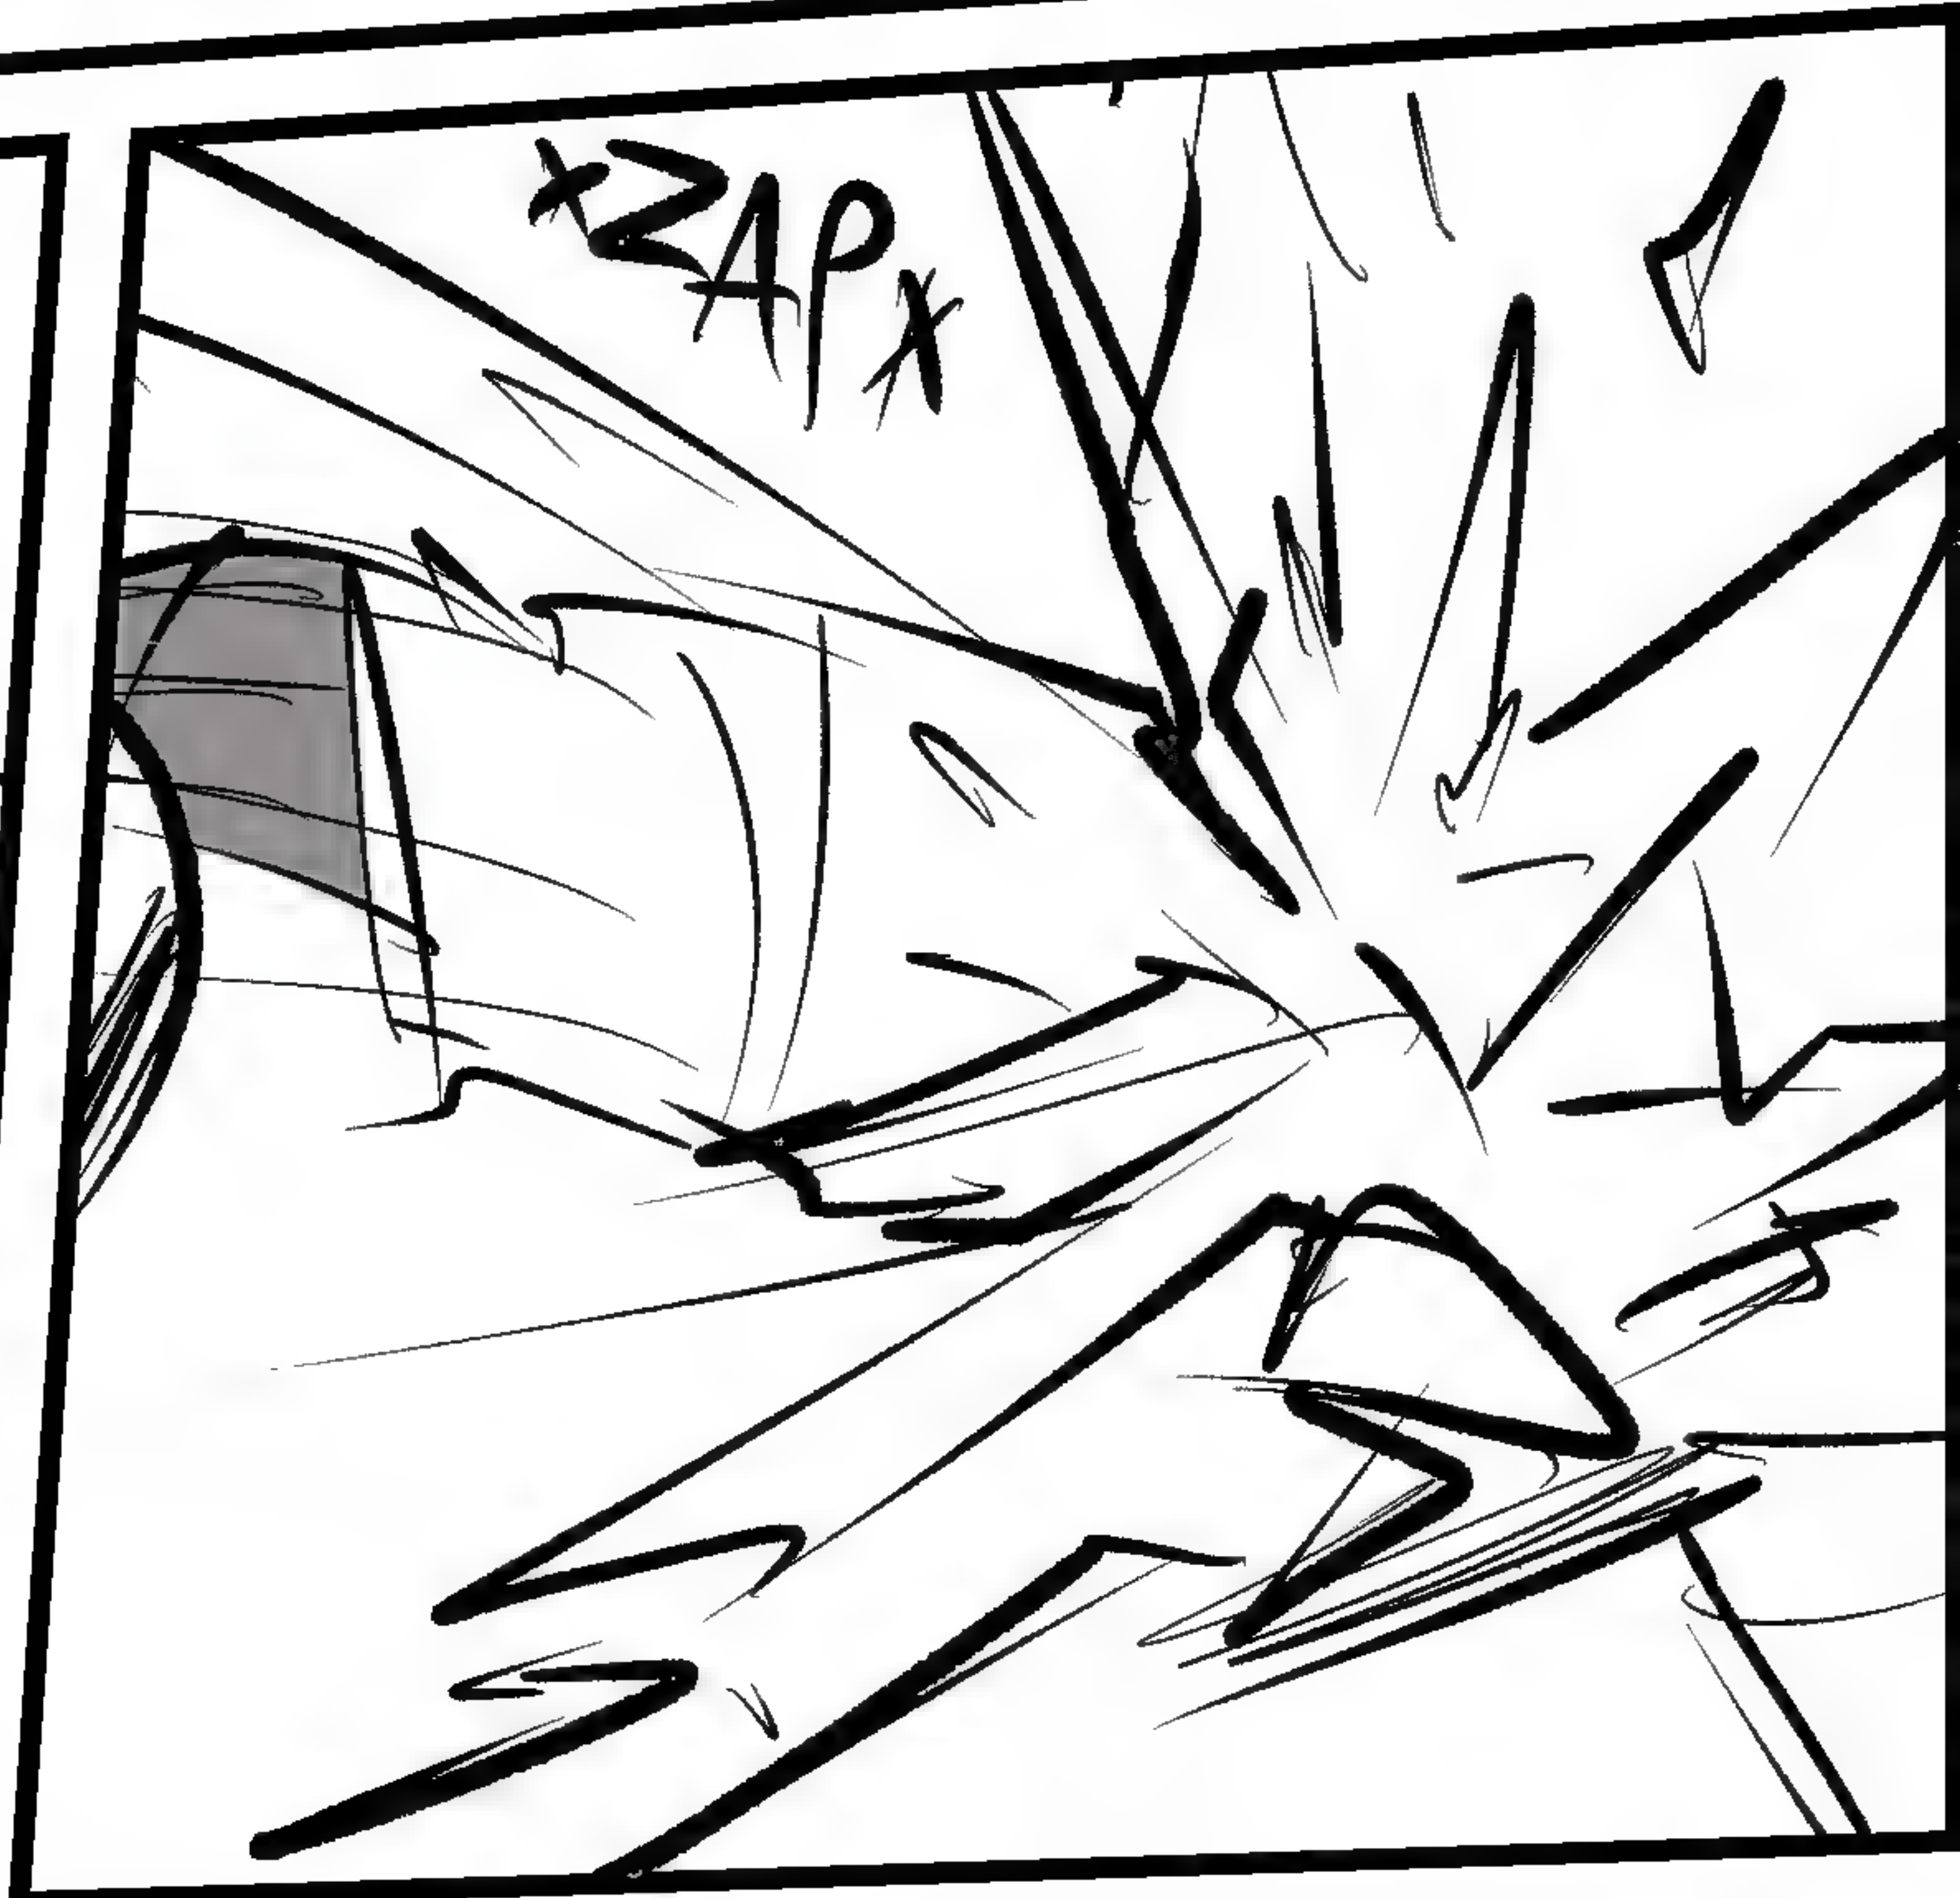

I mean Mifune-

I already defeated him!

Not without your weapon

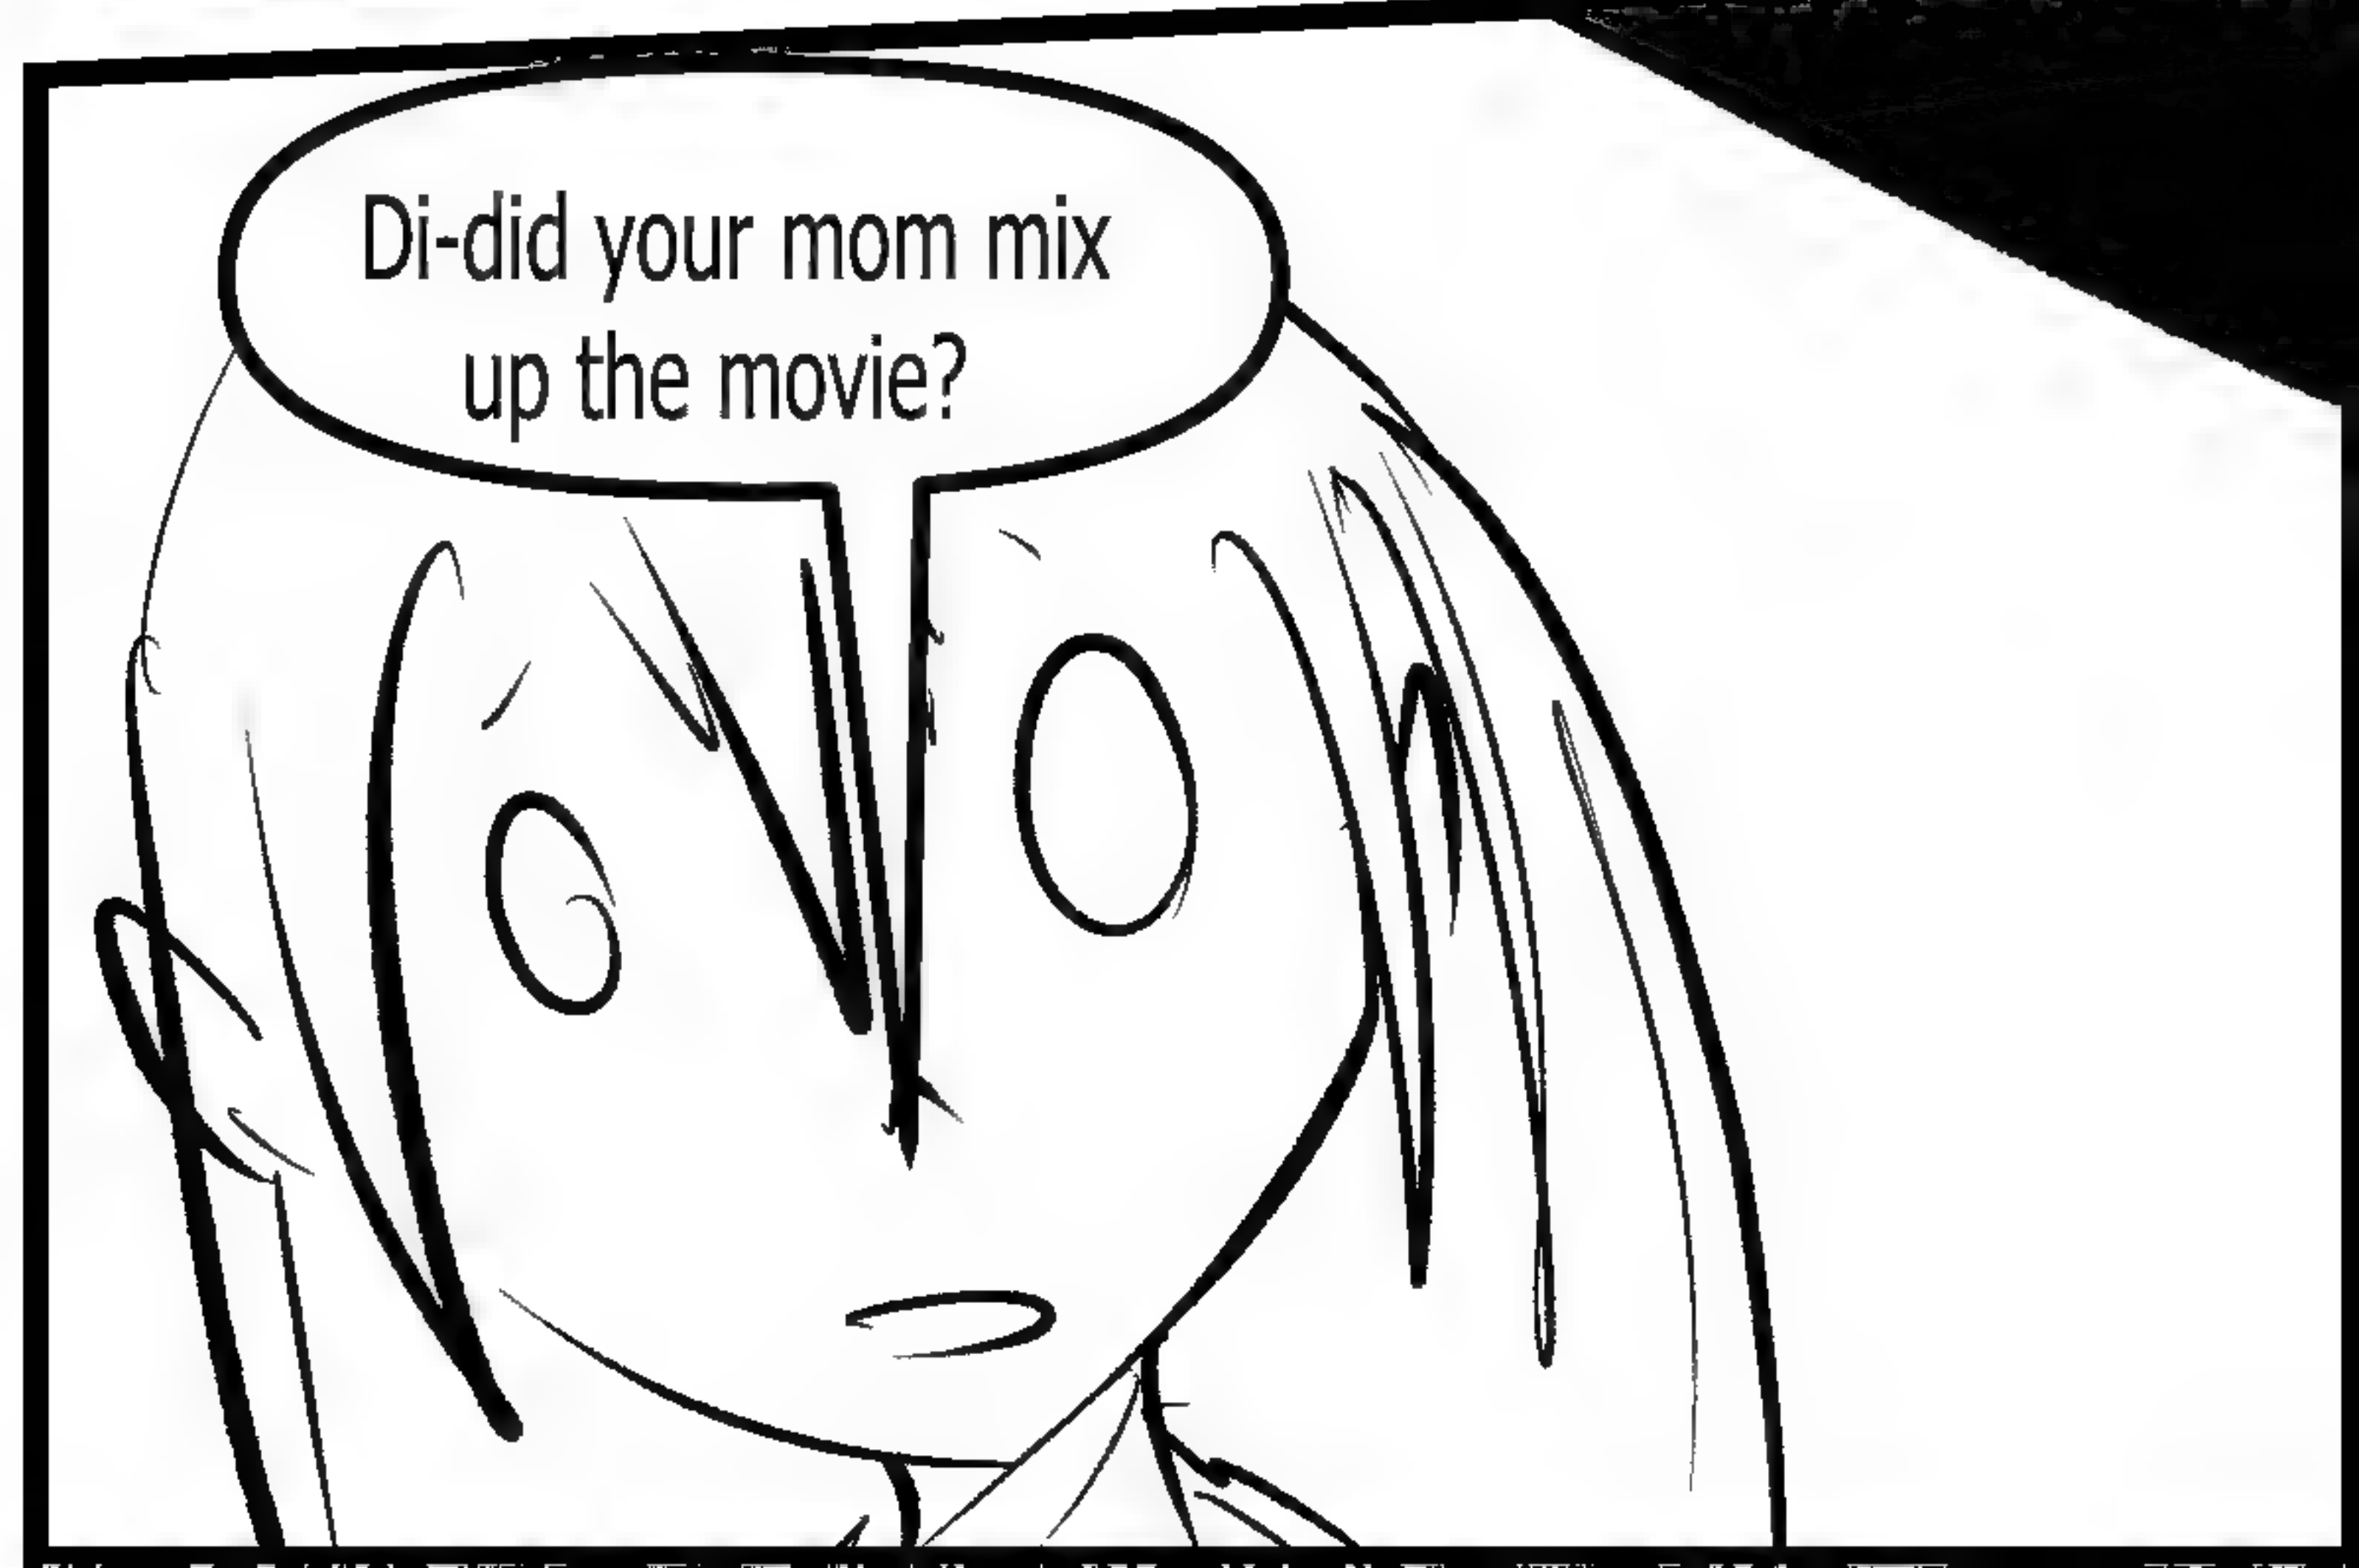

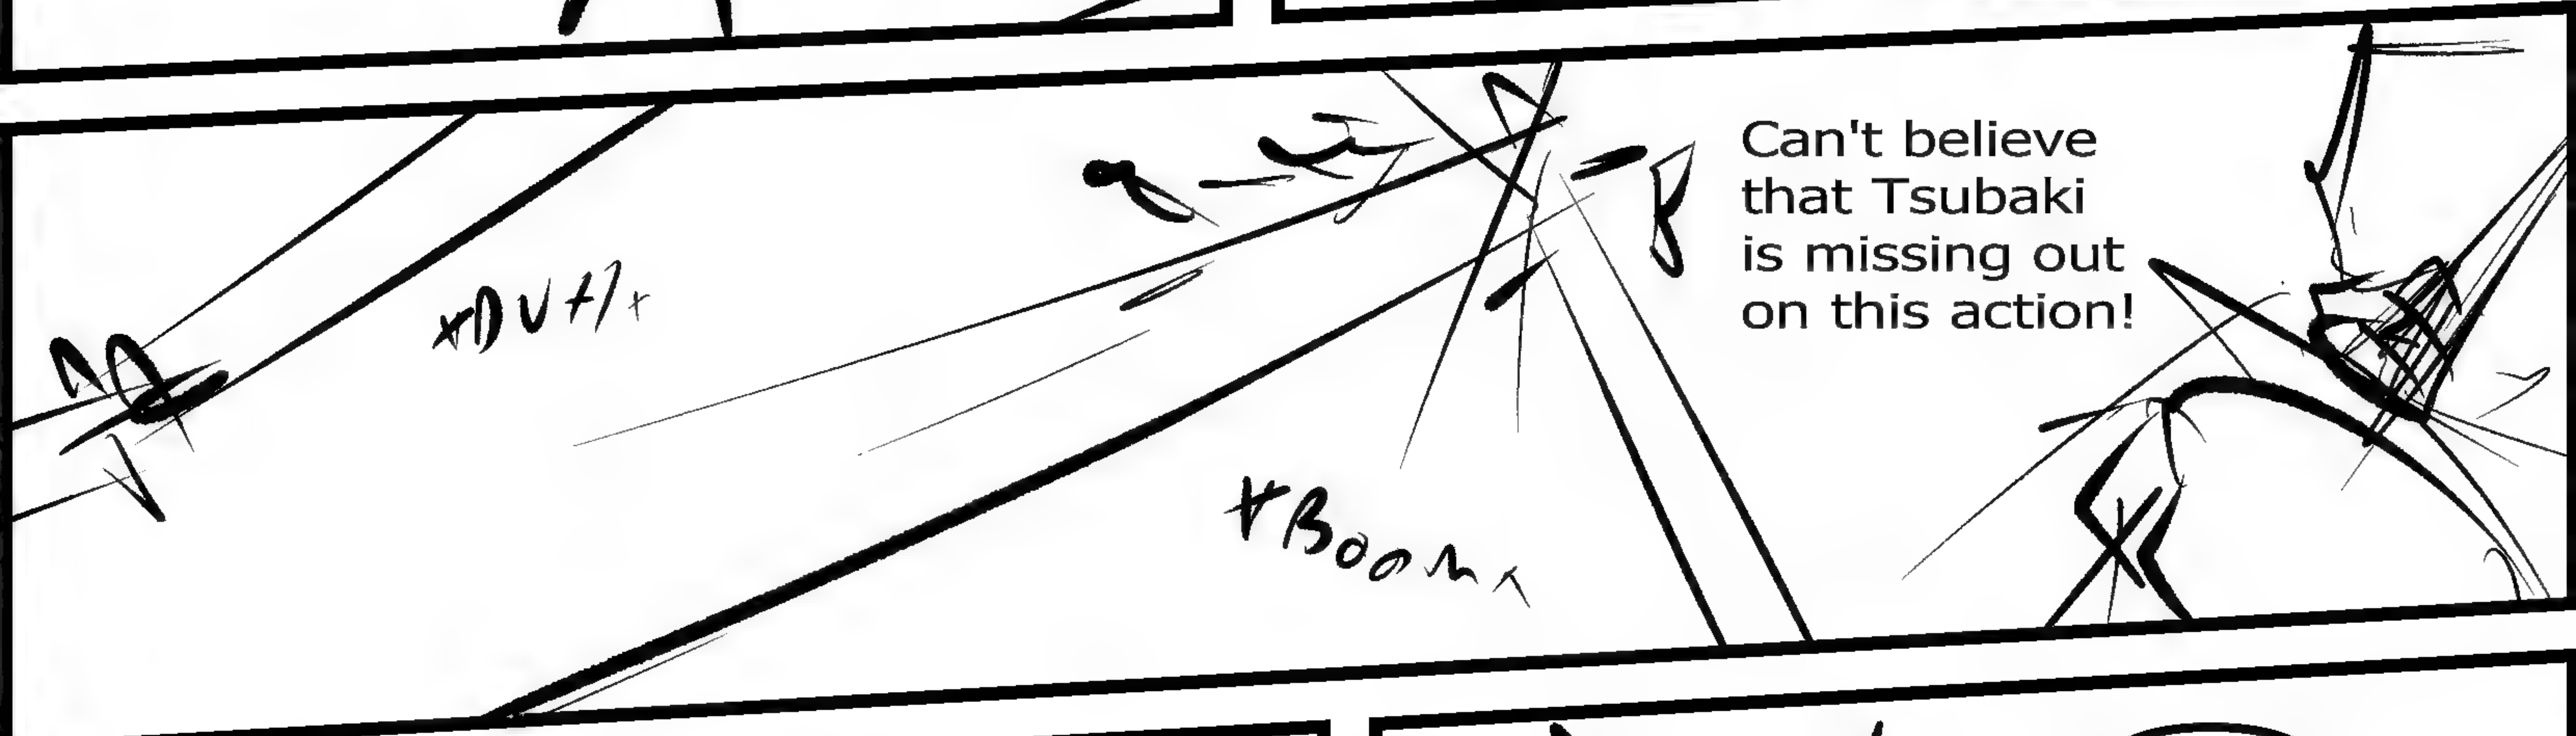

Guess that would be enough electricity to charge a toothbrush

Wait you use a motor one?

Tsubaki says they are better

Huh

Maybe it's the only one of this kind of scene...

Guess Black*Star was lucky to be spared from this...

I'm not ready to explain the birds and the bees to him...

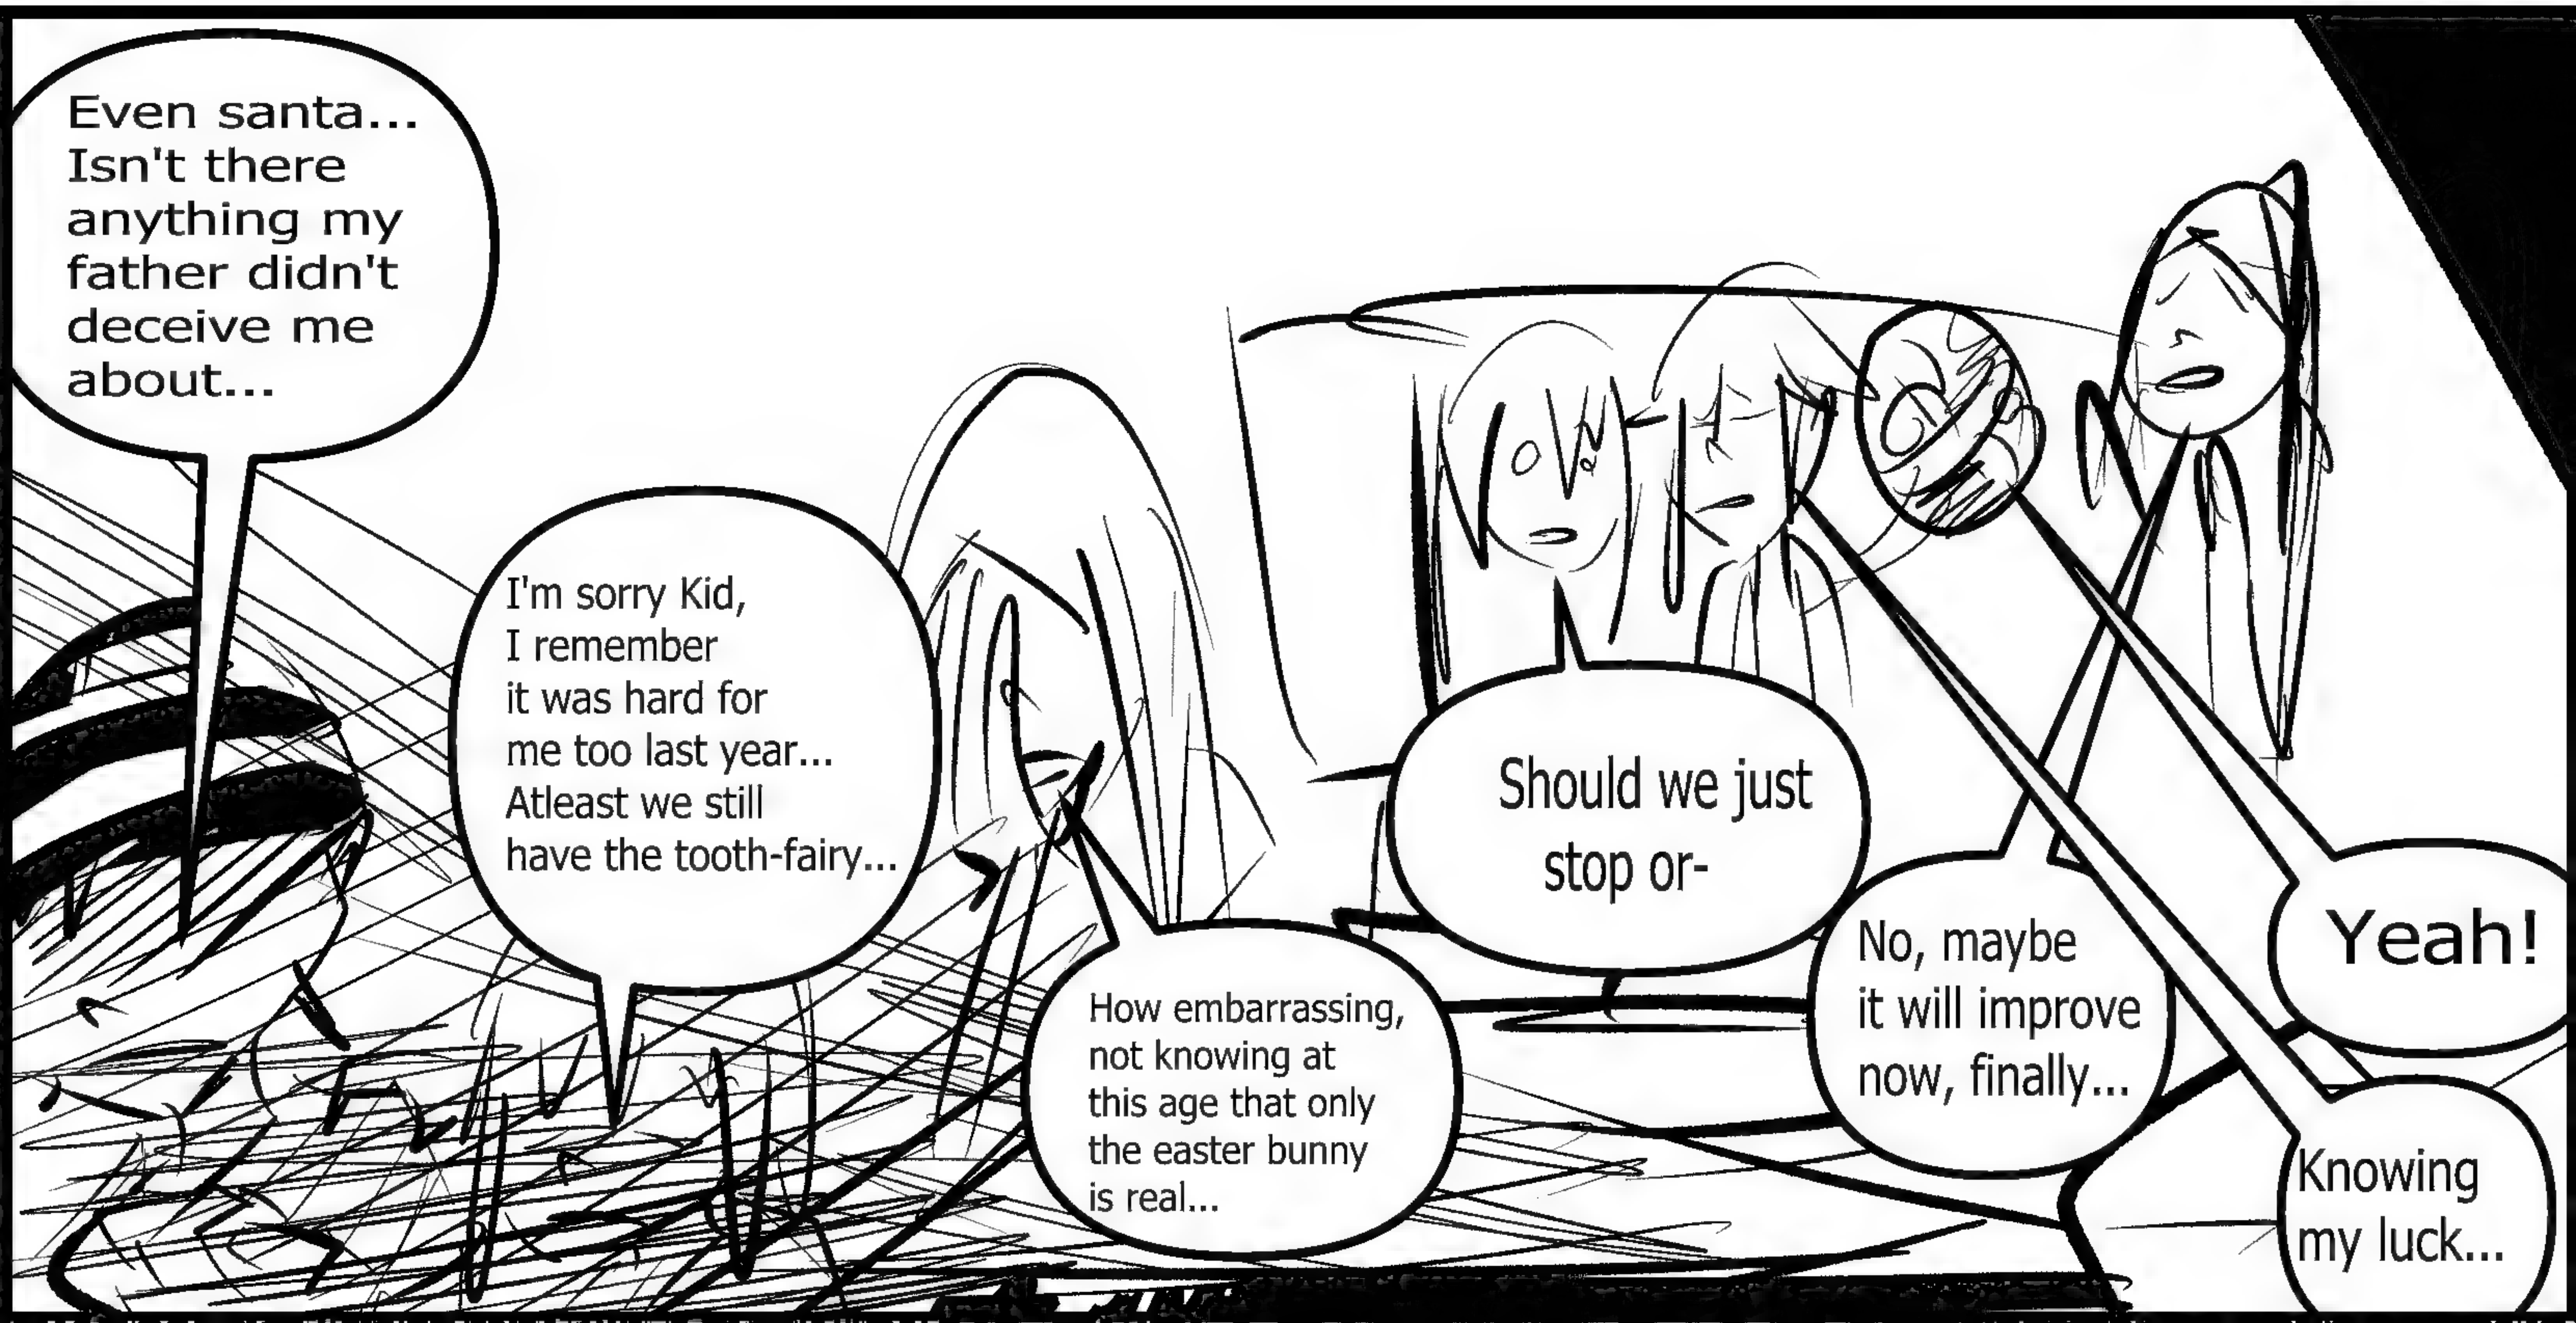

What? You thought he would know?

He believed in Santa until he realised that he himself couldn't deliver that many presents and "if I can't, it must be make believe!"

What?!

Even santa... Isn't there anything my father didn't deceive me about...

I'm sorry Kid, I remember it was hard for me too last year... Atleast we still have the tooth-fairy...

How embarrassing, not knowing at this age that only the easter bunny is real...

Should we just stop or-

No, maybe it will improve now, finally...

Yeah!

Knowing my luck...

Now for
the best
part!

My special technique!

DONG

DING

Will have
to wait
for next
time

Chickening out
now??!

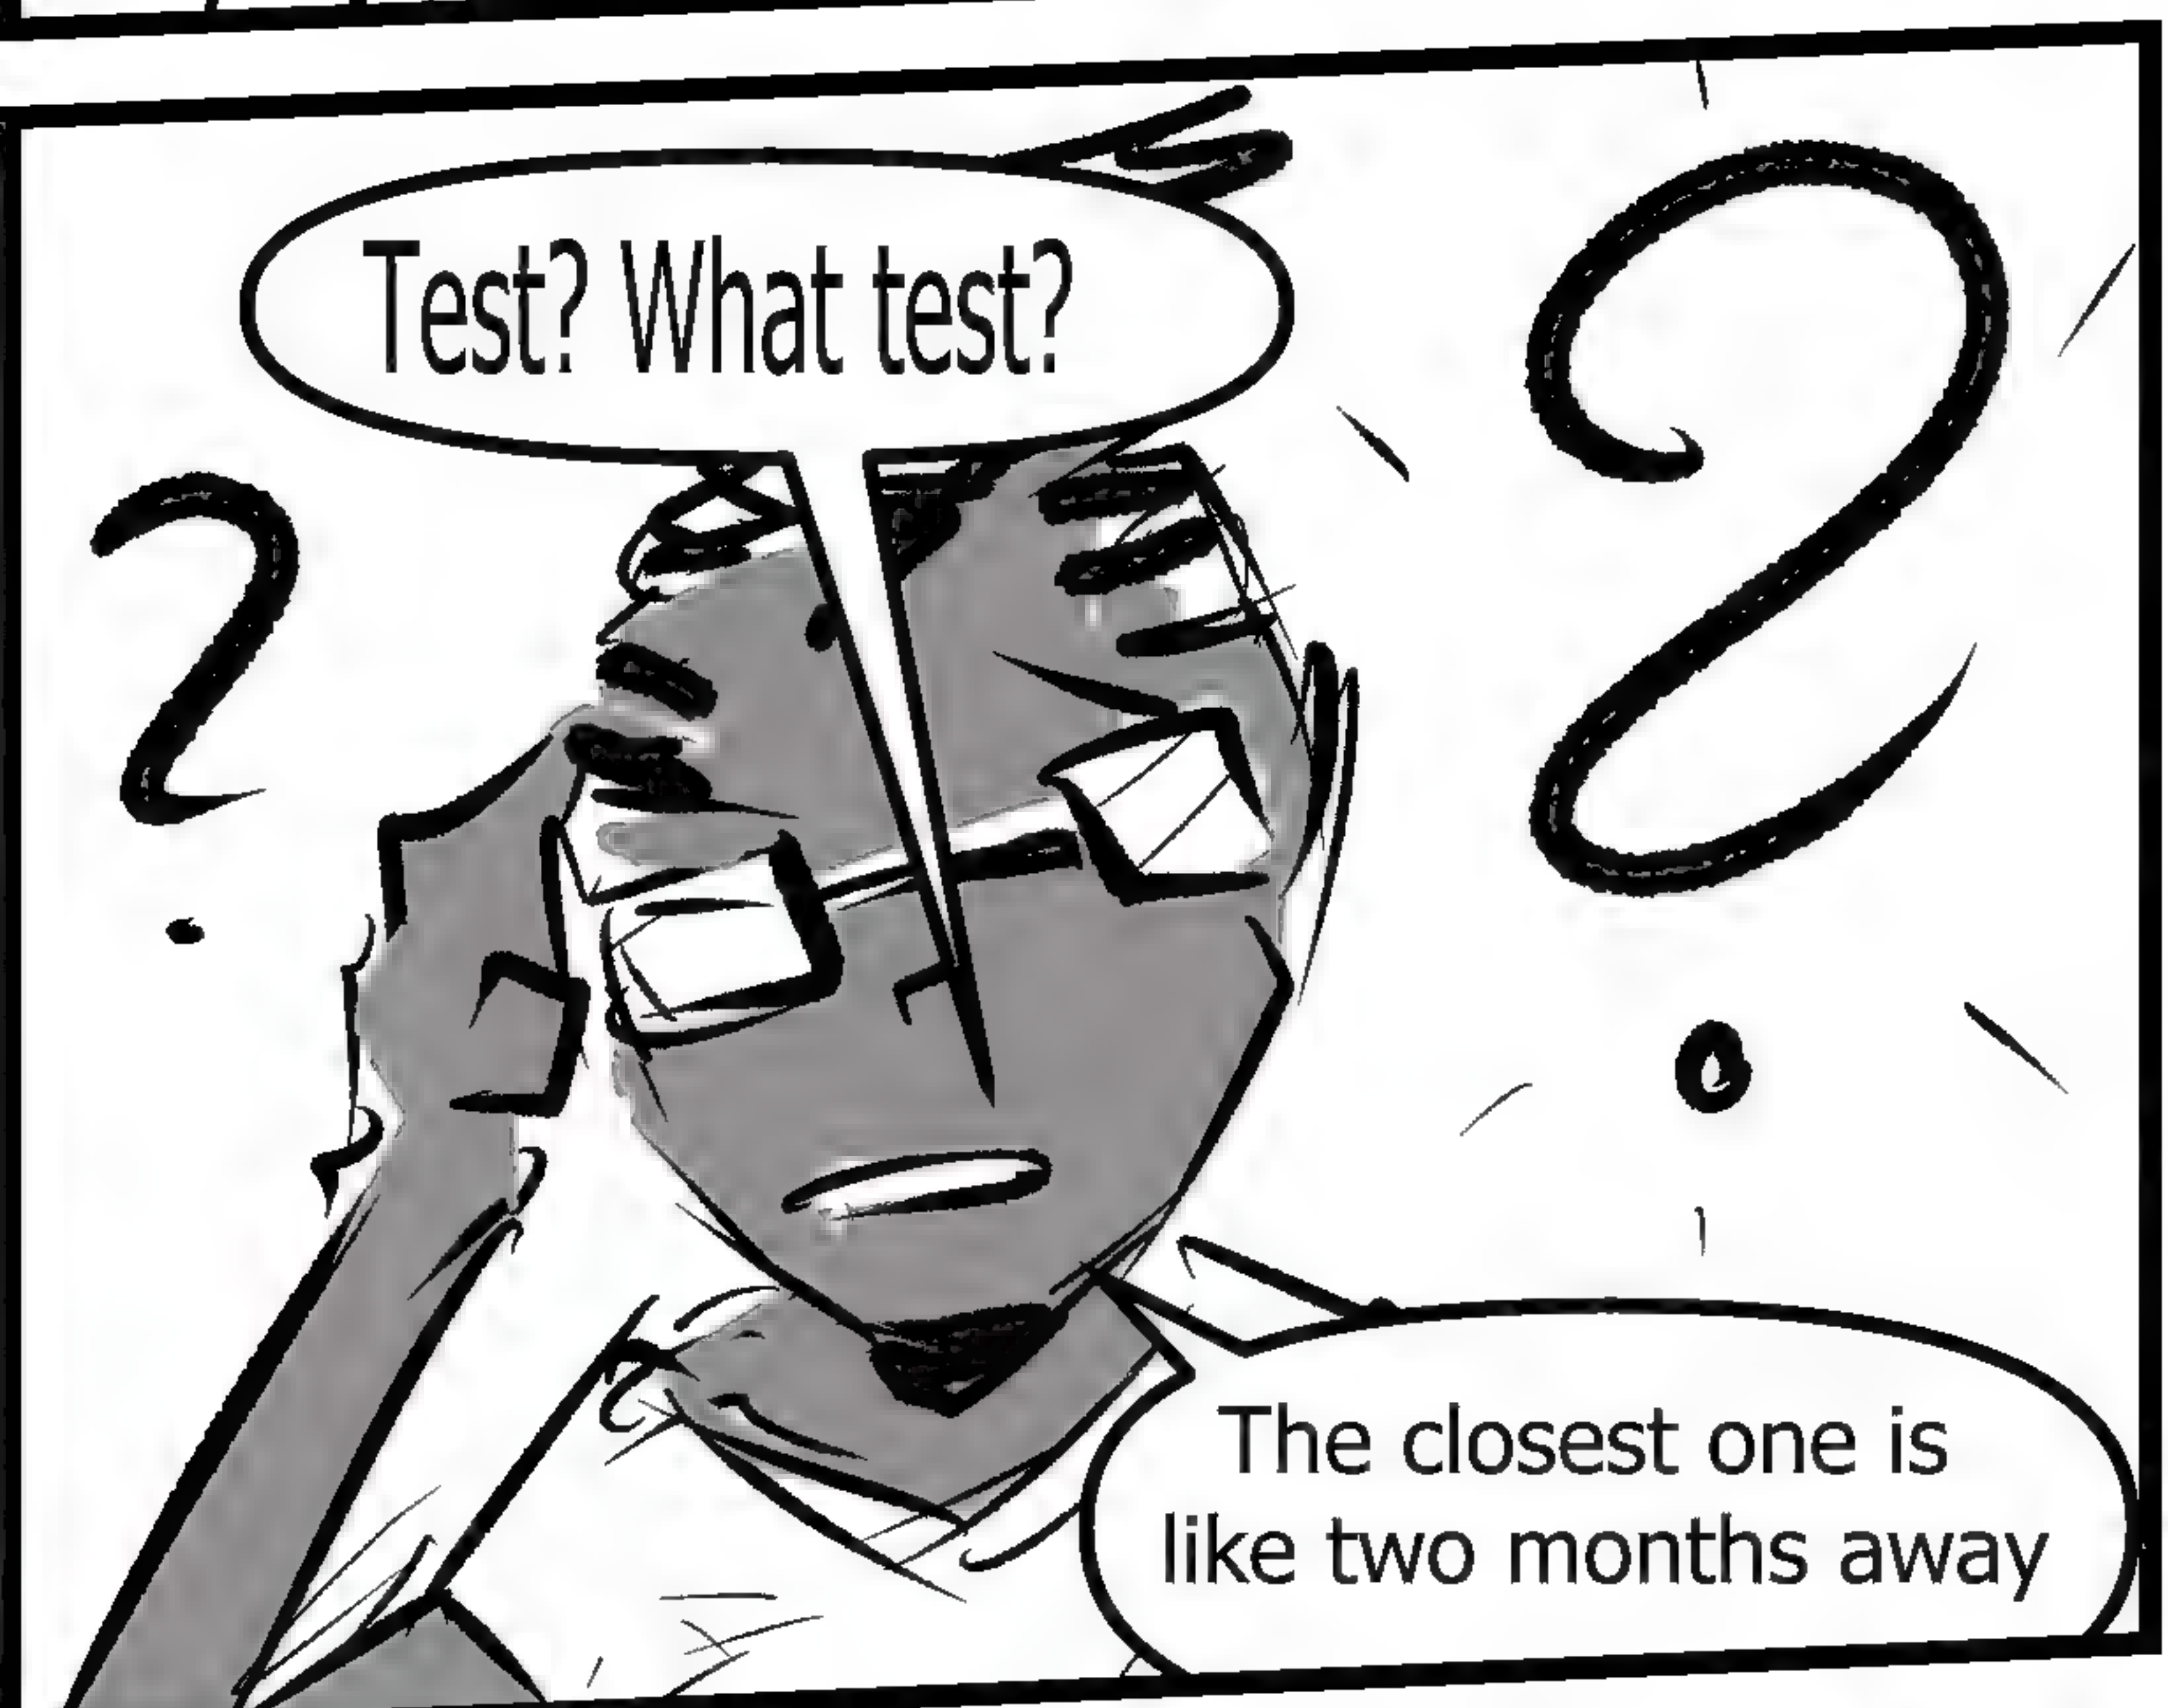

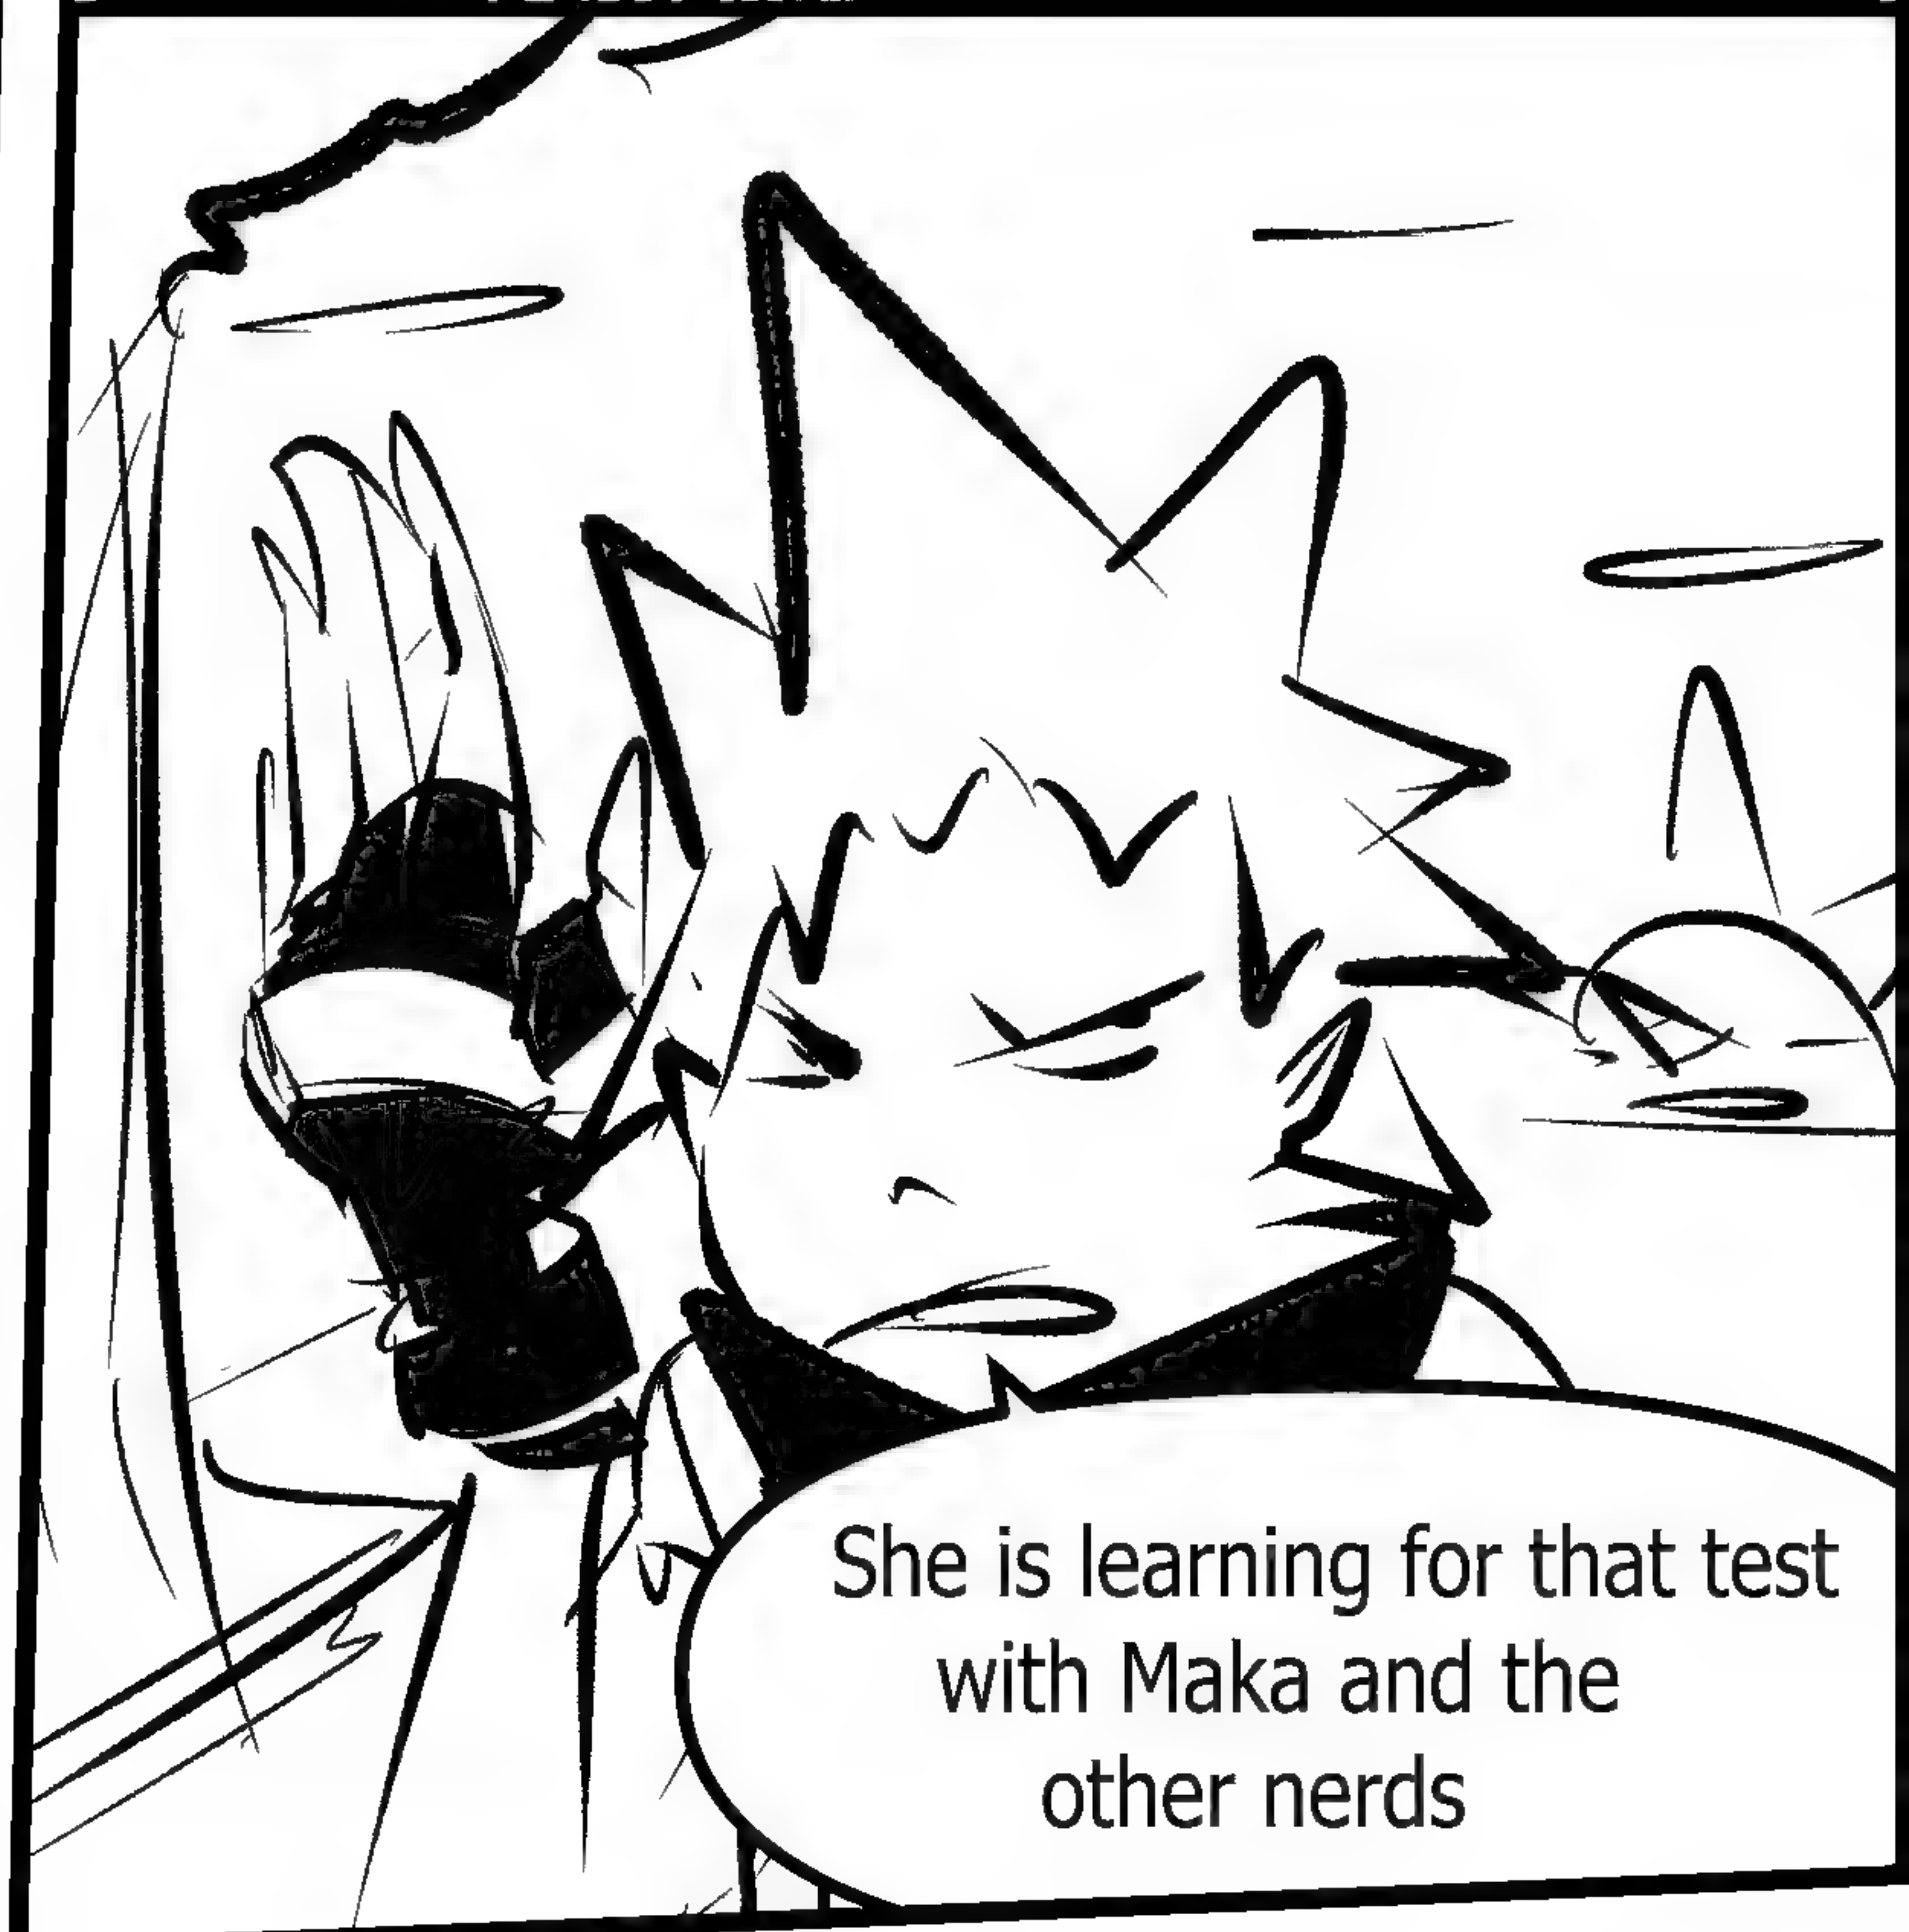

Nah it's bedtime
for the kids

But I wanted
to punch the
midget more!

Next time,
next time,
don't become
a pot of greed!

Man, Tsubaki
let's me stay
up for an hour
longer!

Well that was something

WARNING:
DON'T
WATCH
IF STILL
1%
NORMAL

At least it is over now...

I don't know what the director was trying to say...

I can explain it

Oh, you understood it Ragnarok?

What is there to get?

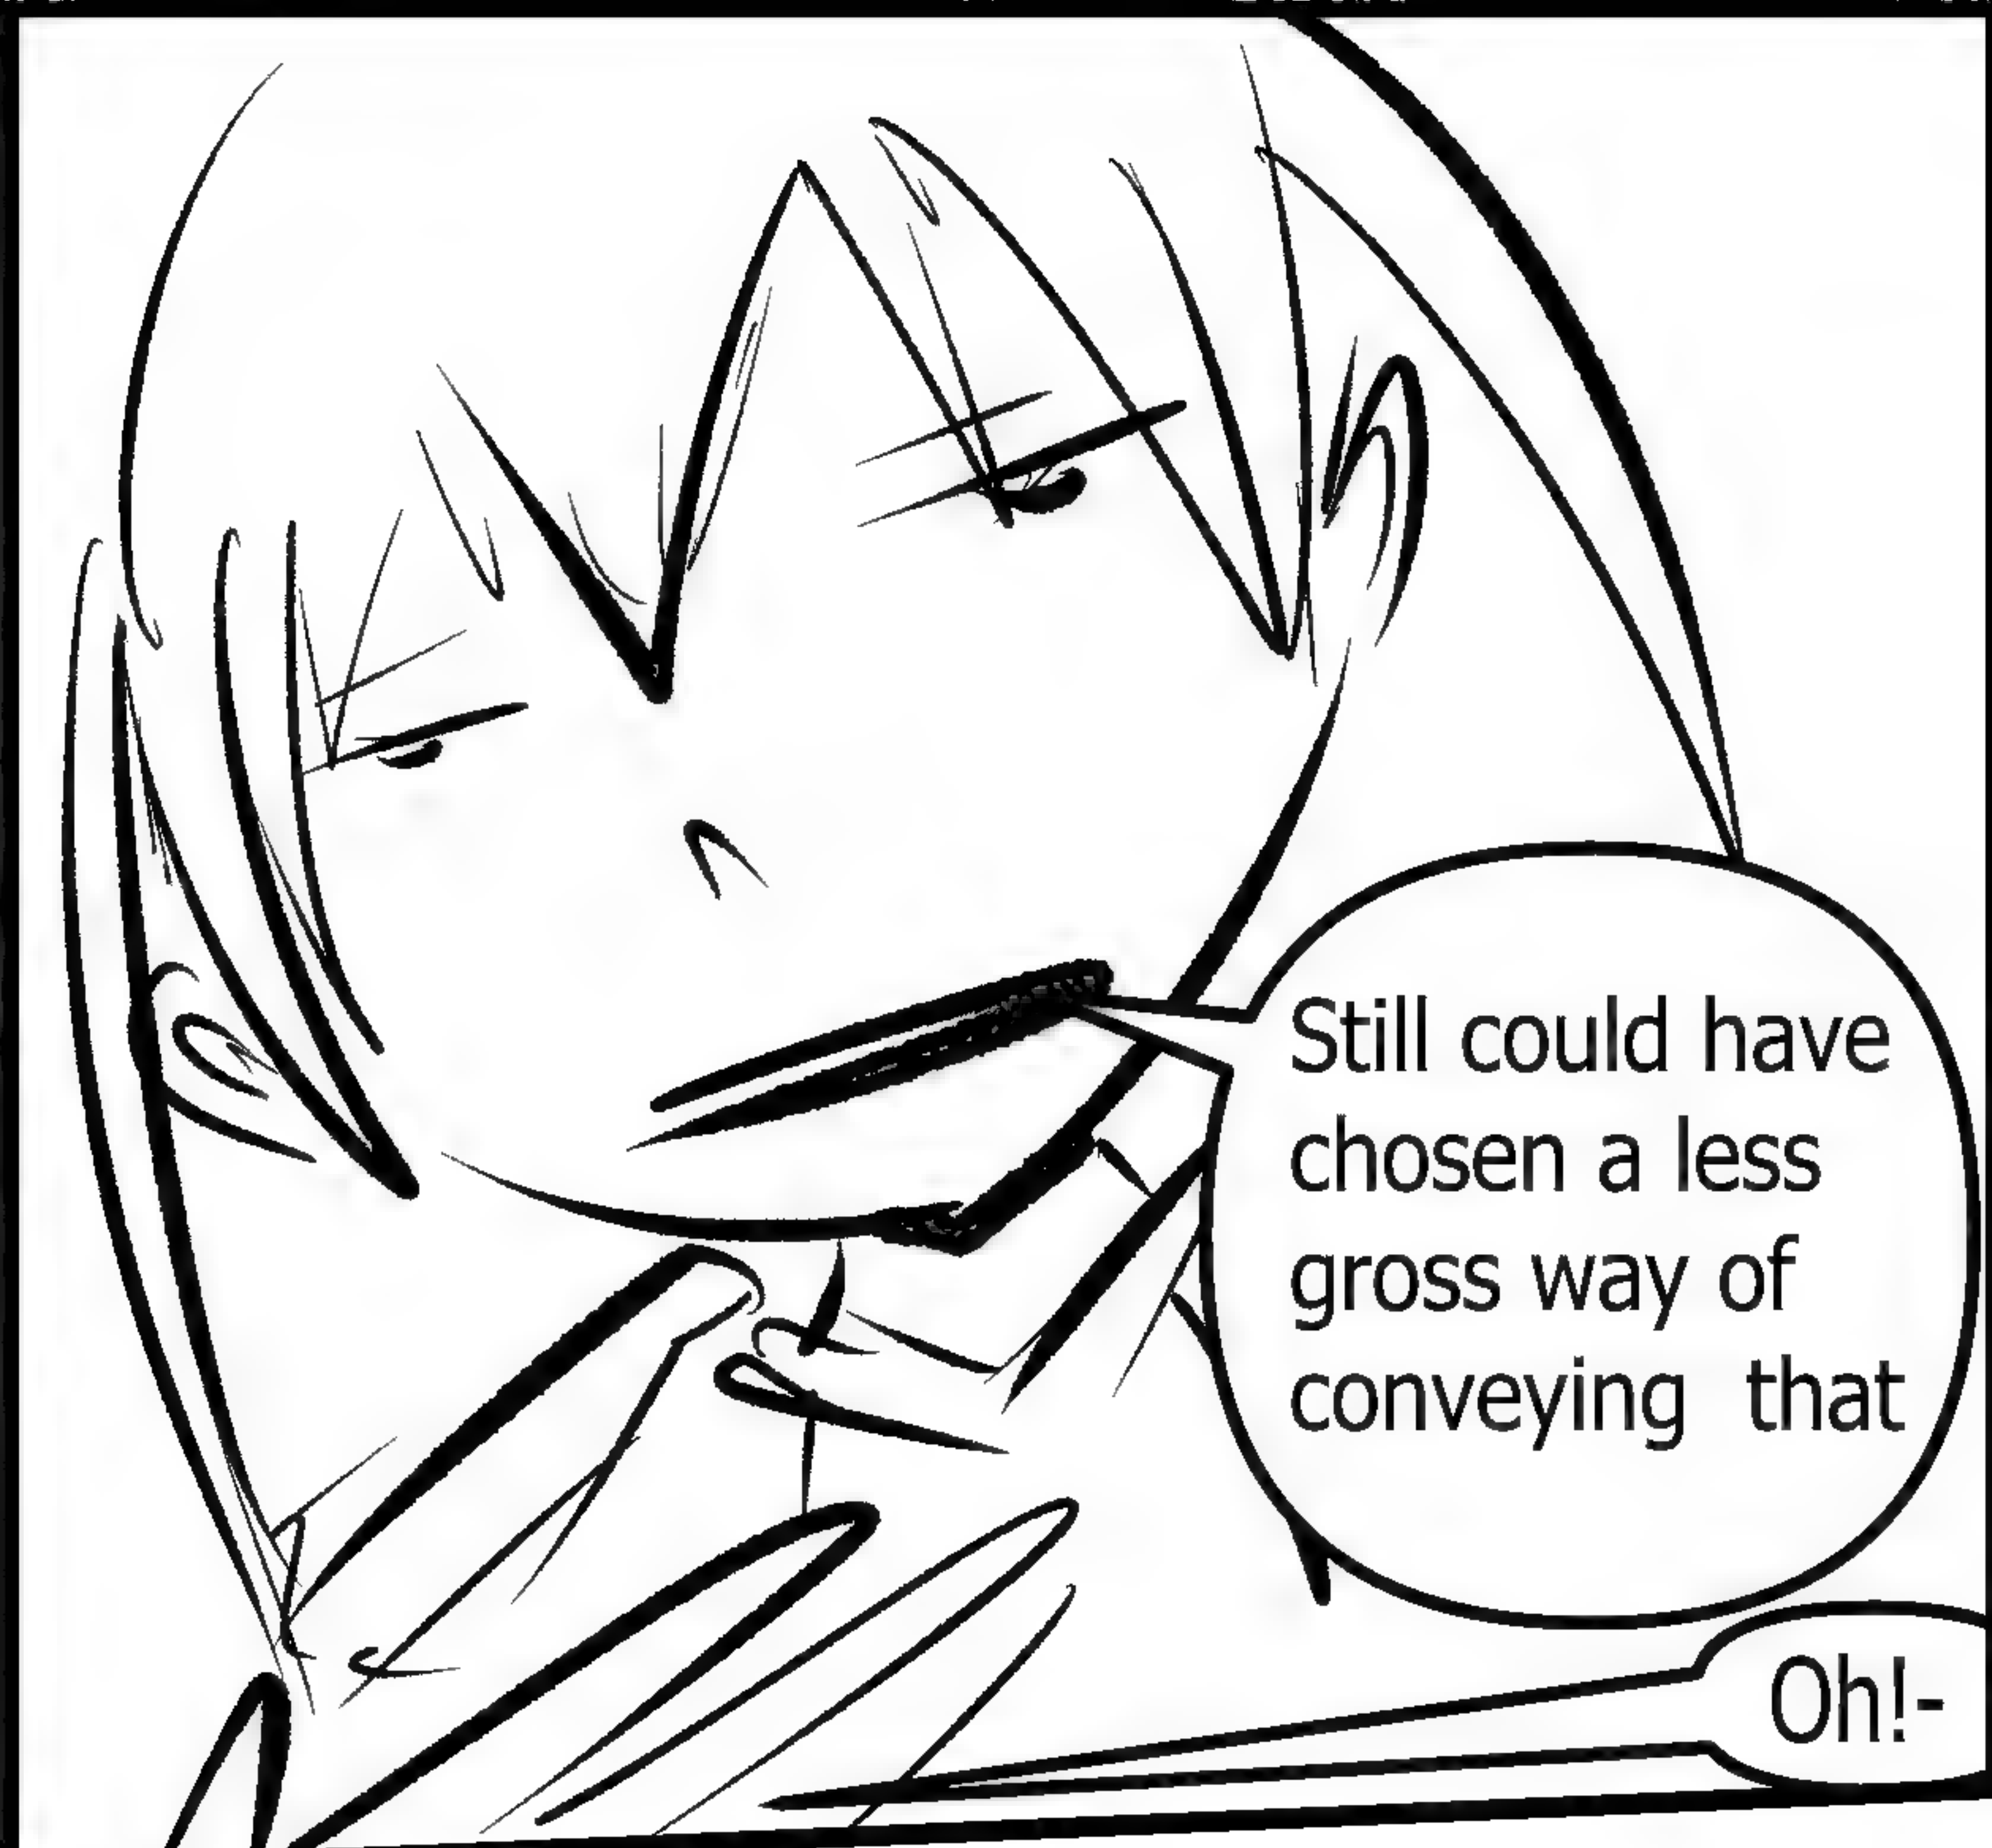

Just some weirdos depreaved fantasies

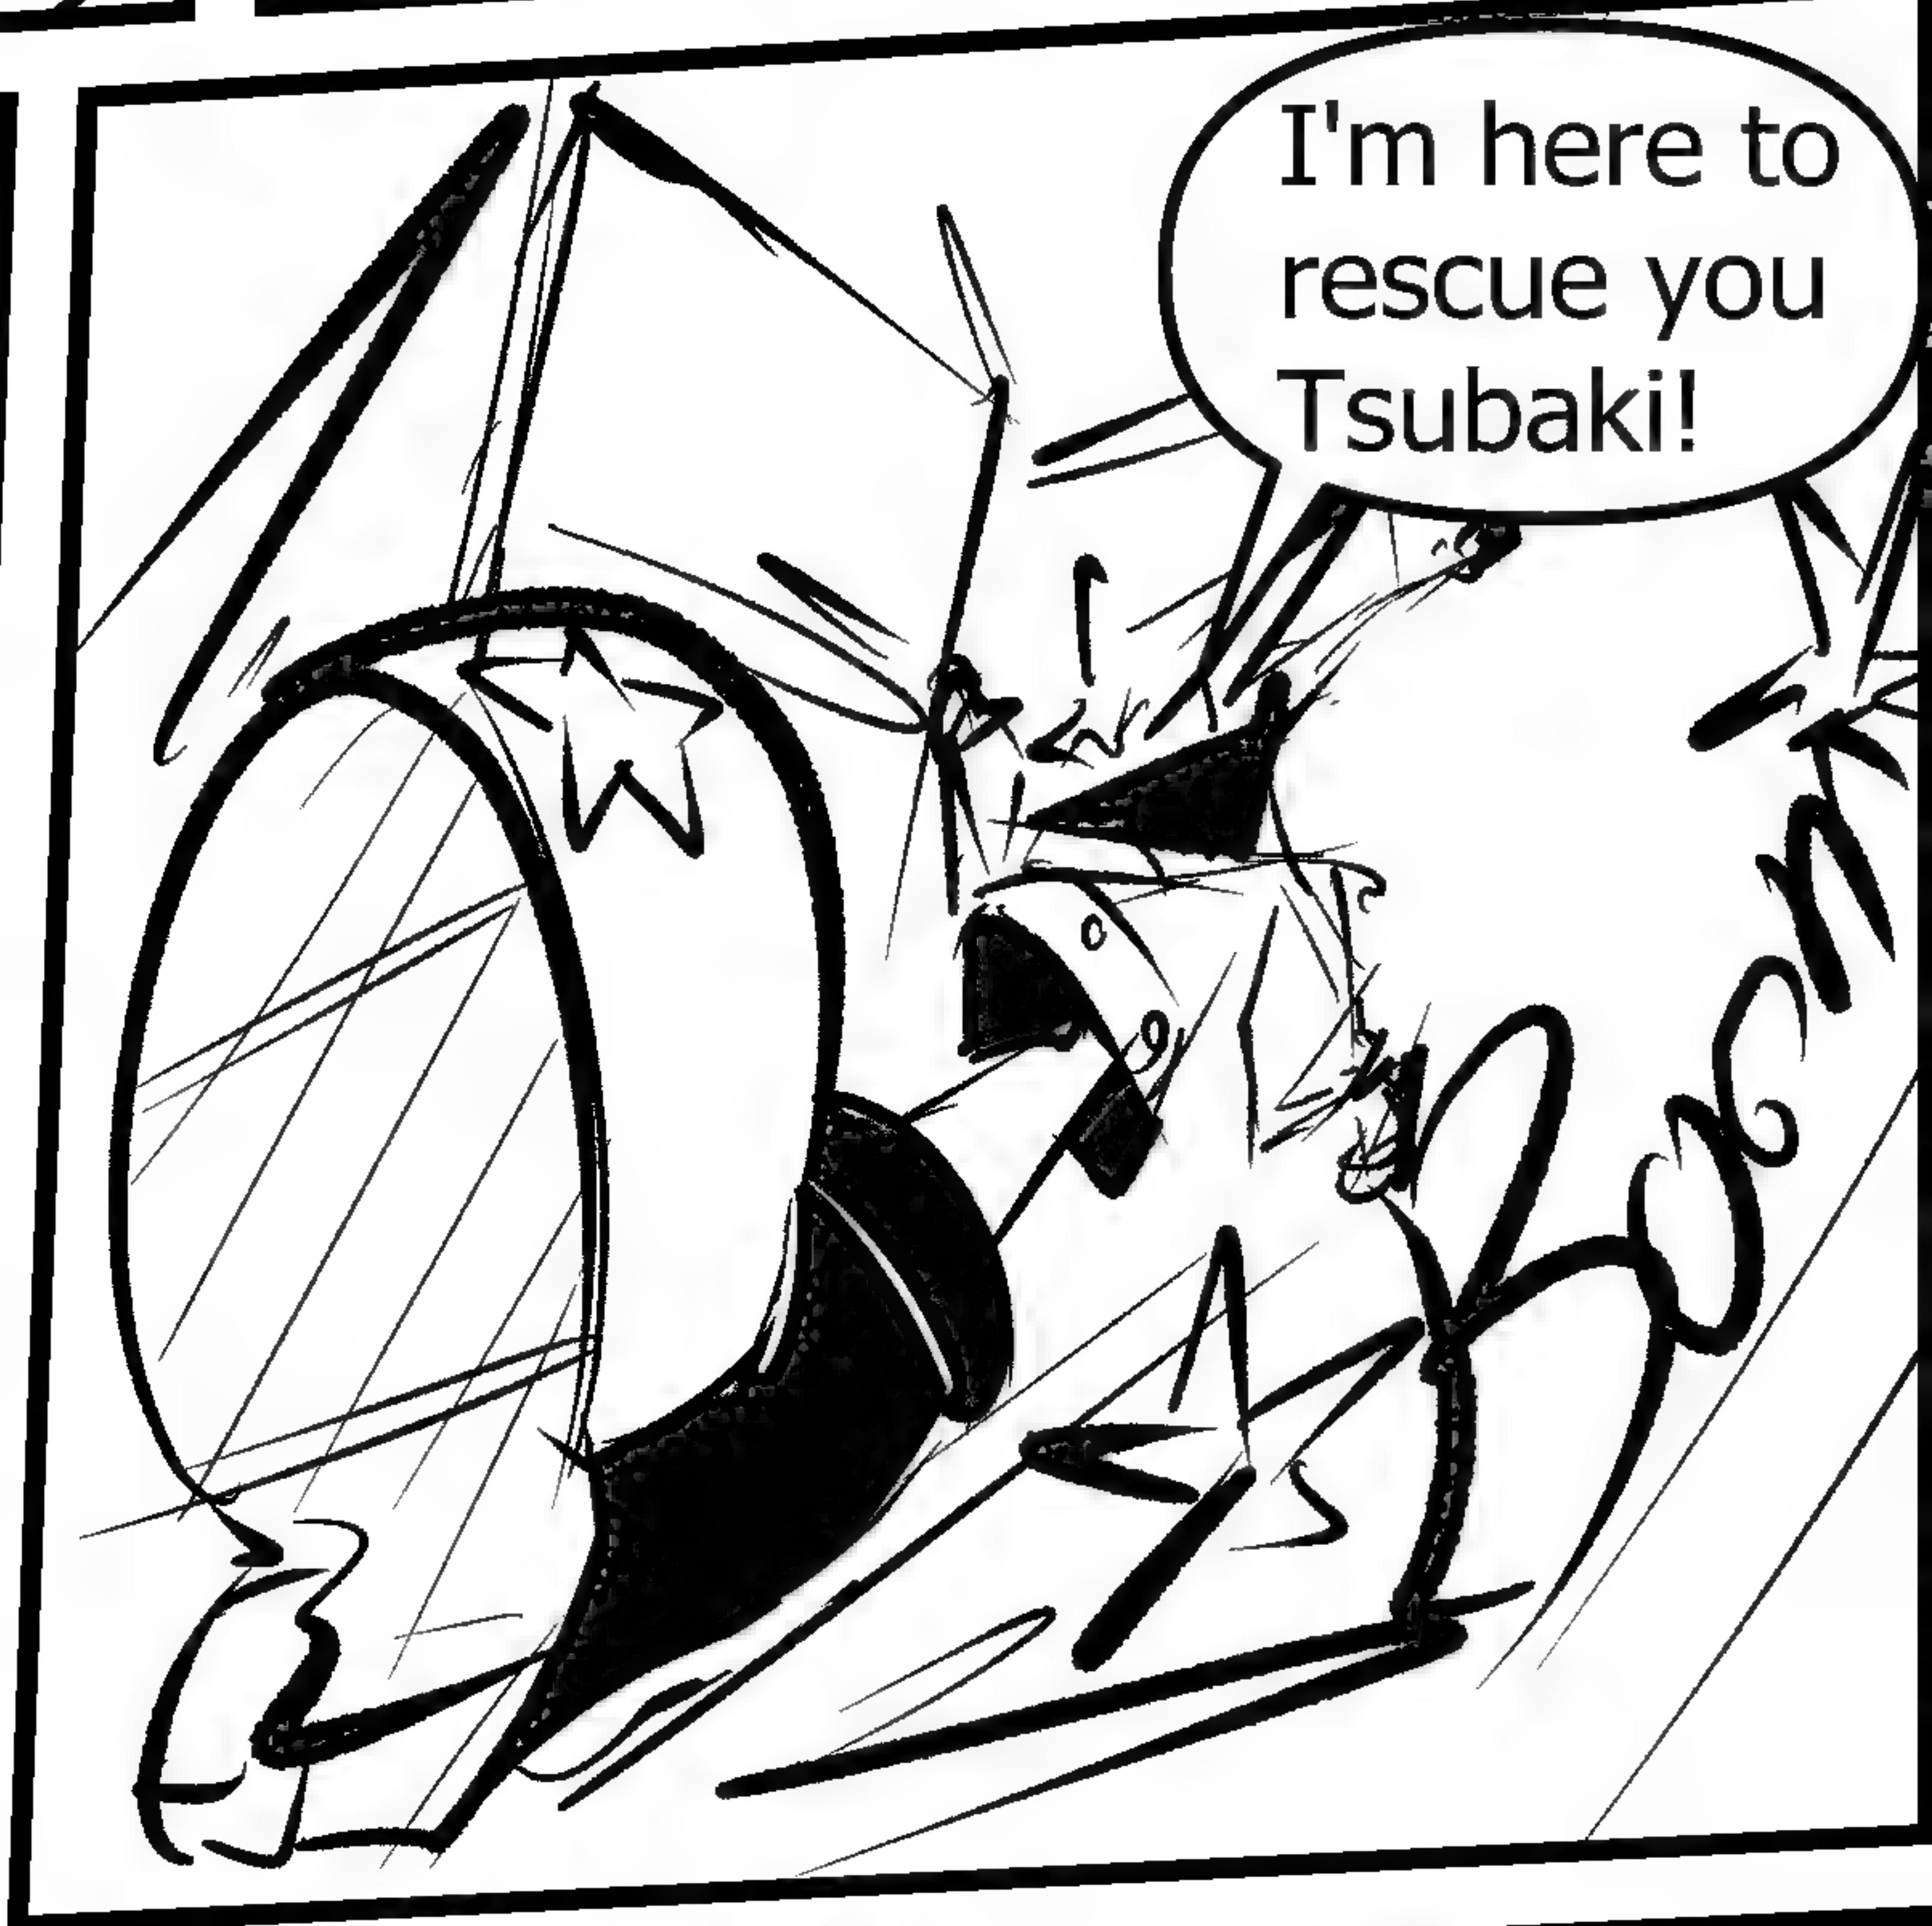

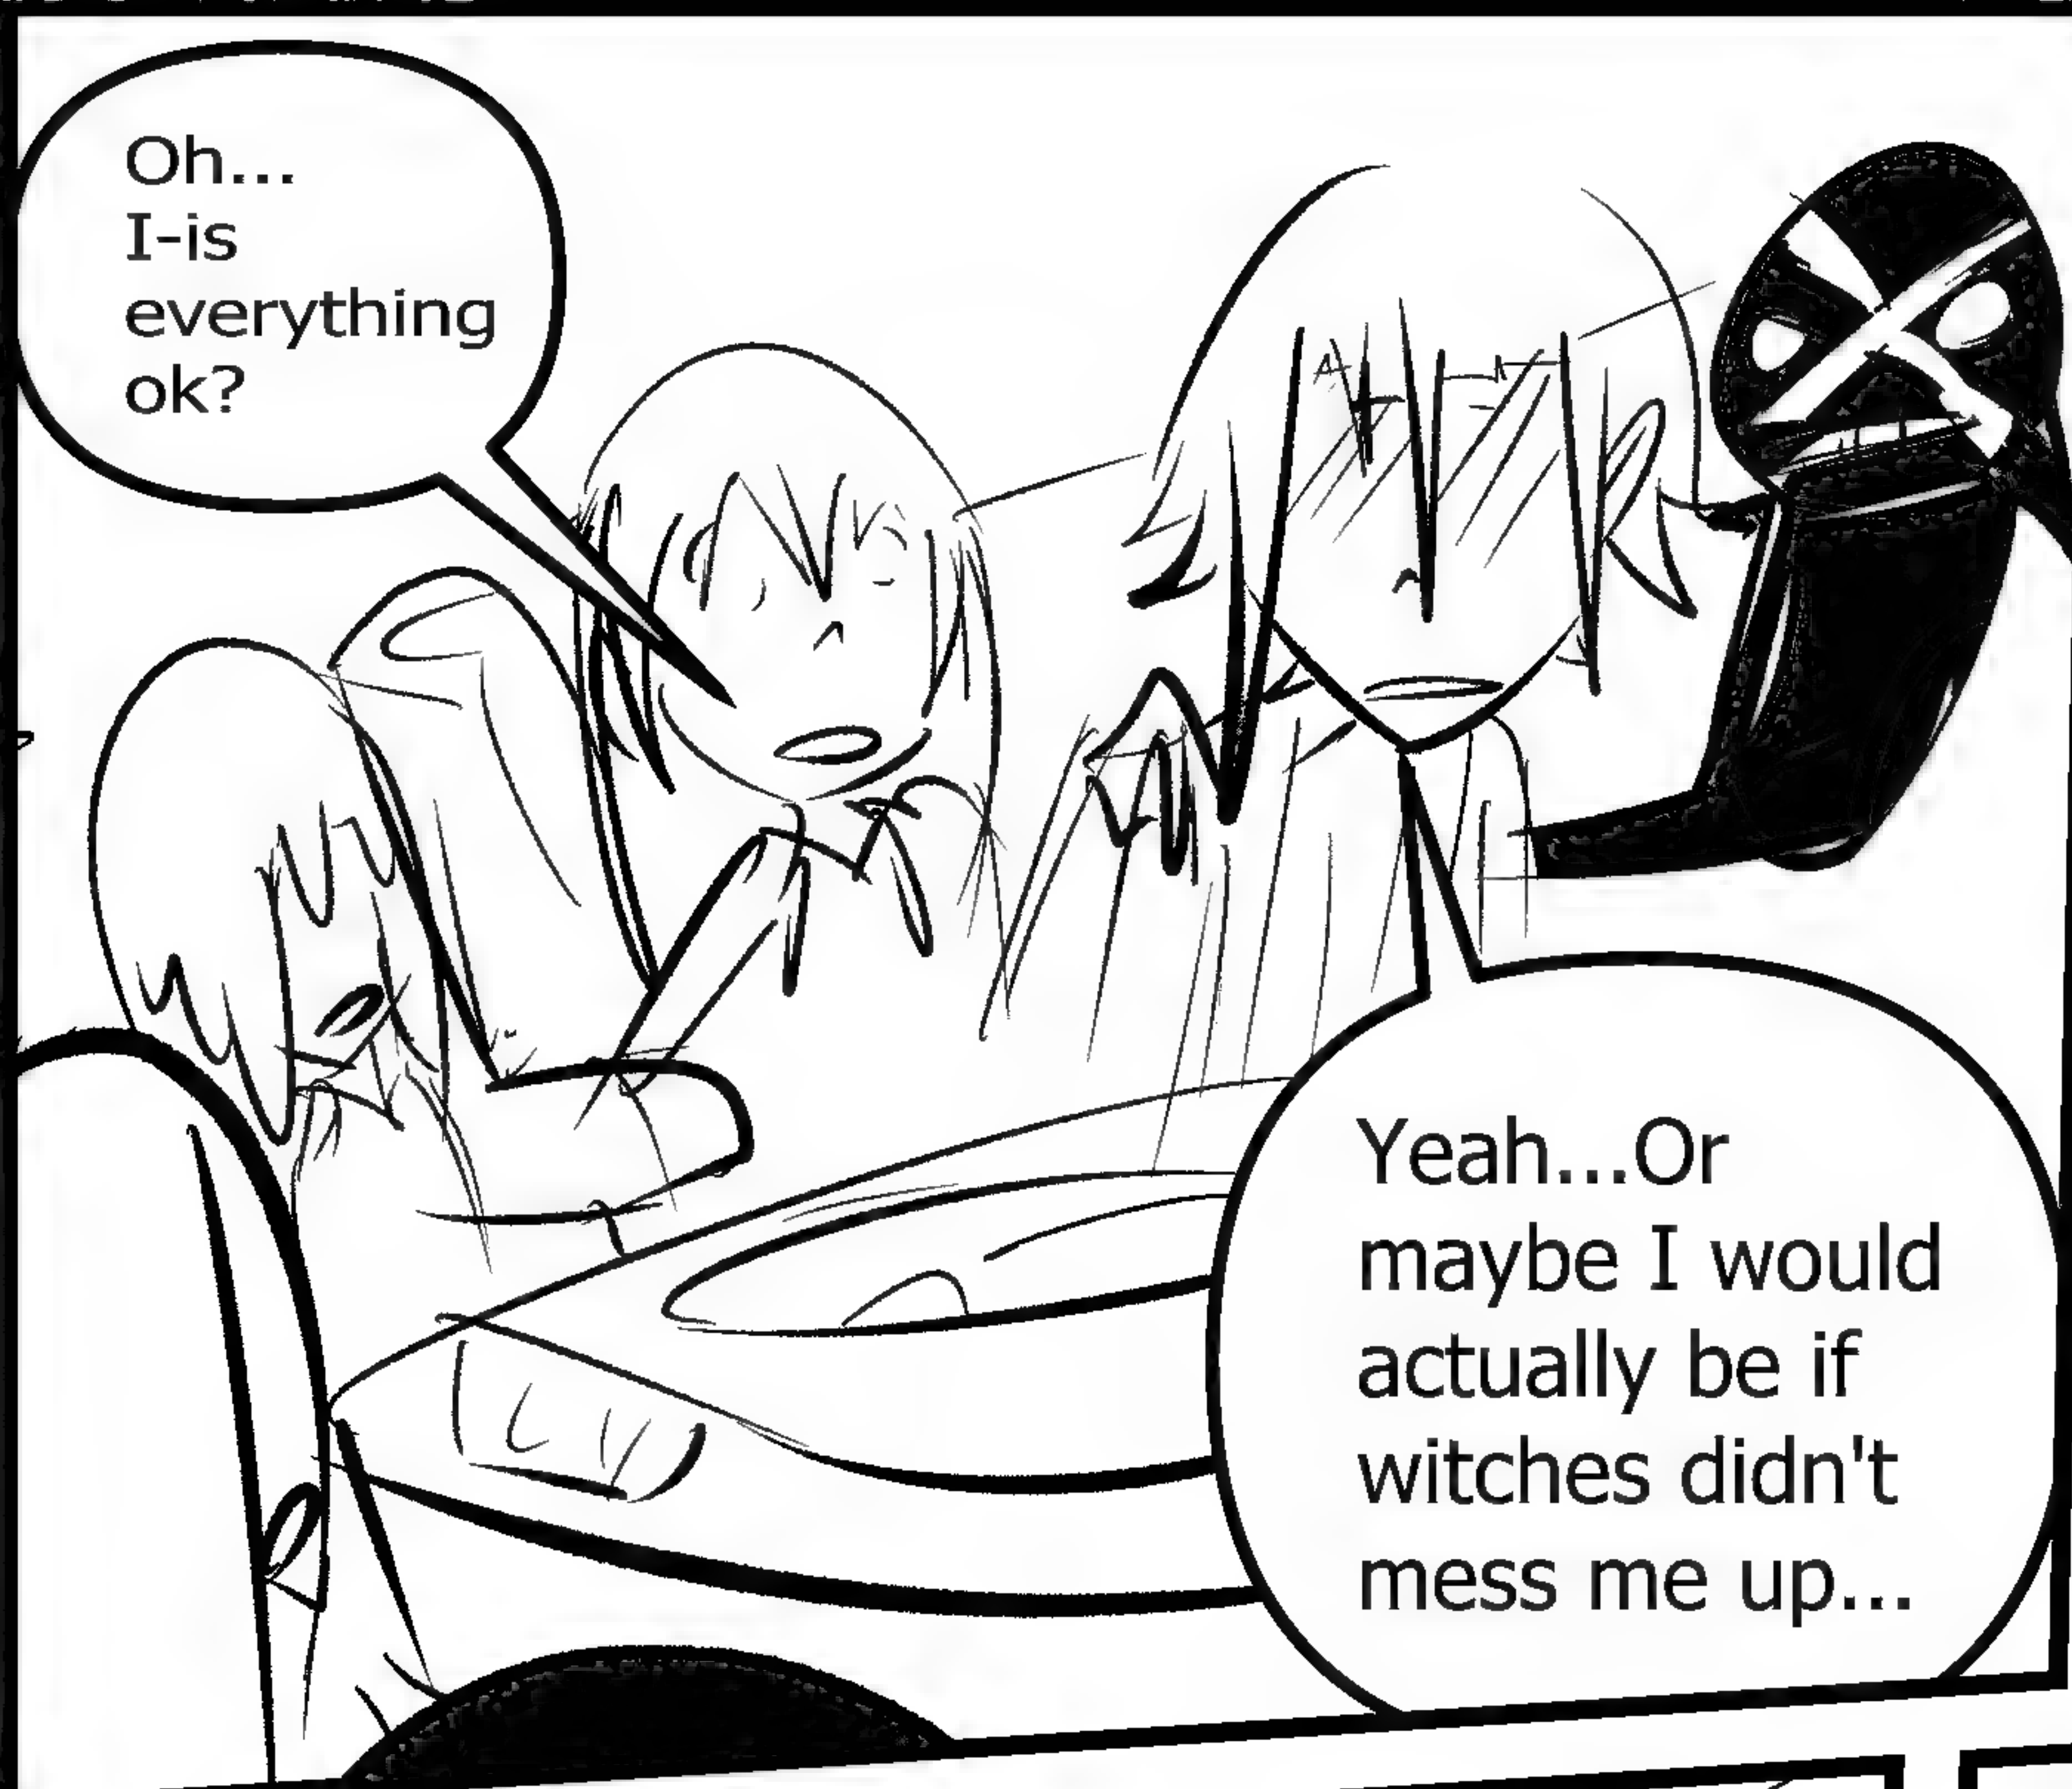

All those things were literally on purpose!

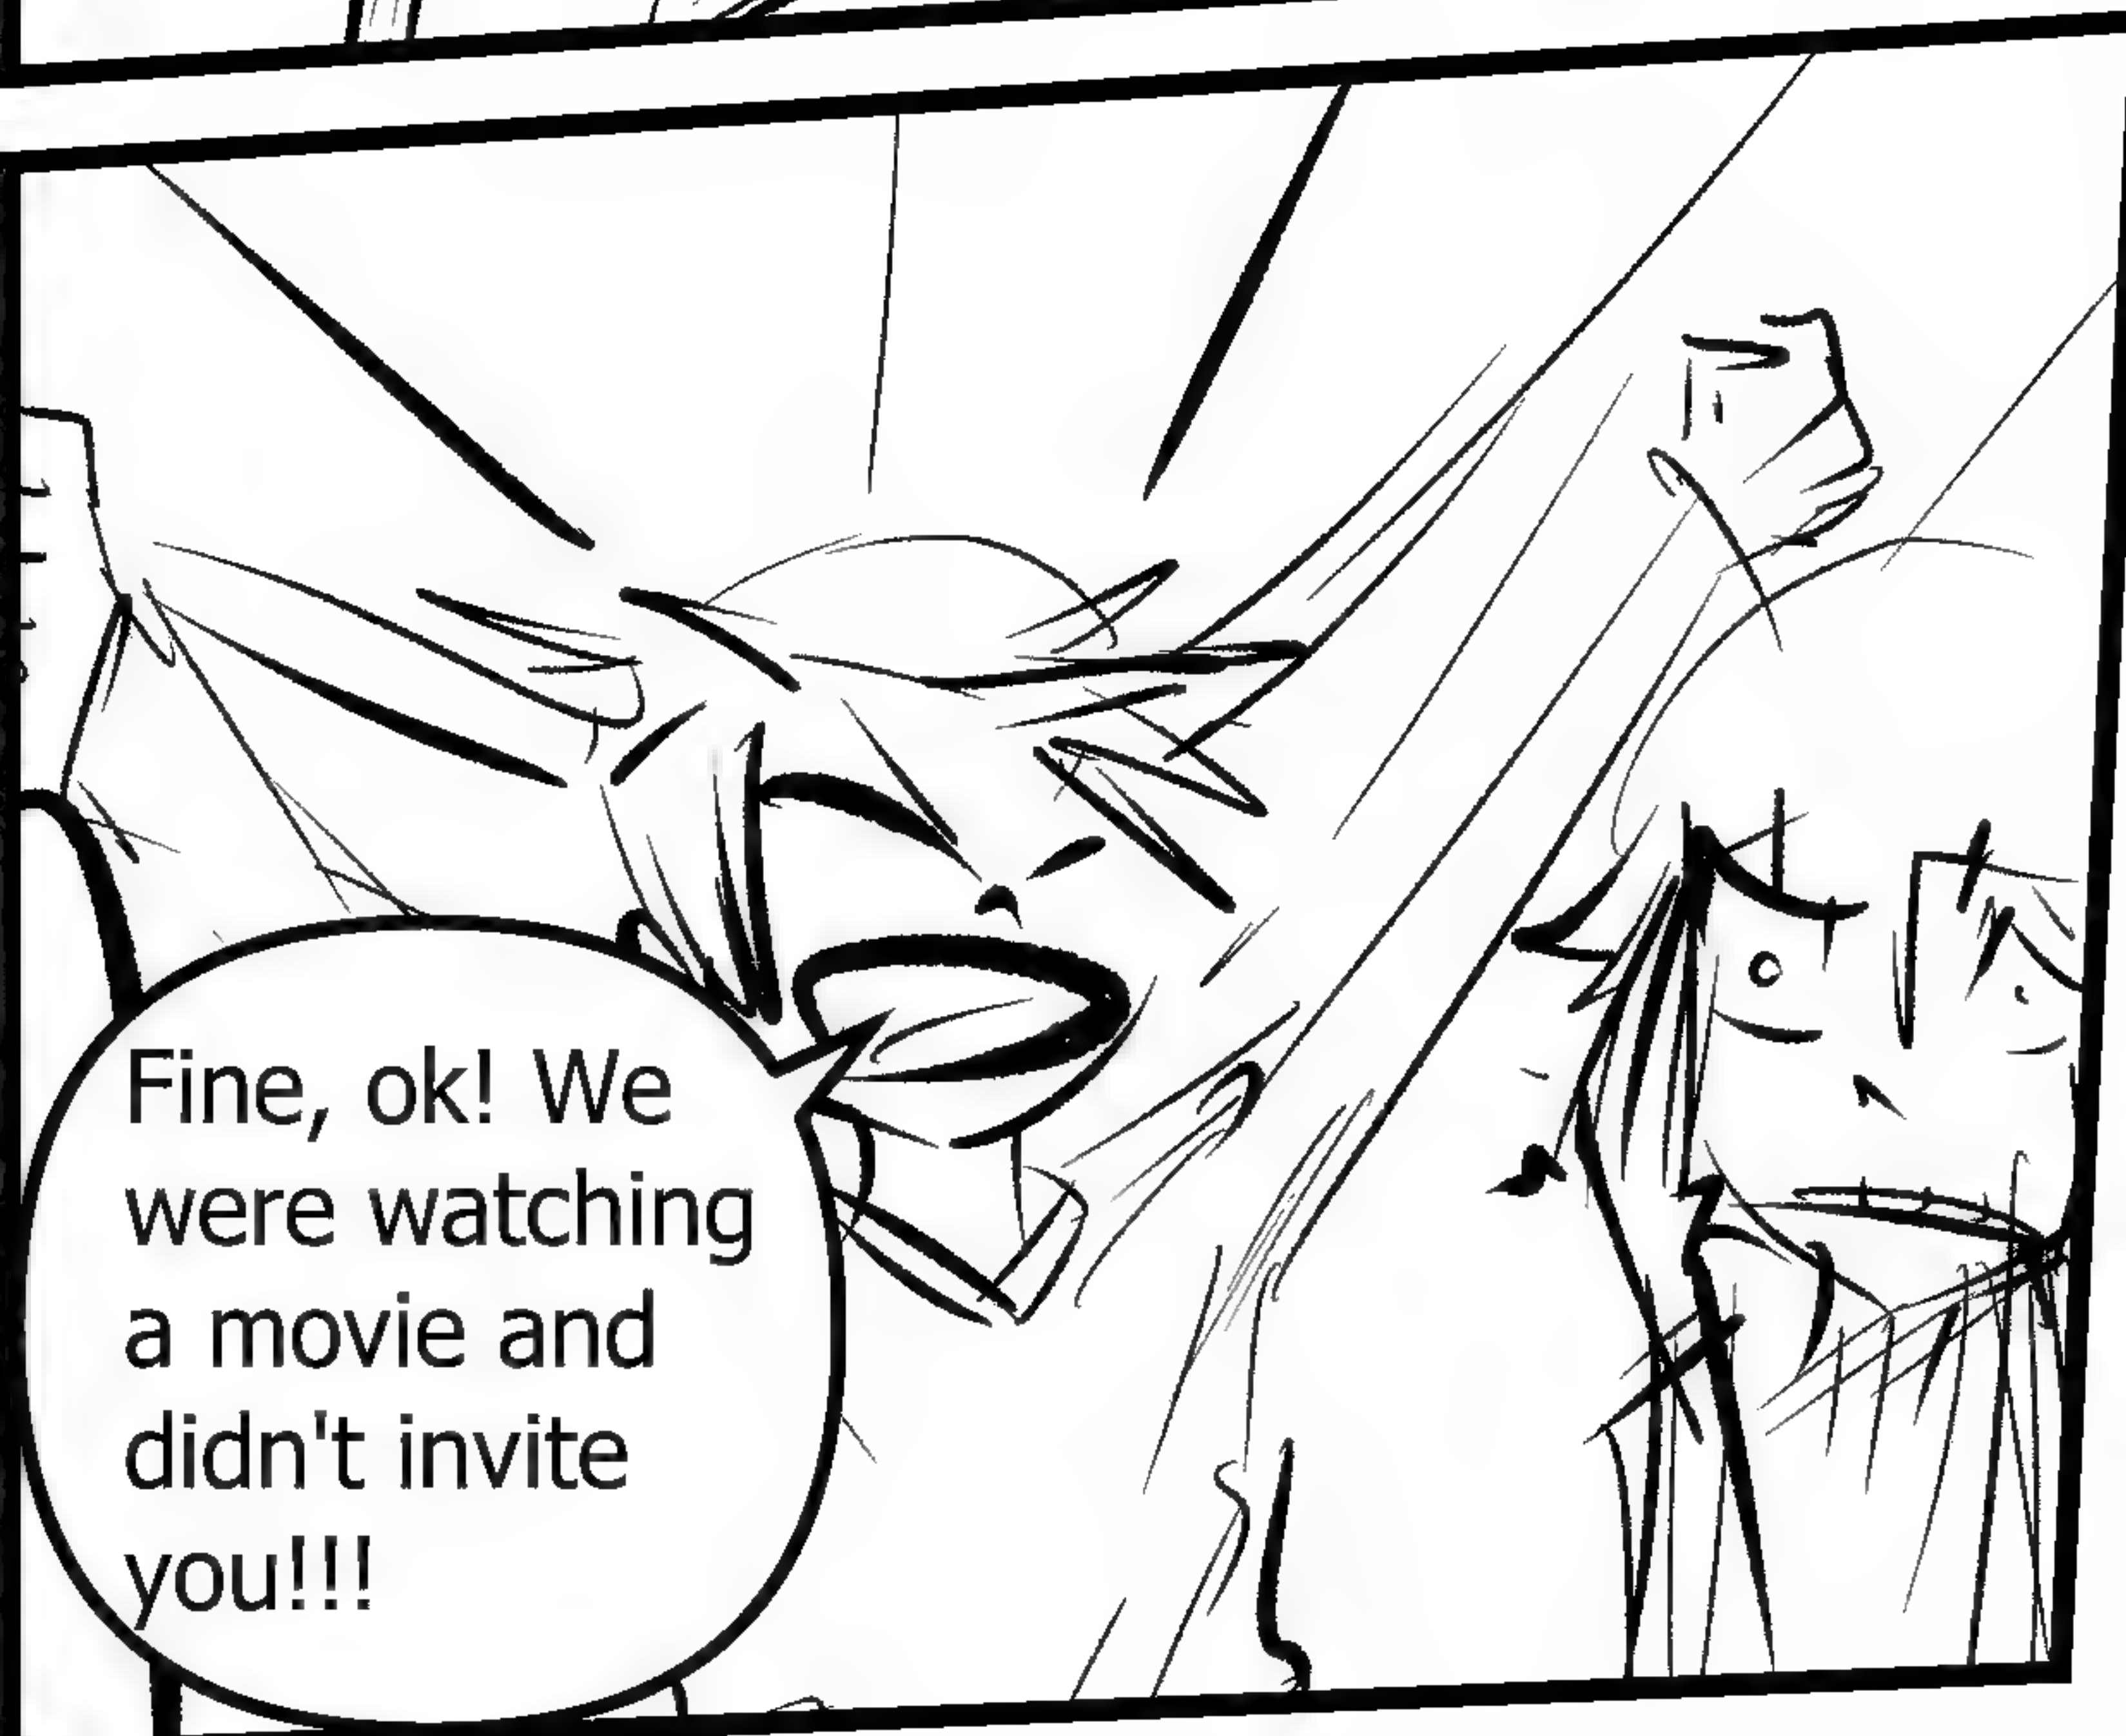

Showing how degenerate everyone is was to paint a picture of the evil in the underbelly of America

Oh interesting

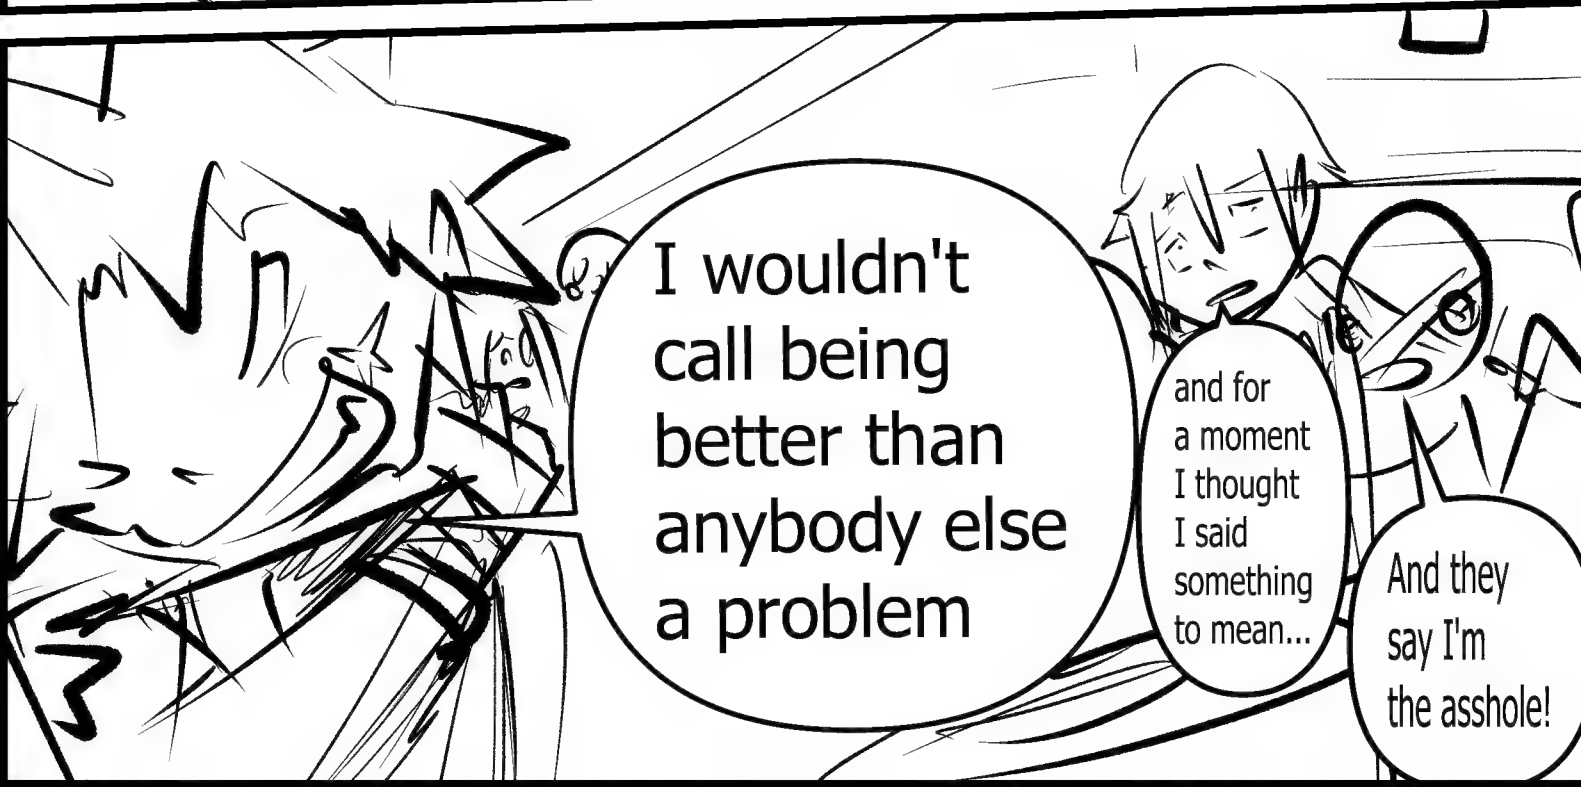

Yeah, it was basically about two people, screwed up by the world, finding a way out to help each other with the power of love

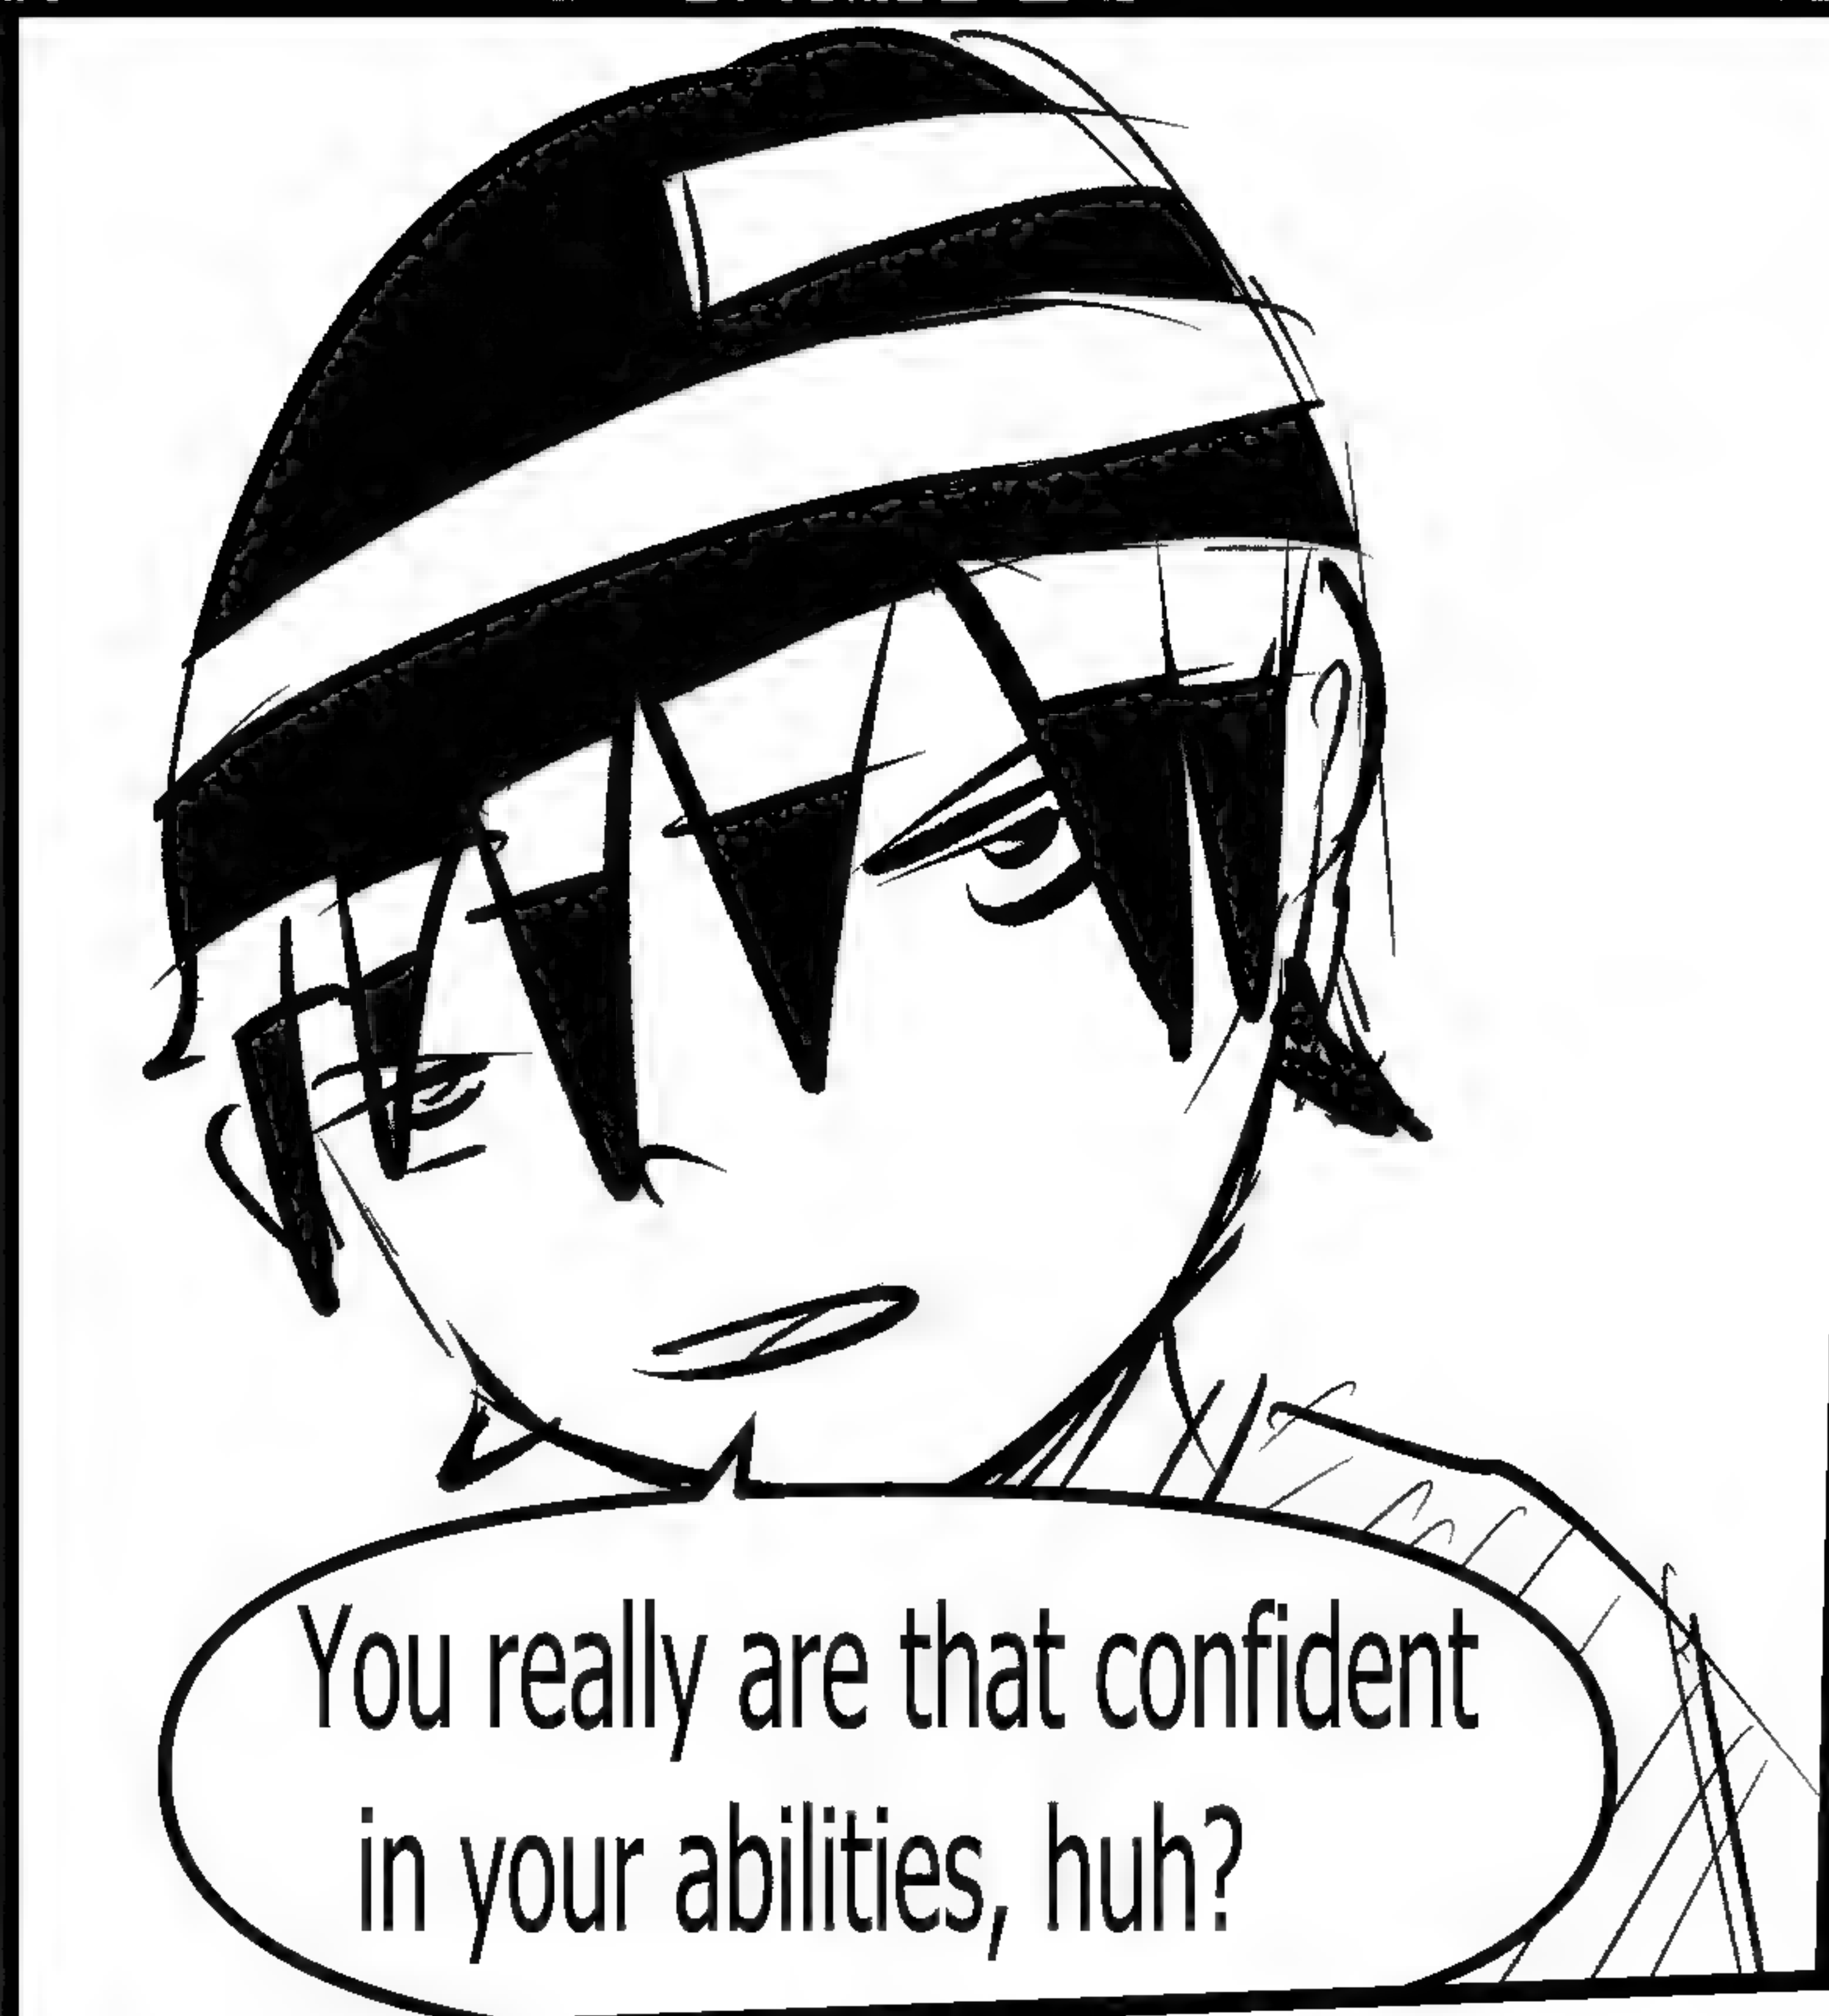

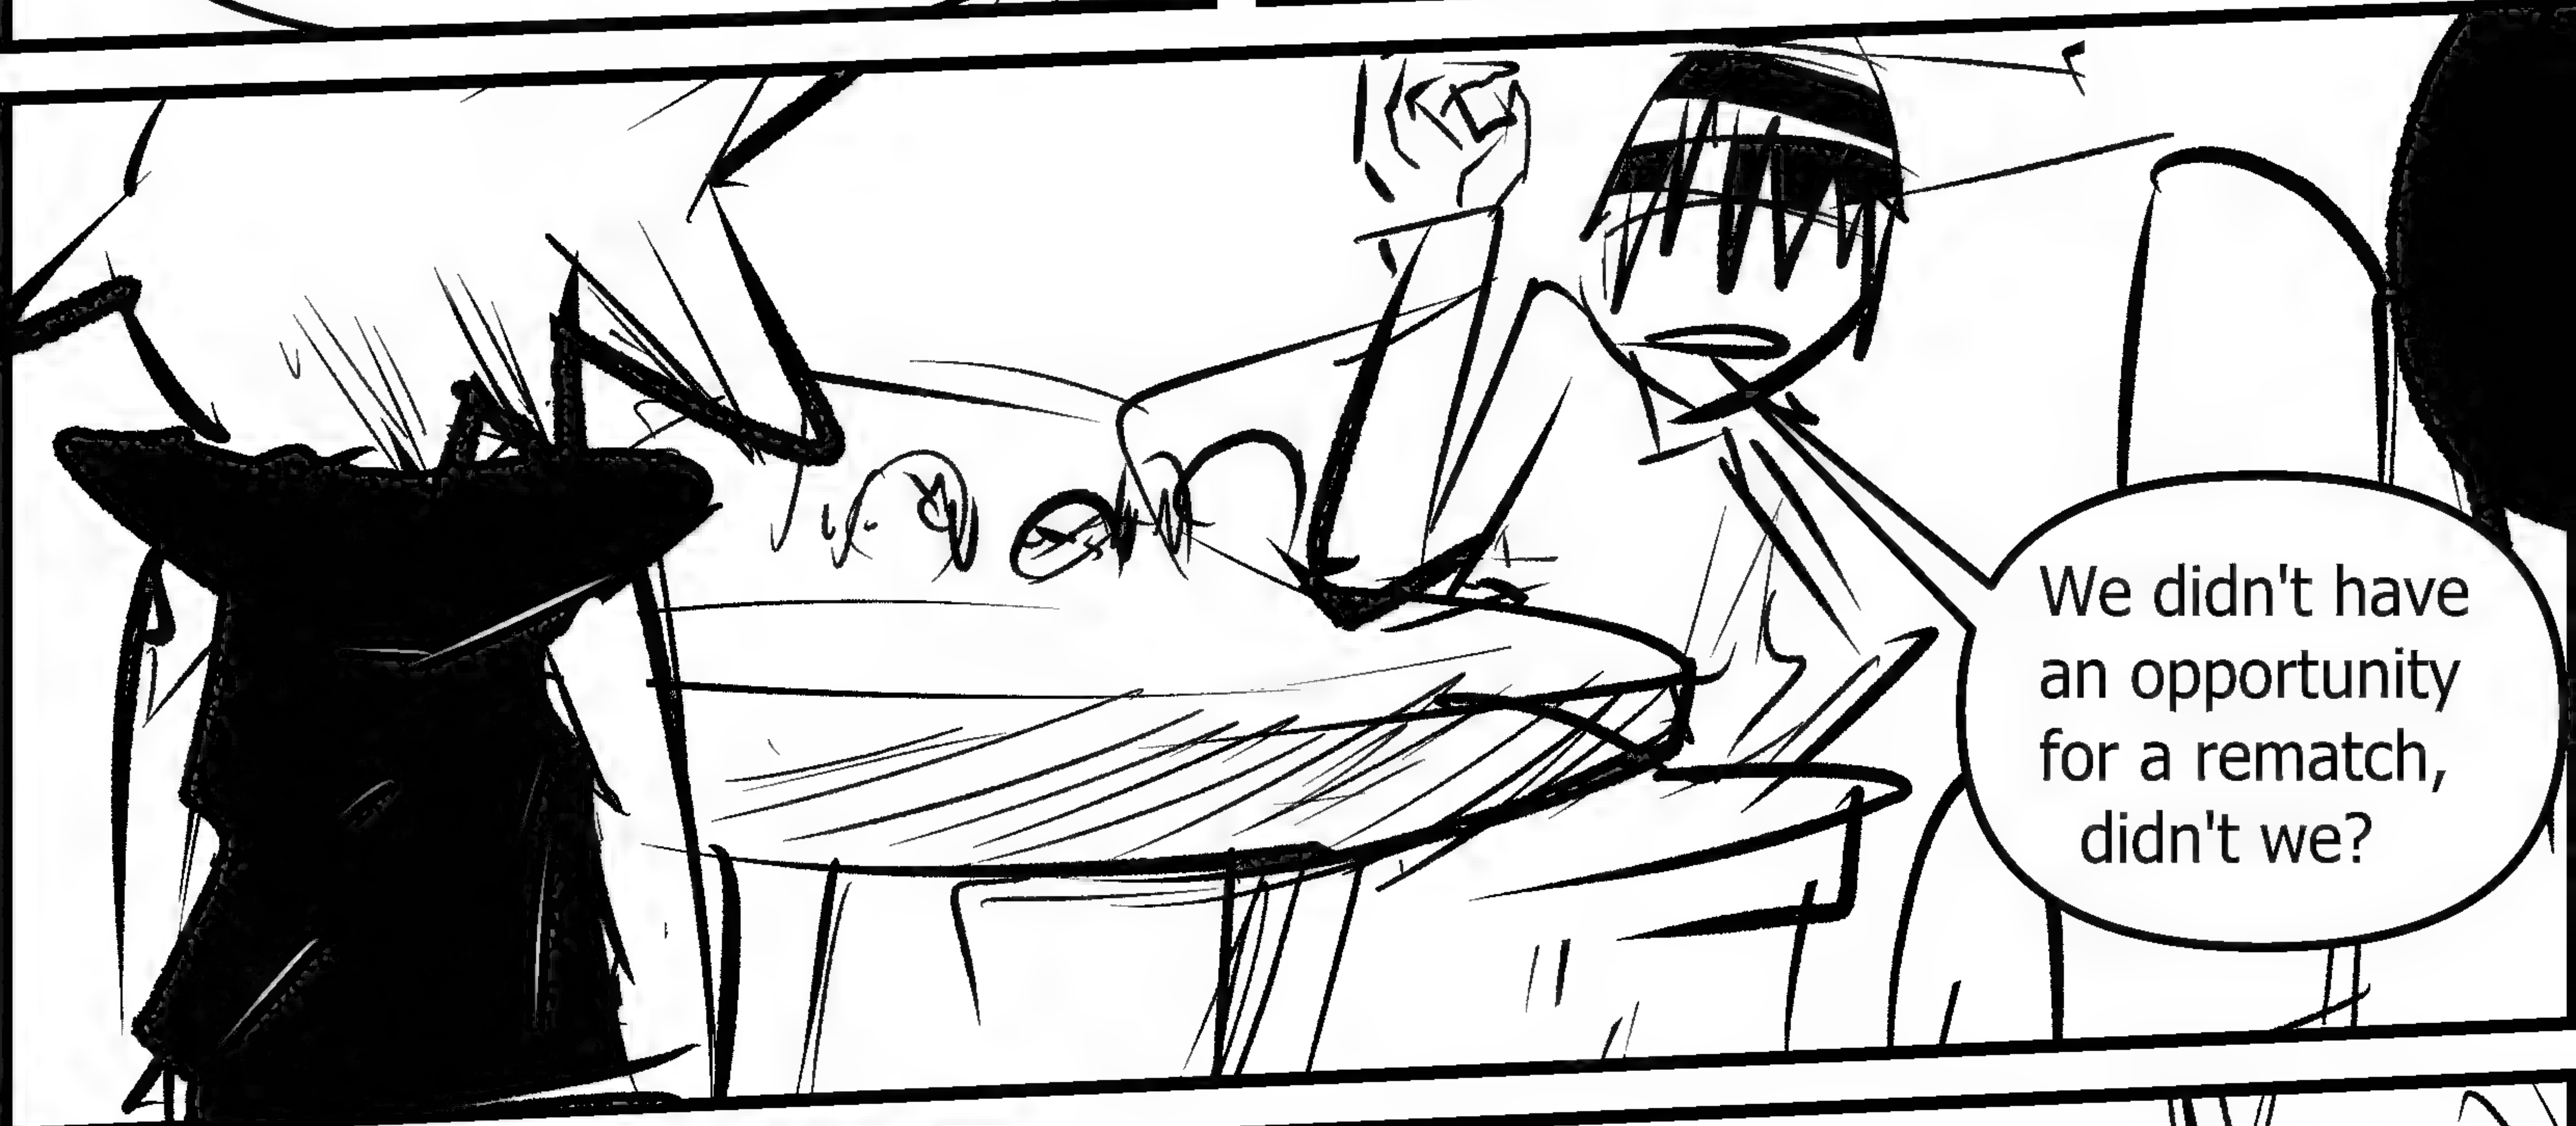

You really are that confident in your abilities, huh?

Kid, are you crazy!

Who is the real monster now...

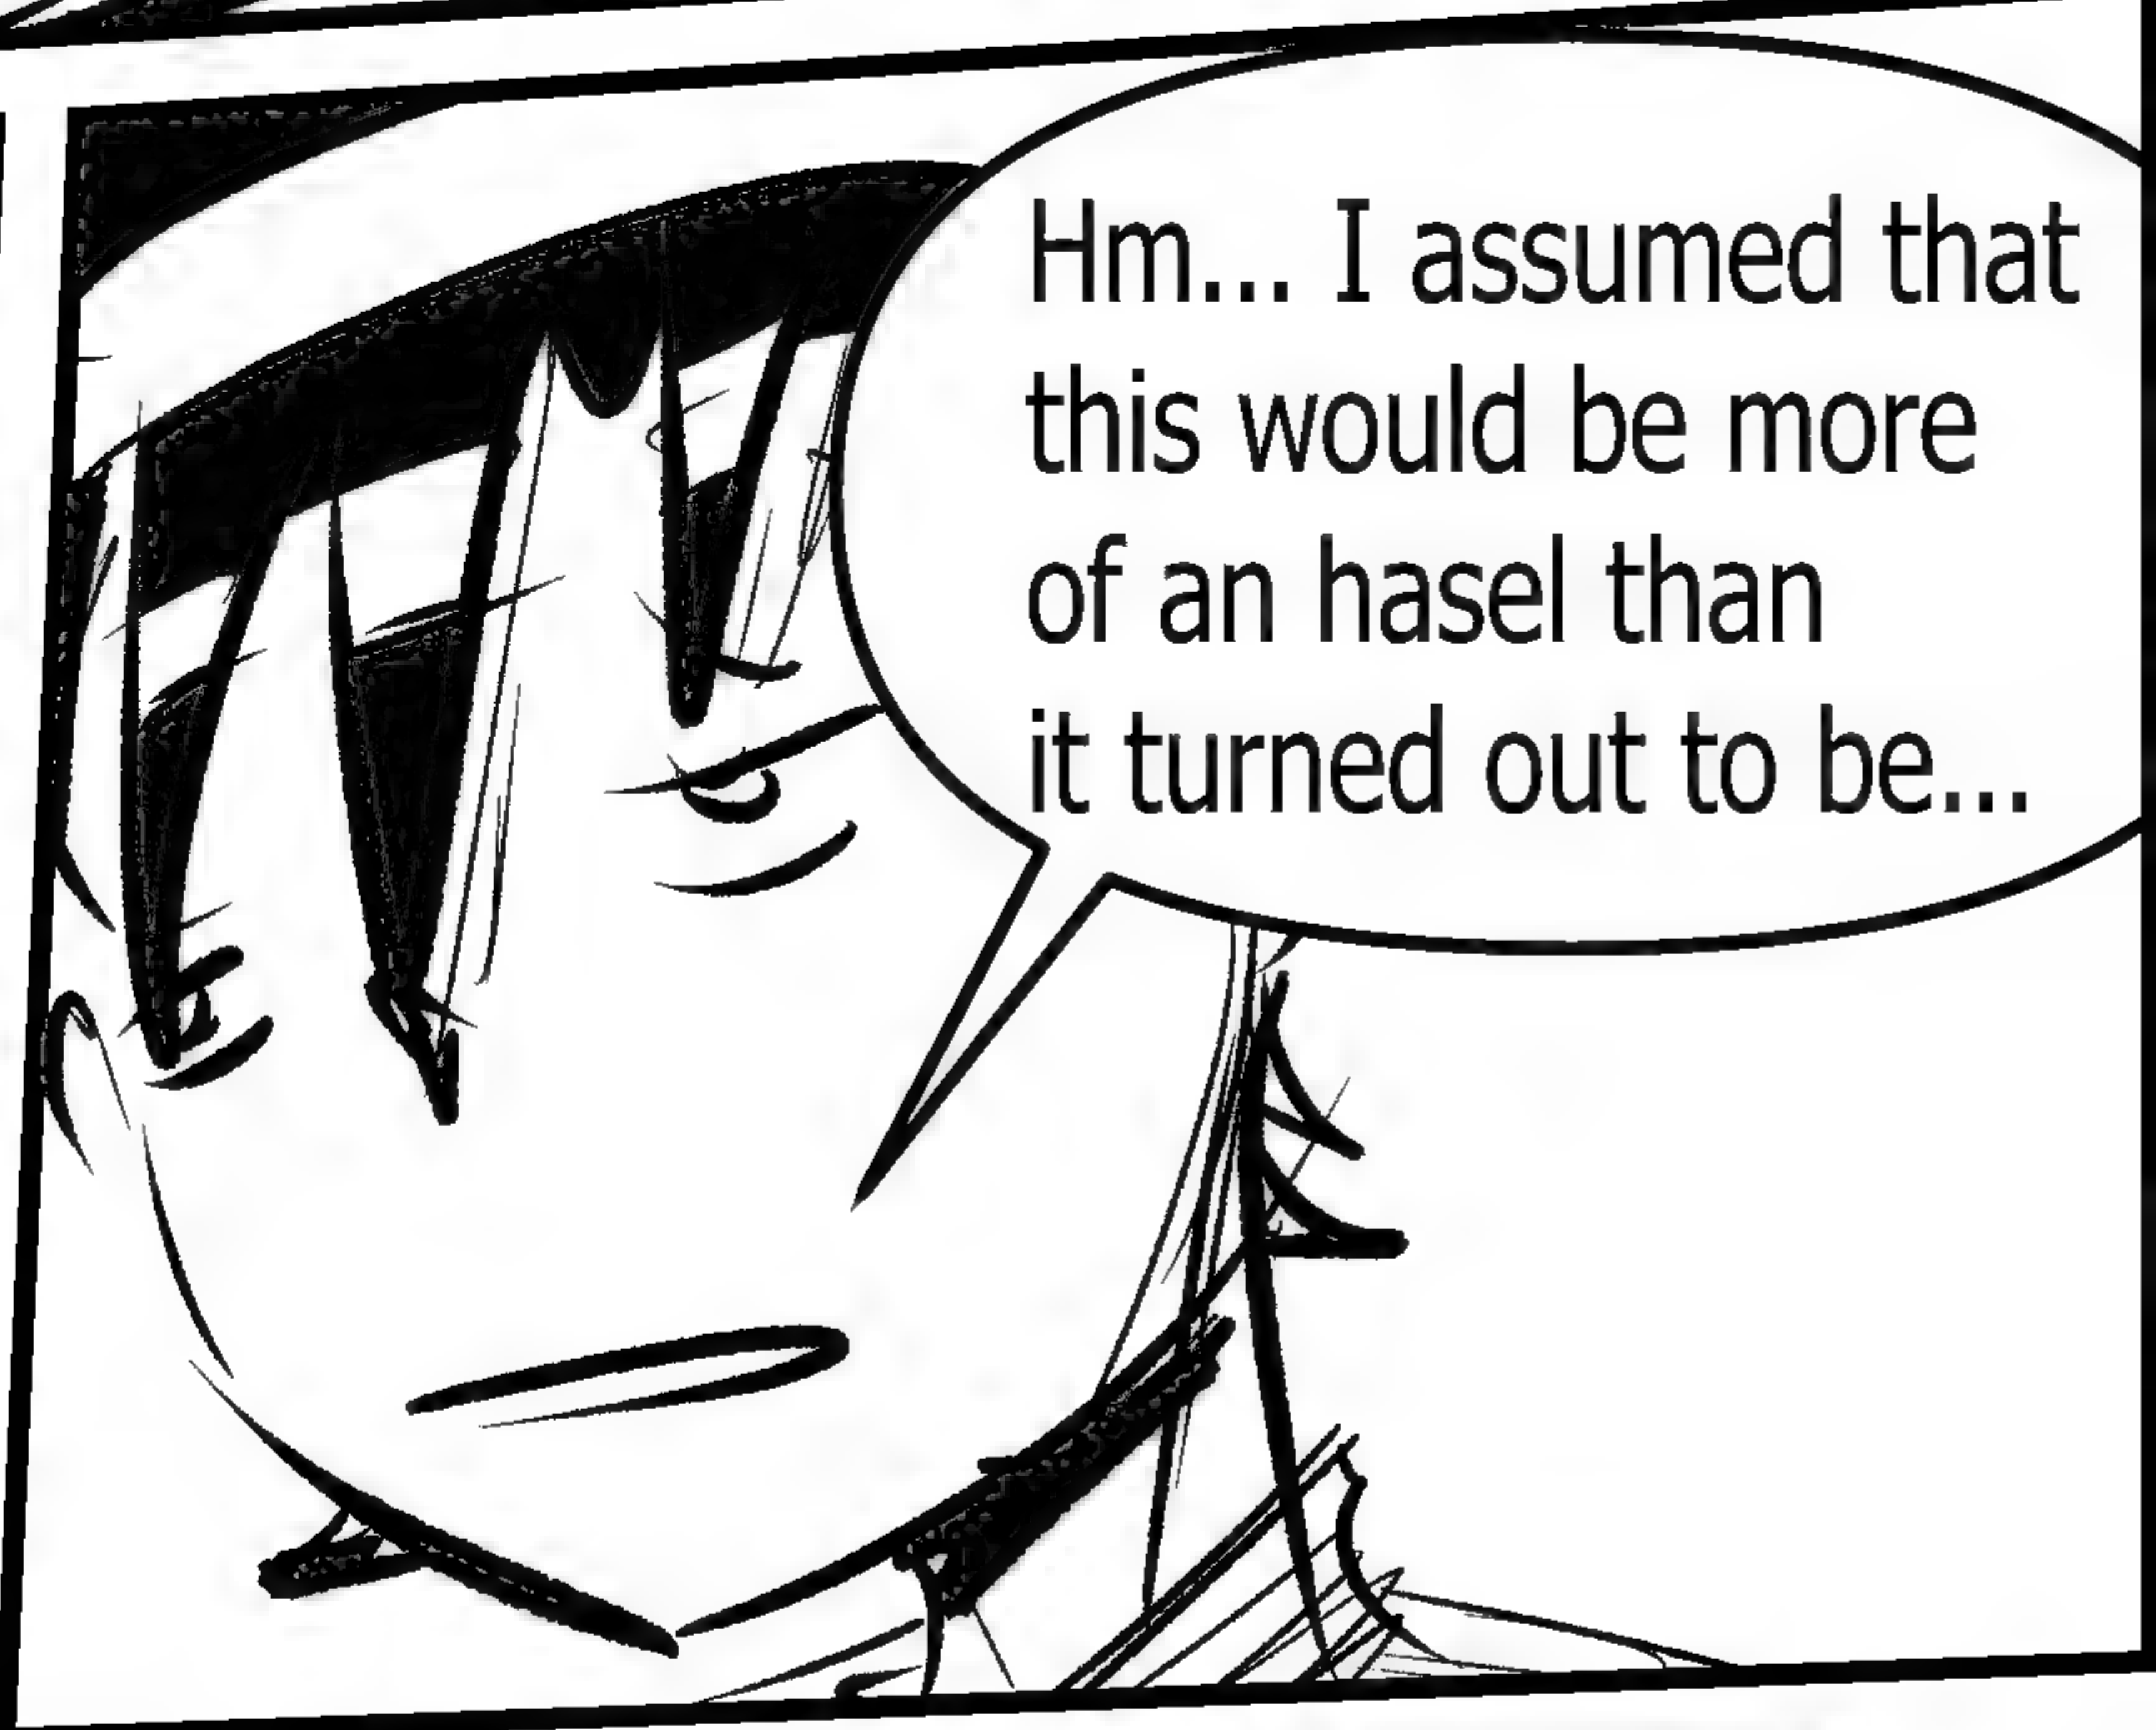

We didn't have an opportunity for a rematch, didn't we?

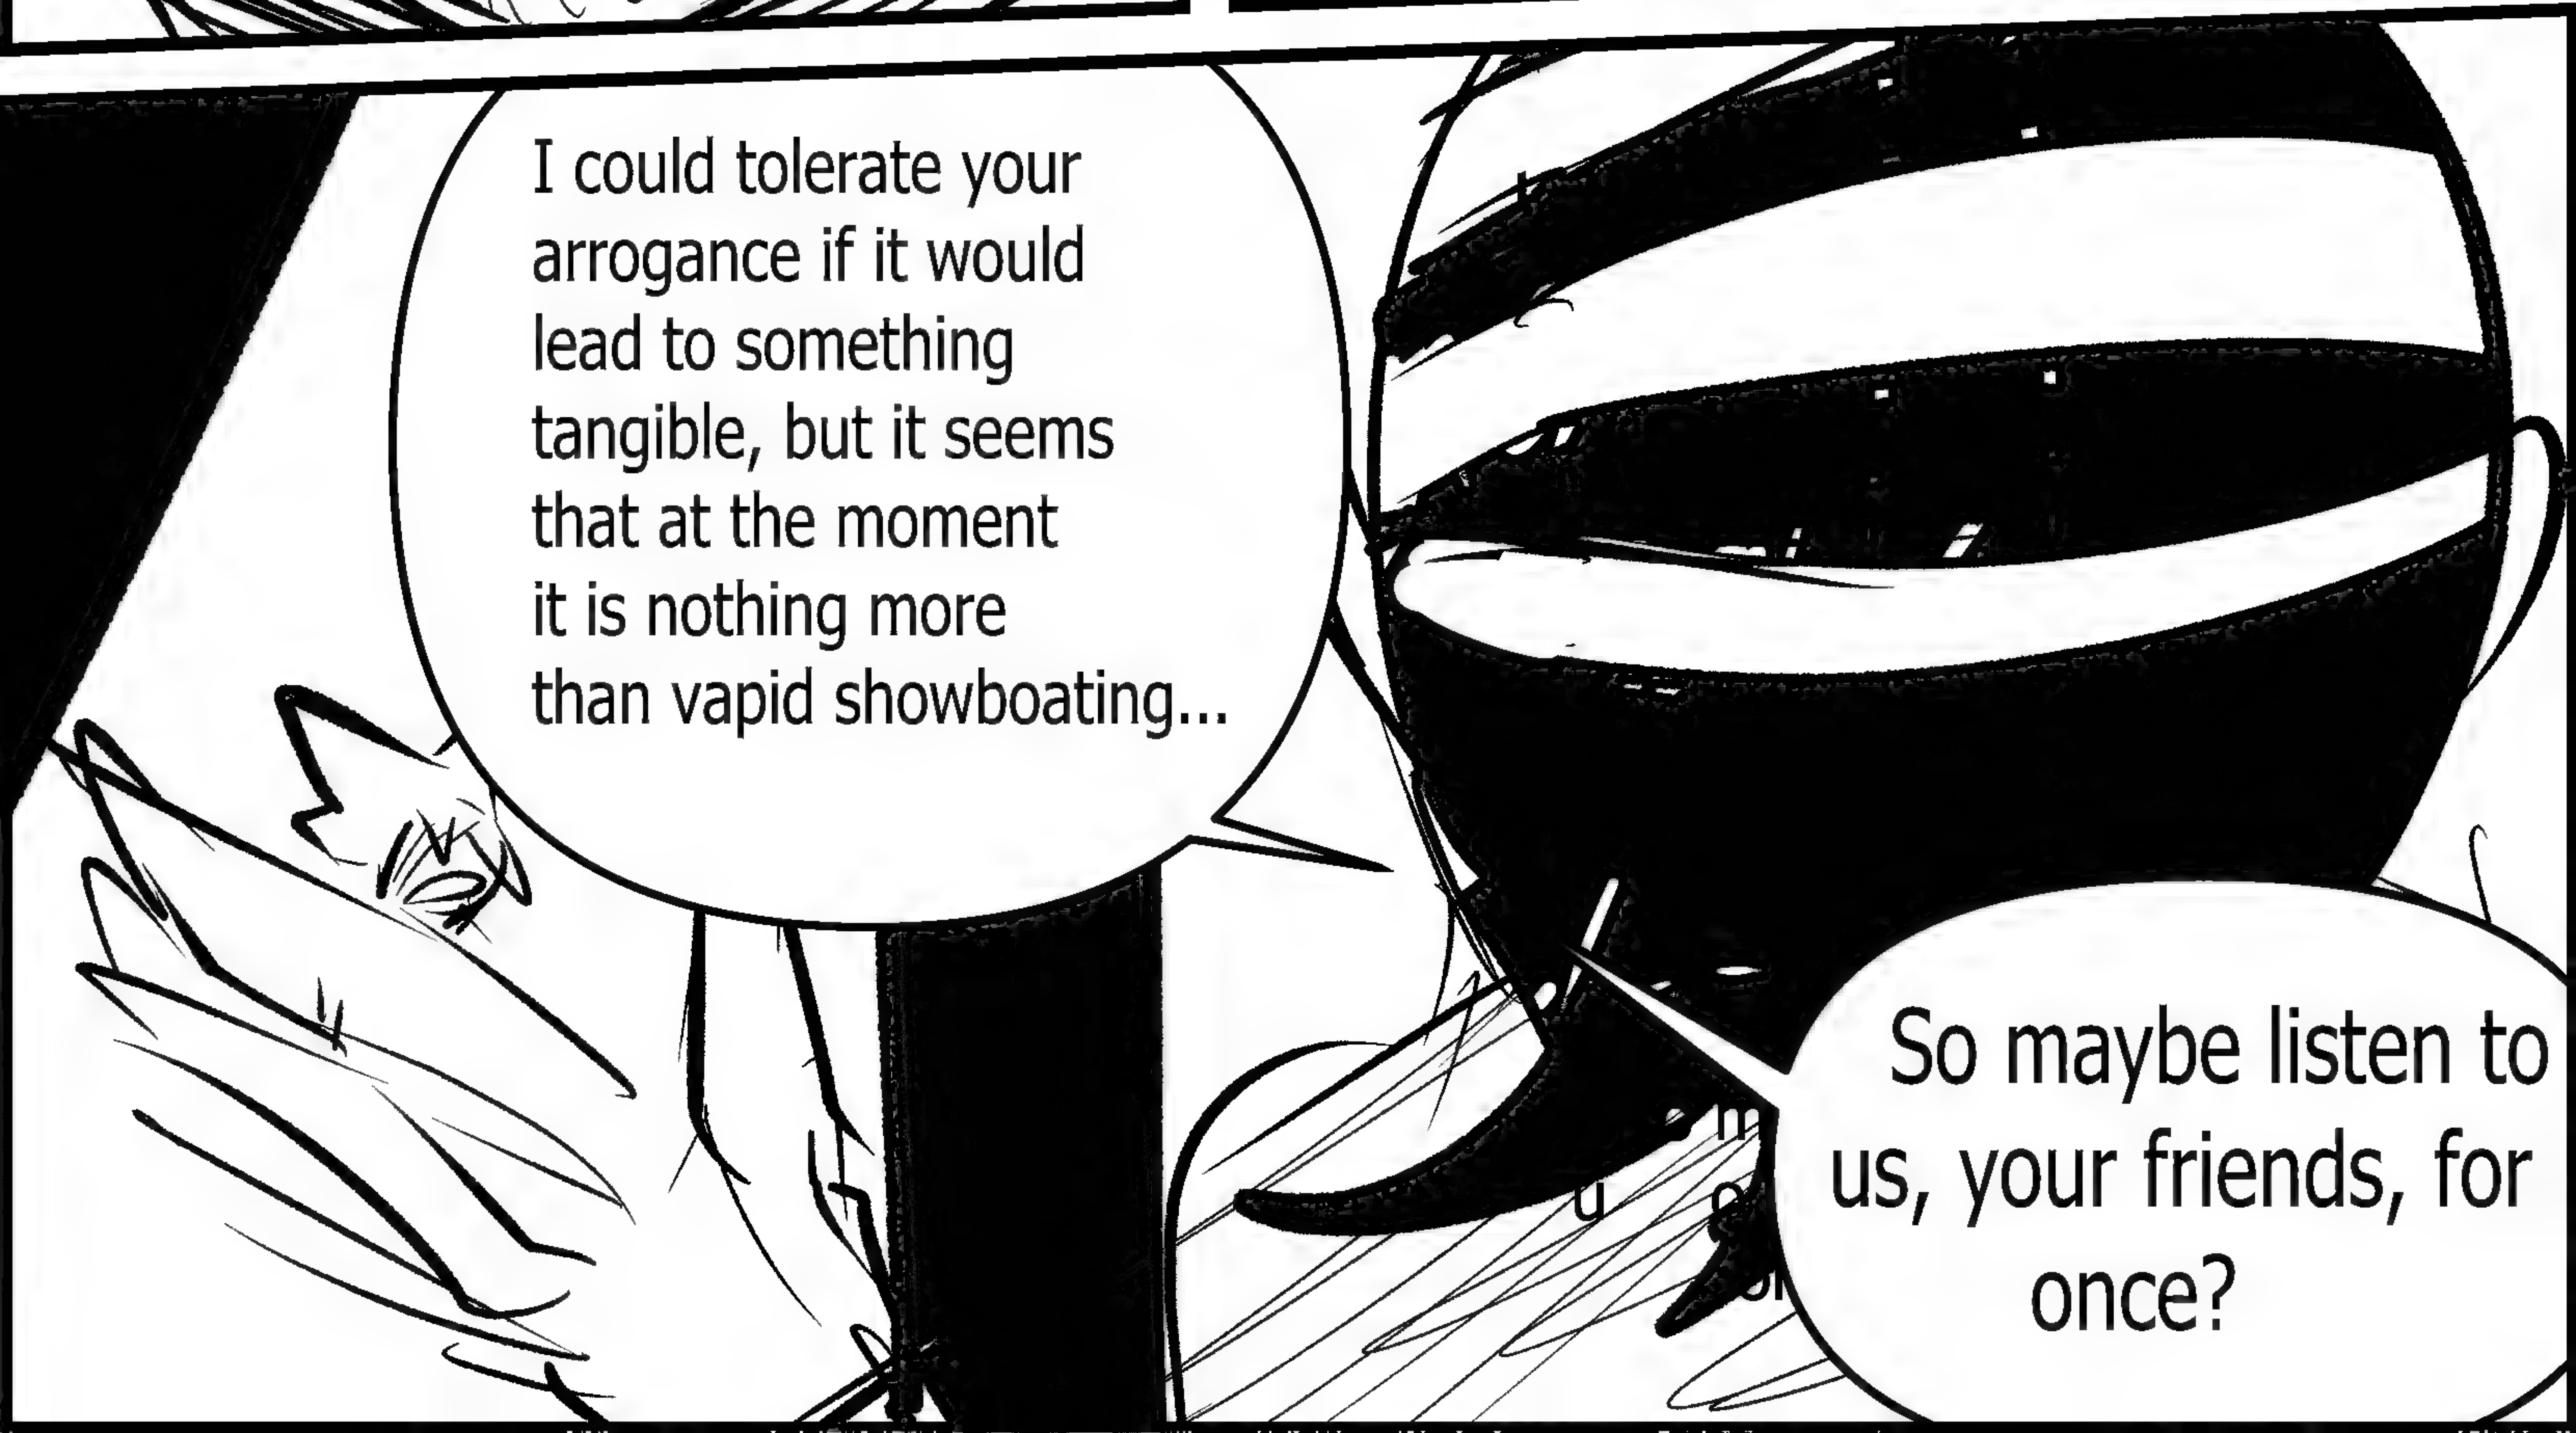

Tch, fine, finally a chance to beat you once and for all

As you wish...

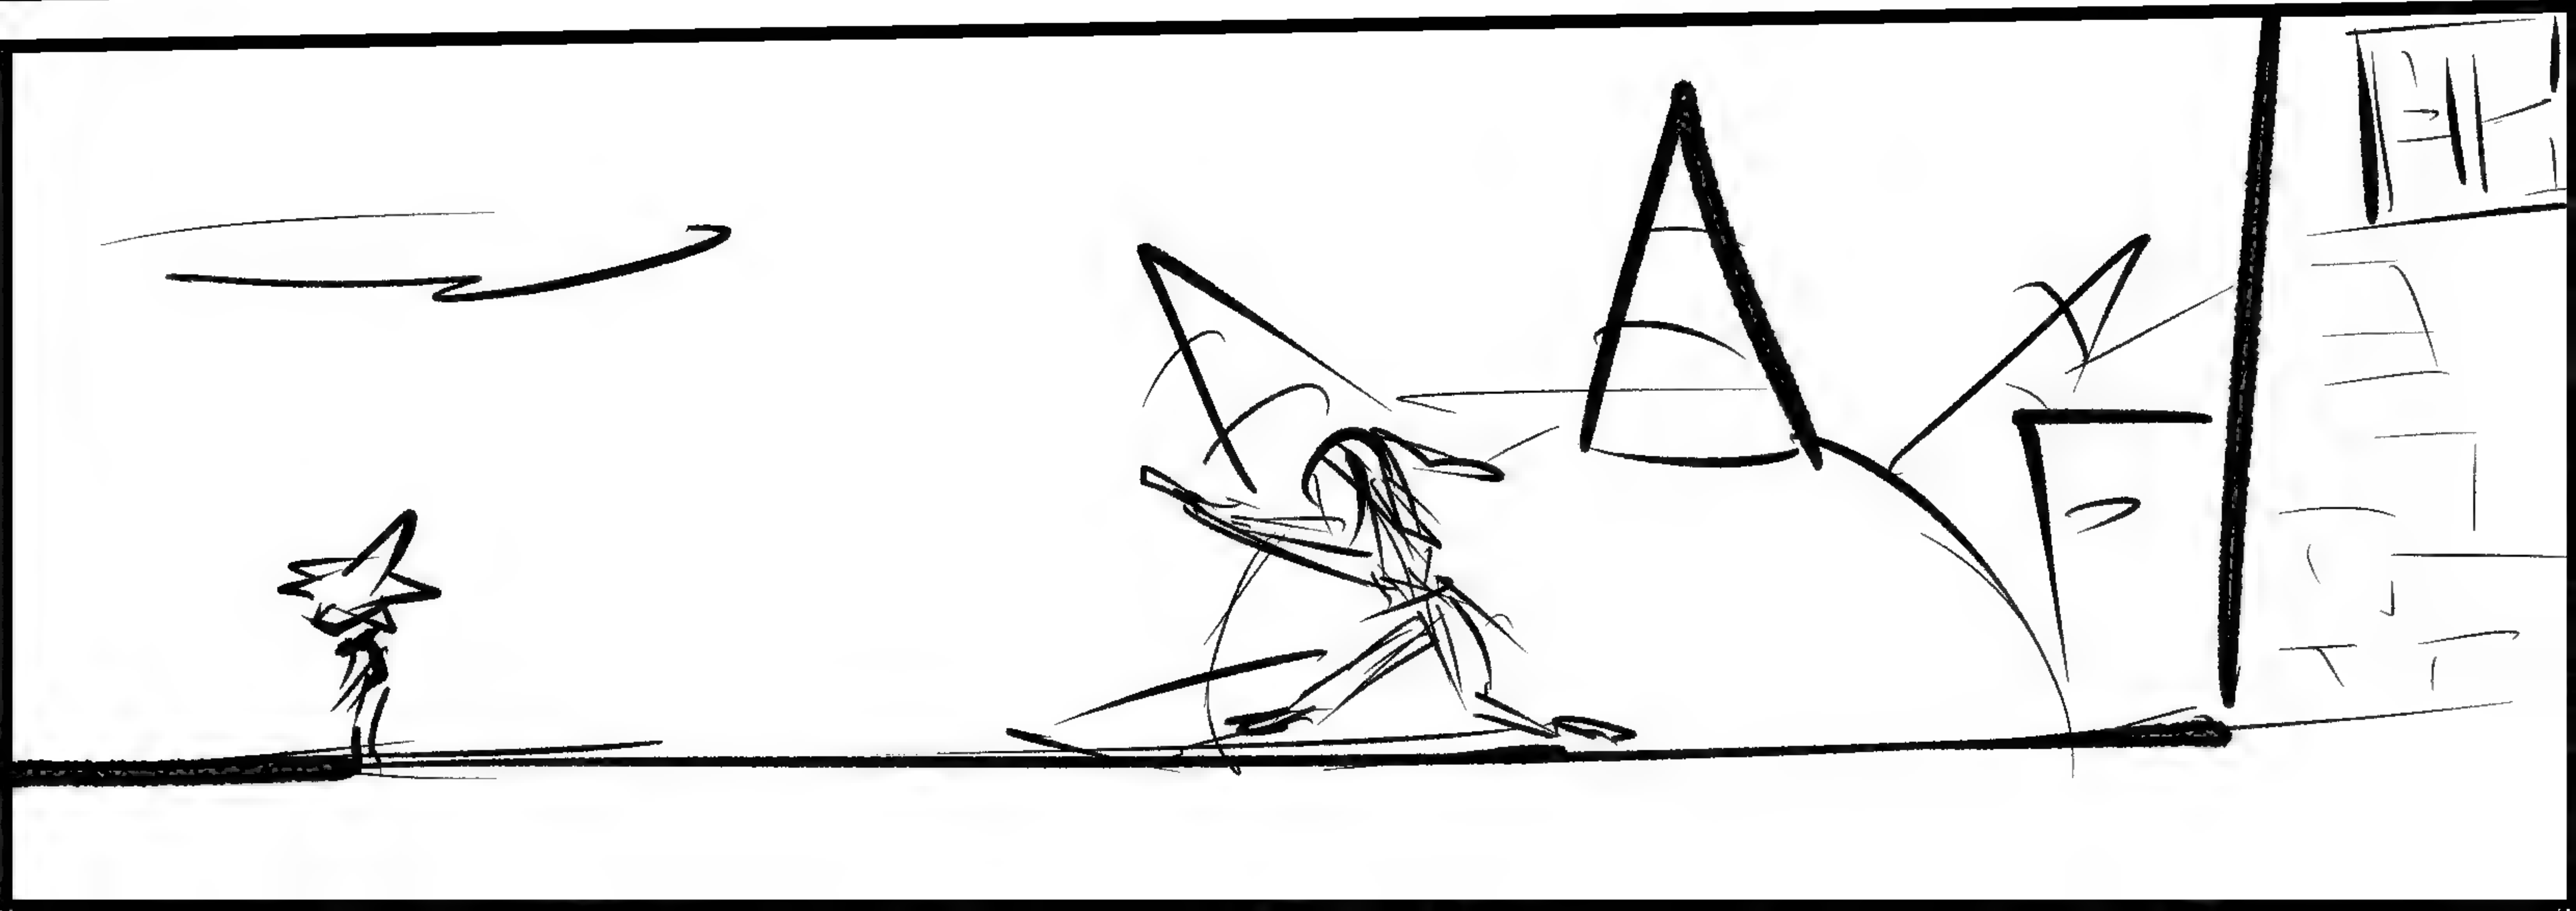

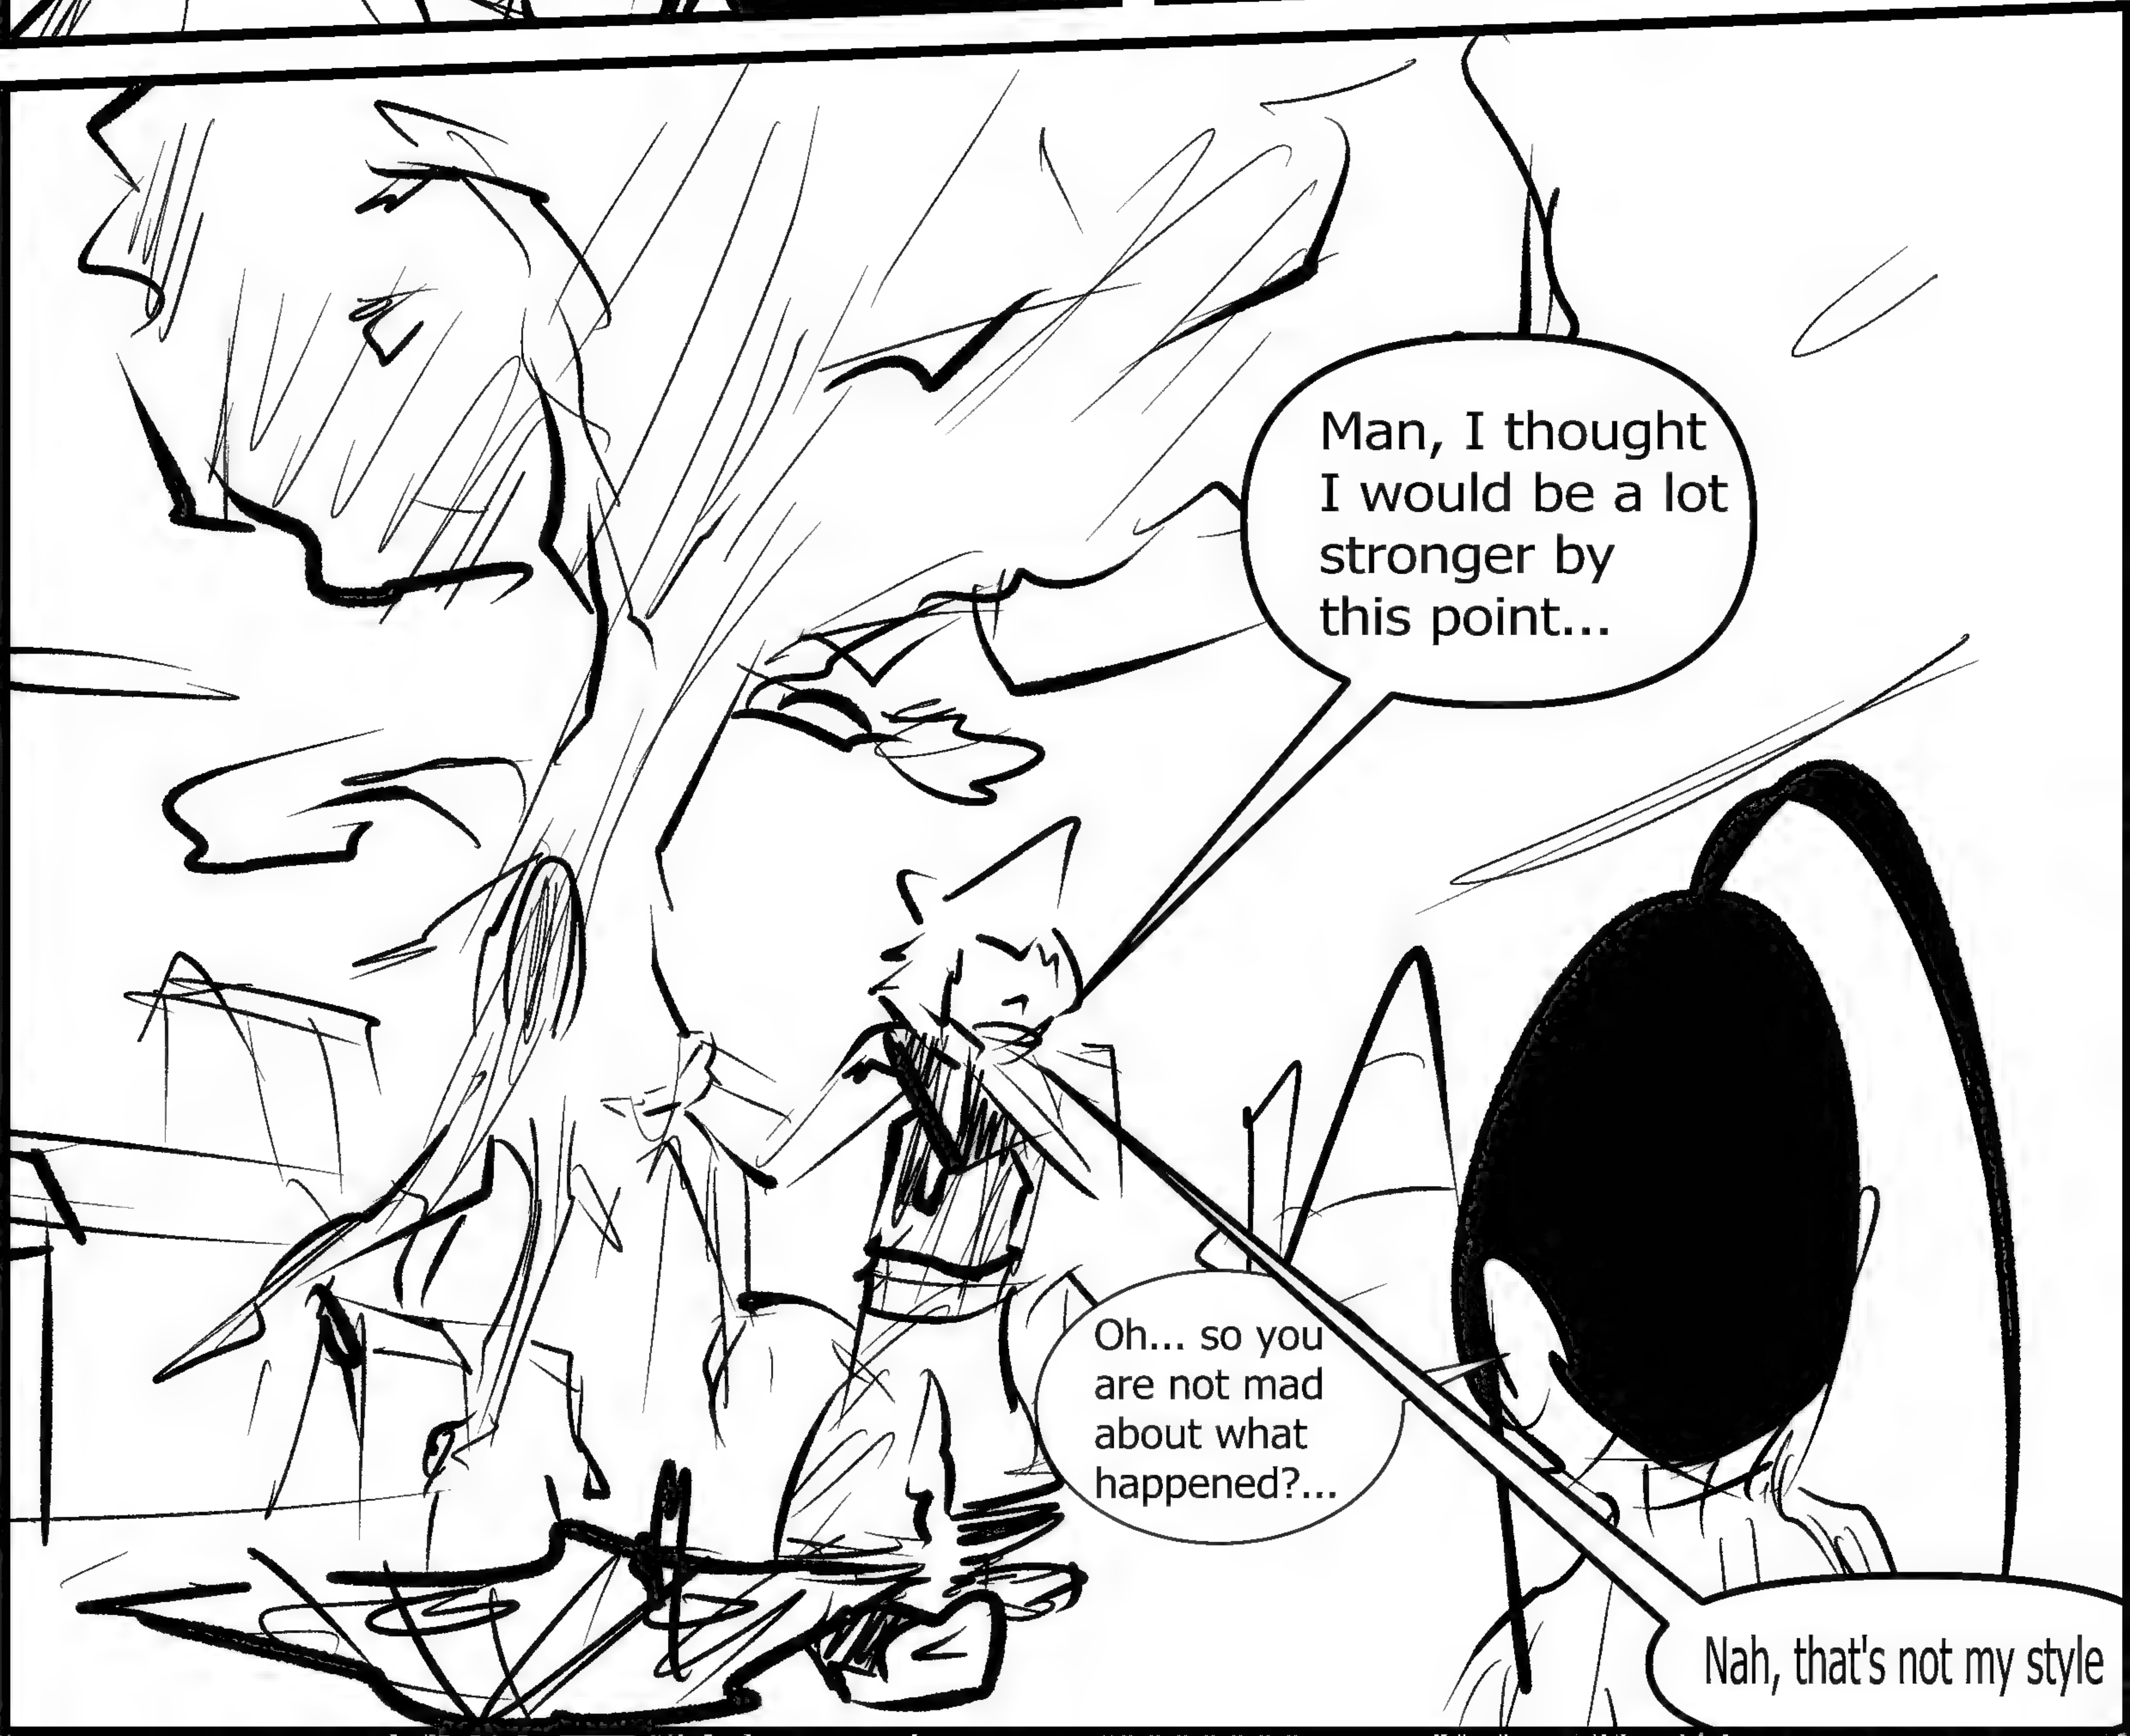

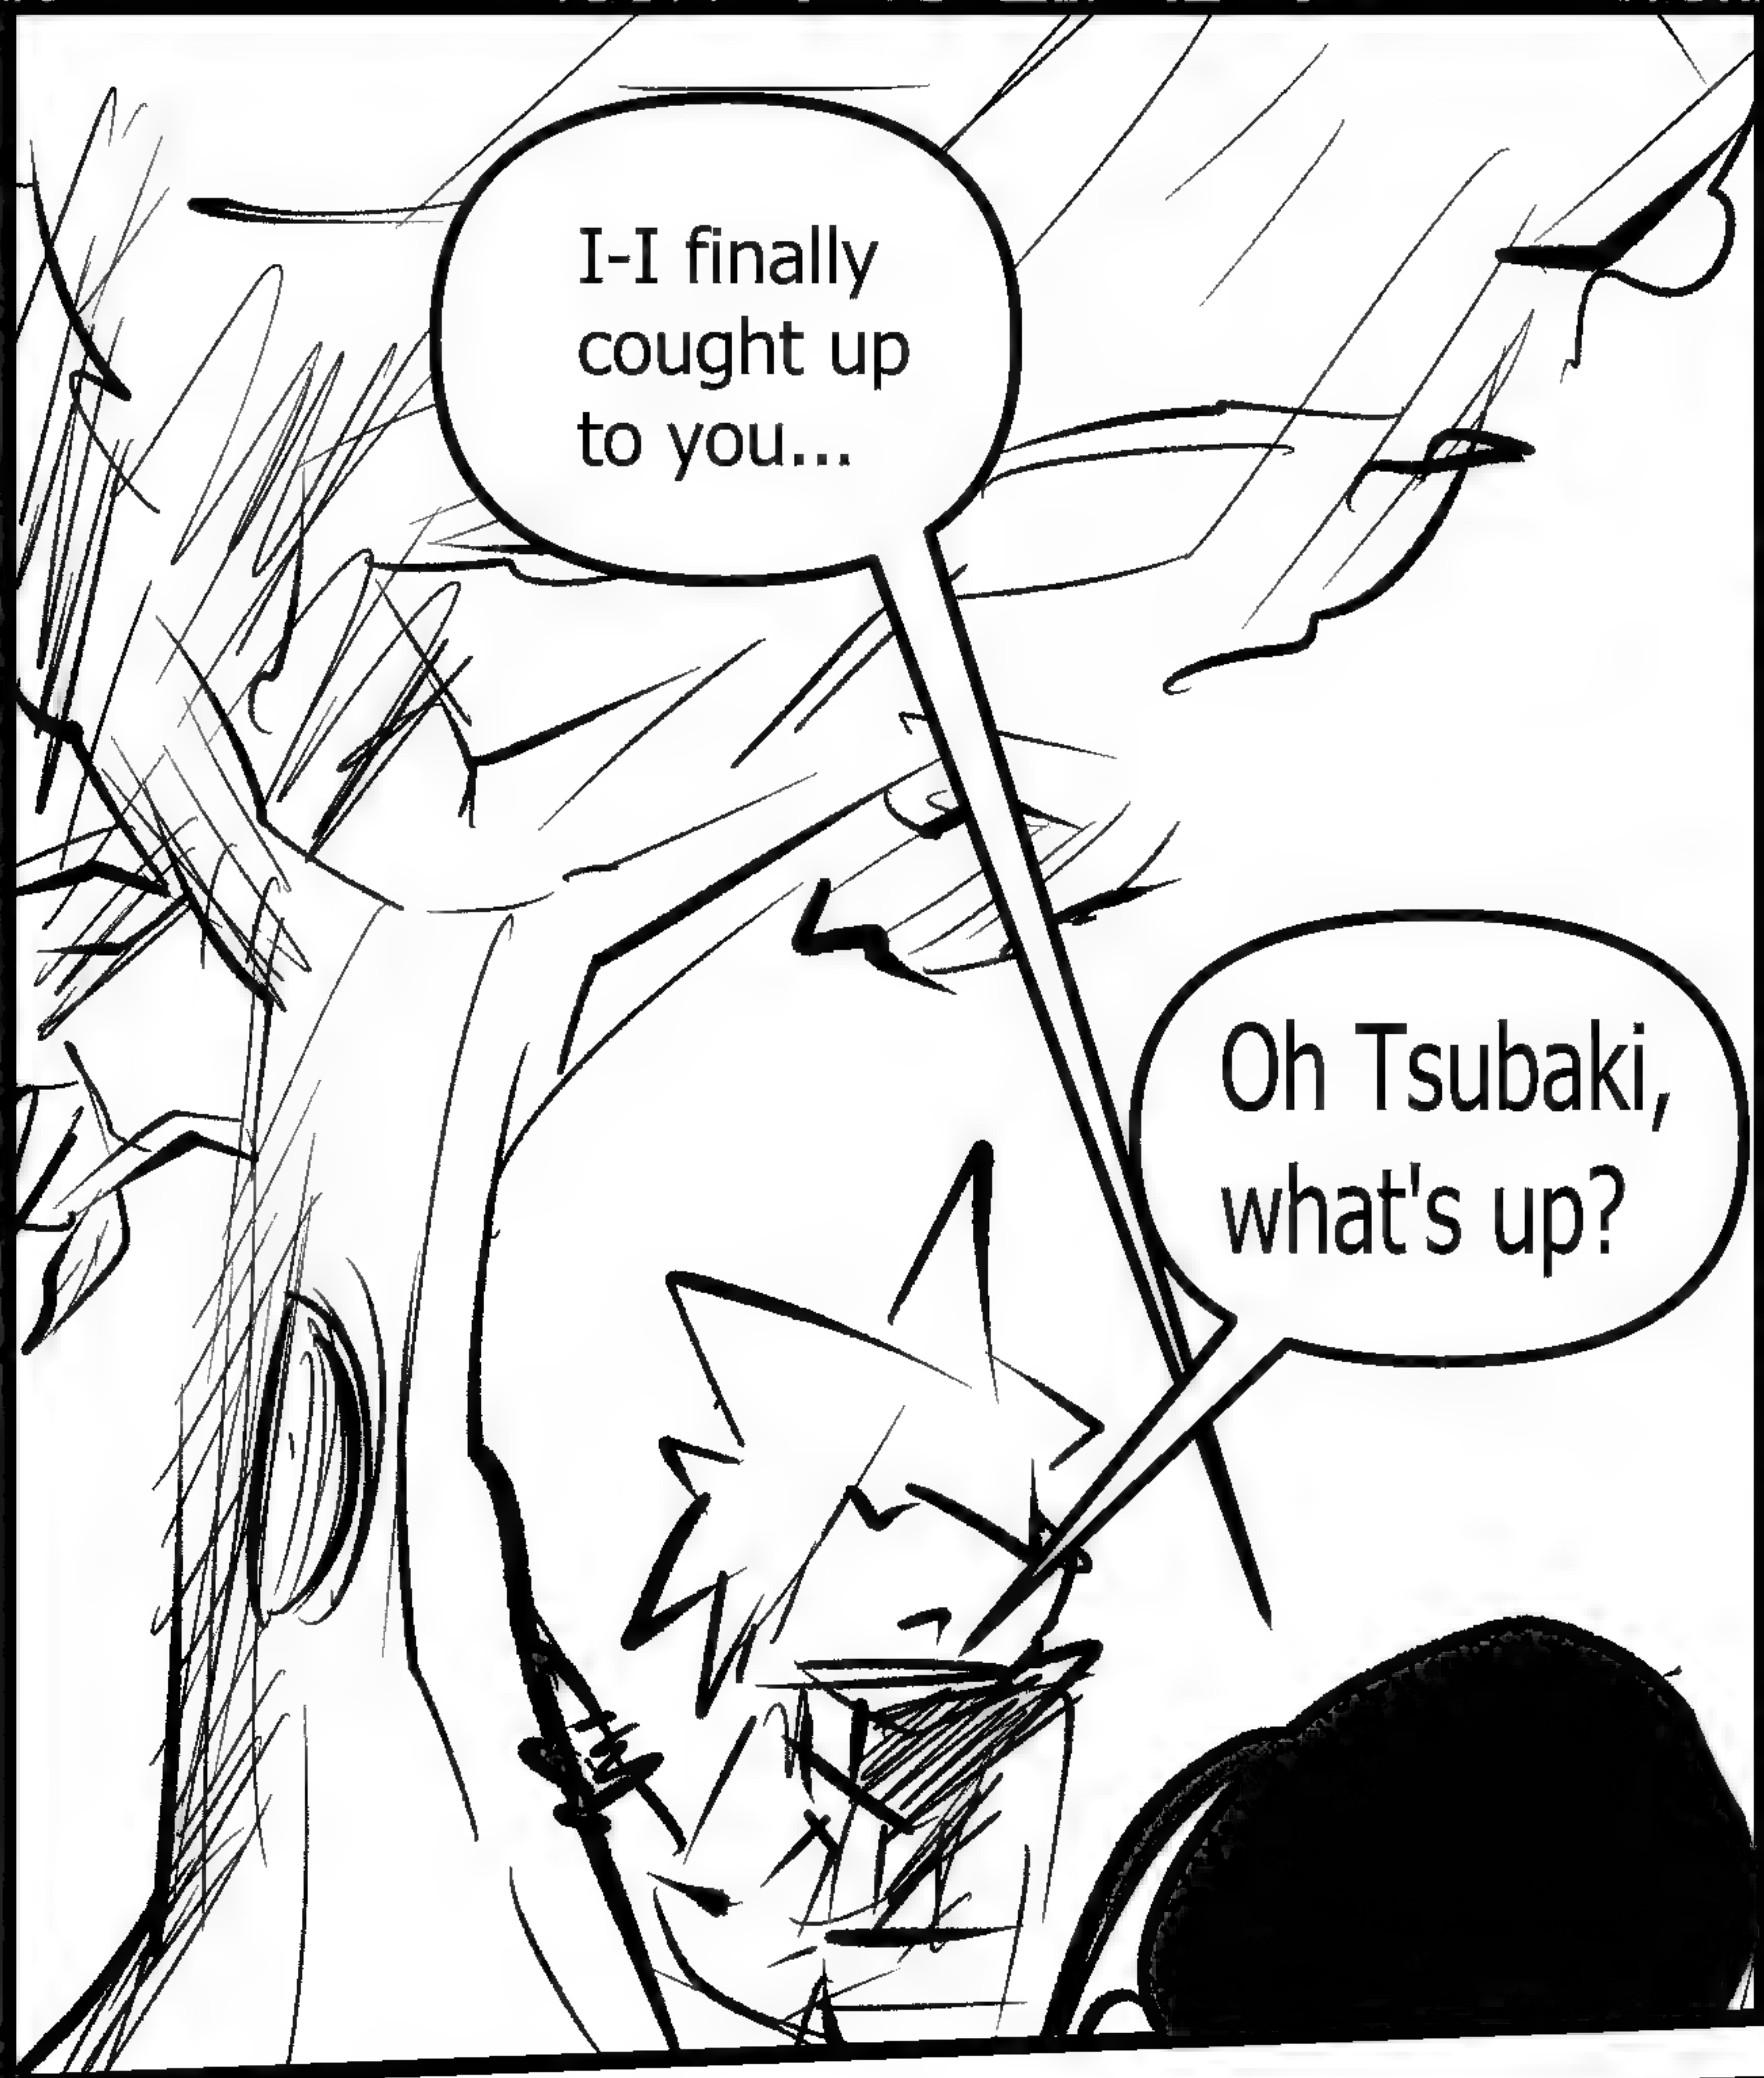

Hm... I assumed that
this would be more
of an hasel than
it turned out to be...

I could tolerate your
arrogance if it would
lead to something
tangible, but it seems
that at the moment
it is nothing more
than vapid showboating...

So maybe listen to
us, your friends, for
once?

and maybe I was acting a little bit like a jerk...

Oh... But I still feel like I should apologise...

Ugh, no need for that, because I learned the moral for today:

Walk it like you talk it! or if you annoy everybody make sure you are stronger than them first!

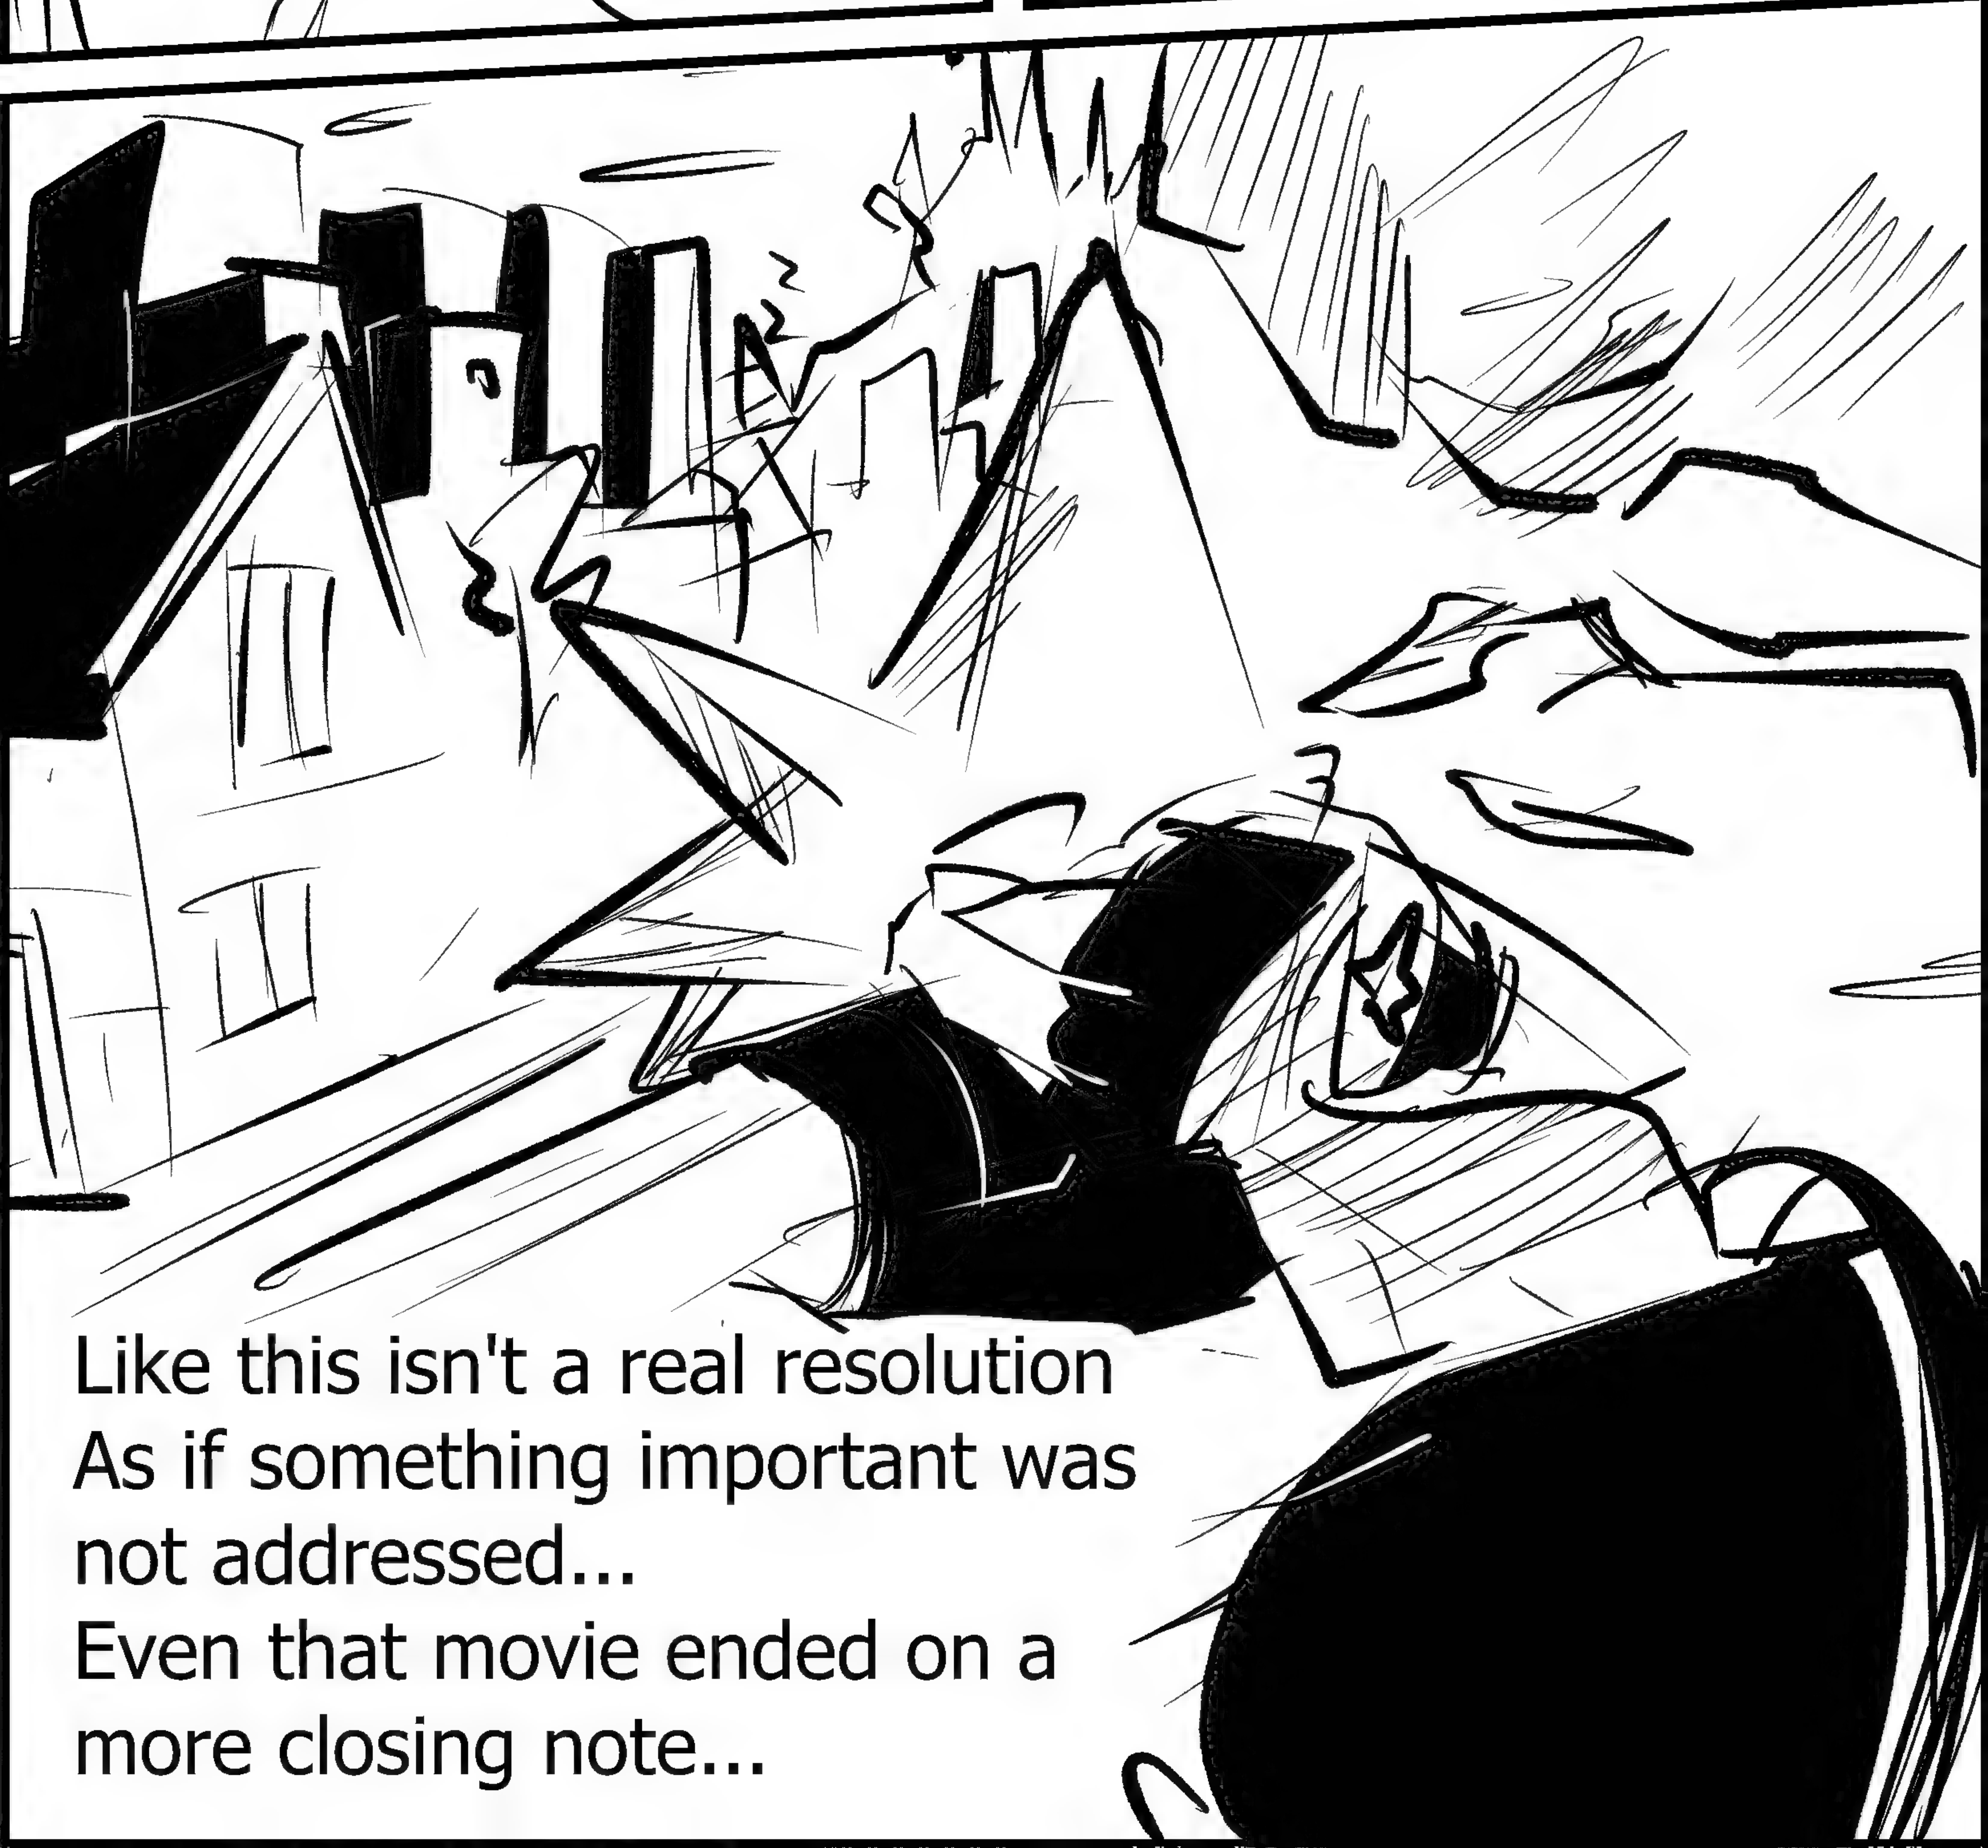

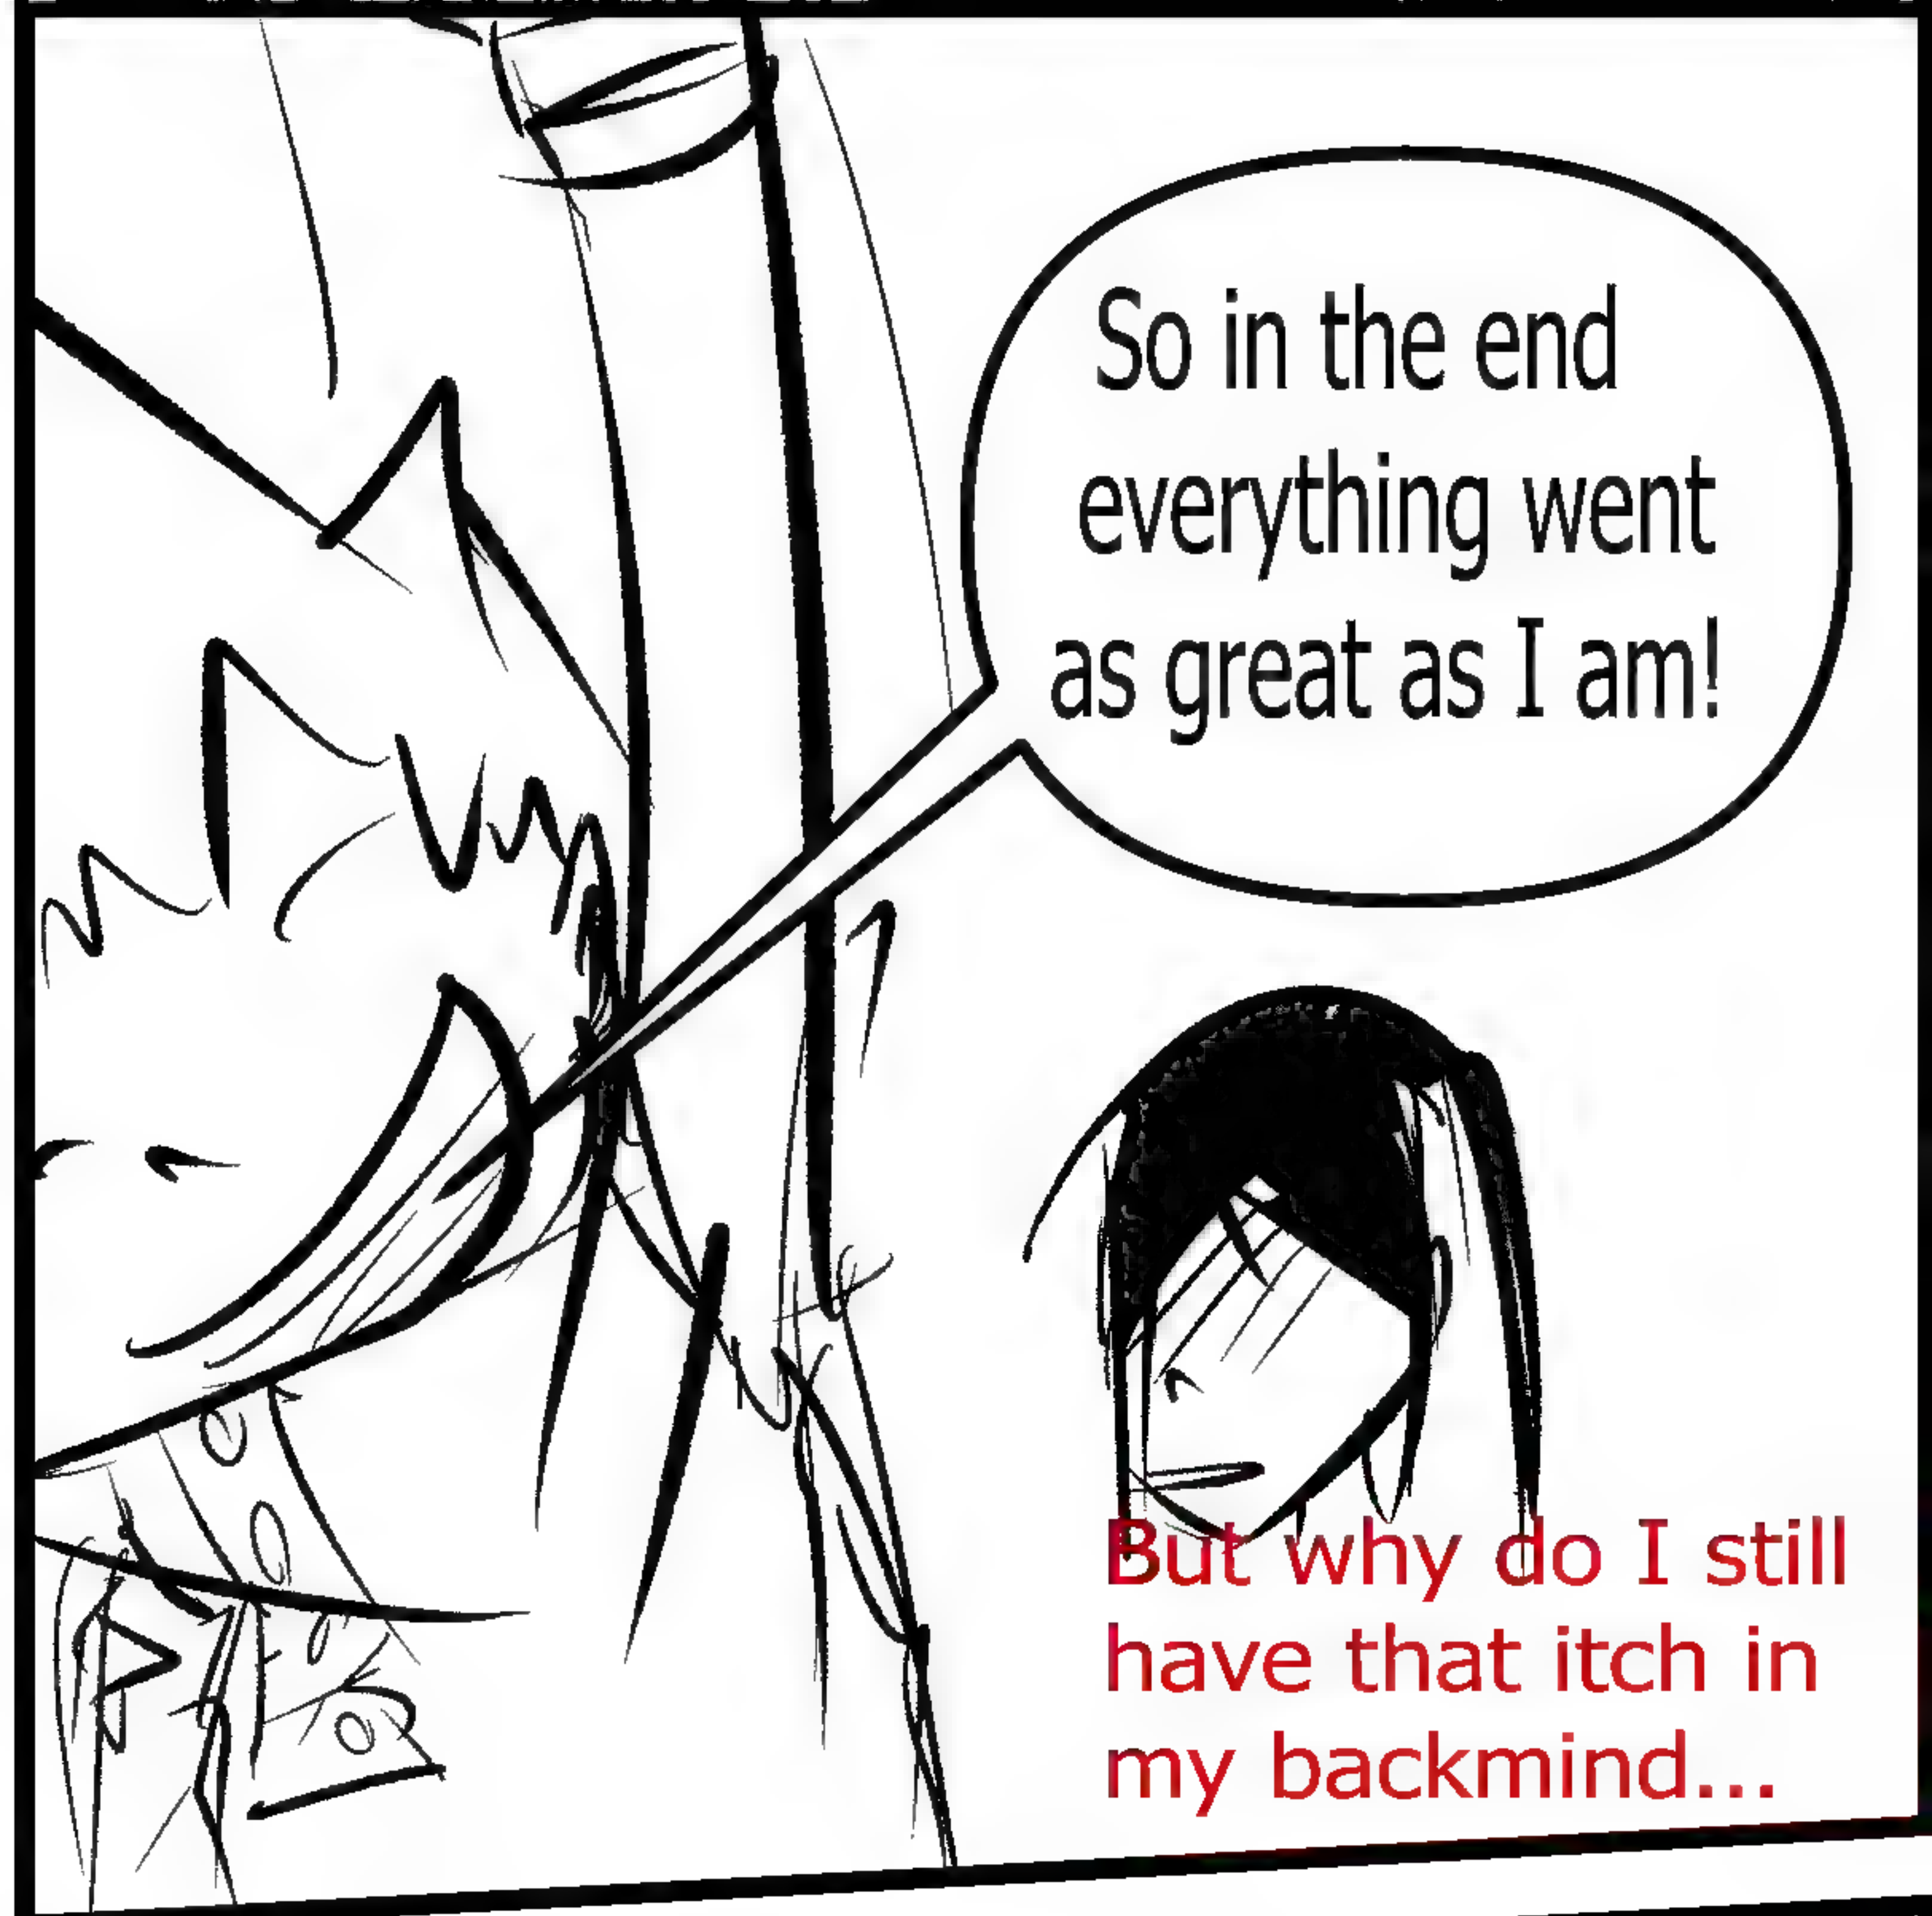

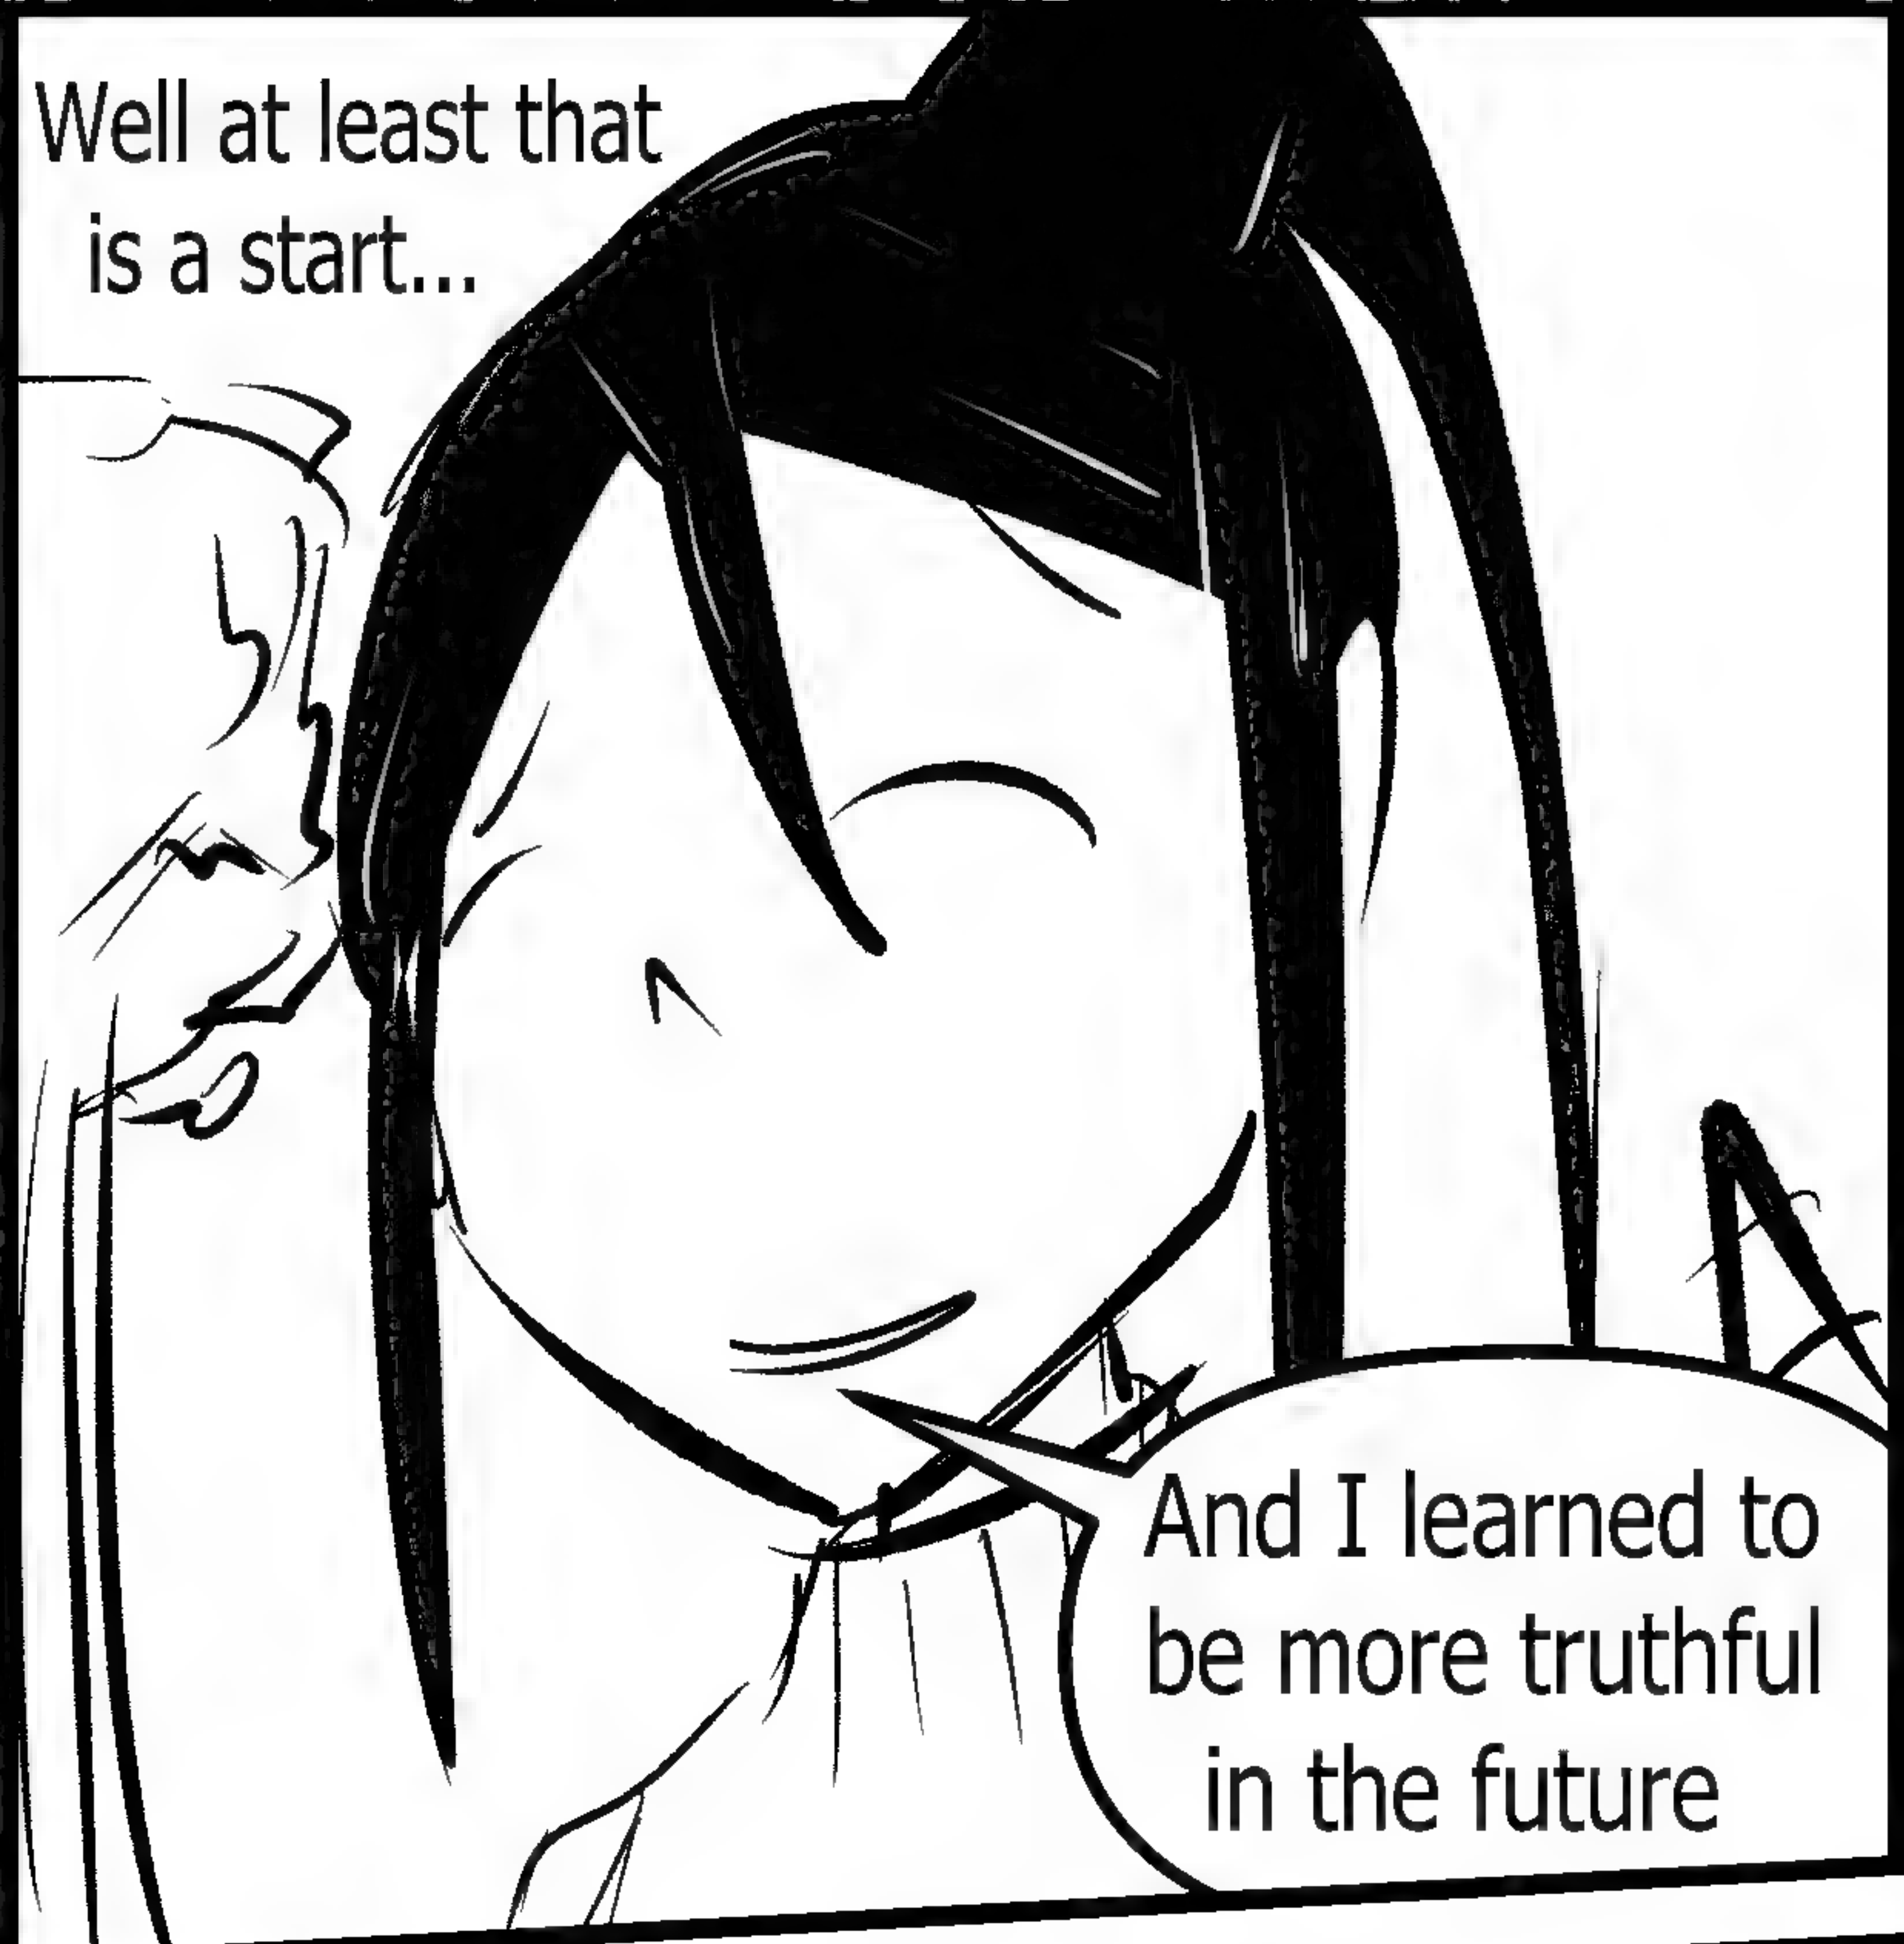

I-is this really the conclusion you came to?...

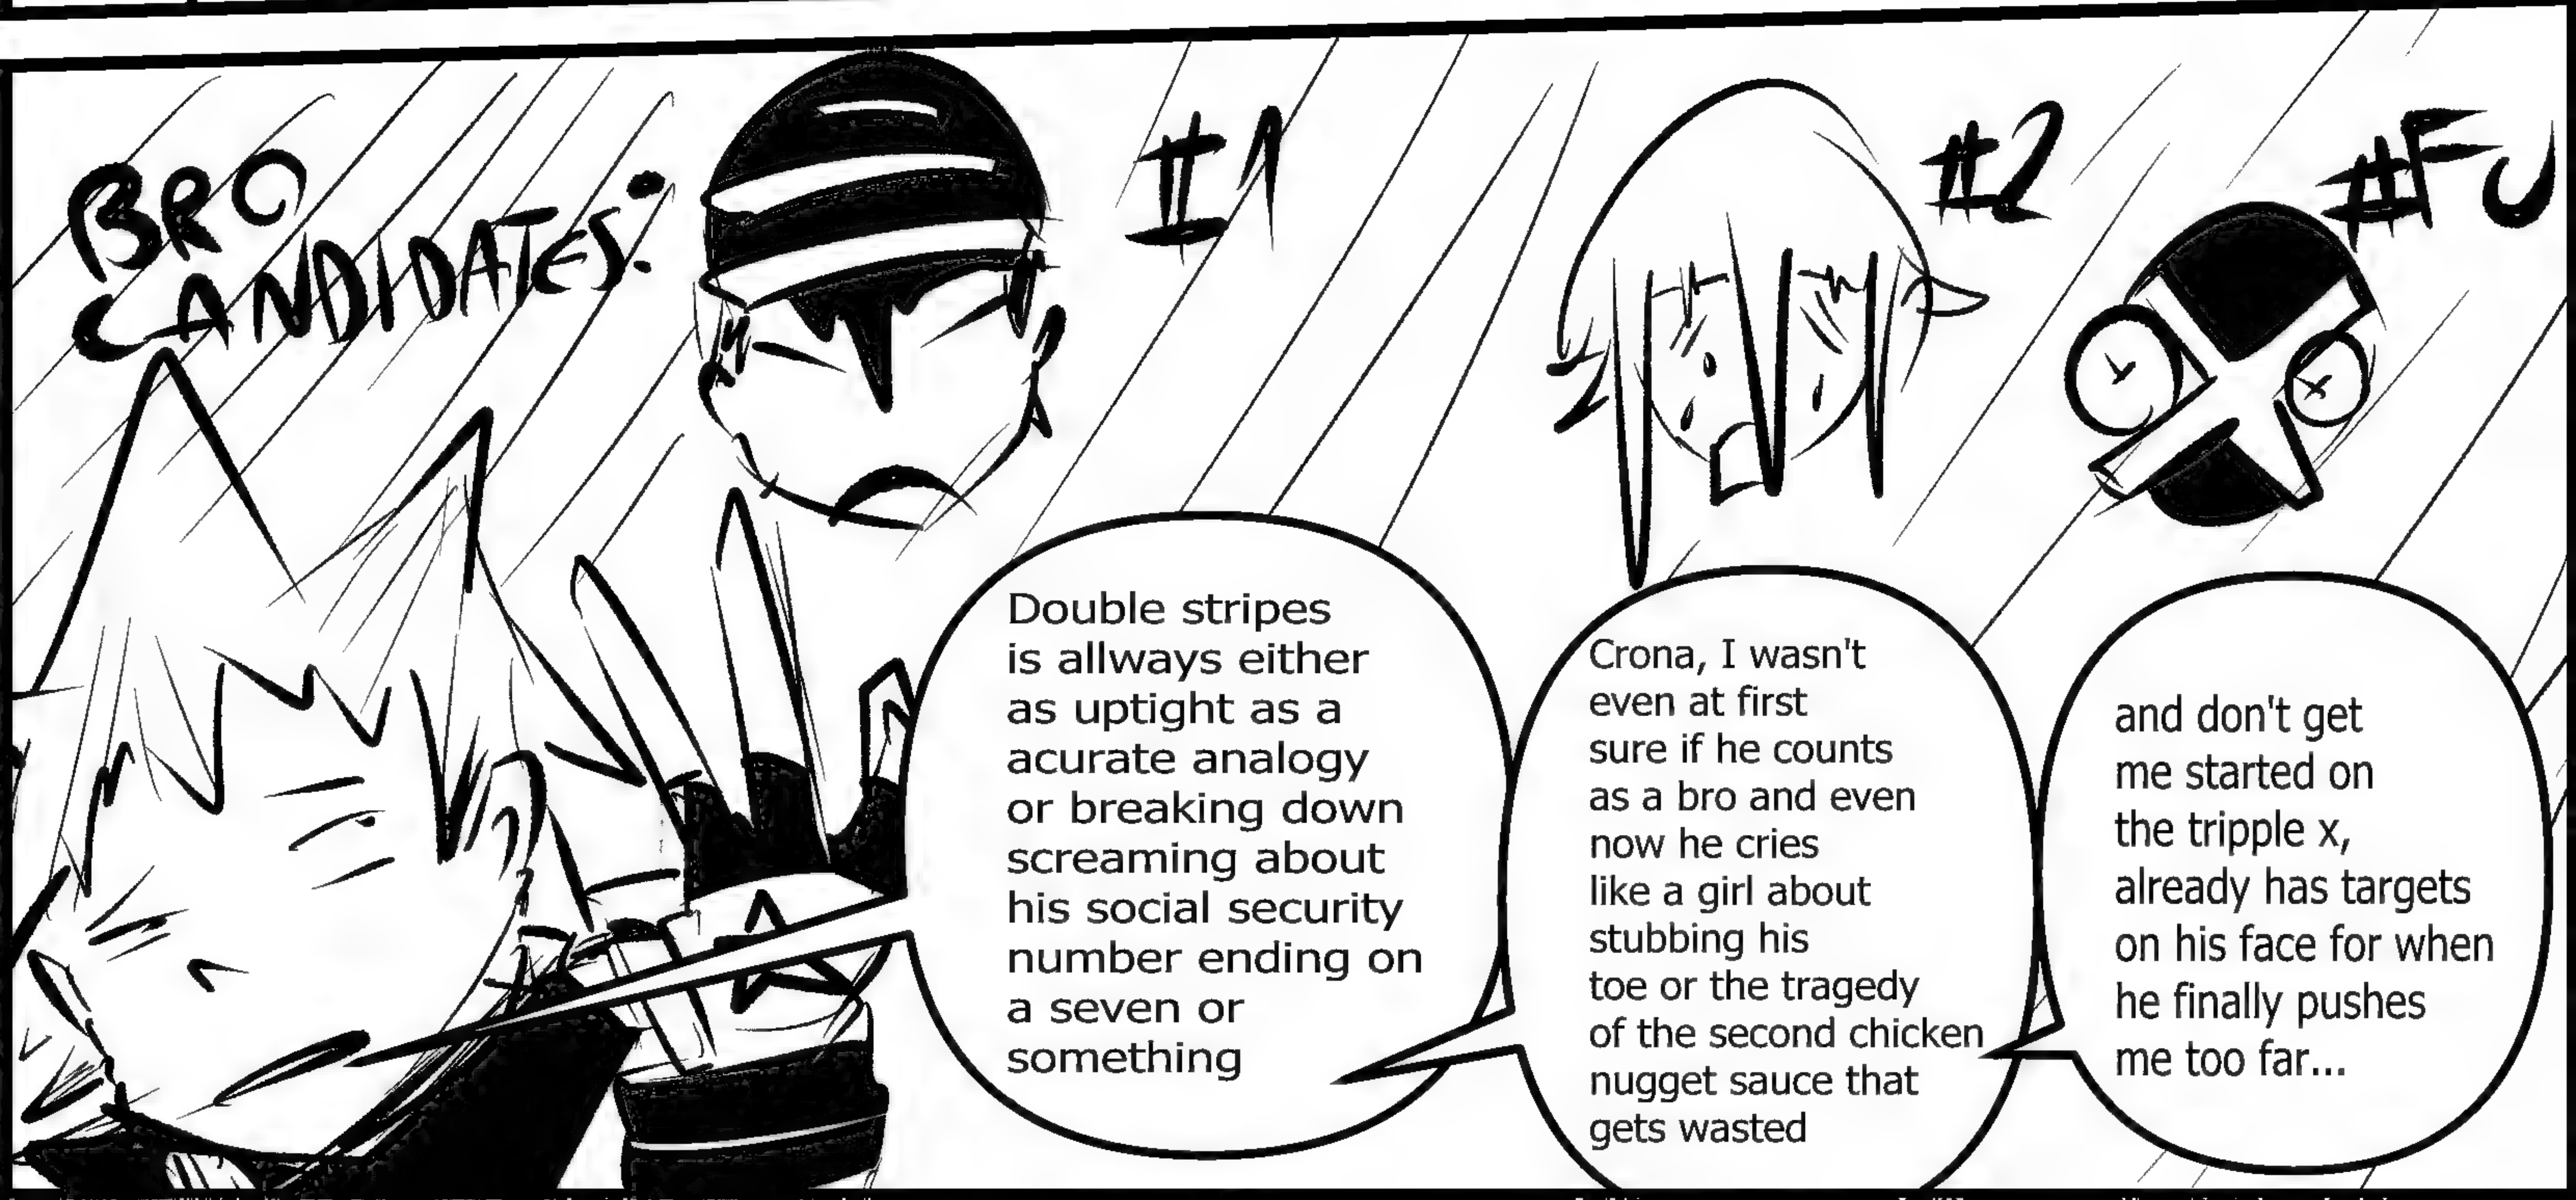

YUP!

Not being more considerate of others and-?

Yeah yeah, that too or whatever

Back at the flat...

Bye

See ya soon

Yeah, maybe next time we'll watch a less weird movie

Next time?
With all these nefarious movies, I am just even more furious at my father for not destroying celluloid when he could that one time...

xCLOSEx

It's not that bad, you need to cheer up a little...

Maybe you are right, one has to be of high spirits for our next mission

Mission?
Are we going so soon?

Yes and No

There is an upcoming mission, that is fast approaching, but you Liz will sit it out

Oh...

As we have talked before, it will be more effective that way, in the meantime improve your skills on your own

Is that really the best-

Isn't it true, that acting on your own made your powers bloom? So it should be an expedient road for Liz to improve to.

I guess I really am far behind...

Oh, I guess you are as right as a man without his left hand

We need all the power we can aquire to deal with this travesty my father calls "order", squash the status quo of evil

Seems like a rift has grown between us...

huh?

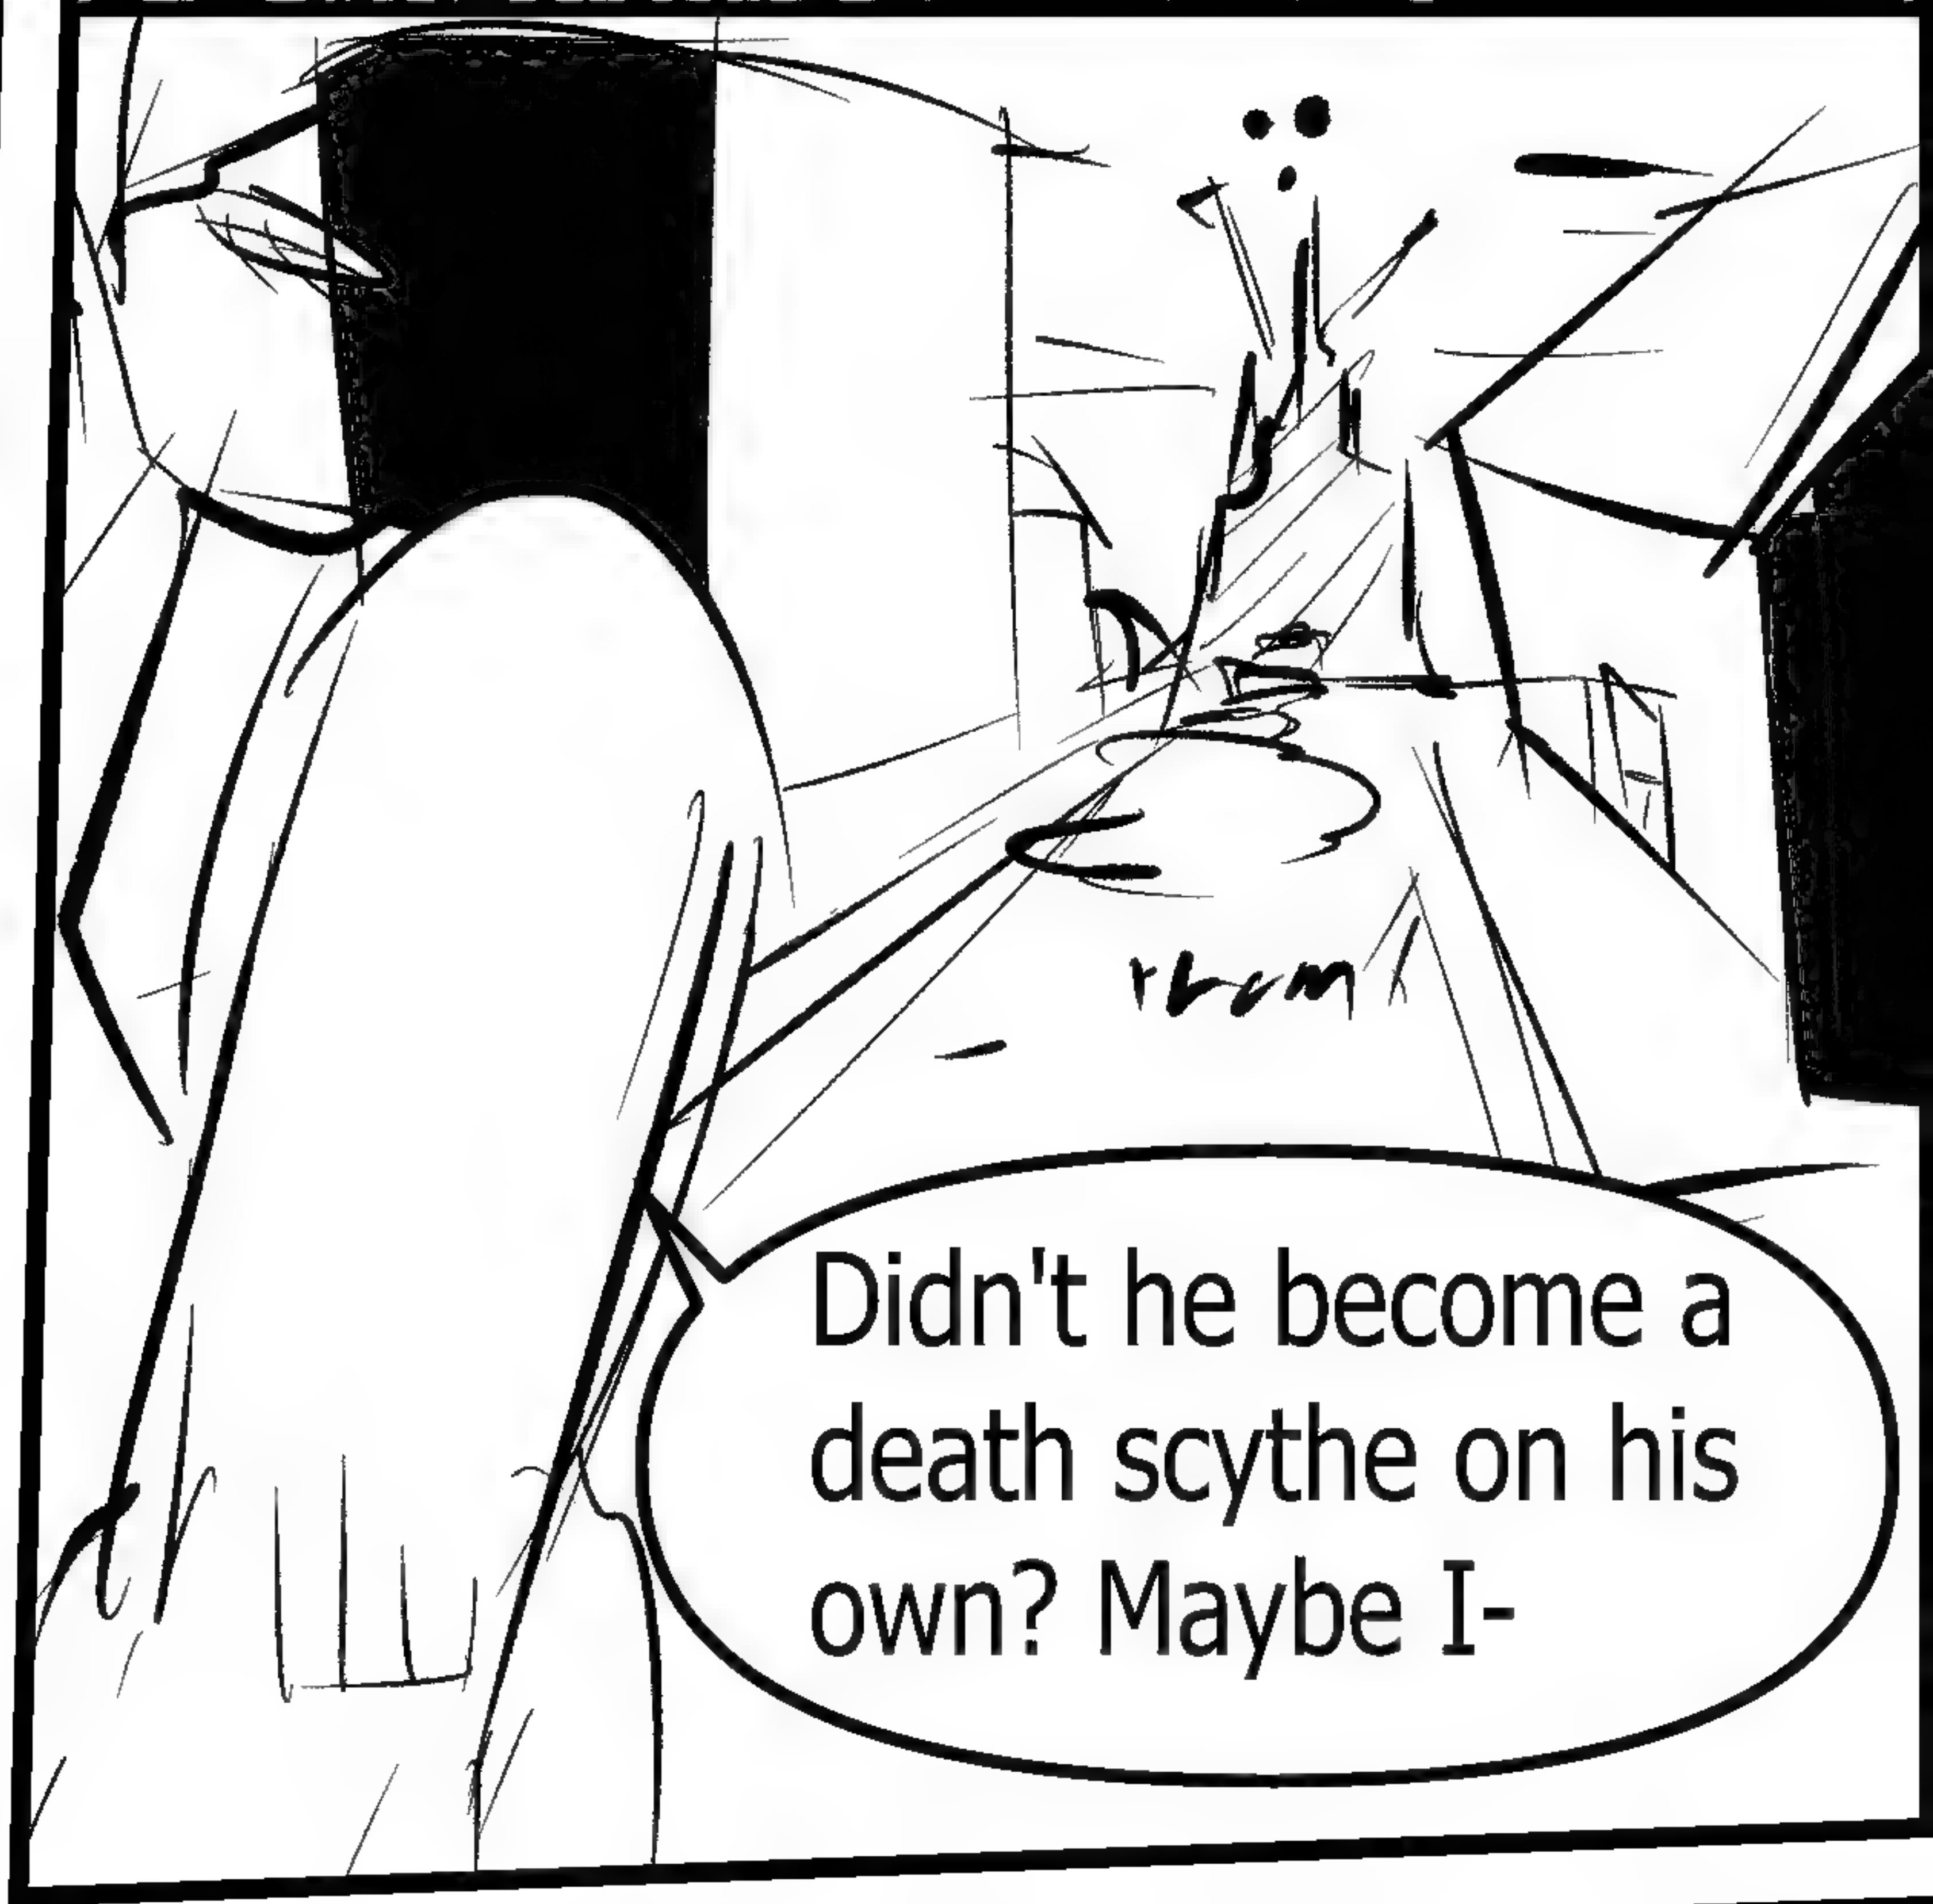

☆ SCOOB ☆

+ woom

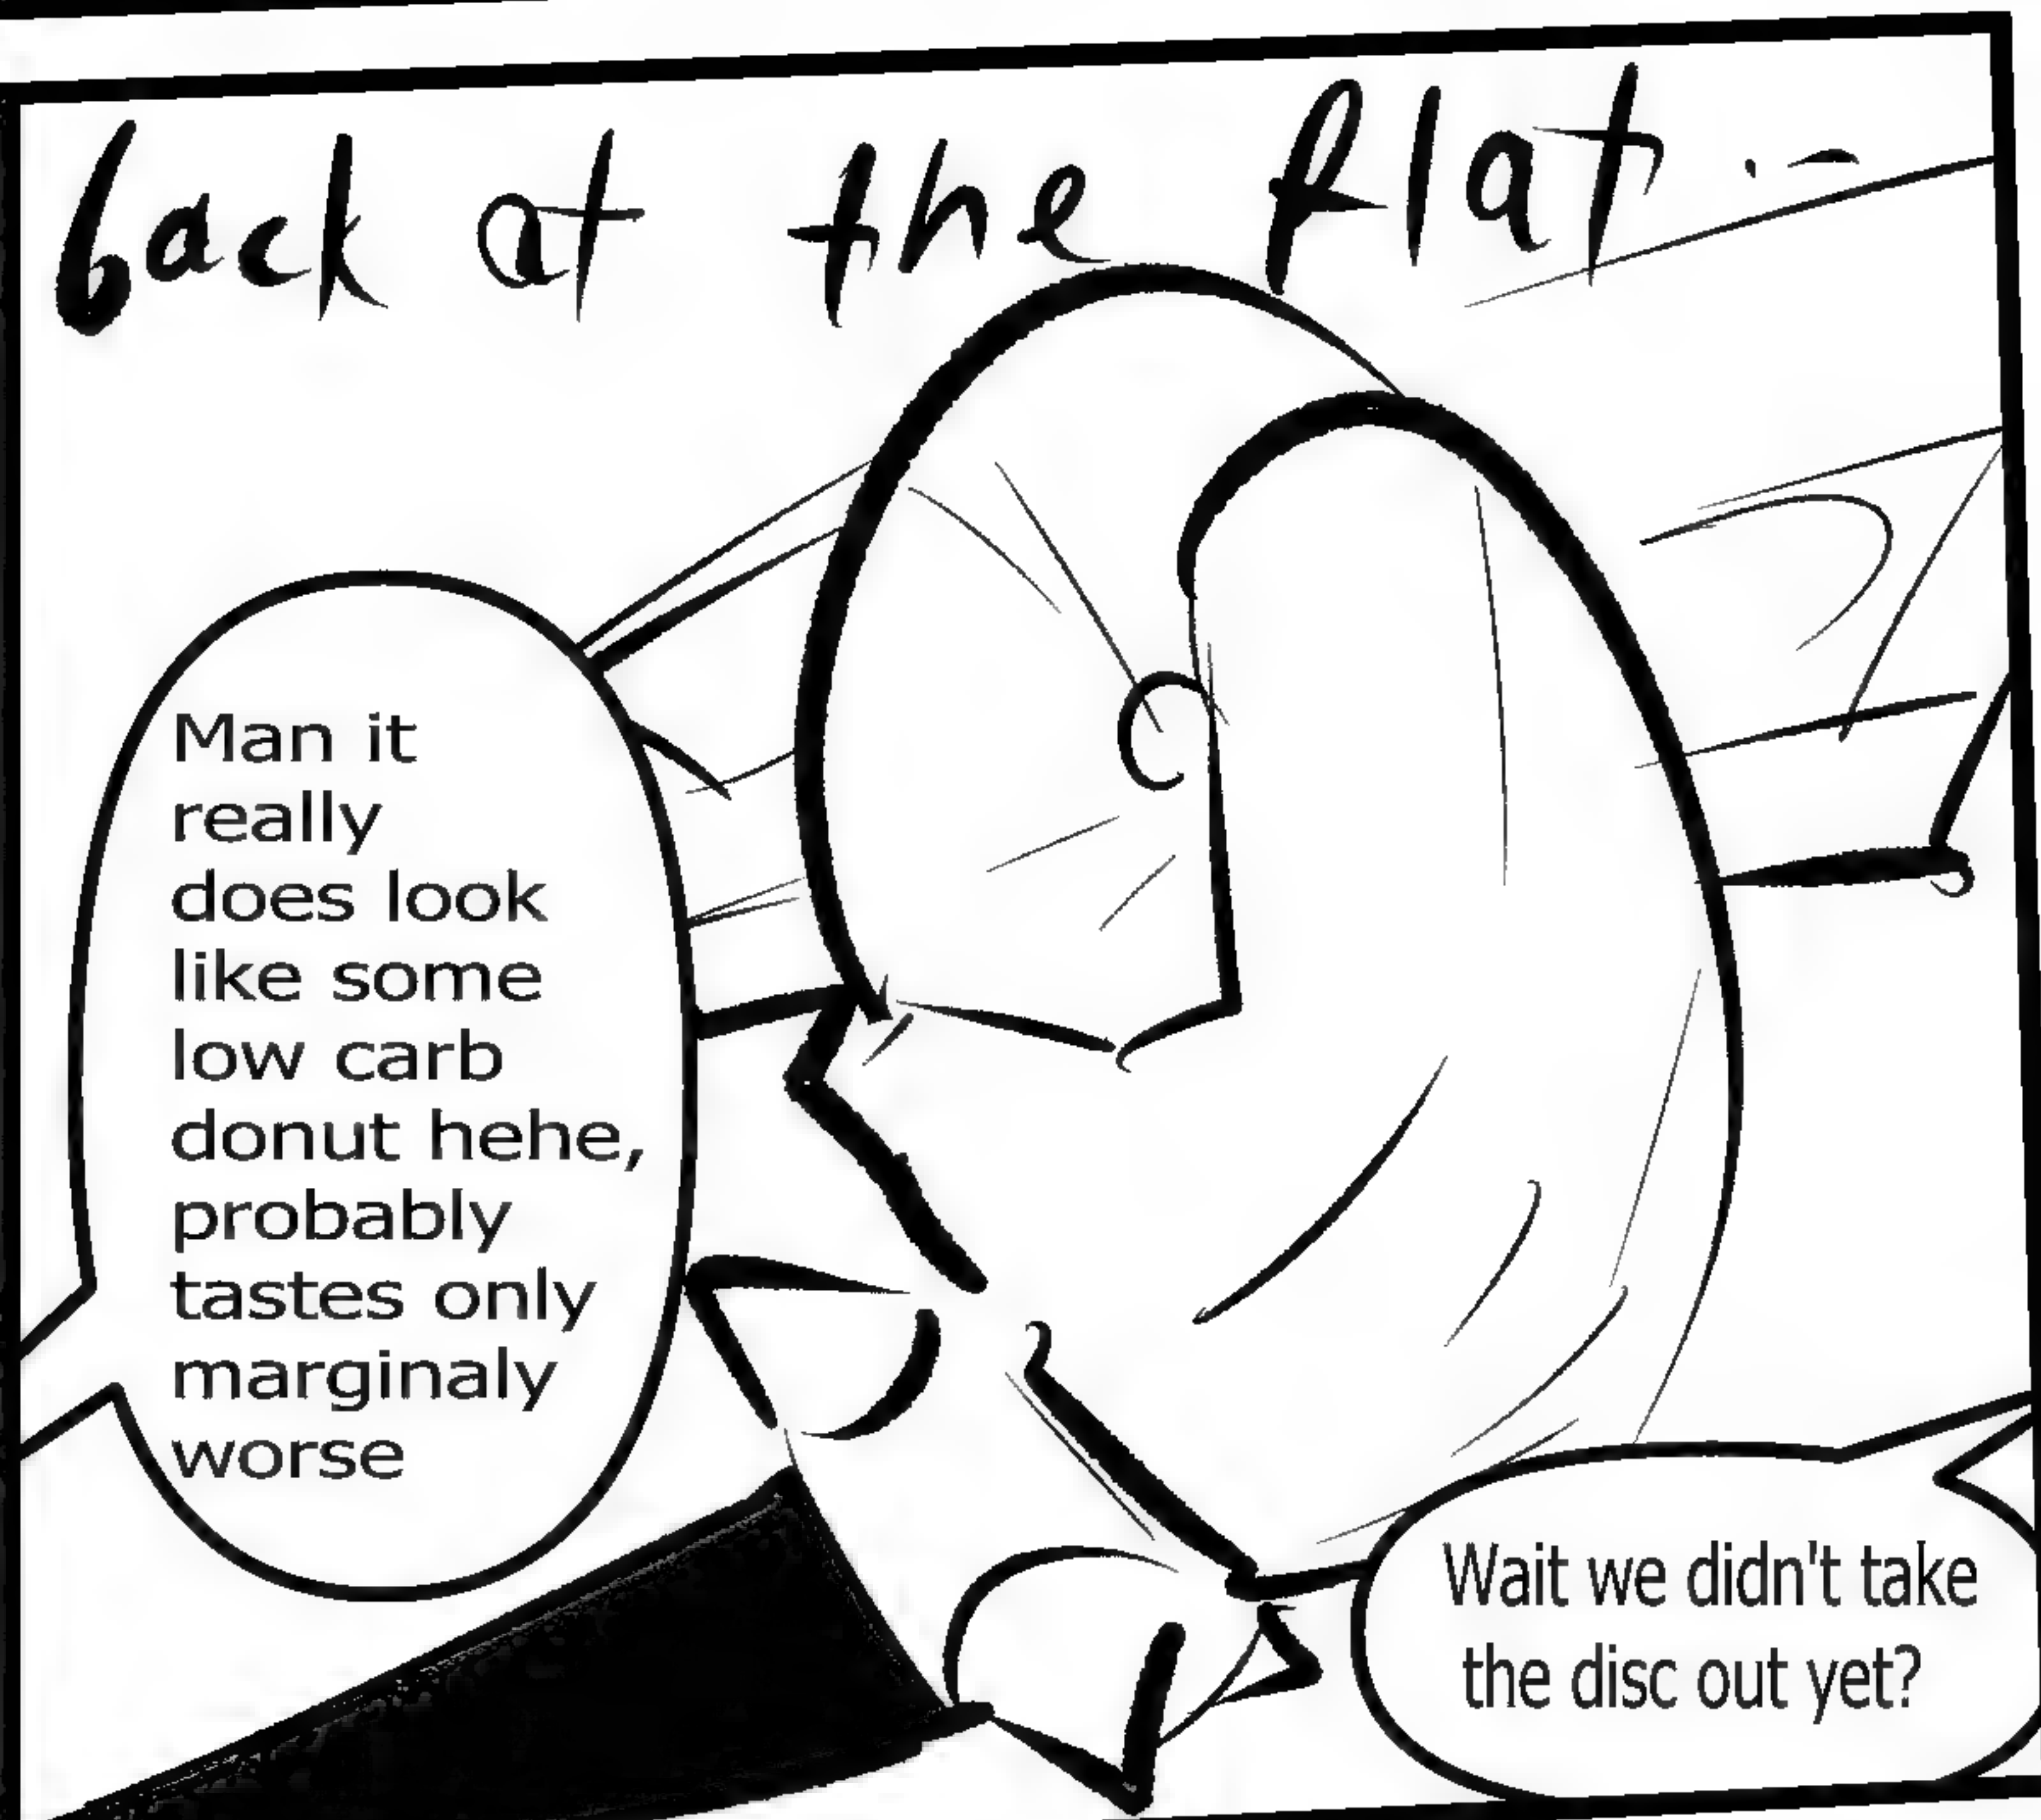

That must be that priestsboys car...

wonder were he's going...

Didn't he become a death scythe on his own? Maybe I-

back at the flat...

Man it really does look like some low carb donut hehe, probably tastes only marginally worse

Wait we didn't take the disc out yet?

Eh, if this was a comic, it would probably already have happened a few pages ago so with the average attention span - who cares

DING

So back into the box forever

DONG

Ups, the doorhinge seems to be a bit loose

Oh hi, Black Star must have forgotten about the draft when closing the door...

Hmm, a shame that we were to late to check on you kids, I could have "taught " him proper door closing etiquette

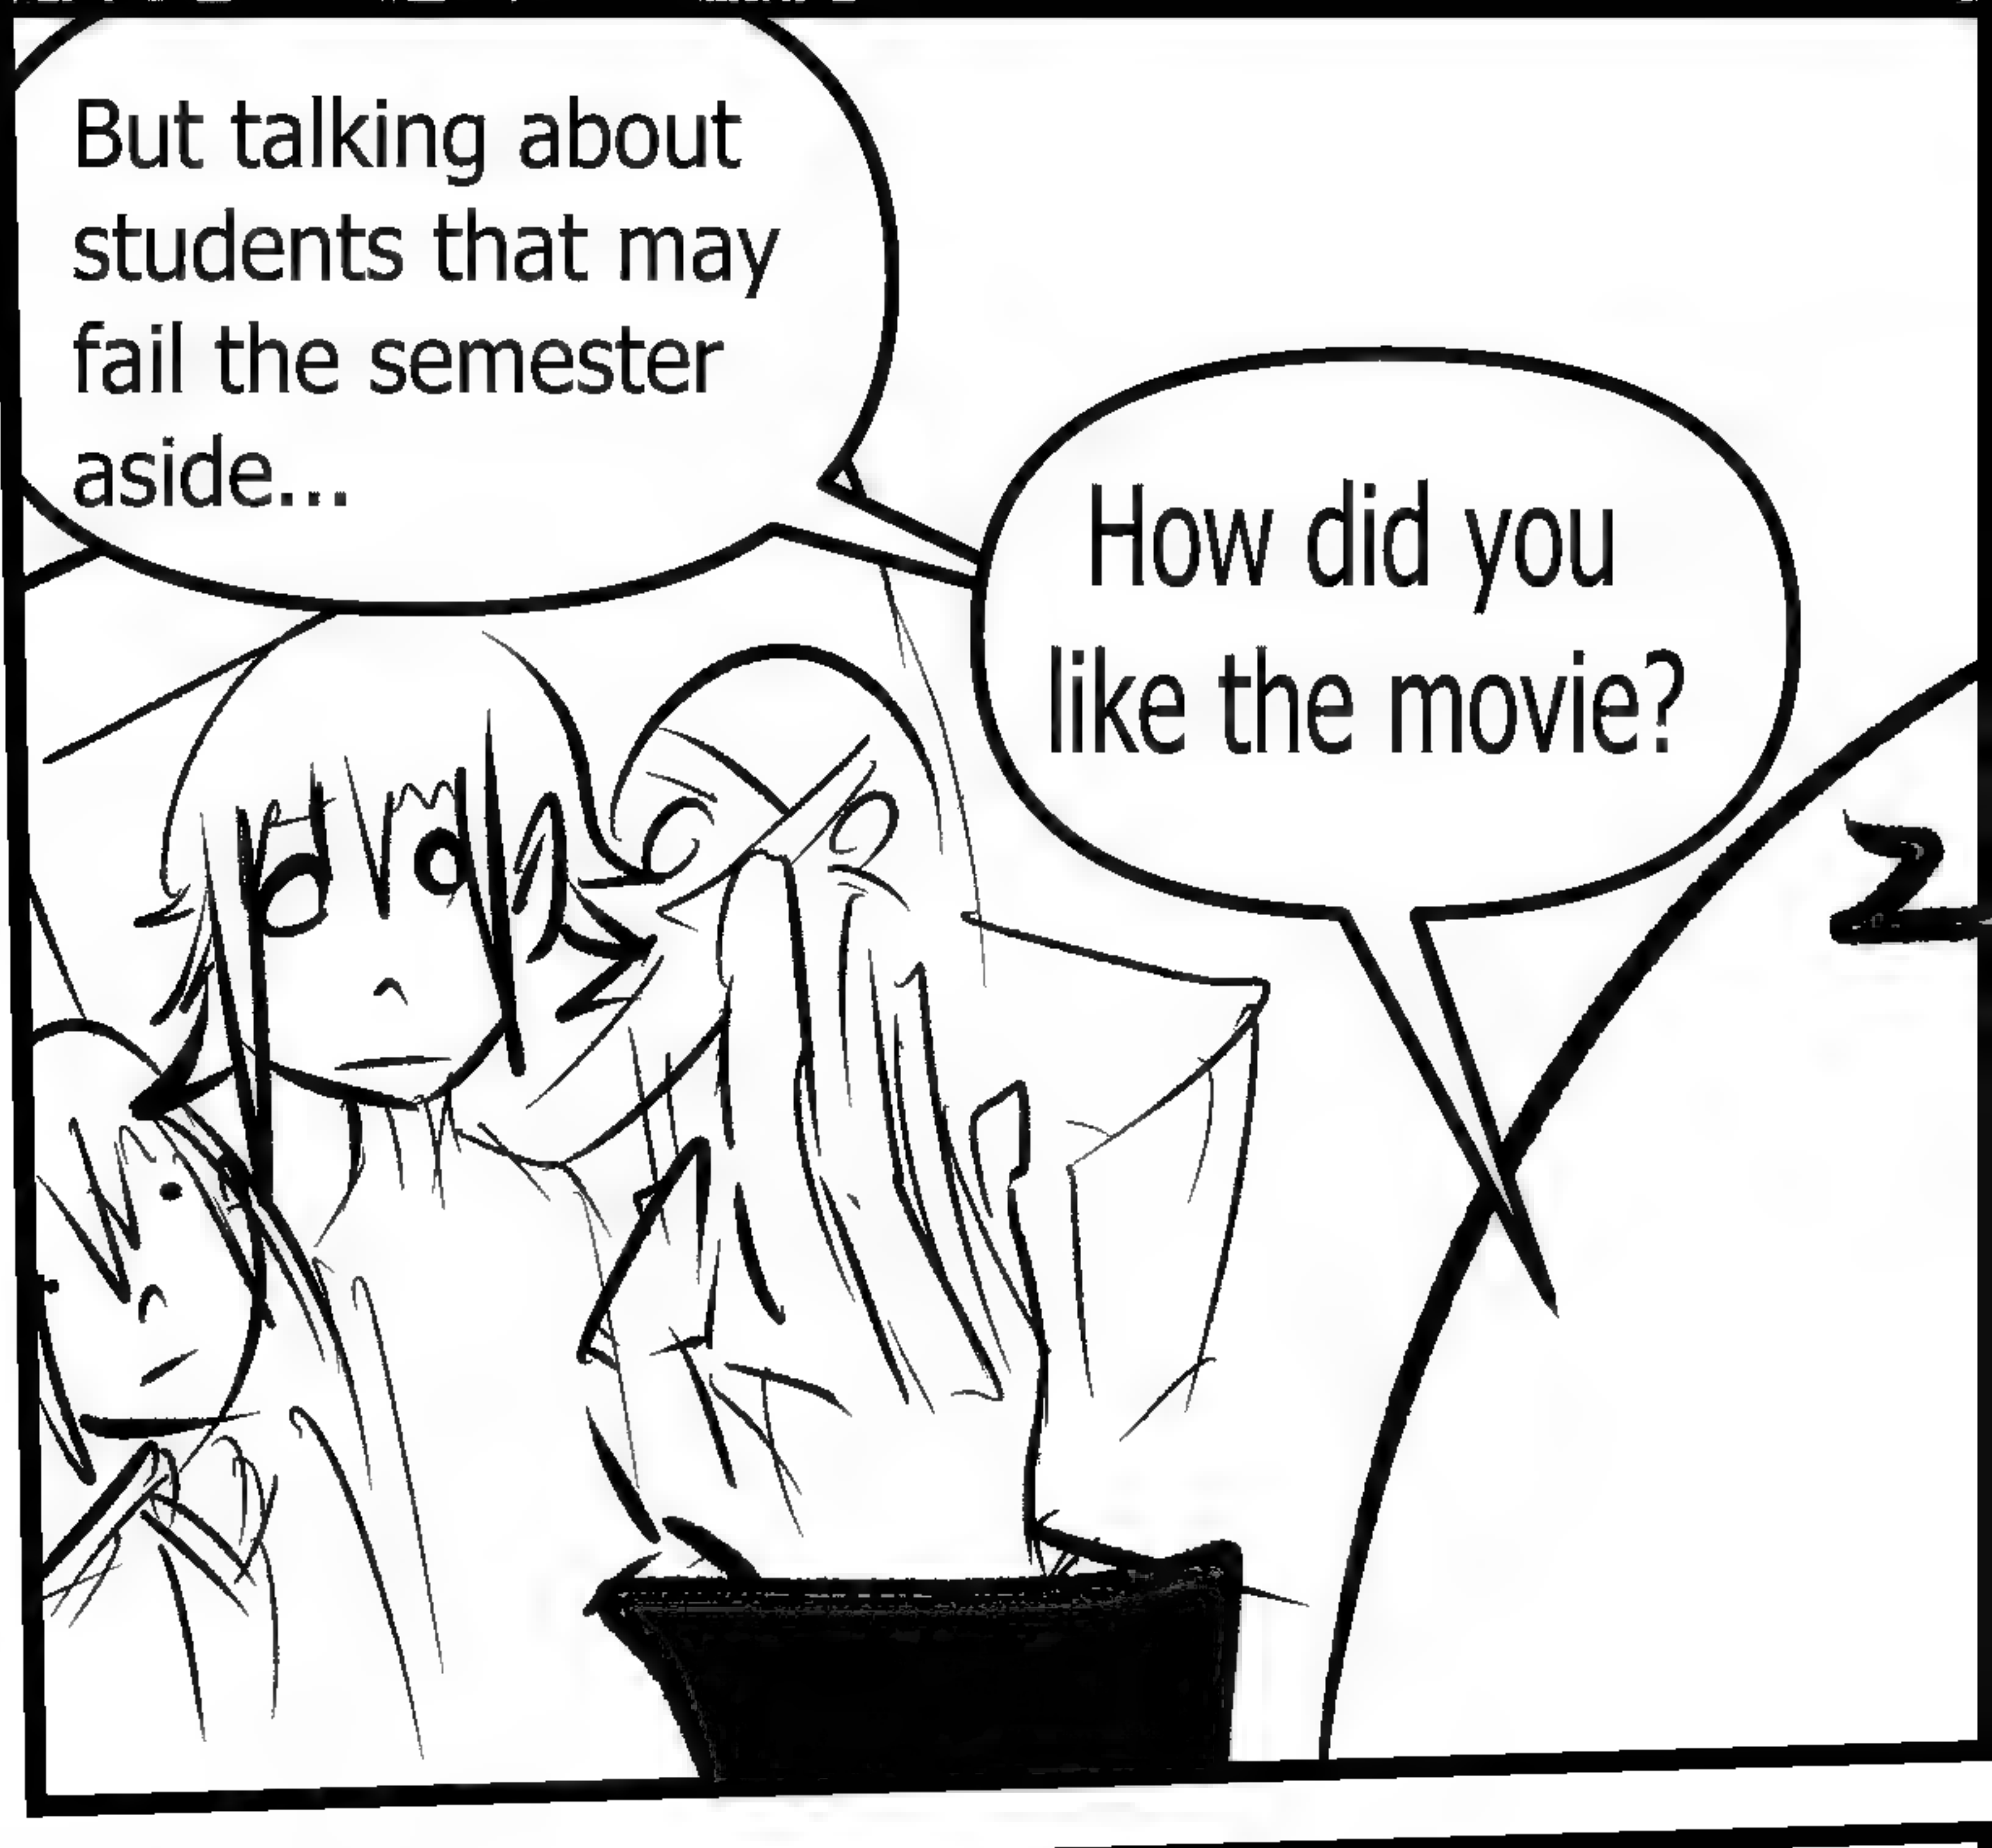

Thanks, but I think I will personally give him the extracurricular lesson

And otherwise we are fine, but thanks for the concern

Oh that's great to hear, that even with your injury you are ready to help your friends, Black Star really needs to improve his grades afterall

But talking about students that may fail the semester aside...

How did you like the movie?

Let's just say it was "interesting" hehe

Besides the ending

Oh, but that's the only part I remember!

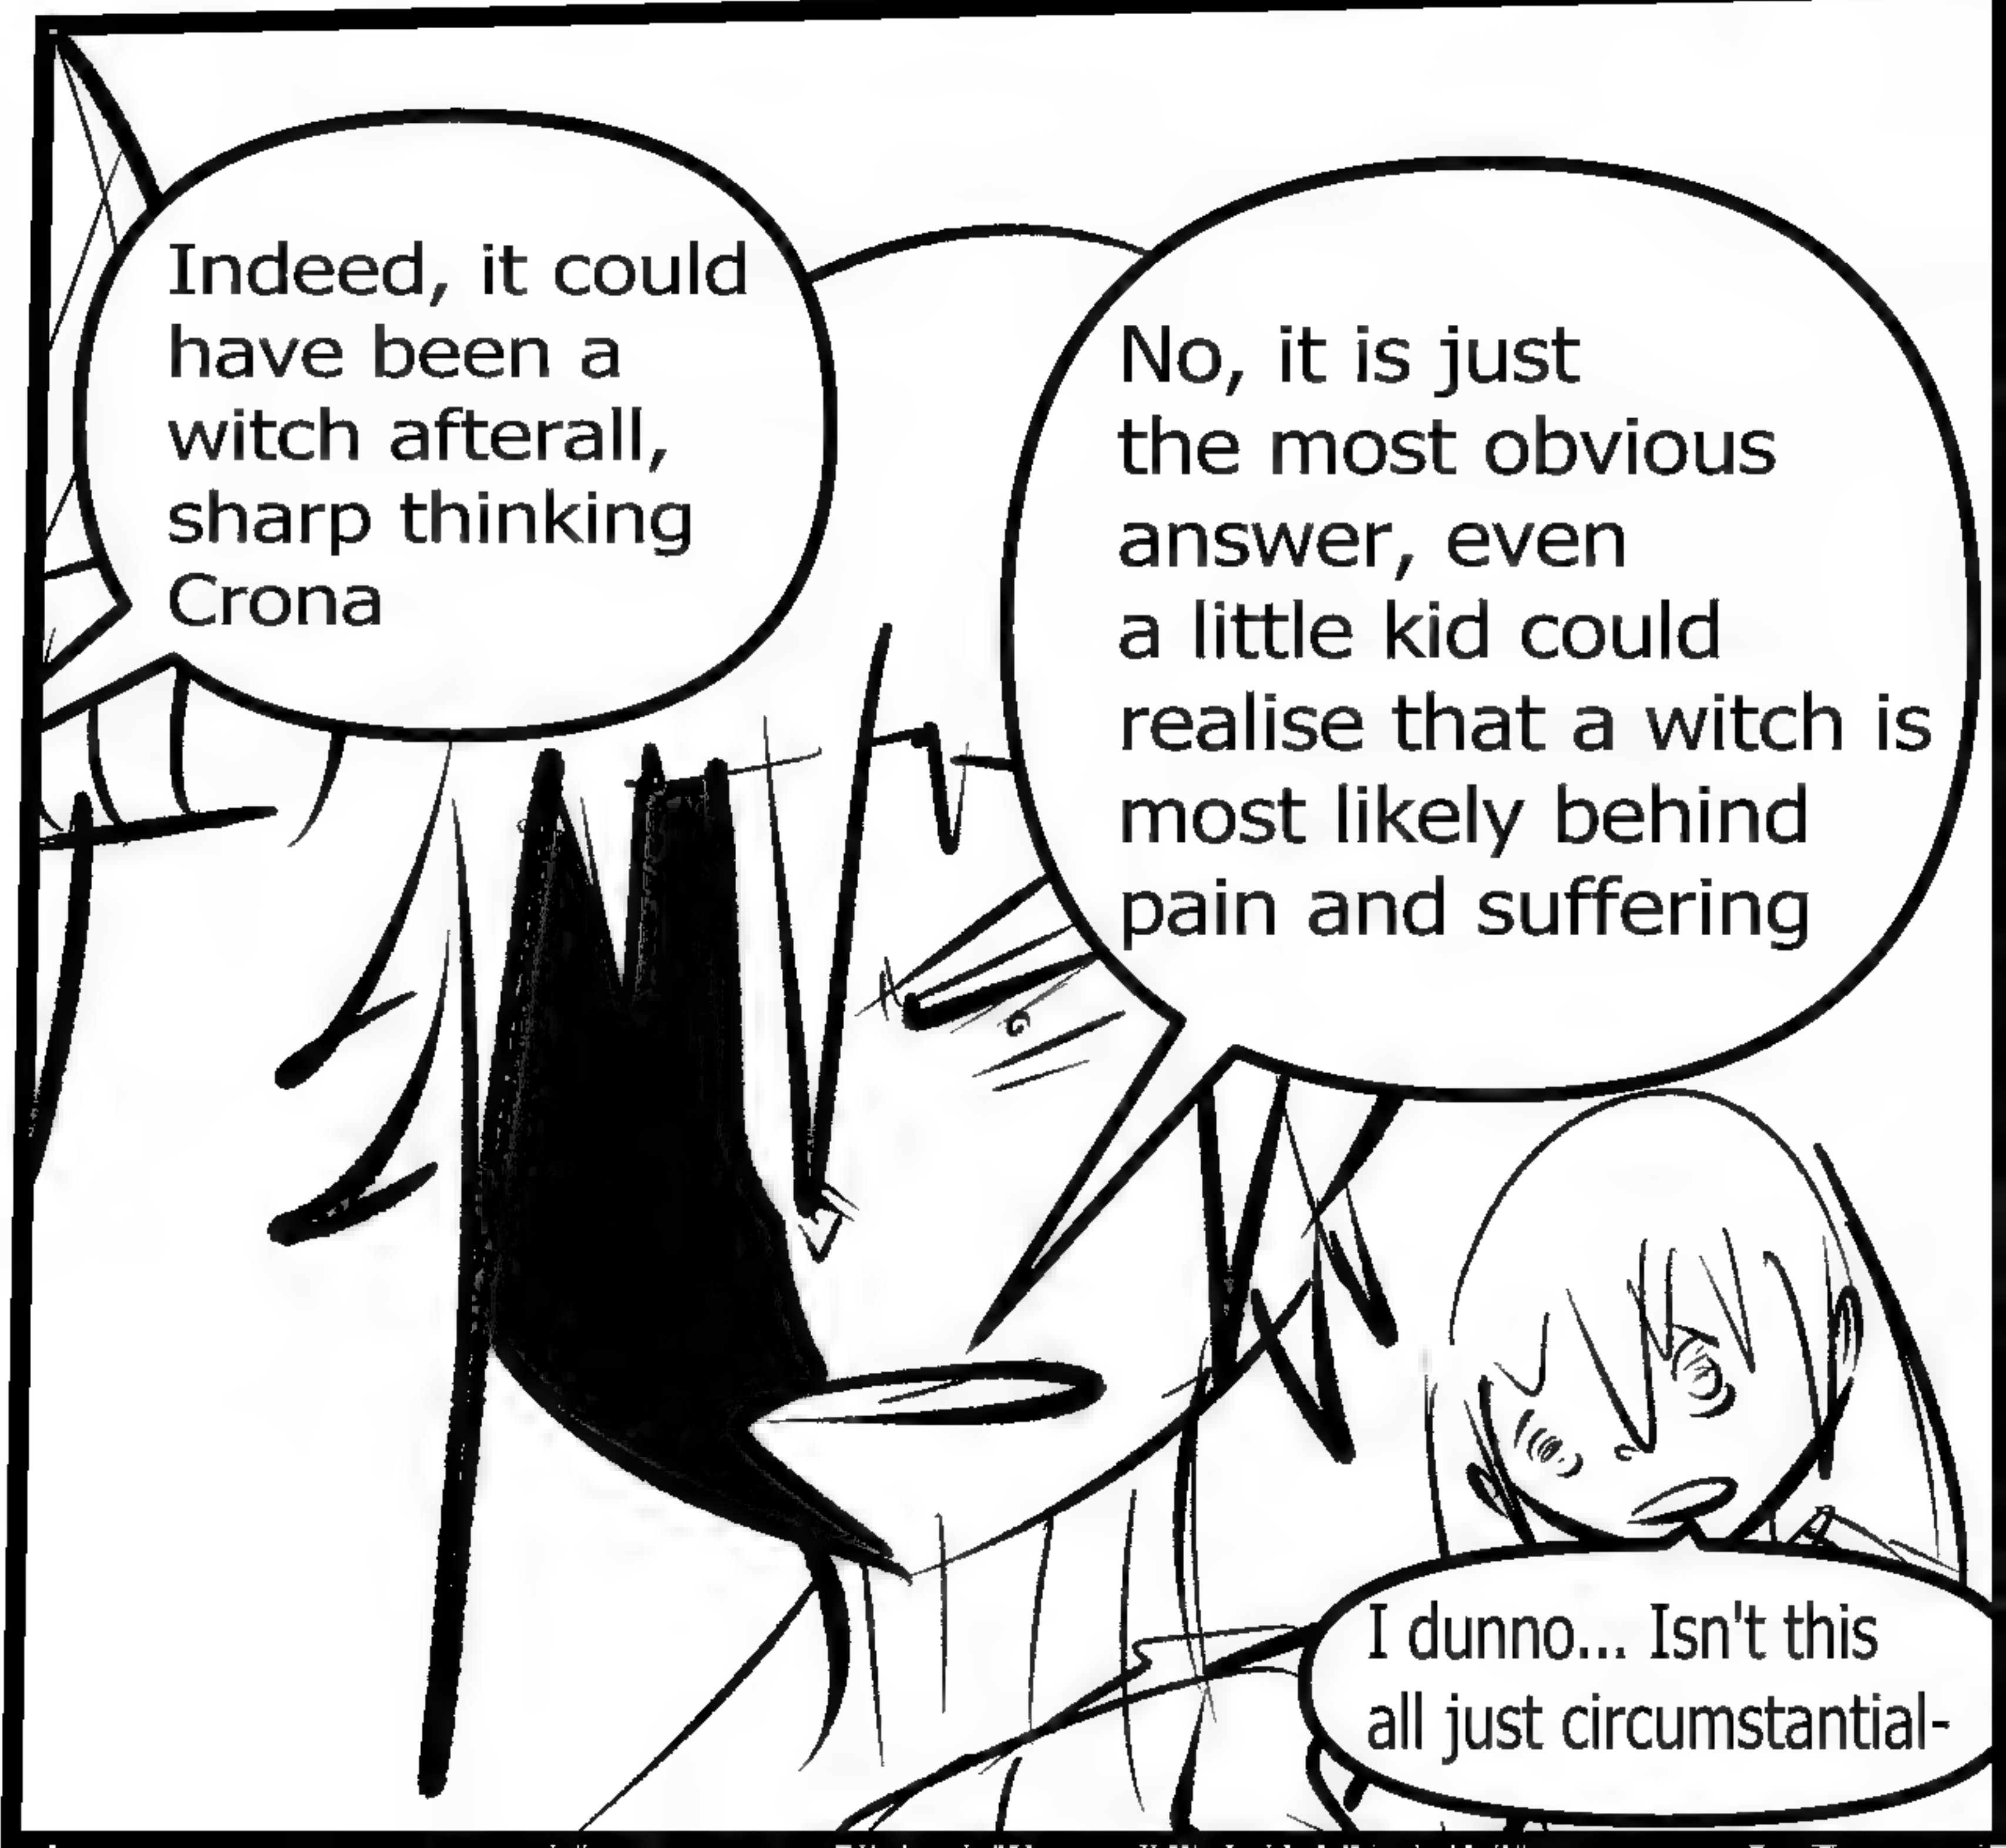

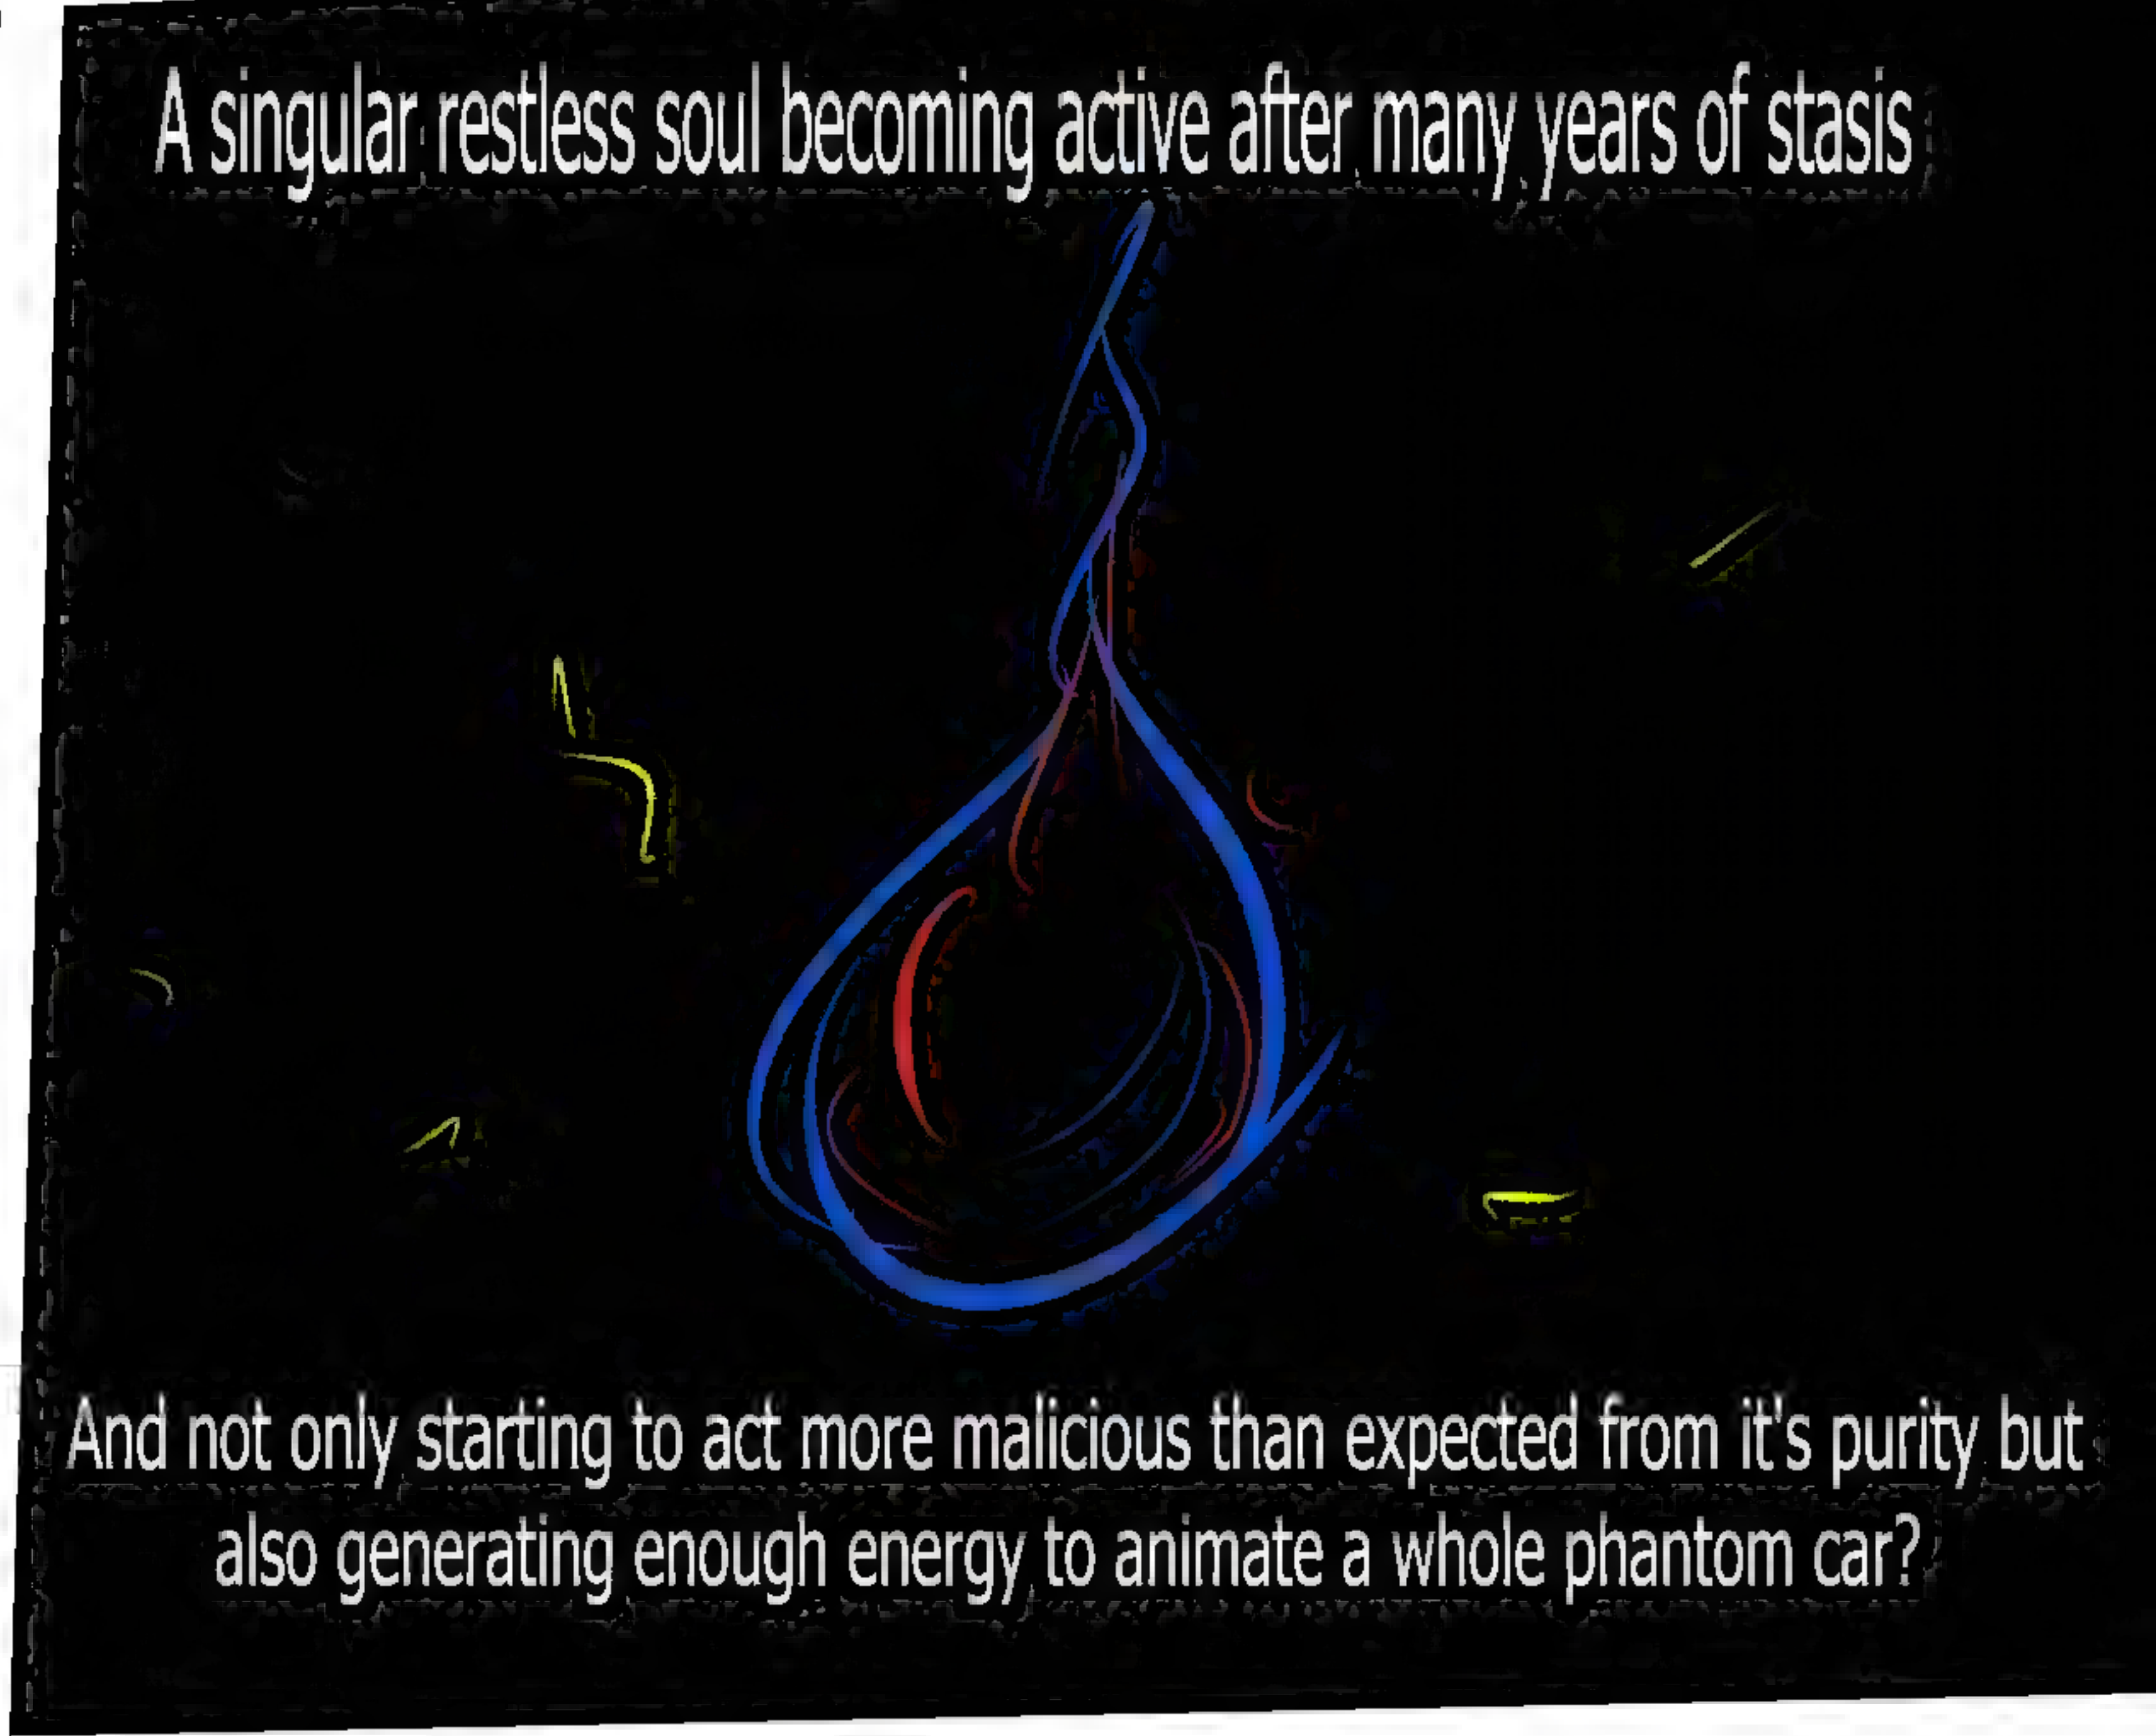

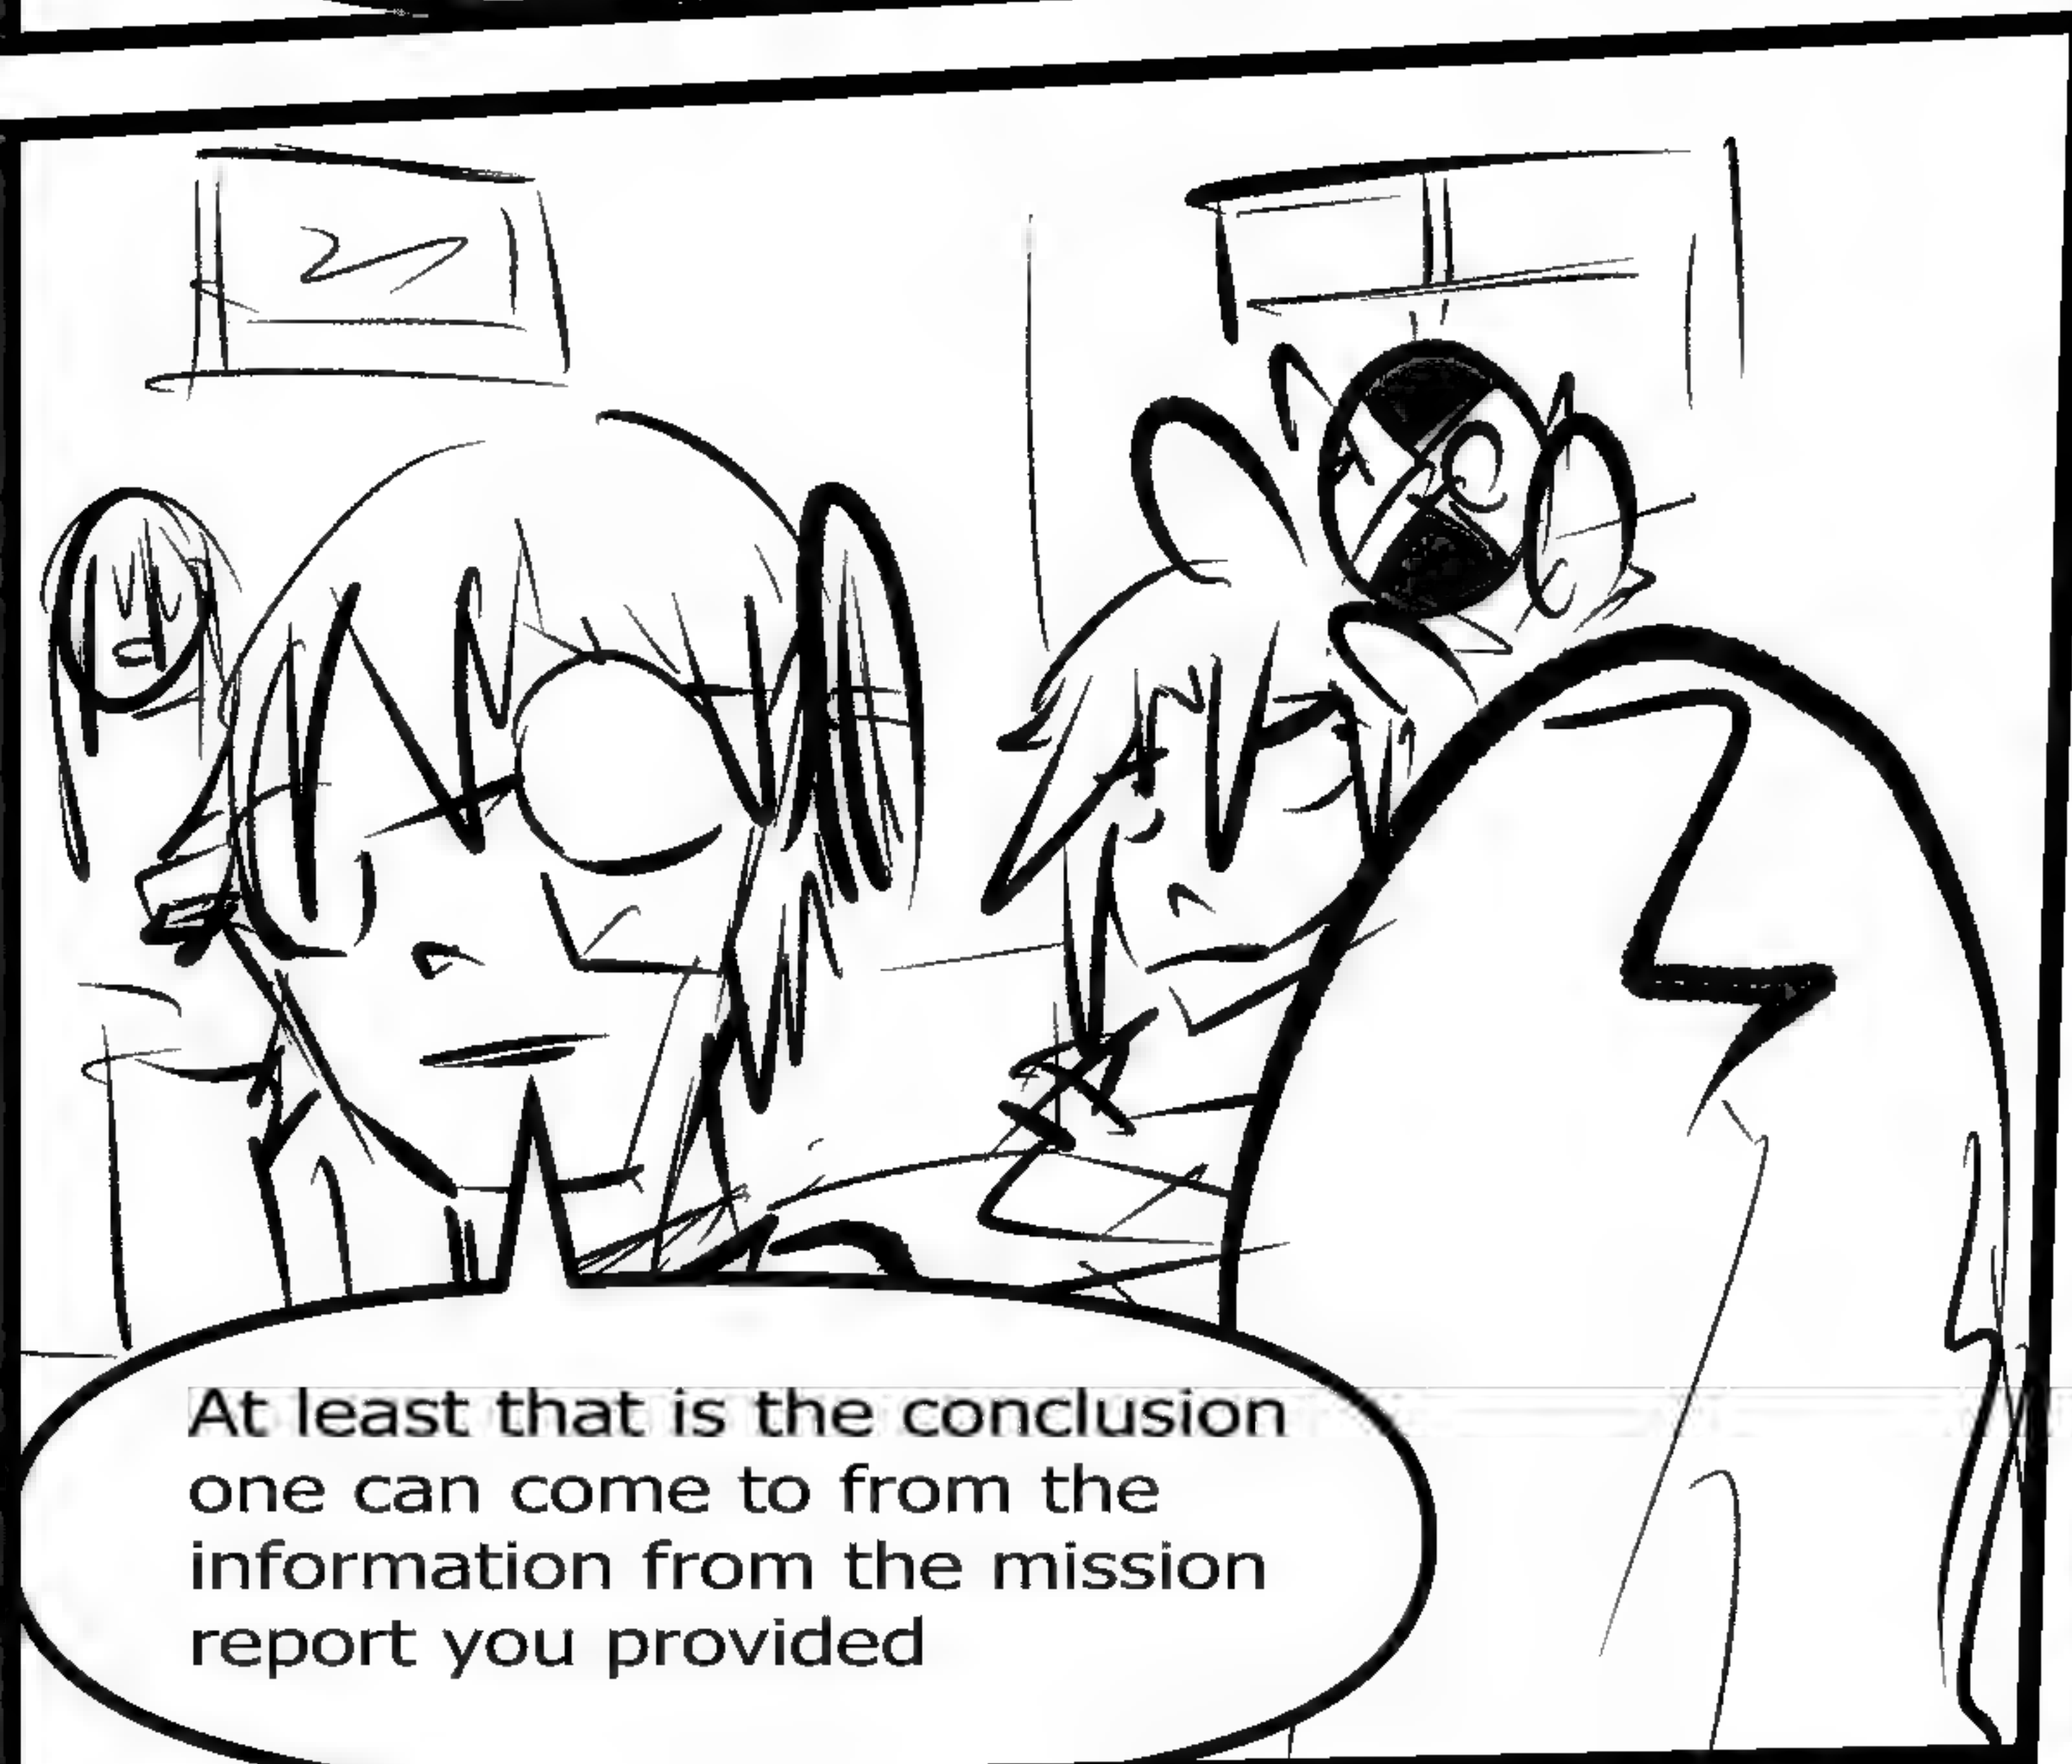

That explains a lot

I think there was a green witch too, she was hilarious!

Allways ruining everything and everyone... Maybe my sense of humor is just bad...

huh?

True... But a obvious hypothesis can also be true, you can't allways verify everything a 100 percent

And if this theory is right, the witches are active dangerously close to the DWMA...

CRANK

We got to stop them!

ZAP

Let's hope it's not the case, because I seem to have chosen the worst point in time to have injured myself

Just turn into a scythe

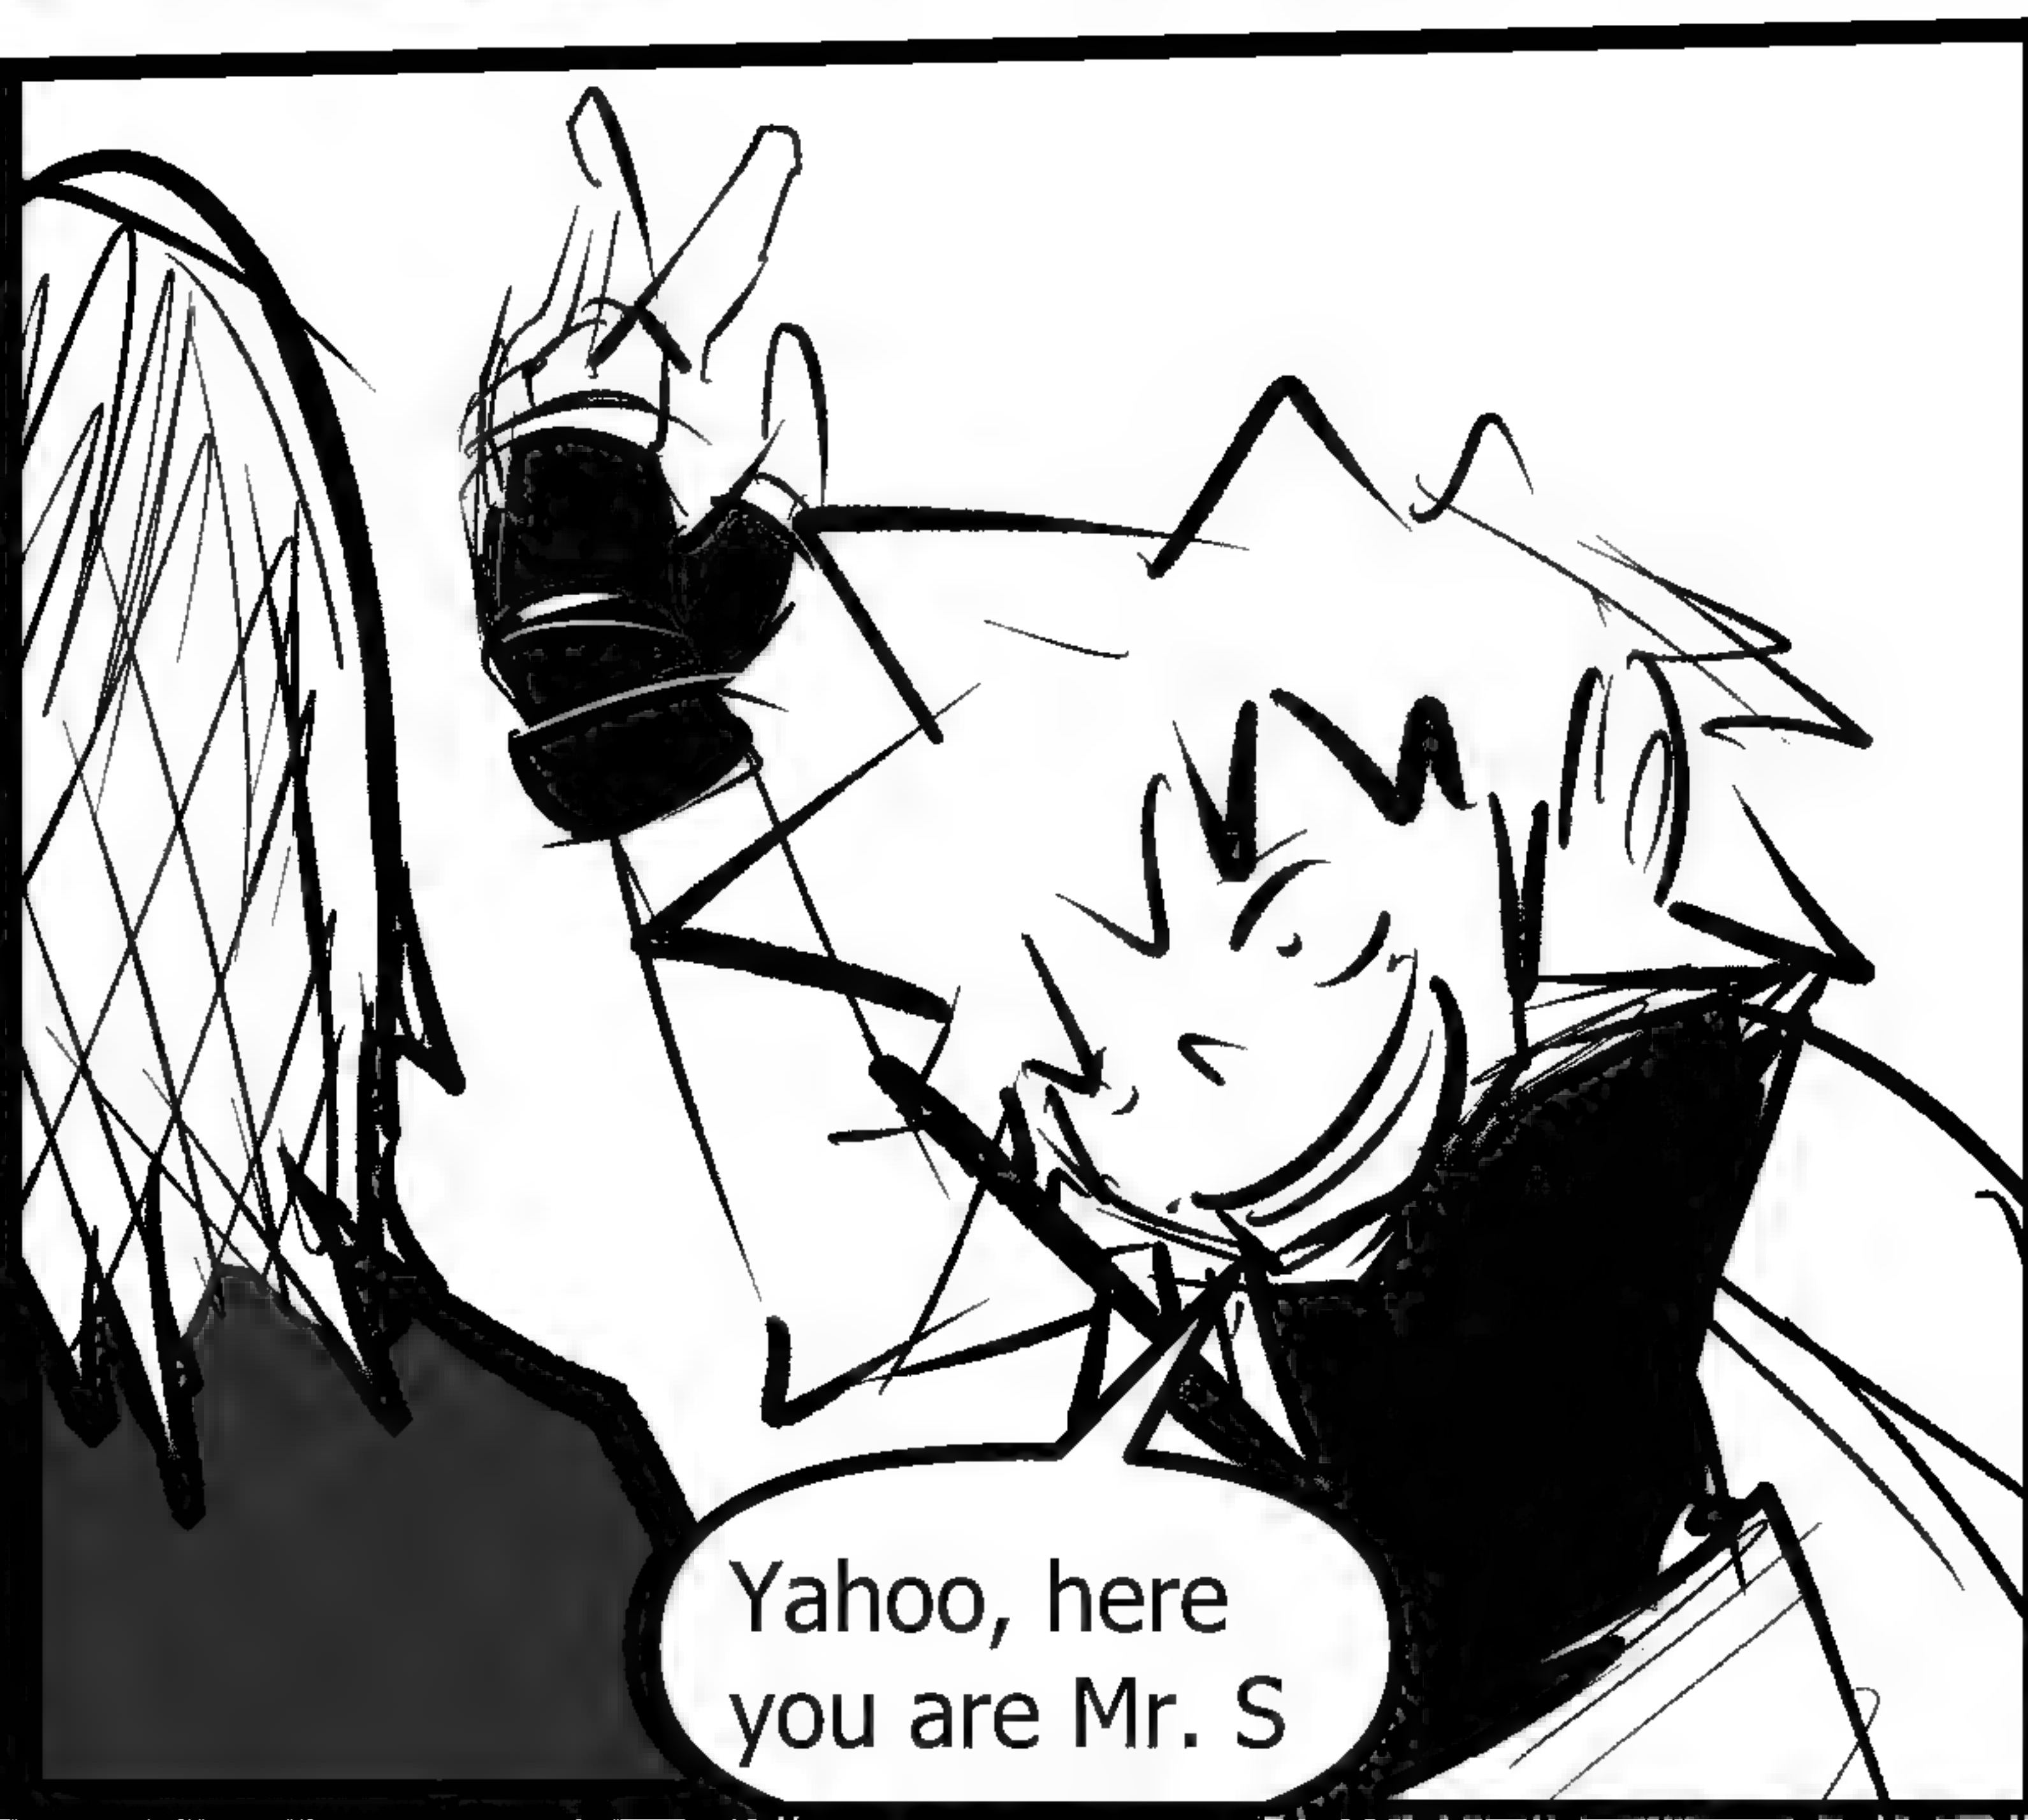

Not like you would be of much use moving your ass anyways in your weapon form

A witch probably even setup that banana peel that injured Maka

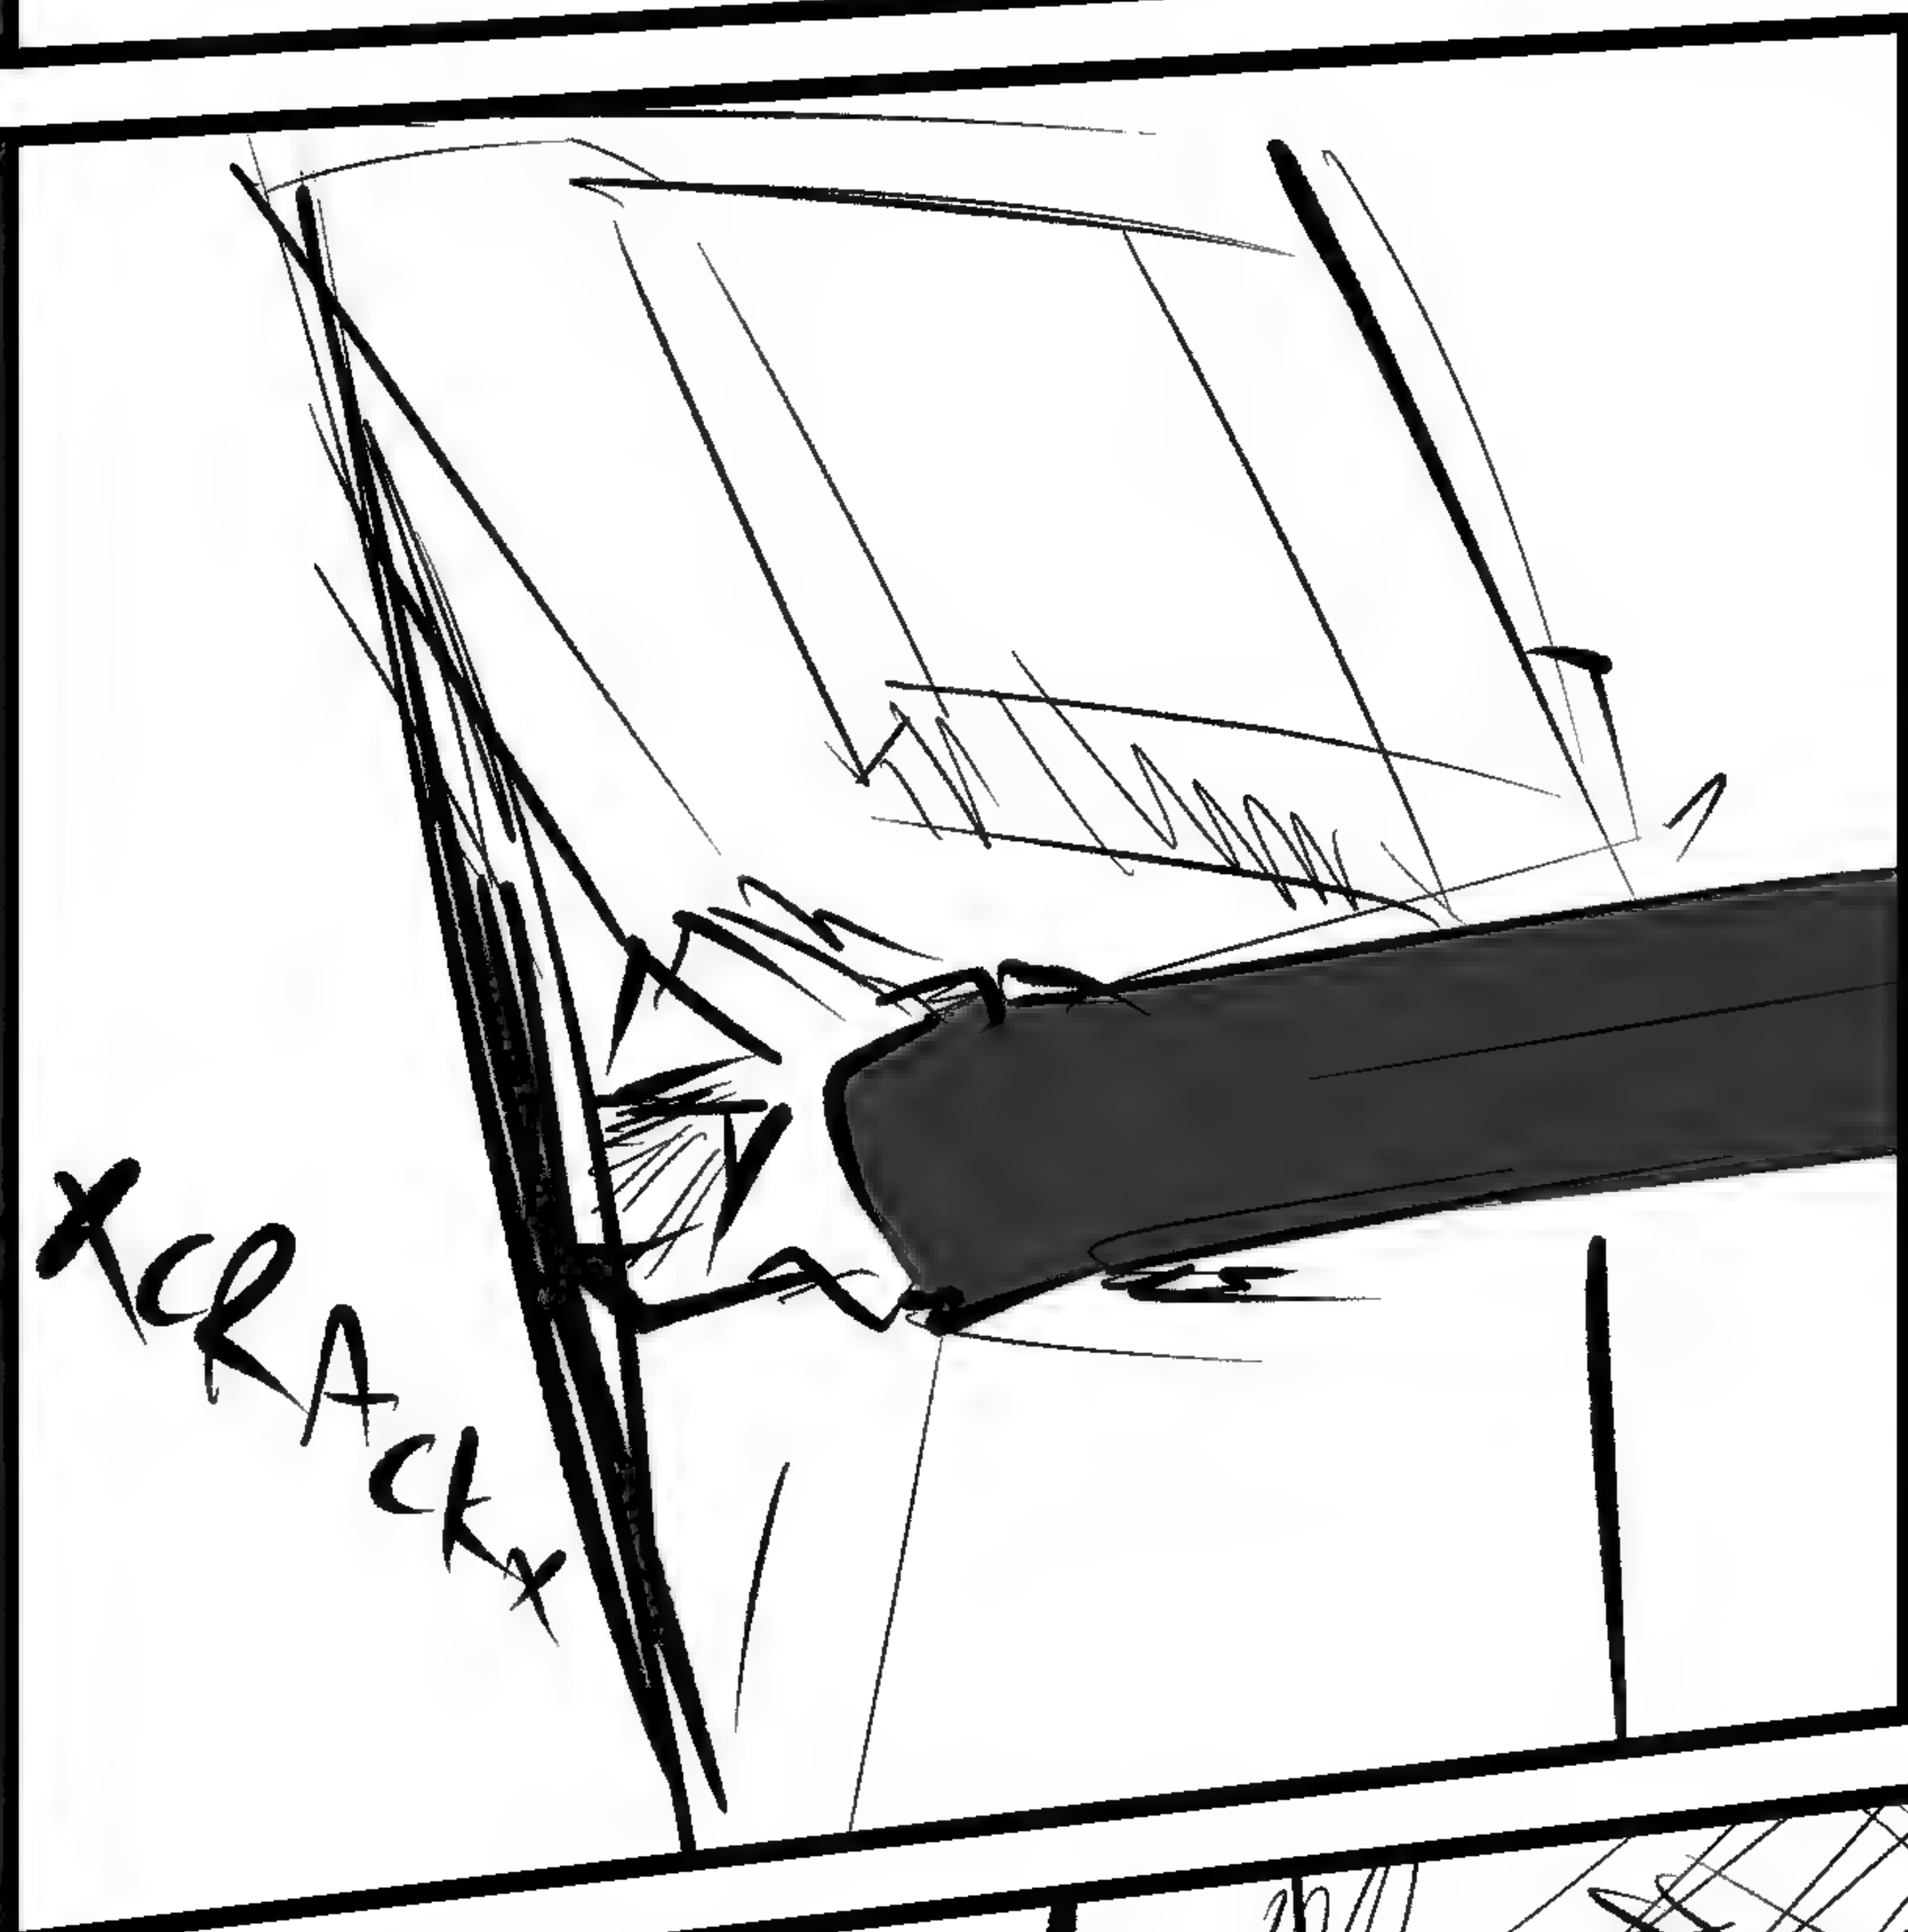

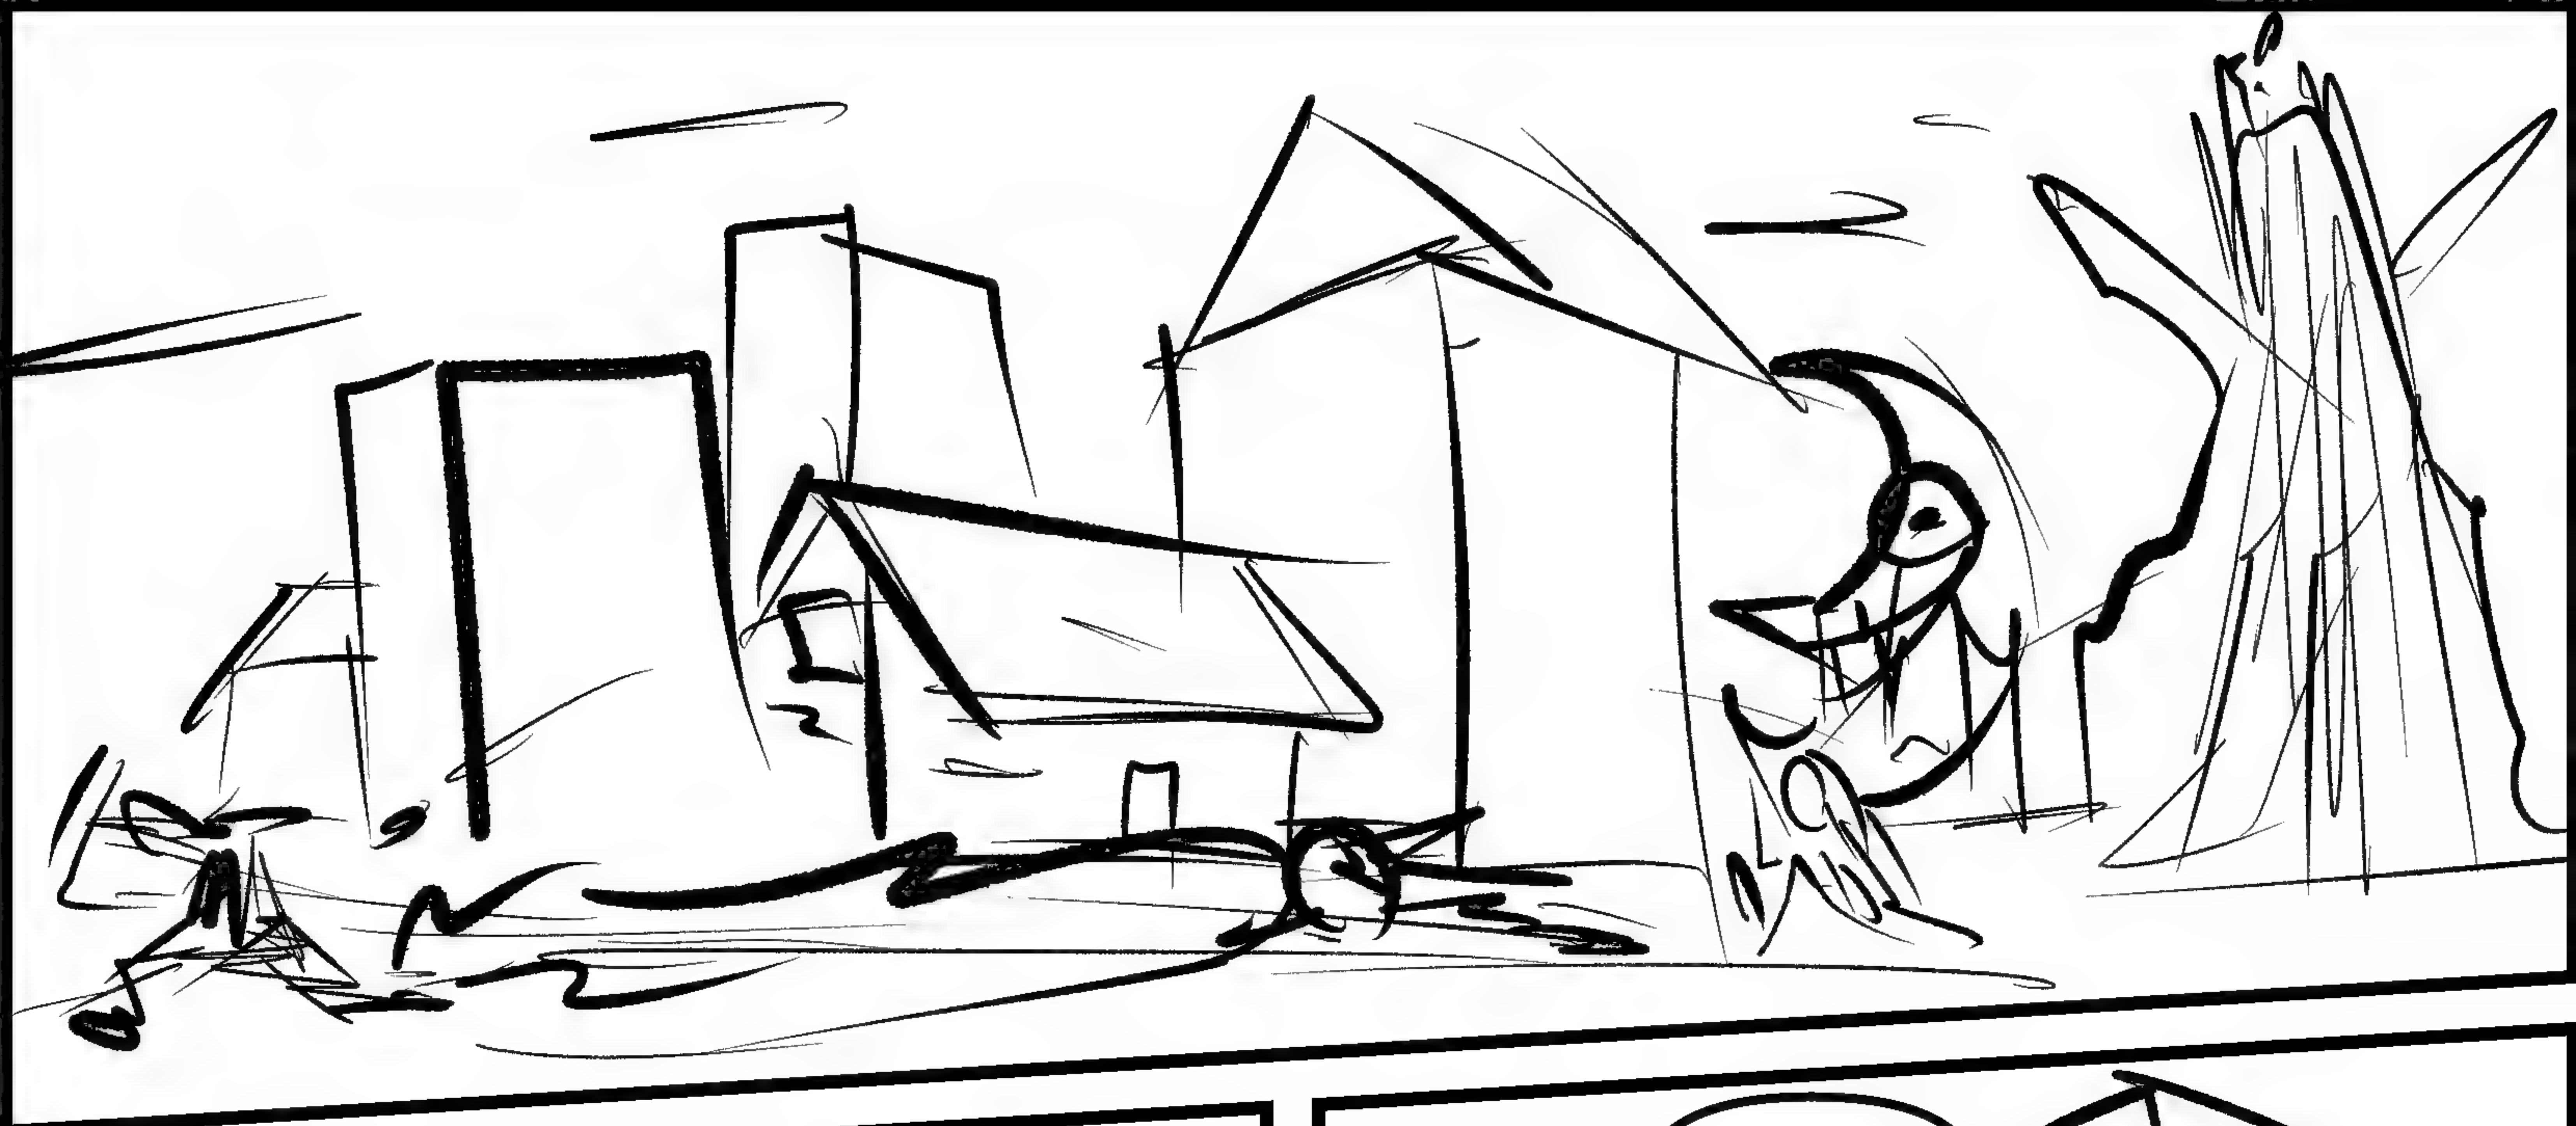

Ok, let's not go overboard

CWO

But whatever the case is, we have to stay vigilant

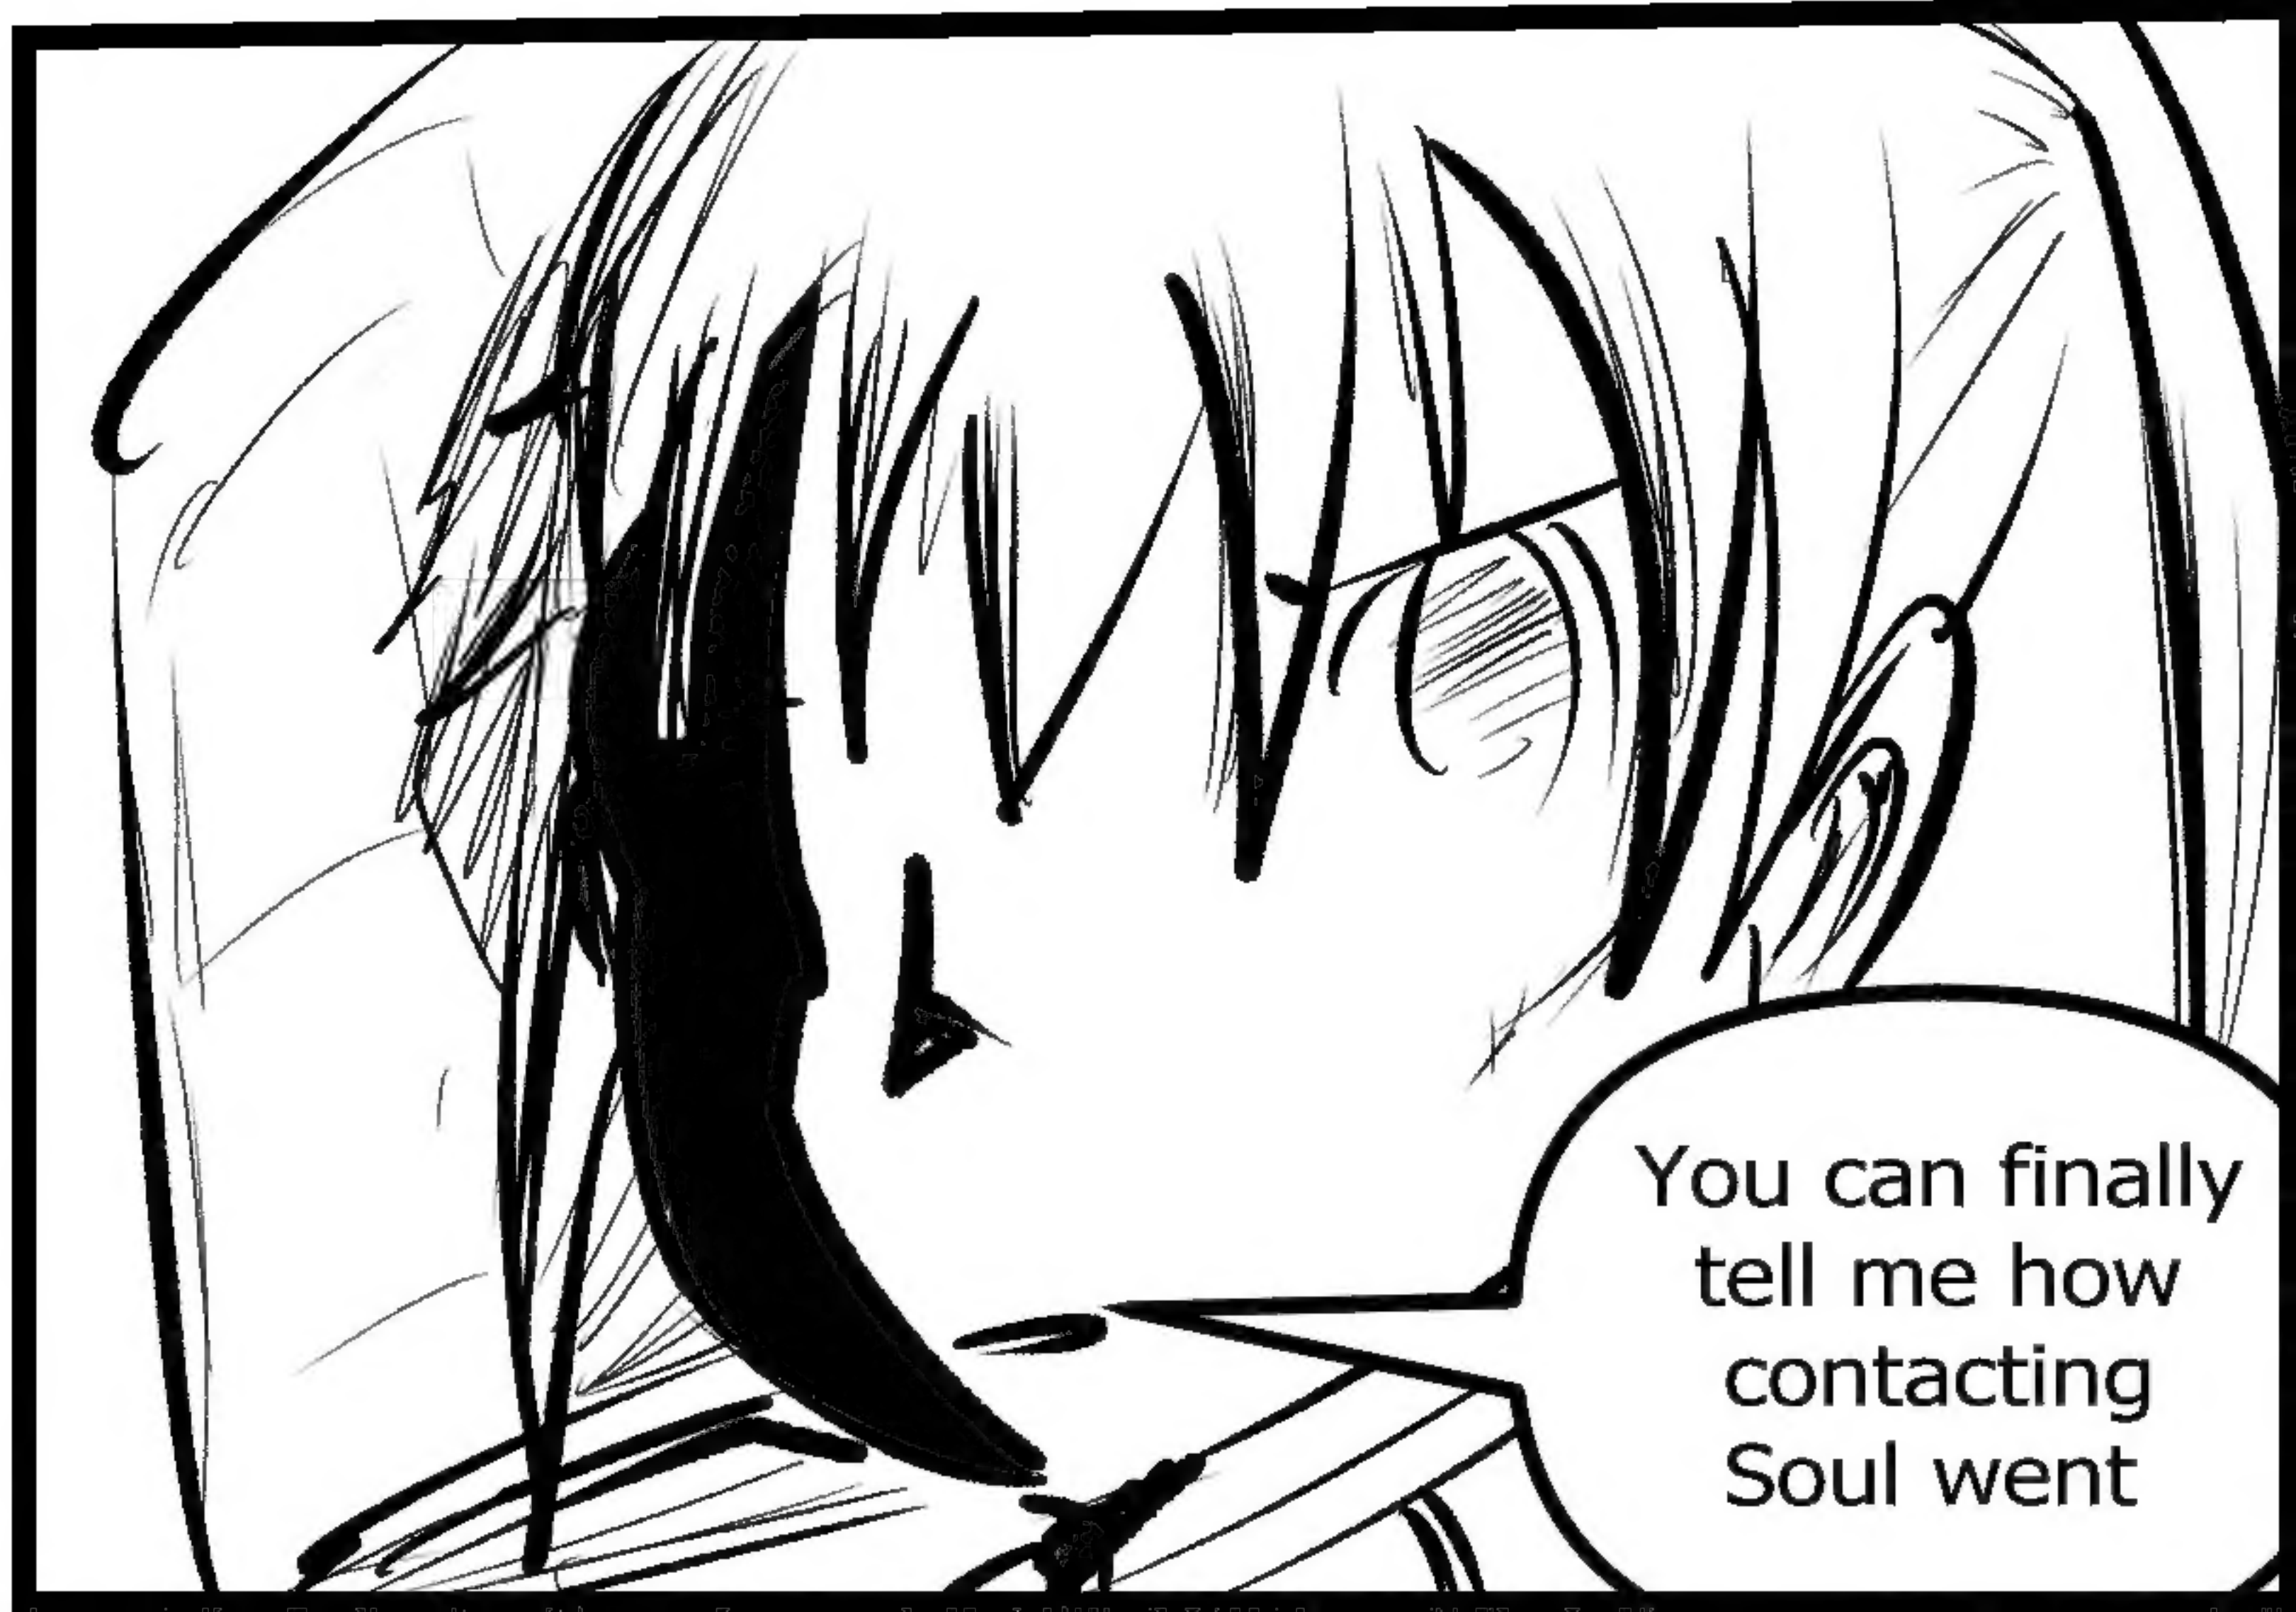

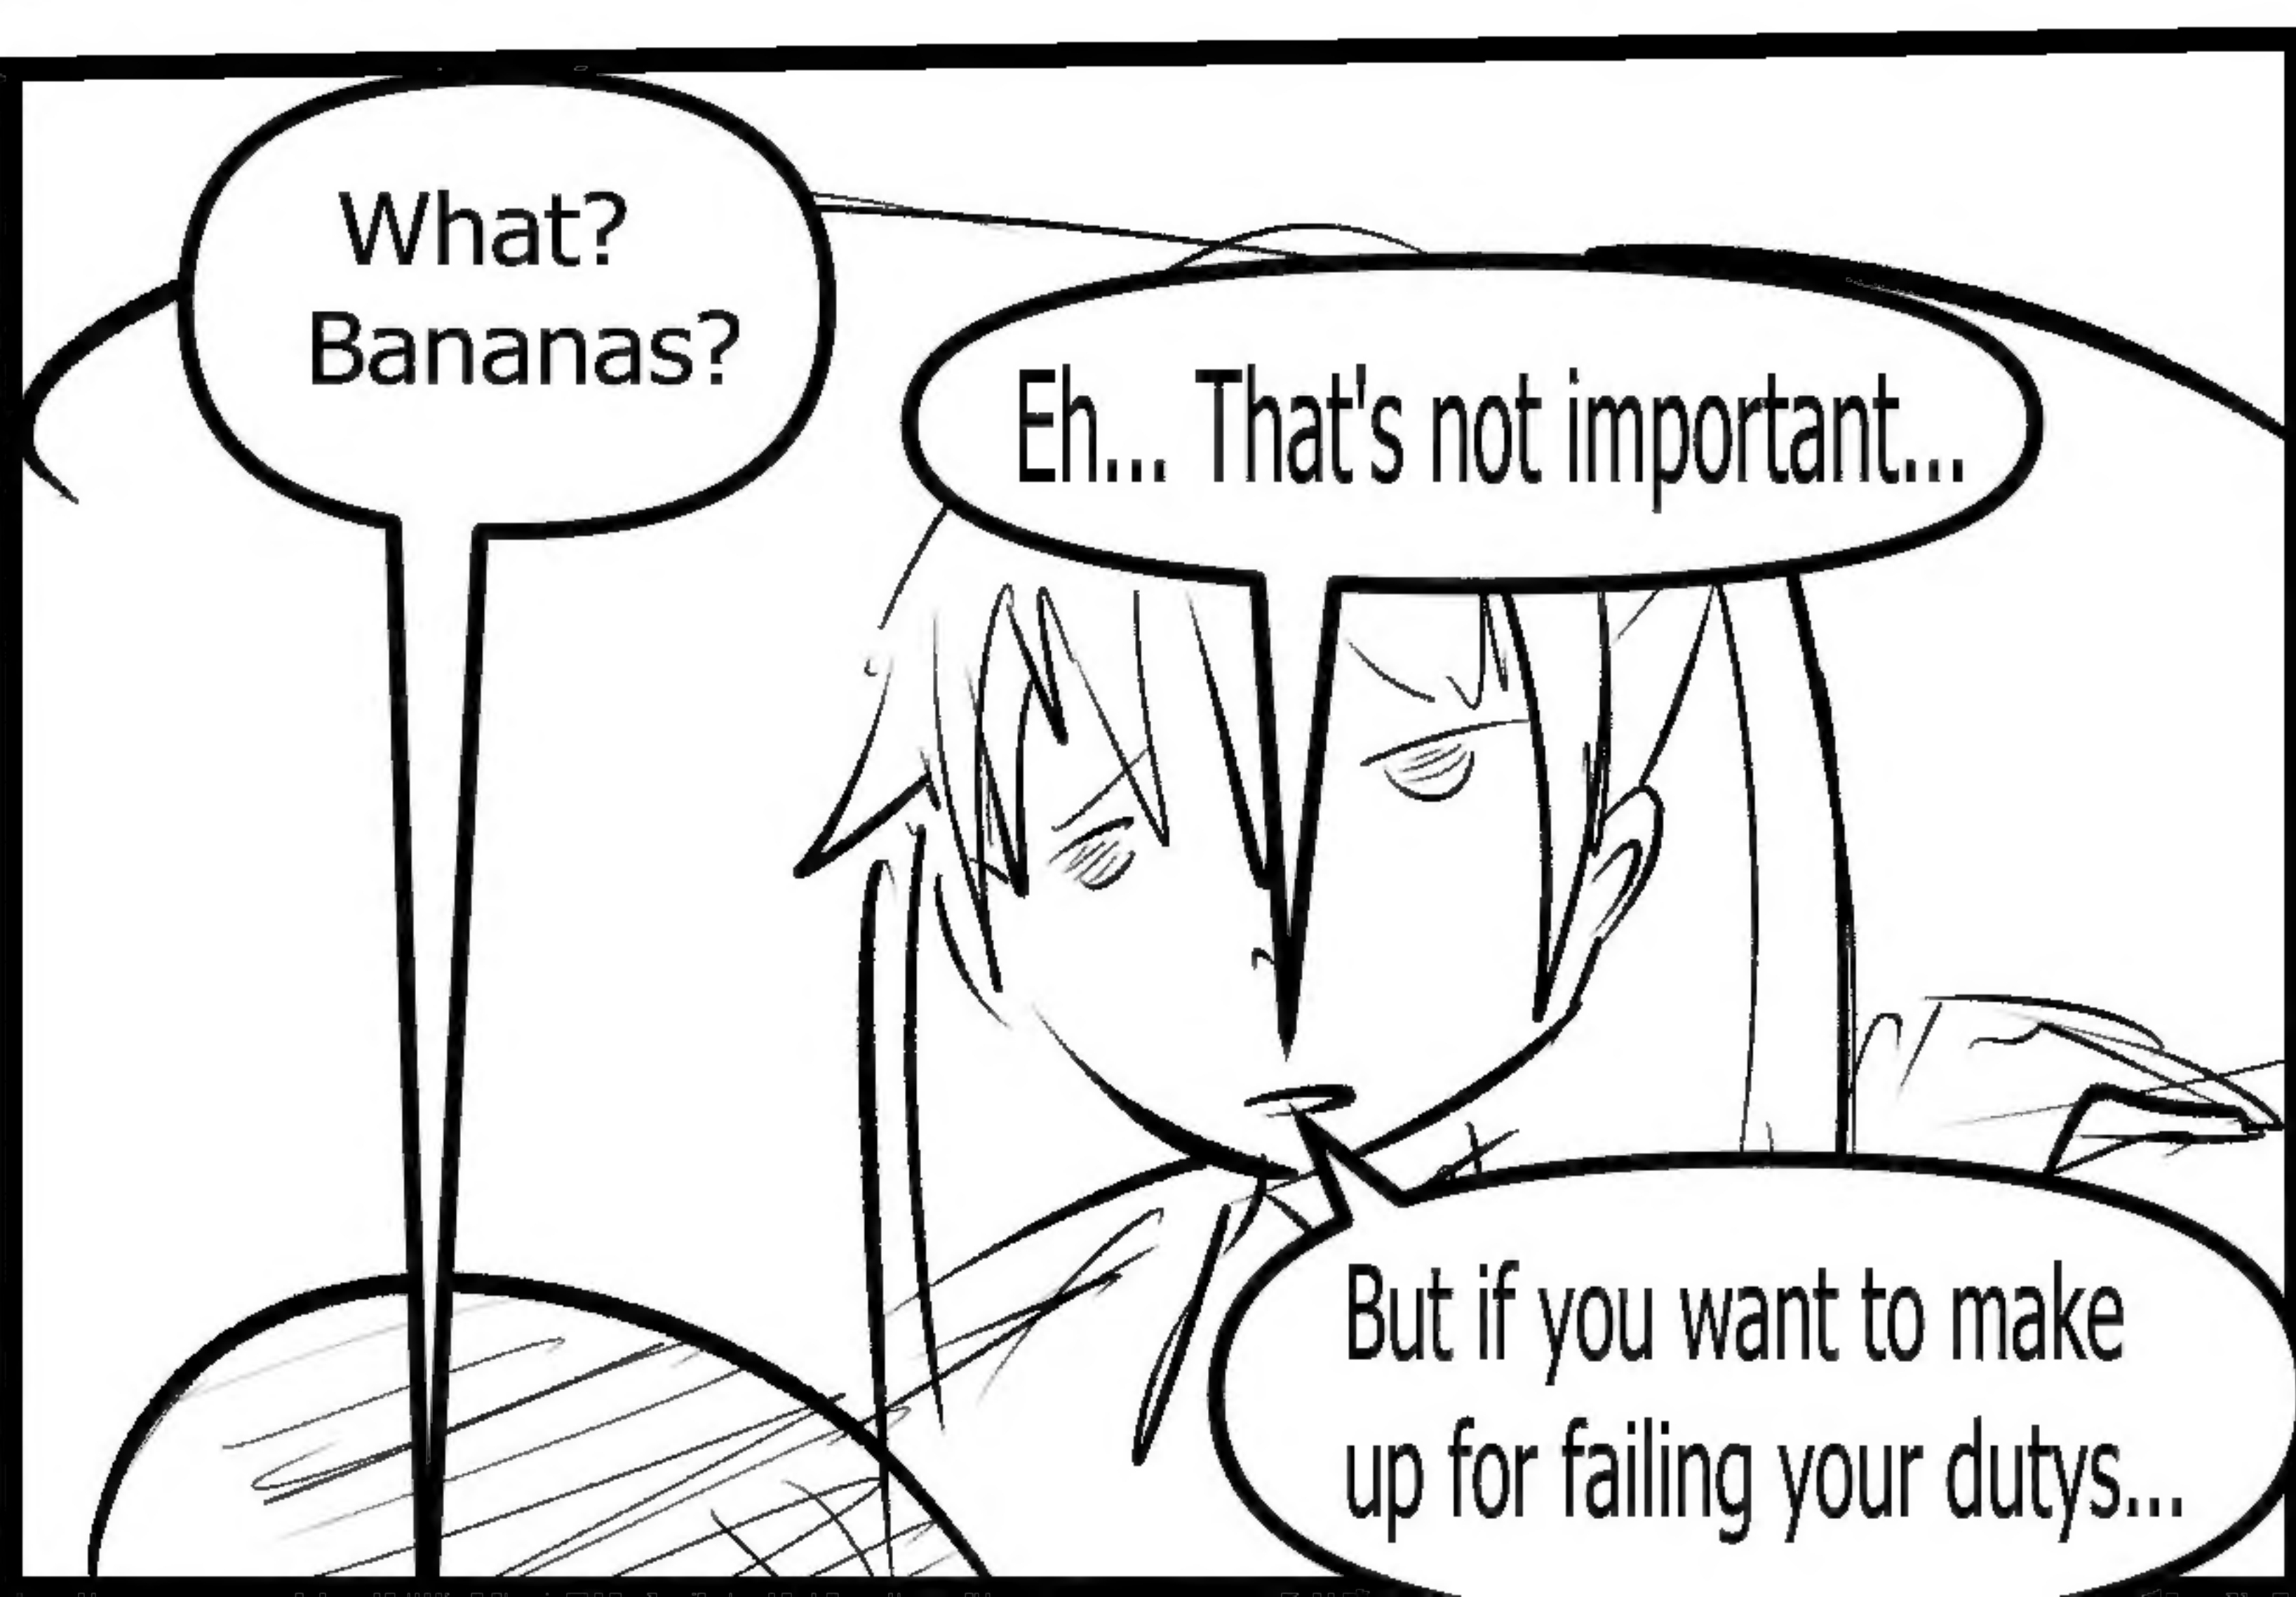

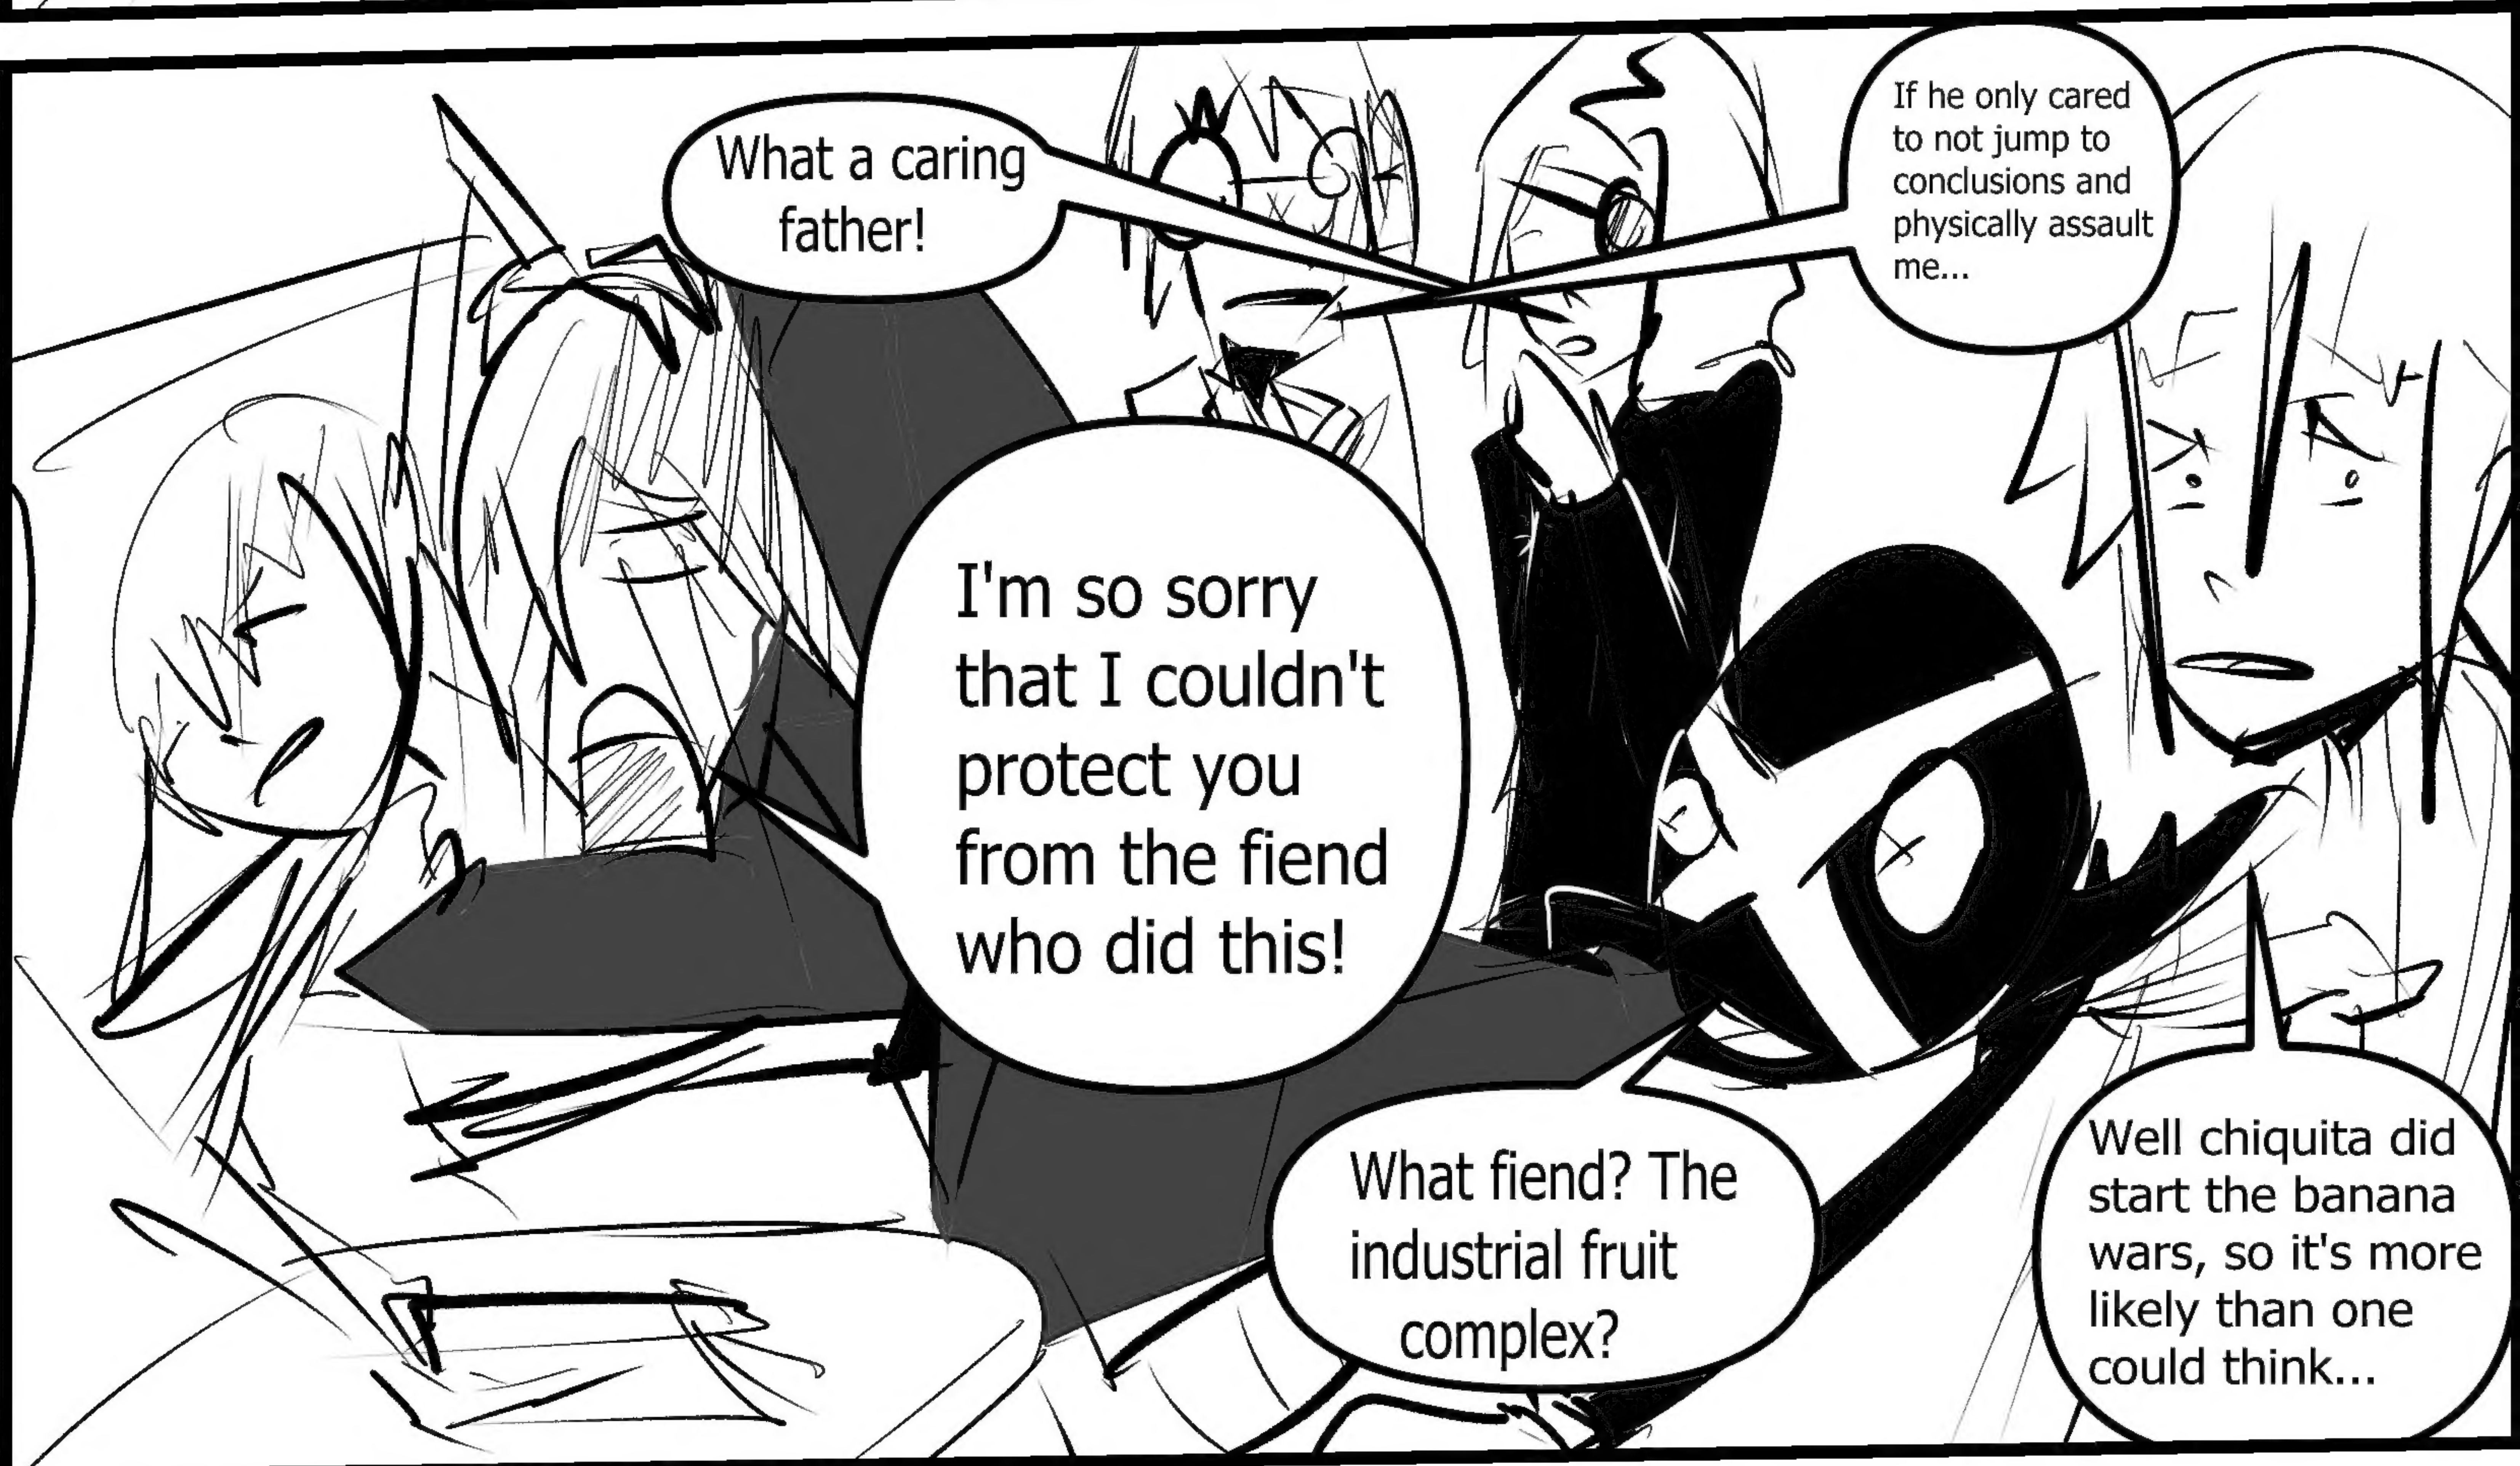

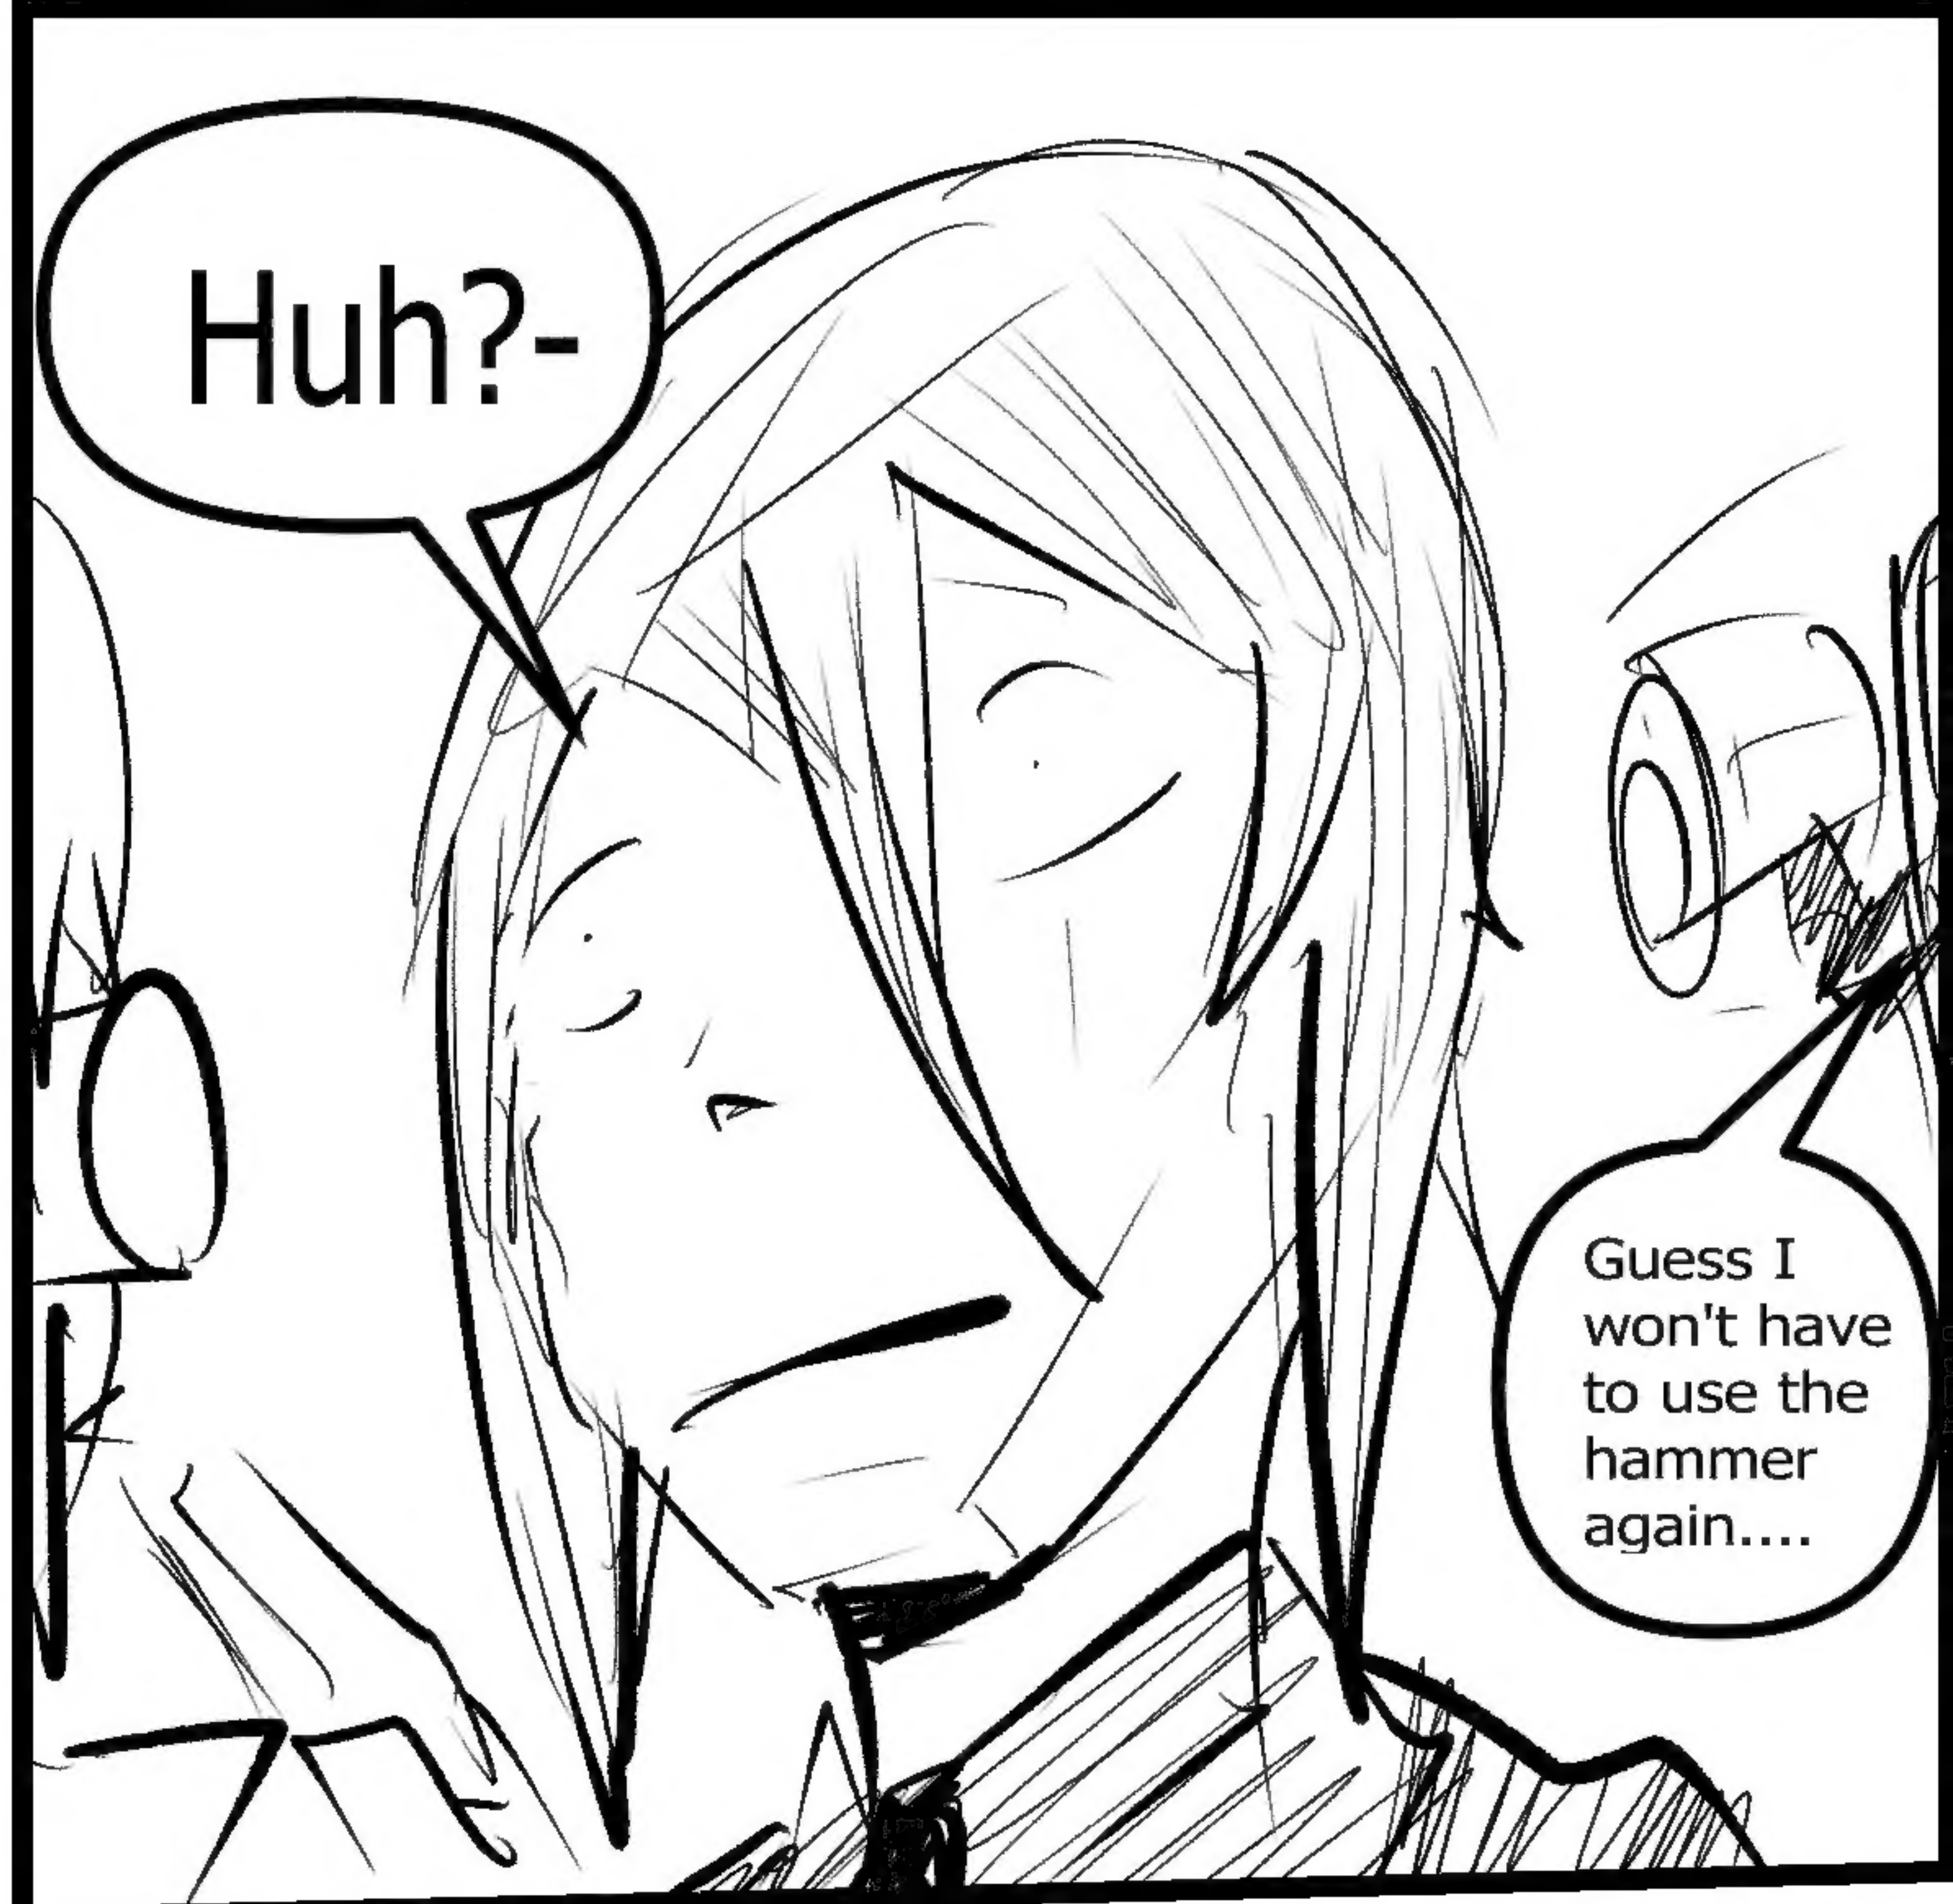

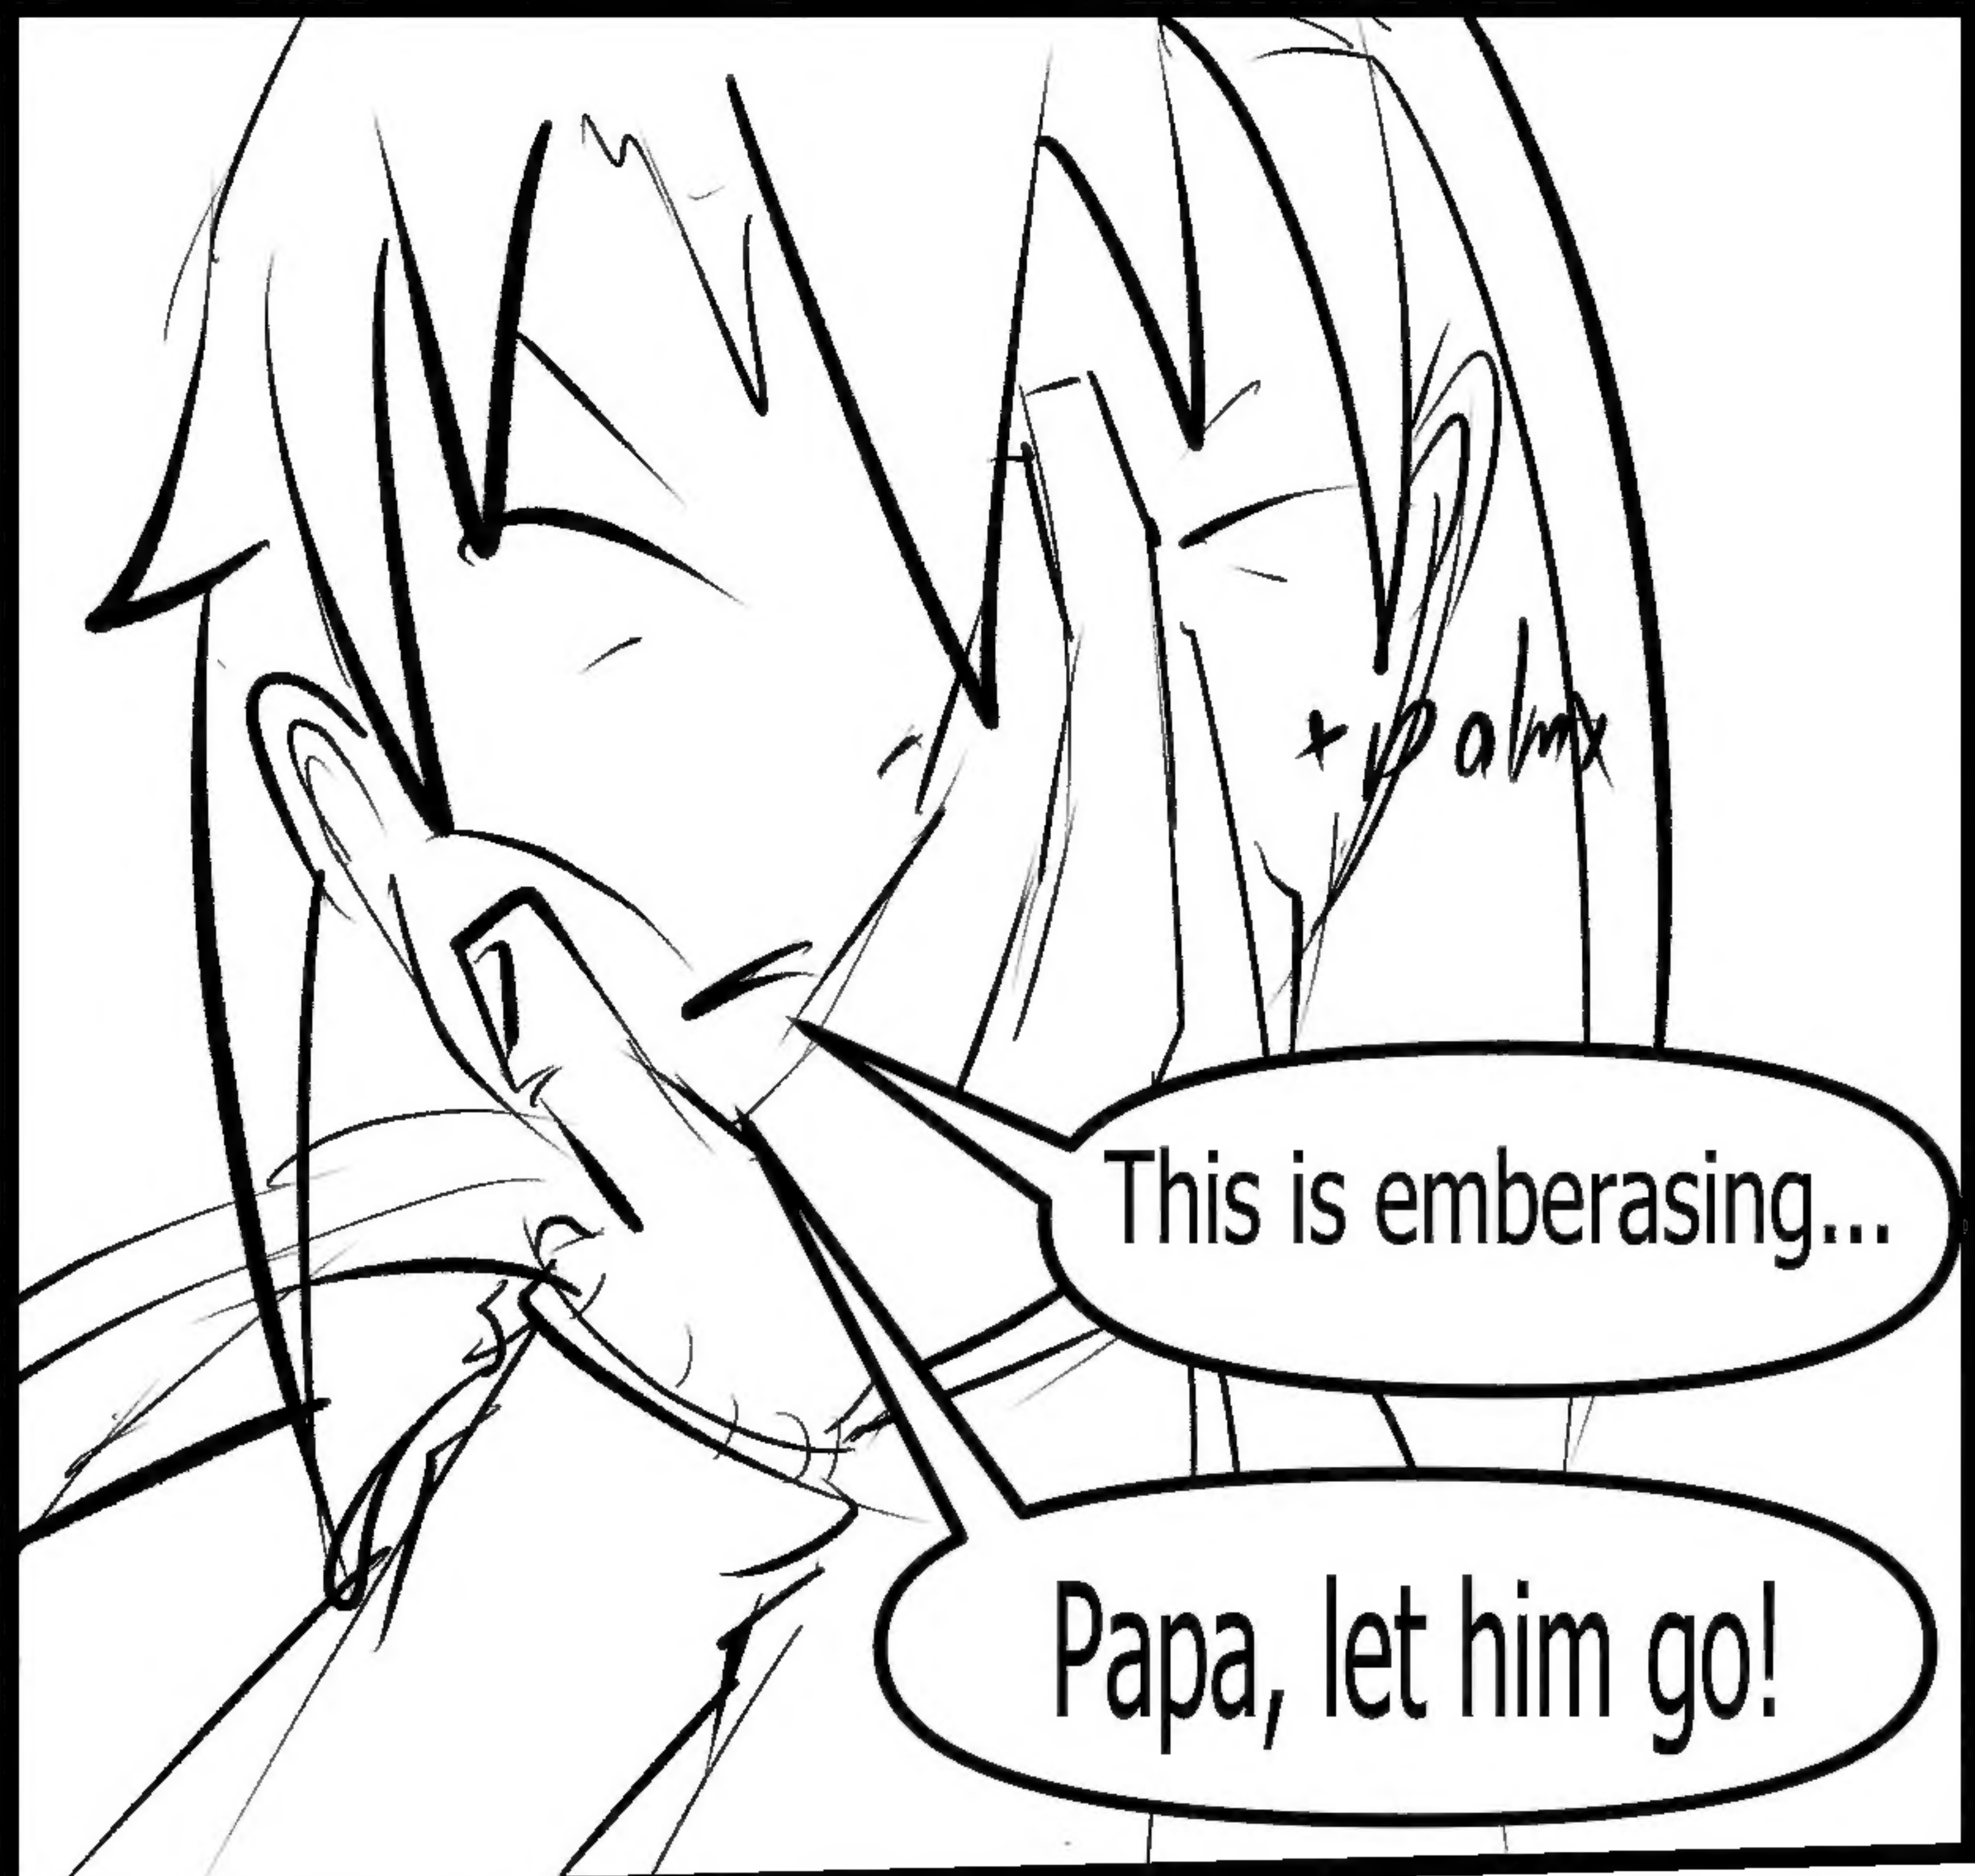

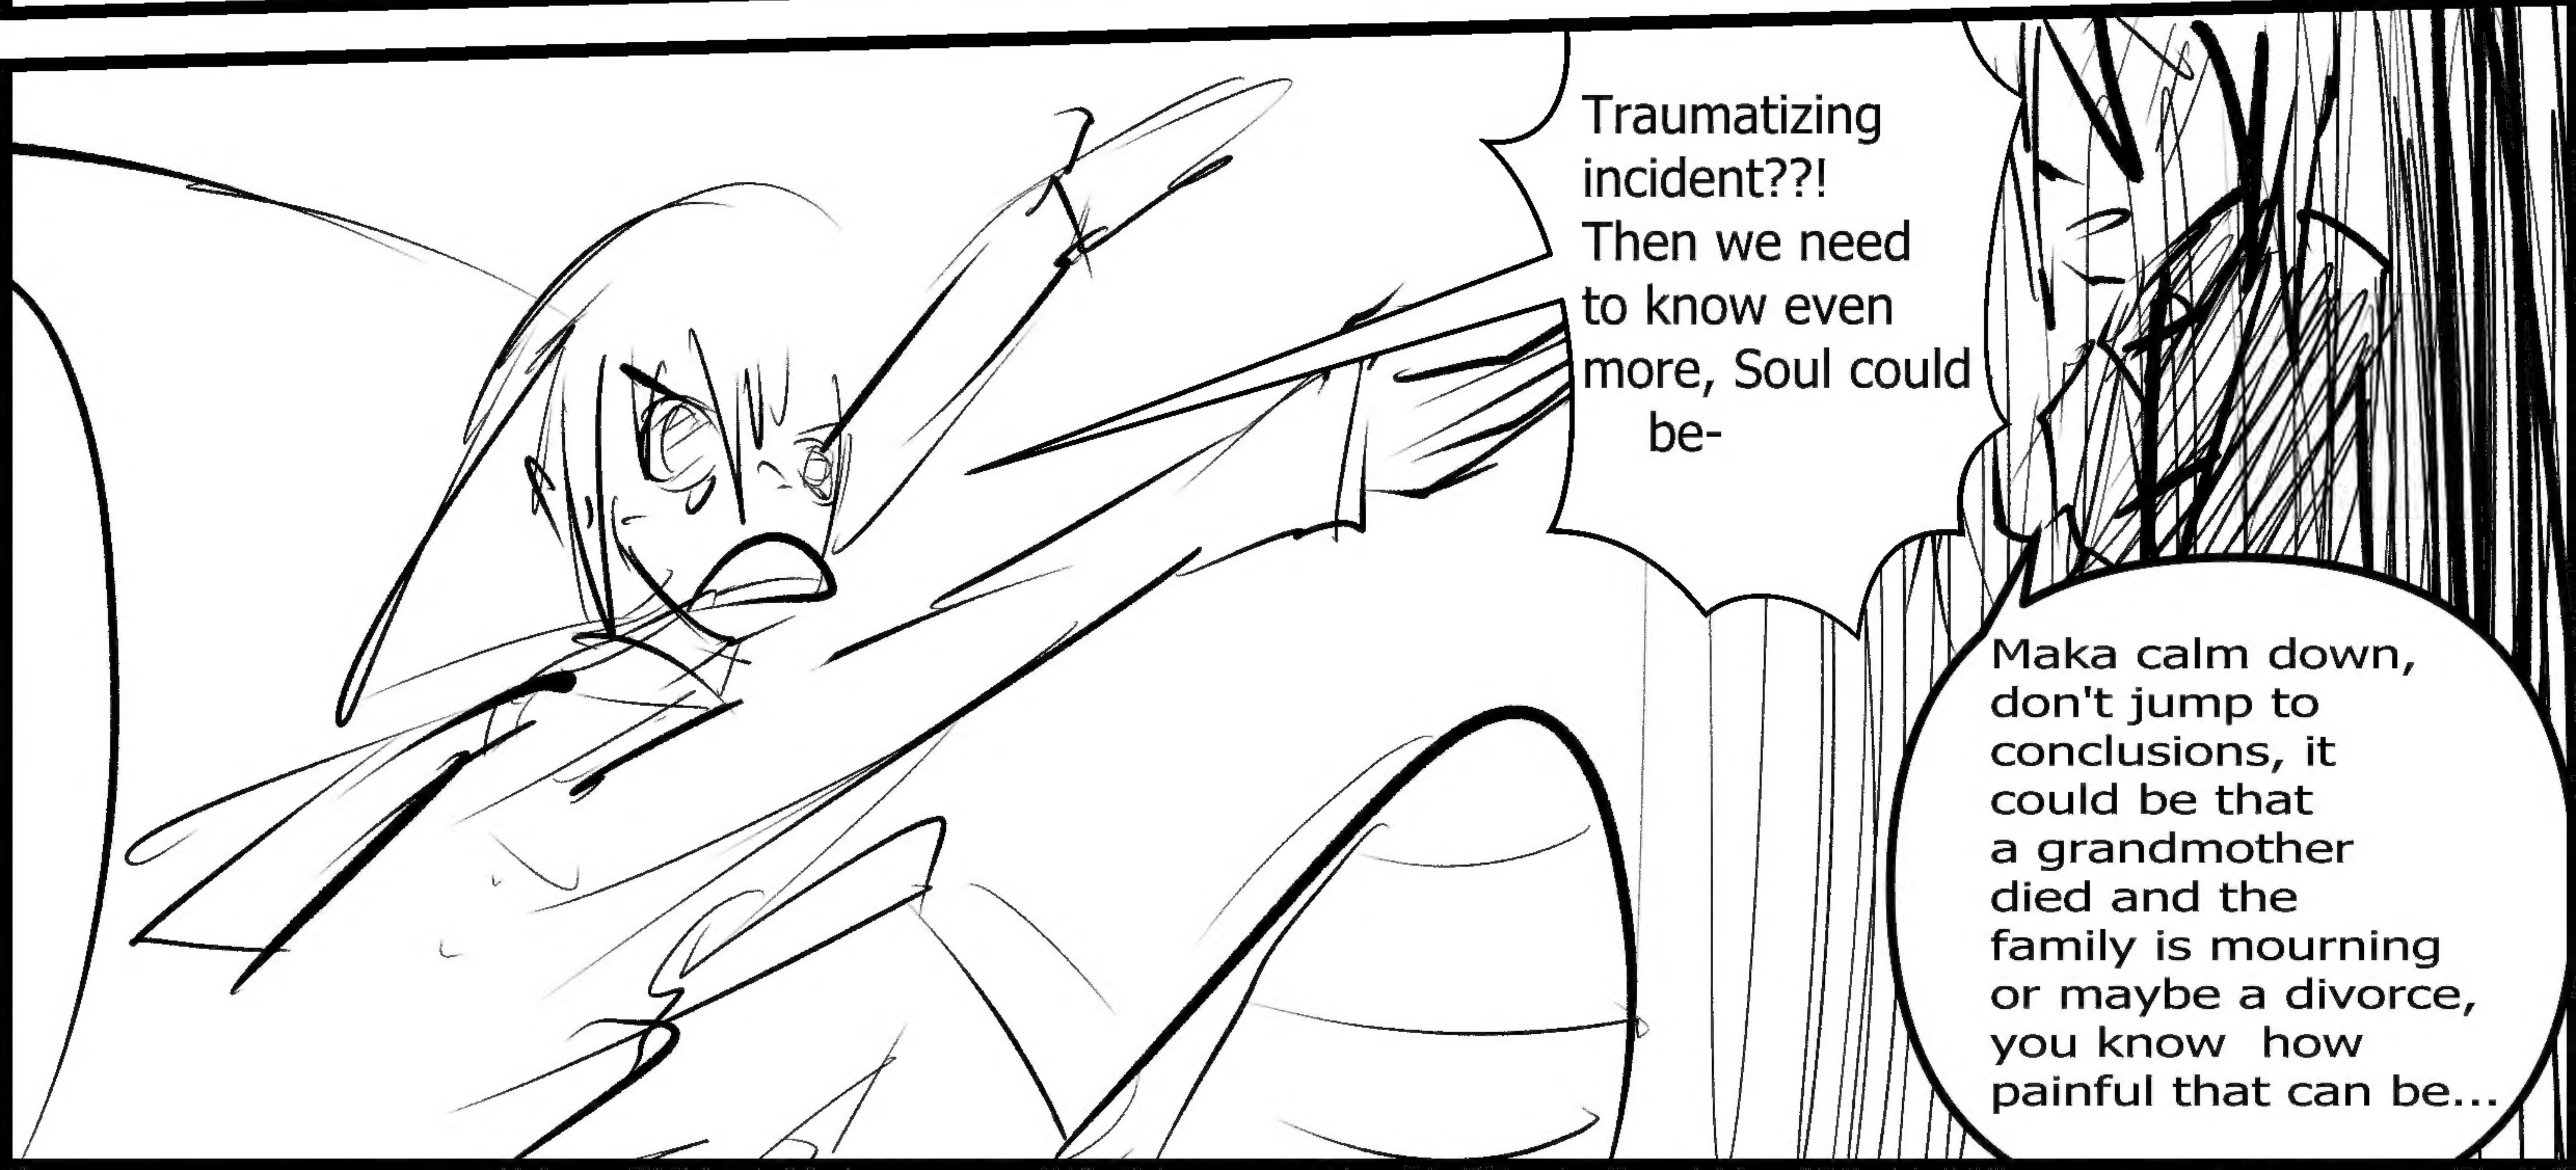

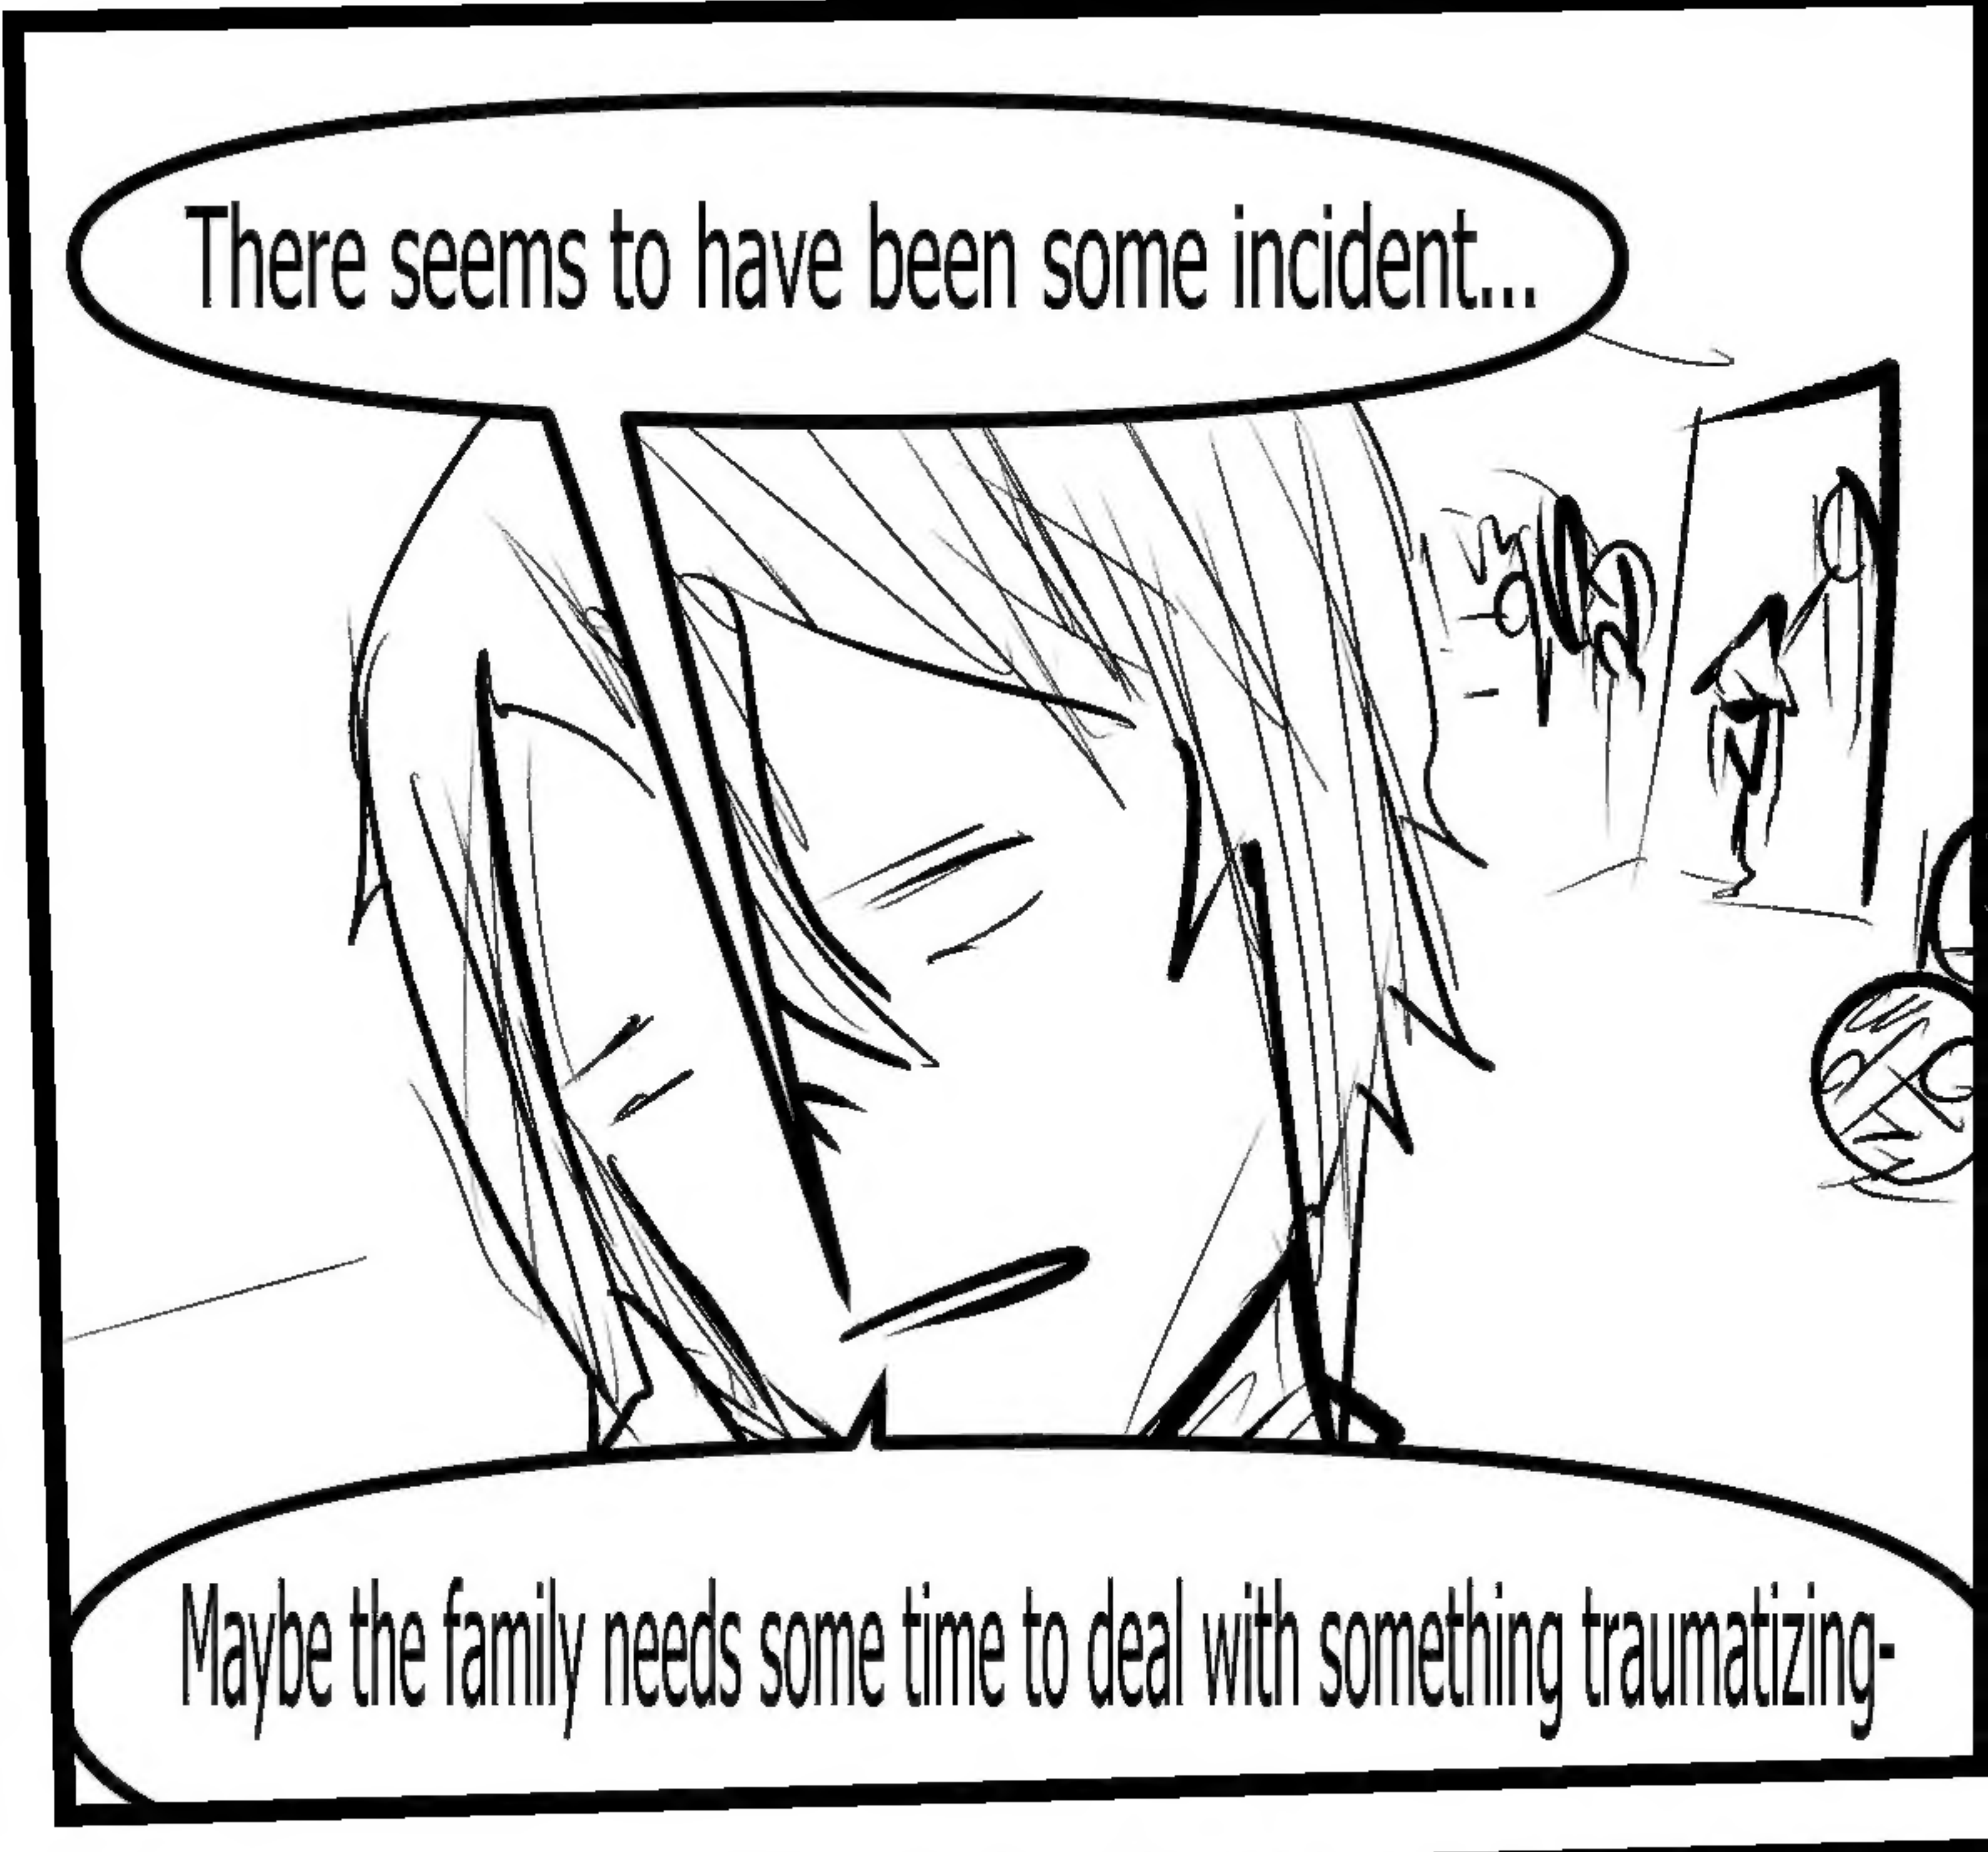

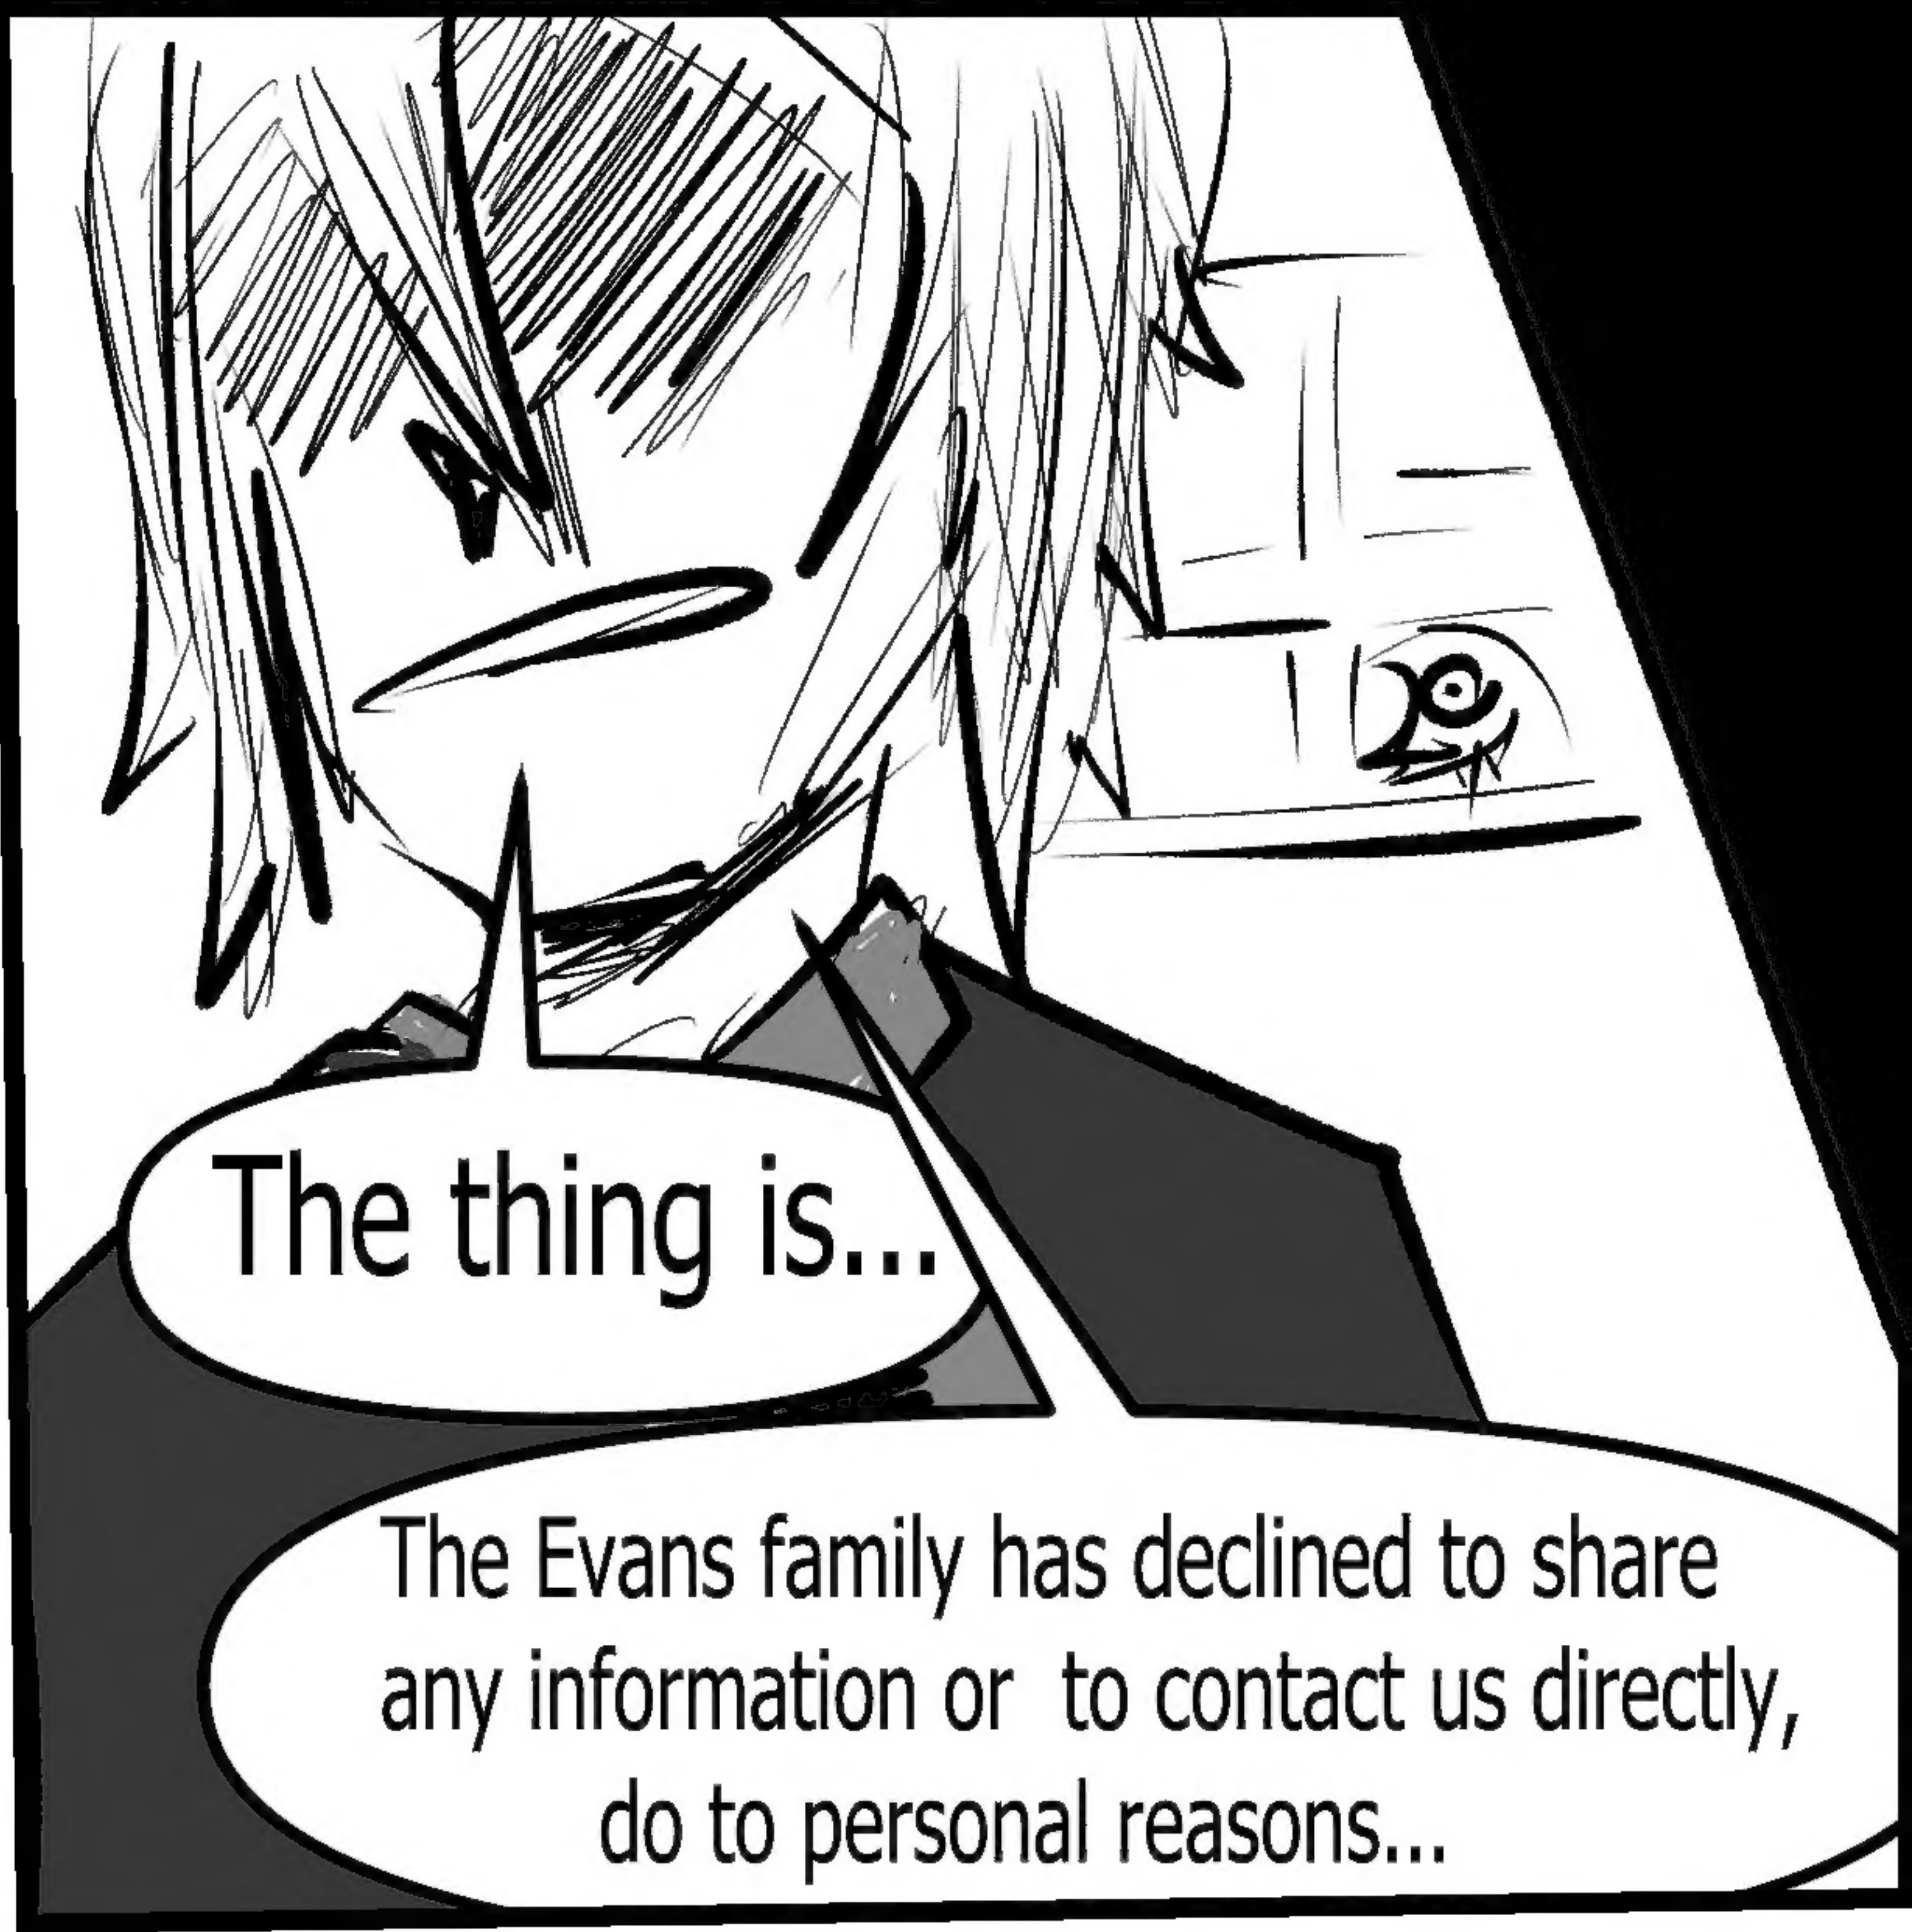

And we just
fixed the door...

What sick
experiment
did you
do
now???

Knowing rich people, it's probably the family dog or goldfish that croaked

And they are busy organizing a candlelight vigil for it hehe

Ragnarok is right, you have nothing to worry about

He allways know what to say to cheer one up, doesn't he?

Tch, I will never agree with Ragnarok, but even I know that Soul will be fine, he ain't no weakling...

Let's hope for that...

Who let him in?!

Is there really nothing we can do to know for sure...

Maka

If my leg 't just wasn't...

I think if something serious would have happened, Lord Death would have found out by now, worst case he got a flu or something and his parents think you can spread it trough phone lines or something

Yeah maybe I'm worrying because of nothing...
At least I really hope that's the case...
